

<b>Policy Title:</b>	<b>7.I Commitment to Carbon Neutrality Policy (CCNP)</b>		
<b>Policy Number:</b>	HS-PO-7L	<b>Date Created:</b>	15-09-2023
<b>Responsible:</b>	Chief Operating Officer	<b>Approved by:</b>	Board of Trustees

### Purpose

The purpose of this policy is to affirm CUD’s commitment to achieving and maintaining carbon neutrality. This policy outlines the university’s dedication to reducing its carbon footprint and implementing sustainable practices to support environmental stewardship.

### Scope

This policy applies to all university members: faculty integrating sustainability into research and teaching, staff adhering to sustainable practices, students engaging in sustainability initiatives, contractors and vendors meeting CUD’s sustainability standards, and university management overseeing carbon neutrality strategies.

### Policy Statement

CUD is committed to achieving carbon neutrality. The university is dedicated to maintaining required carbon neutrality status. To support this commitment, CUD will:

- **Energy Management:** Continue to implement and upgrade energy-efficient technologies and practices across campus.
- **Carbon Offset Programs:** Participate in carbon offset programs to address any residual emissions.
- **Sustainable Practices:** Promote waste reduction, water conservation, and sustainable transportation
