

Student Representation in CUD Governance

Canadian University Dubai (CUD) is proud to include student representation in our decision-making processes including at the highest levels of our university. This has been a commitment since the beginning of our establishment. As outlined in our [CUD Policy and Procedure Manual](#) policy 1.c Policy on Terms of Reference of Committees (PTRC), the Academic Council consists of staff, faculty and deans, as well as one representative of the [CUD Student Council](#), usually the president of the Student Council.

Minutes of the Academic Council meeting and decisions made will be published within the site. Students are also encouraged to approach their Student Council representatives to voice any concerns and suggestions regarding decisions made.
