Introduction

Message from the Chancellor & the President

Mr. Buti Saeed Al-Ghandi
Chancellor

Professor Karim Chelli
Vice Chancellor and President

We are delighted to be able to introduce Canadian University Dubai to you.

Education is a continuous and lifelong journey, and we know that the road to university can be a challenging one. Here at Canadian University Dubai, you will experience an education delivered to the highest international standards; a Canadian education based on international standards and expressed through a demonstration of clear learning outcomes. Our Canadian education system celebrates commitment, cooperation, participation and diversity.

As a reflection of the international city of Dubai, we celebrate a very diverse learning environment with our student body of over 100 nationalities. We strive for excellence by providing our students with cultural experiences and competencies that inspire minds and transform lives by opening new and incredible paths. We prepare you to be the global citizens of tomorrow.

On behalf of our Board of Trustees and the University Faculty, Administration & Support Staff, we wish you a very successful, well rounded and happy journey through to the achievement of your academic and personal goals here at Canadian University Dubai

رسالة من السيد: بطي سعيد الكندي رئيس الجامعة ورئيس مجلس الأمناء. والبروفيسور: كريم شلي مدير الجامعة ونائب رئيس الجامعة.

إنه لمن دواعي سرورنا البالغ تعريفكم بالجامعة الكندية - دبي. إن التعليم هو رحلة شيقّة ومستمرة مدى الحياة، ومن المعلوم أن الطريق إلى الجامعة قد يشكل تحدياً لا يستهان به، وفي الجامعة الكندية دبي، سيكون تعليمك مبنياً على أعلى المعايير الدولية، وعلى تعليم كندي عالي الجودة، من سماته إنتاج مخرجات تعليمية واضحة، حيث إن التعليم الكندي يتصف بالالتزام والتعاون والمشاركة والتنوع. وقد تم تأسيس علاقات وشراكات علمية بين الجامعة الكندية دبي وأبرز الجامعات العلمية الكندية، مما يحوّل الطالب متابعه دراسته في تلك الجامعات، ولذلك فإن الجامعة الكندية دبي تهيّب الطالب أن يستثمر هذه الشراكات العلمية لصالحه ومستقبله. وبما أن دبي هي المدينة العالمية التي تميّزت باحتضان أناس من معظم جنسيات العالم، فإن الجامعة الكندية دبي تفتخر بتنوع بيئتها التعليمية، حيث وفد إليها الطلاب من أكثر من تسعين جنسية، يشتركون في الاستفادة من التميّز والرقي، من خلال ما توفره الجامعة لهم من المهارات العلمية والمعرفية، والخبرات الثقافية، التي تلهم العقول وتغيّر من حياة الطلبة، فاتحةً أمامهم آفاقاً جديدة وهائلة، لأن الجامعة الكندية دبي ستقوم بإعدادك وتهيبتك لتكون مواطن العالم للمستقبل. نيابة عن مجلس أمناء الجامعة وأعضاء هيئة التدريس وإدارة الجامعة وجميع موظفيها، نتمنى لكم رحلة ناجحة ومثمرة غنية بالعلم والمعرفة والثقافة، في طريقكم إلى تحقيق الأهداف الأكاديمية والشخصية الطامحين للوصول لها هنا في الجامعة الكندية دبي.

1. Welcome to Canadian University Dubai

Canadian University Dubai was established in 2006 in order to deliver a high-quality tertiary education in the UAE and provide a gateway for students to pursue higher education opportunities in Canada.

Canadian University Dubai is located in the heart of downtown Dubai and all of our academic programs are based on Canadian curriculum and education principles. This gives students the opportunity to obtain a Canadian education while experiencing the unique culture and values of the United Arab Emirates. With over 100 different nationalities calling our University home our diverse student community builds bridges across cultures and continents.

Our goal is to move each student forward as a well-rounded lifelong learner and good global citizen. To achieve this, emphasis is placed not just on academic achievement but on extracurricular involvement. Our vibrant student life has something for everybody, from sports to concerts, and the opportunity for international trips. Students are also involved in many different types of social activities, including community fundraising, team building, and networking events.

1.1. Founding Partners

- Emirates Investment and Development
- Al Sheikha Sheikha Saeed Al Maktoum
- Mohamed Ibrahim Obaidalla
- Jamal Al Ghurair Est
- Khalifa Juma Al Nabooda
- Ghubash Trading & Investment Co. Ltd
- Investment Group (PVT) Ltd
- First Investor (L.L.C)
- Abdulla Ahmad Bin Abdul Aziz
- Hamad Ahmad Bin Suqat
- Saleh Mohamed Bin Lahej
- Ahmed Saif Belhasa
- Rashed Humaid Al Mazroei
- Mohammed Omar Bin Haider
- Oman Insurance Company (PSC)

1.2. Institution Licensure and Program Accreditation

Canadian University Dubai, located in the Emirate of Dubai, was officially licensed from the 1st of August 2006 by the United Arab Emirates Ministry of Education – Higher Education Affairs to award degrees/qualifications in higher education.

2. Why Choose Canadian University Dubai?

There are many reasons to choose Canadian University Dubai for your undergraduate or Masters studies, but let us tell you what sets us apart from our peers:

1. Canadian-Based Curriculum

We offer an education based on the Canadian curriculum, giving us internationally recognized quality and credibility.

2. Option To Graduate In Canada

As a portal to Canadian higher education, you can start your degree at CUD then complete your studies and graduate from one of our partner institutions in Canada.

3. UAE Accreditation

All of our programs are accredited by the UAE's Ministry of Education – Higher Education Affairs.

4. International Faculty

Our international faculty is highly qualified and inspirational in their field, bringing innovative teaching styles and philosophies from across the globe.

5. Graduate Employability

With an education based on the Canadian principle of prescribed learning outcomes, CUD graduates are highly employable in the international jobs market.

6. Flexible Learning

We offer flexible program schedules – evening and weekend classes are available for both undergraduate and Masters programs.

7. Business-District Location

We have a convenient downtown location in the heart of Dubai's business district, with state of the art academic and recreational facilities.

8. Student-Centered Approach

CUD is a student-centered university, where we value student success above all else.

9. Research Opportunities

Our Research Centre provides students with the opportunity to be involved in cutting edge research internationally and in the UAE.

10. Multicultural Student Community

We have a truly multicultural learning environment, with students from over 100 nationalities.

3. Mission and Vision

3.1. Mission

Canadian University Dubai promotes Canadian perspectives in learning, research and application, grounded in an appreciation and respect for the diverse culture and values of the UAE.

3.2. Vision

Canadian University Dubai is committed to providing students with an international academic experience, guided by the highest educational and corporate ethics, adding value to the personal and professional lives of its graduates, and the communities in which we serve.

3.2.1. Goals and Objectives

Goal 1:

To create and maintain an environment conducive to continual learning and improvement while continuously evaluating all aspects of CUD operations to ensure relevance and excellence.

Objectives:

- 1.1. To provide opportunities for students to enhance their classroom experience through the use of multi-media and online resources.
- 1.2. Through the Office of Institutional Research and Planning, continuously evaluating our performance as a teaching and learning organization and the satisfaction of students and staff with the performance of the University.
- 1.3. To use systematic planning, based on evidence, to develop the University both operationally and strategically.

Goal 2:

To adopt and show the enthusiasm and contribution of all staff and students and to support the ambitions of all by providing them with both academic excellence and the practical experience required for career success.

Objectives:

- 2.1. To provide for excellence in teaching as measured by student and peer evaluation.
- 2.2. To provide opportunities, where relevant, for job placements for projects and other activities.
- 2.3. To engage the business, government and not for profit organizations within Dubai with the work of the University.

Goal 3:

To generate an atmosphere of dignity and mutual respect while encouraging scholarly debate and applied research.

Objectives:

- 3.1.** To develop a focused Research Centre which conducts applied research and engages both staff and students in the pursuit of scholarly activity.
- 3.2.** To hold periodic open and public lectures to encourage debate grounded in academic rigor on issues of concern to the region.
- 3.3.** To develop, with students and staff, a code of conduct that is honored and respected in the day to day work of the University.

Goal 4:

To accept accountability and value the input of all stakeholders particularly in our operation as a portal to Canadian education, and so make CUD the University of Choice in our target market and simultaneously an employer of choice for all academic, management and support staff.

Objectives:

- 4.1.** To have a clear strategy for collaboration and co-operation with Canadian Post Secondary educational institutions and to develop collaborative agreements which reflect this strategy.
- 4.2.** To systematically collect data from stakeholders, internal and external, concerning the performance of the University, its strategic brand position and its opportunities for growth.
- 4.3.** To continue to grow the base of programs and student numbers so as to fulfill the mission and deliver to the strategic plan of the University.

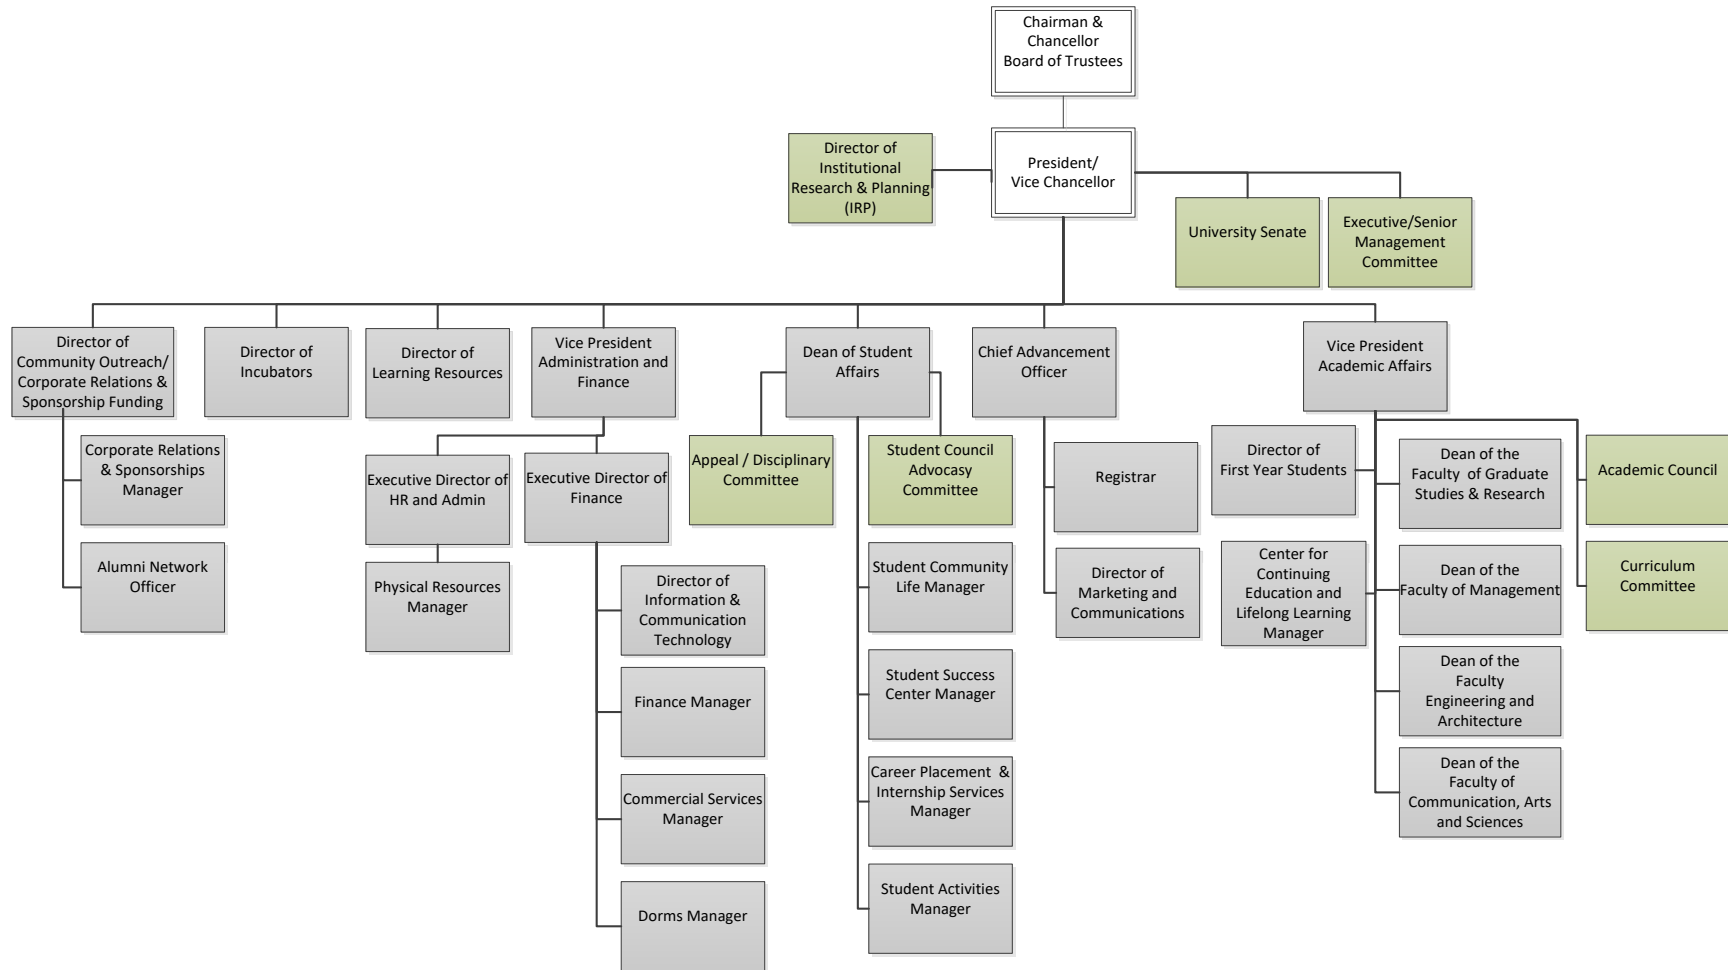

Goal 5:

To account for the needs of all internal and external stakeholders by securing sufficient and relevant resources that are available for the achievement of all strategic and operational goals, thus enhancing the sovereignty of the University as an independent institution of higher education.

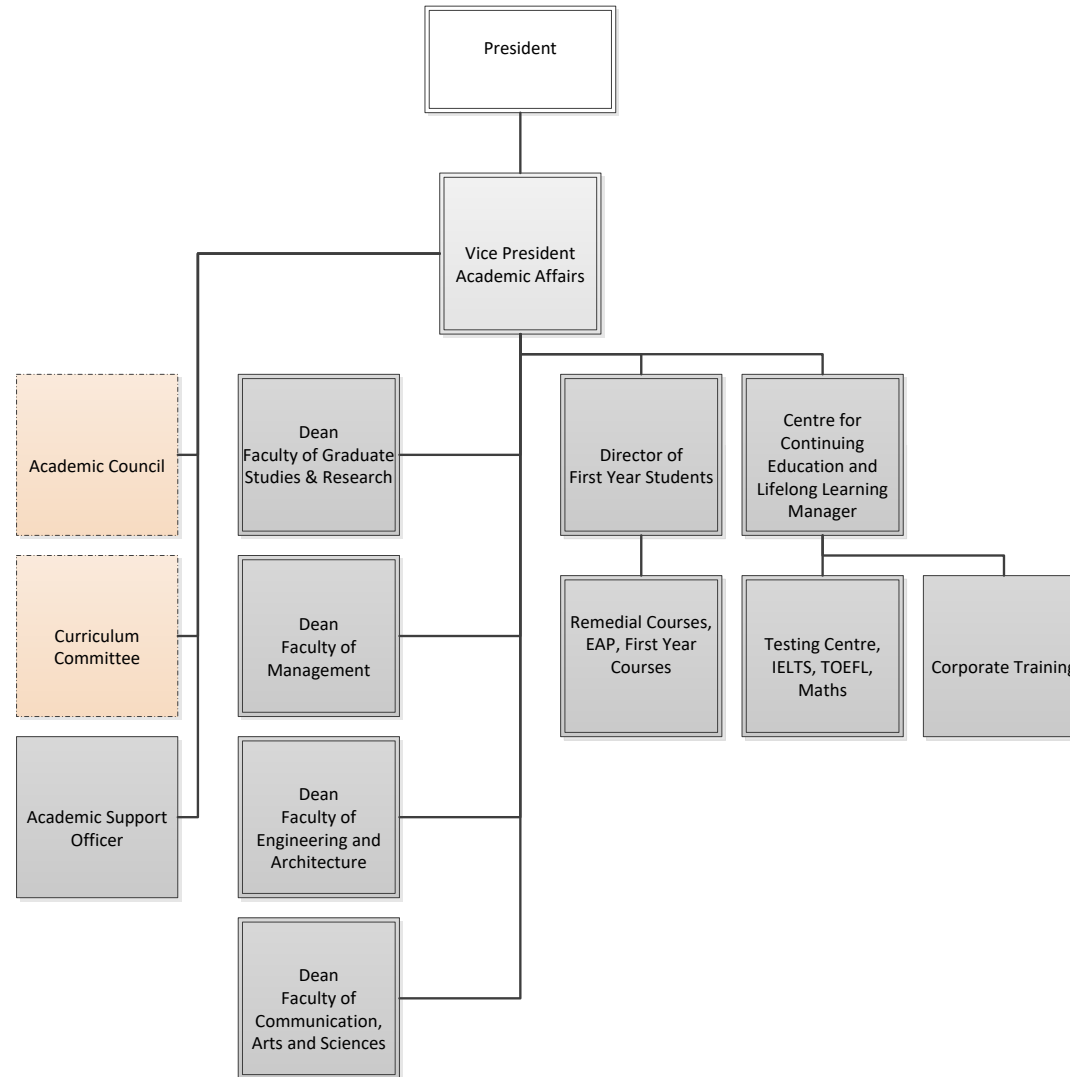

Objectives:

- 5.1.** To undertake systematic resource planning for teaching requirements, space requirements, library and student service requirements and for information technology and to use these plans as a basis for budget development and strategic planning.
- 5.2.** To seek to secure our status as a self-financing organization at the earliest opportunity, using new investments for expansion and development.

4. Canadian University Dubai Organizational Chart

5. Academic Organizational Chart

6. Canadian University Dubai Campus

Canadian University Dubai campus is steps away from Sheikh Zayed Road, the main thoroughfare of downtown Dubai and the hub of the financial district. The Dubai Mall, Burj Khalifa, and many of Dubai's premier attractions surround our facilities, and the Financial Centre metro station is walking distance from the University campus, ensuring an easy commute from anywhere on the network. There are also a wide variety of shops and restaurants nearby.

Canadian University Dubai campus is an architecturally unique building. Our four Halls are surrounded by lush vegetation, providing the perfect backdrop in any of our courtyards for quiet conversation or study.

6.1. Academic Facilities

The University's classrooms, laboratories and studios are fully furnished and well-equipped with the latest technology, enabling faculty and students to enhance the learning process with digital and online content. Wireless network access is available in all classroom areas and other common areas for the use of students.

6.2. Red Theatre

Our Red Theatre is a gathering place for both official ceremonies and student led activities. From MoU signings to student talent competitions, there is always something happening in this versatile space.

6.3. Classrooms

Canadian University Dubai has classrooms located in Halls B, C & D comprehensively fitted-out with comfortable chairs and workspace. Each classroom has wireless network access and is equipped with overhead projectors and computer workstations that enable faculty members to enhance learning with interactive content.

6.4. Computer Laboratories

Canadian University Dubai has several computer laboratories strategically placed throughout the campus, including one lab dedicated to Apple products. Each lab is appropriately furnished with computer desks, chairs and Desktop PC's for students to use. Software required for all programs has been installed on these machines. The labs offer a great deal of accessibility for your needs.

6.5. Students Lounge

Located in Hall C, the Student Lounge provides students with a space where they can relax, play games, and socialize.

6.6. Masters Lounge

Our Masters Students' have their own nicely decorated and fully equipped lounge on the third floor of Hall C near to most Masters classrooms. This lounge offers an excellent space to socialize, study, or relax during classroom breaks.

6.7. Sport Facilities

Canadian University Dubai has a range of athletic facilities that allow students to balance their studies with physical activity. The 160-seat tennis court with its cement surface promotes a fast game with a high bounce.

6.8. Student Health Clinic

Free basic medical services are provided for students at Canadian University Dubai Medical Centre. A qualified nurse is available on campus, and a fully qualified medical doctor is available once per week for consultations and follow-ups.

6.9. Prayer Rooms

Canadian University Dubai offers two beautiful prayer rooms located on the third floor of Hall D. These rooms allow both male and female students the opportunity to perform their prayers in the University.

6.10. The Holy Month of Ramadan

During Ramadan, the University expects all members of the community to refrain from eating, drinking or smoking on the University premises during daylight hours. In acknowledgement of our diverse community, the University designates a particular room where non-Muslims may eat or drink according to their needs. The University expects all its members to respect the U.A.E. culture and regulations, and show deference to the Muslim community during this period.

6.11. Cafeterias

Our campus is home to 4 cafeterias serving a wide range of cuisines. The cafeteria areas provide a coeducational, multicultural, multinational, and social environment. They are the main gathering place for students between classes and during their free time, where they can enjoy free wireless internet. In addition, the students can always use one of the many vending machines located throughout the campus.

6.12. Parking Facilities

Secure parking is available for a nominal fee per semester on a first-come first-serve basis. Please check with Physical Resources for more information. There is also free parking available on the streets surrounding the University.

6.13. Student Transportation

Canadian University Dubai also offers Transportation from Ajman and Sharjah on a schedule. The fees are as follows:

- AED 2,200 per semester per student from/or to Sharjah or Ajman.

Additionally, there are several metro stations nearby and ample parking is available for students wishing to drive.

7. Admission Policies

7.1. Undergraduate Admission Policy

7.1.1. General University Admission Requirements

The UAE High School Certificate or its equivalent is required with an average score of 60% or more (an average of 70% or more is required for entry into some of the academic programs; see the Program Specific Requirements section for more information).

A High School Certificate obtained abroad must be processed in accordance with decrees No. 200/2004 and 312 /2004 of His Excellency the Minister of Higher Education & Scientific Research UAE, as follows:

Broadly, a holder of the National High School Certificate of a foreign country is eligible for admission if:

- The certificate is valid for admission to a public university of the Country in which it was issued
- The certificate was obtained on completion of at least 11 years of schooling
- The certificate includes at least six (6) subjects covering the four core fields of: Mathematics, Sciences, Languages, and the Social Sciences & Humanities or Arts
- A holder of High School Certificates from any country that has two levels of High School Certificate must submit the higher level of certificate

7.1.2. English Proficiency Requirements

All students are required to provide a certificate of English proficiency, such as TOEFL (minimum score of PBT500/61 iBT), IELTS (minimum band 5.0), or an equivalent standardized English language test that is internationally recognized. This condition of the admission policy applies to all students of all programs except for those students applying for the Bachelor of Arts in Communication program in Arabic; students applying for this Arabic language program need a minimum TOEFL score of 450 or its equivalent (but may be granted conditional admission with a TOEFL score of 400; refer to the Conditional Admission section for more information). Students should note that in order to transfer to a university in Canada a higher TOEFL score (normally a minimum of 550) or its standardized equivalent may be required, depending on the institution concerned.

Exceptions:

- A transfer student admitted to an undergraduate course in an English-medium institution that is recognized by the Ministry of Education – Higher Education Affairs (MOE), who can also provide evidence of having achieved a TOEFL score of 500 (or its standardized equivalent approved by the MOE) upon admission to the sending institution's undergraduate program. A verified true copy of the test result held by the sending institution may be sent directly to the University
- An Emirates Standardized Test (EmSAT English Achieve) score of 1100 is equivalent to the minimum English Language Requirement to enter a Bachelor's program in the UAE.

7.1.3. Placement Tests

7.1.3.1. English

Only admitted students who have achieved the minimum English proficiency requirement will be allowed to register for courses as per their study plan without any further intensive pre-university English courses.

Admitted students with a TOEFL/IELTS score less than the specified minimum requirement will need to register for the University's English for Academic Purposes (EAP) Program to help them attain the required higher TOEFL/IELTS score. (EAP courses are not transferable). Students will be placed in the appropriate level of the EAP program based on their IELTS or TOEFL score.

Registered students in EAP are allowed to enrol in general education courses, in conjunction with the corresponding level of EAP.

7.1.3.2. Math

All students admitted to any one of the accredited programs, with the exception of the Bachelor of Arts in Communication and Bachelor of English Language and Translation programs, are required to fulfill the Mathematics requirement. The math requirement may be met by passing the Math Placement Test OR providing a Grade 12 minimum Math score of 70% Science stream OR SAT test minimum math score of 400*.

Any student who has not met the mathematics requirement or achieved the required pass mark in the Mathematics Placement Test may be granted conditional admission - but such students will not be permitted to register in any Math or Statistics courses, or any course that has a math prerequisite, until the successful completion of the necessary remedial-math course.

7.1.4. Program Specific Requirements

Students holding literary certificates can be admitted to the following programs:

- Any major offered by the Faculty of Management at the undergraduate level
- Any major offered by the Department of Environmental Health Sciences
- Bachelor of Science in Interior Design
- Bachelor of Architecture
- Bachelor of Arts in Communication (Arabic)
- Bachelor of Arts in Communication (English)
- Bachelor of Arts in English Language & Translation

Students holding science certificates can be admitted to any program. **There are specific additional requirements for the following:**

7.1.4.1. Bachelor of Science in Telecommunication Engineering and Bachelor of Science in Network Engineering

UAE High School Certificate – Science Stream (or equivalent) with a minimum average of 70%.

Math Placement Test OR Grade 12 minimum Math score of 85% Science stream OR SAT test minimum math score of 450

7.1.4.2. Bachelor of Architecture

UAE High School Certificate – Science Stream (or equivalent) with a minimum average of 70%.

7.1.4.3. Bachelor of Science in Interior Design

UAE High School Certificate – Science Stream (or equivalent) with a minimum average of 70%.

UAE High School Certificate – Literary Stream (or equivalent) with a minimum average of 70% and a minimum score of 70% in Mathematics.

7.1.4.4. Bachelor of Arts in Communication (Arabic & English)

Arabic

In addition to the minimum high school entry average score of 70%, students willing to enrol in communication programs need to satisfy the following specific entry requirements:

- Passing successfully multiple mini interviews (MMI)
- A minimum entry TOEFL score of 450 (or its equivalent)

English

In addition to the minimum high school entry average score of 70%, students willing to enrol in communication programs need to satisfy the following specific entry requirements:

- Passing successfully multiple mini interviews (MMI)
- A minimum entry TOEFL score of 500 (or its equivalent)

Conditional Admission

Applicants failing to fully achieve the program entry requirements as stated above may be offered a conditional admission (acceptance) if the following conditions are met:

- A minimum high school entry average score of 60% for both Arabic and English streams
- Passing successfully multiple mini interviews (MMI)

This conditional admission will be waived if the student achieves a CGPA of 2.0 or more before the end of the first enrolment year. Otherwise, the student will be dismissed from the program.

7.1.5. Admission Requirements and Procedures

Prospective students can apply to any of our programs online at <http://www.cud.ac.ae/ApplyOnline>. Students are more than welcome to visit our campus for a personal tour, and one of our officers would be pleased to address any questions with their online application. Alternatively, inquiries can be sent to apply@cud.ac.ae.

Once a student has submitted their completed application, they are assigned an Applicant ID by the Admissions Department. (This Applicant ID # should not be confused with the Student ID #, which is given only after a student has accepted an offer of admission).

7.1.6. Steps and Required Documents

- Complete an application online at www.cud.ac.ae/ApplyOnline
- Original and fully attested high school transcript grade 12 results (meeting minimum admission requirements for selected program)
- Original high school transcript grade 10 and 11 results
- Original and fully attested high school diploma/leaving certificate
- Original high school equivalency certificate if required
- Copy of Emirates ID
- Original IELTS or TOEFL score
- Proof of successful completion or a letter of exemption of military service from the National & Reserve Service Authority (UAE nationals only)
- Applications from holders of High School Certificates are processed after payment of the non-refundable fee of 500 AED.

7.1.7. Attestation of Documents and Certificates

Students who have graduated from High Schools within the UAE

UAE High School certificates are attested by the Ministry of Education in the UAE. Students may also be asked to obtain equalization from the UAE Ministry of Education.

Students who have graduated from High Schools outside the UAE

- a) High School certificates must be attested by the Ministry of Education in the country where the issuing High School is based.
- b) Following that, the student also needs to have the certificates and transcripts attested by the UAE embassy or consulate in that same country.
- c) If the student is not able to have the attestation completed by the UAE embassy or consulate in that same country, they may also be able to obtain the same attestation or equalization from the Ministry of Foreign Affairs or the Consulate of the particular country they studied in.
- d) Students may be required to obtain equalization from the UAE Ministry of Education*.

*Students who completed their studies in an Arabic curriculum within another GCC country do not need to obtain an equivalency certificate

7.1.8. Students who have studied at Colleges/Universities Outside of the UAE

- a) All Certificates and transcripts must be attested by the Ministry of Education in the country where the issuing institution is based.
- b) Following that, the student also needs to have the certificates and transcripts attested by the UAE embassy or consulate in that same country.
- c) If the student is not able to have the attestation completed by the UAE embassy or consulate in that same country, they may also be able to obtain the same attestation or equalization from the Ministry of Foreign Affairs or the Consulate of the particular country they studied in.
- d) The student will also be required to obtain an equivalency document of all attested certificates from the Equivalency Department at the Ministry of Higher Education.

7.1.9. Foreign Equivalents

The following is a selected list of international equivalent admission requirements; if a prospective student does not see their educational system listed here, they should contact the Admissions Department for more detailed information.

American System: High school diploma (grade 10, 11 & 12) with a minimum of 60% or with a minimum CGPA of 2.00 and SAT with a minimum math score of 400.

British System (IGCSE and GCSE): Completion of at least seven (7) subjects including at least two AS or one A level subject. A minimum grade of C must be achieved for O level IGCSE or GCSE certificates; however, a minimum grade of D acceptable for subjects taken at AS level or A level GCSE. Furthermore, the applicant must provide evidence that they have attended school for at least 12 years by providing a school leaving certificate.

Canadian System: High school diploma (grade 10, 11 & 12) with a minimum of 60% or with a minimum CGPA of 2.00 University Track Credits.

French Baccalaureate: Diplome and transcripts with minimum grade 10 out of 20.

Iranian System: Pre-university certificate and transcript of records with a minimum grade of 12 out of 20.

Indian Board Certificates: Grade 12 certificate with a minimum percentage of 50% and Grade 10 certificate results.

International Baccalaureate (IB) Program: IB Diploma with completion of six (6) subjects, at least three (3) at the higher level (HL) and a minimum total of 24 points.

Pakistani Board Certificates: Grade 12 certificate with a minimum percentage of 50% and Grade 10 certificate results.

Nigerian/West African System: WAEC, NECO, or WASSCE board certificate with a minimum of 7 subjects of C and above and secondary school transcript of results.

7.1.10. Conditional Admission

An applicant who does not meet all of the University Admission requirements may be granted conditional admission. The possible circumstances under which such conditional admission may be granted include:

- a) Students from the UAE System of Education who do not meet the minimum high school requirements can enrol in our Foundation Program to upgrade their academic standing to the required admission standards of the University.
- b) Students who do not meet the minimum TOEFL/IELTS English language proficiency requirement: these students may enrol in the EAP program in order to improve their English skills and achieve the required TOEFL/IELTS score.
- c) Students who do not pass the Mathematics Placement Test: these students must successfully complete the necessary remedial-math course before being allowed to register in any math or math-related courses.
- d) Students who have been unable to provide attested certificates or equalization certificates: these students must provide the appropriate certification by the end of their first academic semester.

If a student does not fulfill his or her specific probationary admission requirements, he or she may be subject to dismissal from the University.

7.1.11. Deadlines for Admission

Applications for admissions are accepted year-round. Entry can be in the Fall, Spring or Summer.

7.1.12. Letter of Admission

Upon successful completion of the admission process, the student will receive either a conditional acceptance or fully admitted letter issued by the Admissions Department. If the student is rejected, he or she will also receive a letter notifying him/her of the rejection.

7.1.13. Admission Appeals

Should a student's Application for Admission be rejected, he/she may appeal the decision as follows:

- Inform the Admissions Office of his/her dissatisfaction and request a review, in writing, within thirty (30) days of having received the written reason for the rejection.
- The Admissions Office will acknowledge receipt of the applicant's request and forward it to the Admissions Review Panel which is composed of the Program Leader and two faculty, one from the relevant Department and one from a different Department.
- The applicant may make a presentation to the Panel, but may not be represented by a third party at the Panel.
- The Panel will submit their decision to the Registrar for his/her approval.
- The Admissions Office will inform the applicant of the decision in writing.

The decision of the Registrar is final and binding. Should the decision be in favor of the applicant, the applicant will be admitted to his/her chosen program or an alternative should no place be available in his/her chosen program. Under no circumstance will a student already admitted to the University be disadvantaged by the findings of the Review Panel.

7.1.14. Student Visa

International and non-national students are eligible for a UAE Student Residence Visa sponsored by Canadian University Dubai. These visas are only issued to full-time students (students enrolled in 4 courses or more per semester) who have been accepted to the University and have paid the required deposits and fees.

Student visas are valid for a period of 12 months and renewable per the duration of the student's program of study. Visas must be renewed or cancelled within an acceptable period before expiry while in the UAE. Failure to renew or cancel your visa accordingly may result in an absconding status with UAE Immigration and forfeiting of your visa deposit.

Students with abscondment status will be dismissed from the University and returned to their home country.

Transfer of visa from other institutions is a lengthy process. Students should cancel their visa at their previous academic institution and Canadian University Dubai will apply for a new visa.

Once all the documents are available it takes a minimum of 3 working days to process the visa. Completion of medical and stamping of the visa on the passport take a minimum of 4 additional working days.

The documents required are:

- Colour passport photocopy
- 4 colour passport photographs (Submitted with Application for Admission)
- Letter of Acceptance from the University with course details and duration.

***Note that the University cannot guarantee that you will be granted a student visa.**

Falsified Admission Documents

Students found to have submitted falsified documents will be dismissed from the University with no refunds and reported to the appropriate authorities.

7.2. Masters Admission Policy

Admission to a specific program of study implies admission to Canadian University Dubai; however, admission to a particular program does not imply automatic admission to any other program of study. For all admissions to Canadian University Dubai, prospective students must hold the minimum university general admission requirements, as well as all the additional admission requirements specific to their chosen program of study.

For applicants not meeting all of the requirements, admission is conditional to these requirements, or their established equivalent, being met within prescribed time periods and subject to conditions clearly outlined below.

7.2.1. General Admission requirements for Masters level programs:

1. Completion of a recognized baccalaureate in a discipline appropriate for the Masters degree. A higher Diploma is not equivalent to a baccalaureate degree and does not qualify an applicant for admission to Masters programs. *
2. A minimum cumulative grade point average of 3.00 on a 4.0 scale, or its established equivalent, in the applicant's baccalaureate degree program.
3. For programs taught in English, a minimum TOEFL score of 550 on the Paper-Based or 79 on the Internet-Based test, or its equivalent in a standardized English language test, such as 6.0 IELTS or another standardized, internationally recognized test approved by the Commission, with the following exceptions:
 - A native speaker of English who has completed his/her undergraduate education in an English-medium institution and in a country where English is the official language.
 - An applicant with an undergraduate qualification from an English medium institution who can provide evidence of acquiring a minimum TOEFL score **500** on the Paper-Based test, or its equivalent on another standardized test approved by the Commission, at the time of admission to his/her undergraduate program.
4. Undergraduate equivalency certificate- required for all students who have graduated from an undergraduate program outside the UAE

(*) For admission in the Master in IT Management & Governance, only applicants holding Engineering / IT / Business related certificates will be considered.

7.2.2. Undergraduate equivalency certificate requirement:

An undergraduate equivalency certificate issued by the Ministry of Education in the UAE is required for all students who completed their undergraduate studies outside of the UAE. The steps required to obtain an equivalency may be found below:

1. University certificates and transcripts must be attested by the Ministry of Education in the country where the issuing university is based.
2. Following that, the student also needs to have the certificates and transcripts attested by the UAE embassy or consulate in that same country.
3. If the student is not able to have the attestation completed by the UAE embassy or consulate in that same country, they may also be able to obtain the same attestation or equalization from the Ministry of Foreign Affairs or the Consulate of the particular country they studied in.
4. After the above is completed, the undergraduate equivalency certificate must be requested and issued by the UAE Ministry of Education.

7.2.3. Conditional Admission Requirements for Masters level programs:

A student with recognized baccalaureate degree with a cumulative grade point average below 3.00 on a 4.0 scale, or its equivalent, and who meets the English language competency requirements for general admission, may be admitted conditionally to a Masters program. Such a student must meet the following requirements during the period of conditional admission or be subject to dismissal.

1. Must achieve an overall grade point average of 3.00 on a 4.0 scale, or its established equivalent, in the first nine credit hours of credit-bearing courses studied for the Masters program.

7.2.3.1. Additional Program Admission Requirements: Panel Interview

Offers of admission are adjudicated by a panel consisting of two (2) Faculty of Management faculty members from different program specialties, the Program Leader, and a representative of the Office of the Registrar, as a result of the following process:

1. Once the deadline for submission of applications has passed, a first screening by the panel establishes lists of applicants for further consideration for either admission or conditional admission.
2. Selected applicants complete a panel interview.
3. Offers of admission are made on the basis of the interview's outcome, which includes academic record excellence and suitability as an objective assessment criterion.

The Panel Interview is conducted by the Program Leader and the two Faculty of Management faculty members. It lasts 30 minutes and follows a standard protocol captured by the Masters Interview Form. Its aim is to determine the applicant's:

1. Oral and written language proficiency and communication skills (applicants are invited to speak about themselves and their career goals in relation to their choice to enrol in an MBA program; they are also asked to write a short essay).
2. Motivation and engagement;
3. Rationale for the choice of major;
4. Prospect for successful completion of the program.

The interview culminates with a panel recommendation for full acceptance, or conditional acceptance, or acceptance in the Pre-MBA / Pre-MIT program or further consideration after submission of additional material, or rejection. This recommendation is based on an objective eight-point assessment, including academic record; communication skills, motivation, etc.

Pre-MBA

Applicants may be admitted to the Pre-MBA program (e.g., students who have completed an undergraduate university degree in an area other than Business Administration and who meet the admission requirements). Successful completion of six foundations courses automatically yields admission to the MBA program. The six Pre-MBA courses are as follows:

Pre-MBA Courses

Course Code	Course Title	Prerequisite
MBA 501	Management and Organization Behavior	None
MBA 502	Foundations of Business Statistics	None
MBA 503	Accounting Foundations	None
MBA 504	Economics Foundations	None
MBA 505	Marketing Foundations	None
MBA 507	Finance Foundations	None

Pre-MIT

All Students admitted in the MITGOV program with an IT, Engineering or Business-related degrees must complete and pass the corresponding non-credited Pre-MIT program before starting this master program.

Pre-MIT Courses for Non- Business Majors

Course Code	Course Title	Prerequisite
MIT 501	Foundations of Business Statistics	None
MIT 503	IT Infrastructure Platforms & Organization of IS	None
MIT 504	Management Foundations	None
MIT 506	Economics Foundations	None
MIT 507	Financial Management	None
MIT 508	Marketing Management	None
MIT 510	Operations Management	None

Pre-MIT Courses for Business Majors

Course Code	Course Title	Prerequisite
MIT 501	Foundations of Business Statistics	None
MIT 502	Principles of IT	None
MIT 503	IT Infrastructure Platforms & Organization of IS	None
MIT 505	Management of Information Systems	None
MIT 507	Financial Management	None
MIT 509	Data Management & Information Systems	None

7.2.3.2. Falsified Admission Documents

Students found to have submitted falsified documents will be dismissed from the University.

8. Transfer Credits

8.1. Undergraduate Transfer Credit

If a student wishes to take a course at another institution, a Letter of Permission Form must be filled out and a detailed course outline must be provided. If the course is approved by the Dean of the department, the student may register. Once the course has been completed, a certified transcript must be handed in to the Office of the Registrar, and the course will be added only if the grade attained is C or higher.

Canadian University Dubai approves the admission of applicants transferring from other institutions subject to the following conditions:

- Transfer is from a recognized institution of higher education;
- Student meets Canadian University Dubai admission requirements;
- Student submits a certified copy of their grade transcript and a detailed outline of their courses;
- Student has a Cumulative Grade Point Average from the previous institution of at least 2.0 (on a 4.0 scale) or its equivalent.

Transfer credits are subject to the following conditions:

- Student passed the course with at least a C grade; and,
- Course outline is similar to a corresponding course in the relevant program at Canadian University Dubai.

Note: Transferred credit hours will not be considered in the computation of GPA at Canadian University Dubai. The maximum number of credits a student may transfer will not exceed 50% of the total number of credits required for graduation.

8.2. Masters Transfer Credit

Masters students of Canadian University Dubai may transfer a maximum of 6 credit hours to any Masters program. Transferable work must have a minimum grade B and above and have been completed for graduate level credit at an accredited college or university. Students requesting to transfer work must submit the request in writing with an official transcript from the university which awarded the credit. No transfer credit for MBA-648 (Business Strategy).

9. Prior Learning Assessment and Recognition Policy

Prior Learning Assessment and Recognition (PLAR) is a process whereby Canadian University Dubai awards academic credits for documented learning acquired outside the classroom of for-credit courses.

Such learning would have been acquired by a prospective or current student through a variety of professional or life experiences, including but not limited to:

- Training programs;
- Professional certificates;
- Professional responsibilities;
- Seminars or workshops;
- Armed services training;
- Independent studies; etc.

Upon successful recognition of prior learning, academic credits are awarded without the assignment of a grade. Hence, PLAR credits do not count towards the CGPA of the applicant. PLAR can be used for course exemption only and cannot be used to be admitted at the university. The applicant has the right to appeal a denial of prior learning recognition.

9.1. Application Process and Guidelines

The applicant must follow a five-step process whereby eligible prior learning is identified, assessed and recognized as a substitute to academic credits.

Step 1: Contact and consult with the PLAR Services at the Office of the Registrar to apply.

The applicant for PLAR credits is responsible for identifying and documenting prior learning and for seeking recognition against academic credits at Canadian University Dubai.

Step 2: Consult with the academic advisor on the eligibility of prior learning.

Applicants are expected to consult with PLAR Services officers and academic advisors about the eligibility of their prior professional and life experiences, the PLAR assessment process, the course(s) to be considered, and the time frame for completion.

The applicant need not be enrolled in a course to use the PLAR option for that given course. However, if the applicant is enrolled in the course considered for recognition, PLAR cannot be used after the 6th hour of class for that course. The applicant for PLAR credits is thus advised to check the University calendar for important dates. In all situations, the applicant is expected to have identified the relevant course(s) and obtained their syllabi.

Consultations with PLAR Services and academic advisors should allow the applicant to:

- Identify the course(s) to be considered for PLAR;
- Identify the learning objectives for the course(s);
- Address the applicant's readiness to undergo PLAR;
- Determine when and how prior learning would be assessed (a possible plan may be discussed, identifying the date and possible type of assessment (e.g., portfolio or challenge) with the understanding that the final choice of the type of assessment is at the discretion of the PLAR assessor.

Once the course to be considered for recognition has been identified and before proceeding formally, the applicant is strongly advised to reflect on the following questions and reach affirmative answers for each given course:

- “Did I acquire, through extensive professional and life experiences outside the classroom, the knowledge, skills, values and attitudes that appear to be equivalent to the learning outcomes listed in the course syllabus?”
- “Would I be able to demonstrate such knowledge, skills, values and attitudes related to each learning outcome of the course?”

Step 3: Complete and submit the PLAR Form (attached below) together with documented evidence of prior learning.

Make sure to sign and date the form and to attach originals or certified copies of evidence of prior learning.

Step 4: Pay a PLAR application fee of 3000 AED per course.

A receipt will be issued after payment. Staff at the Office of the Registrar shall not process any PLAR application without the payment receipt. The amount of AED 500 is non-refundable irrespective of the outcome of the assessment(s).

Within three (3) working days following the fee payment, PLAR Services shall communicate to the student the name and contact details of the designate PLAR assessor(s) (normally a faculty member at Canadian University Dubai determined in consultation with the academic unit offering the course(s) identified for recognition).

Step 5: Contact the designate PLAR assessor to complete the prescribed PLAR assessment(s).

It is the applicant’s responsibility to contact the designate PLAR assessor and to complete the required PLAR assessment(s) within one hundred and twenty (120) days following the date of application. Past that time period, the PLAR application becomes null and void.

The designate PLAR assessor shall communicate the nature, format, expectations, duration and date(s) of the challenge within three (3) working days following the first meeting with the applicant to discuss prior learning and possible assessment methods.

The applicant should be given no less than seven (7) working days to prepare for the challenge.

Within three (3) working days following the PLAR assessment(s), the assessor shall return the result(s) approved by the Program Leader to the Office of the Registrar and be prepared to provide the applicant with adequate feedback. PLAR Services shall immediately notify the applicant of the decision (approval or denial) in writing.

Cautionary Notes:

- (1) Application for PLAR should normally be completed before course enrolment and before the beginning of classes. There may be specific times when PLAR challenges are available.
- (2) PLAR applicants are subject to Canadian University Dubai Student Code of Conduct, including Academic Integrity Policies throughout the whole process.

9.2. The PLAR Assessment

The PLAR assessment aims at establishing the recognition or lack thereof of the applicant's documented prior learning experiences as equivalent to the learning outcomes of the course identified on the application form. Normally, recognition of prior learning is awarded by the assessor upon satisfactory demonstration by the applicant of at least 80% of the course's learning objectives through PLAR assessment. If as a result of the assessment, this learning is deemed equivalent to the learning outcomes for a specific Canadian University Dubai course, credits for that course shall be awarded without the assignment of a grade. The student's transcript shall then mention the course as completed through PLAR.

The maximum degree level credits awarded through PLAR, when taken together with formal credit transfer, should not exceed 50% of the program graduation requirement.

What are the different methods used for assessing PLAR?

Canadian University Dubai uses portfolio and/or challenge assessments. The designated PLAR assessor determines the assessment type, format and duration and administers the assessment process.

Portfolio

A portfolio is a collection of materials, in either paper or electronic format that demonstrates learning that was obtained through extensive past experiences. Portfolio submissions are normally complemented by an interview. Documentation included in the portfolio can be a collection of formal or informal learning experiences. A portfolio can include, but is not limited to:

- A Curriculum Vitae;
- An autobiographical essay;
- A description of career history;
- A detailed mapping of documented experiences against course's learning outcomes;
- Samples of professional achievements;
- Job descriptions;
- Letters of reference;
- Training records;
- Detailed course outlines from non-credit training courses or workshops;
- Certifications;
- Performance appraisals;
- Special awards;
- Professional contributions (ex. reports, business plans, marketing materials, etc.).

Challenge Assessment

A challenge assessment may include, but is not limited to, the examples listed below. It may also be a combination of different types of assessments.

Type of Assessment	Description
Written	Test, Case Study, Problem Solving Session, Essay, Short Answer Questions, Research Paper
Oral	Presentation, Interview
Performance	Demonstration of Skills, Sample of Work, Role Play, Objective Structured Clinical Examination
Assessment of Achievement	Reports, Plans/Blueprints, Published Materials, Photography, Art Portfolio

9.3. Appeal of Denial

The applicant can appeal a denial of prior learning recognition after paying a 500 AED appeal fee. The appeal must be done in writing to the Dean or Leader of the Department offering the course considered in the PLAR application form within five (5) working days past the notification of denial. The Dean shall then convene an ad hoc committee to investigate and deliberate the case before rendering a final decision. This committee shall include a representative of the Dean, a representative of the Registrar, and a subject matter expert faculty member other than the PLAR assessor. The applicant shall be notified of the final decision within ten (10) working days of the initiation of the appeal. The applicant has no further recourse.”

10. Student ID Card

Upon first registration and after all applicable fees have been paid new students will be issued with Identity Cards. Each student must take responsibility to safe guard their ID card, and it must be carried with them at all times while on University premises. In the event of a lost or stolen ID card, students must report the missing card to the Office of the Registrar immediately. Replacement fees will apply to issue a new card. Students are required to hand in their ID Cards upon Graduation or withdrawing from the University. Failure to do so will result in applicable fees being applied.

11. Student Orientation and Academic Advising

Academic orientation and advising is the backbone of any University’s education operations system.

The University holds orientation sessions at the beginning of each Academic Year, and all year one students admitted into University programs are requested to attend. Students should refer to the Academic Calendar to find out about the exact dates of the orientation sessions. The students will have a chance to meet with the faculty, program coordinators, and University administrators. During these sessions, students will have a chance, for instance, to:

- Familiarize themselves with the credit system,
- Understand and get familiar with the degree requirements,
- Interpret test and placement scores,
- Clarify major and/or career options,
- Select appropriate courses to optimize their academic performances,
- Understand academic warnings and progression policies,
- Understand the academic records of graduating students,
- Familiarize themselves with University services; library, information technology policies, laboratories, student services, student councils, etc.

For those students who are in probationary academic standing, a meeting with an assigned Academic Advisor will be scheduled to plan an appropriate study plan and understand progression towards graduation pertaining to their specific case. Students with probationary status cannot register without the signature of his or her Academic Advisor.

12. Registration Process and Procedures

12.1. Undergraduate Registration Process and Procedure

Prior to registration for the current semester, students are required to be in good academic and financial standing.

Please note that students' who have a CGPA of 2 or above, who are in good academic standing and with no academic warnings at the end of previous semester, do not require the signature of an Academic Advisor to register for the next semester.

The Class Schedule is subject to change, though every effort is made to minimize any such changes. We review the schedule on a routine basis and update as necessary to ensure student satisfaction.

12.1.1. Registration Process

New Students:

1. Once admitted into the University you may sit with a student advisor in order to select courses or they may register for select courses online through their student portal.
2. You will be required to pay your fees prior to registering for courses.
3. Once courses are selected/payment is made you will then register by using the Registration Counters in Hall C.

Returning Students:

1. May register via the Registration counter or online through their student portal providing they:
 1. Are in clear or conditional academic standing (if not see step 2)
 2. Are in good financial standing (if not see step 3)
 3. Have their registration files up to date and complete (if not see step 4)
2. If you need to see an Academic Advisor, please visit your assigned advisor for their approval on your courses. You may then pay your fees and register via counters 7-10 ONLY.
3. If you are not in good financial standing, please see the Cashiers to clear up any outstanding balances, you may pay at counters 11-13.
4. If you have an incomplete student file, please see registration personnel and provide the necessary documentation prior to paying your fees and registering. Counters 1-2

12.2. Masters Student Registration Process and Procedure

Prior to registration for the current semester, students are required to be in good academic and financial standing.

The Course Schedule is subject to change, though every effort is made to minimize any such changes. We review the schedule on a routine basis and update as necessary to ensure student satisfaction.

12.2.1. Registration Process

12.2.1.1. New Masters Students:

1. Once admitted into the University you may meet with a student advisor from the Faculty of Management to select courses.
2. You will then pay your fees, prior to registering in the courses.
3. Once courses are selected/payment is made you will then register. Registration personnel will be pleased to assist you with this.

12.2.1.2. Returning Students:

1. May register at the registration counters in Hall C provided they:
 1. Are in clear academic standing (if not see step 2)
 2. Are in good financial standing (if not see step 3)
 3. Have their registration files up to date and complete (if not see step 4)
2. See your assigned Academic Advisor for course approval. You may then pay your fees and register.
3. If you are not in good financial standing, please see the cashier in registration Hall C to clear up any outstanding balances.
4. If you have an incomplete student file, please see Registration personnel and provide the necessary documentation prior to paying your fees and registering.

13. Special Arrangement

There is a clear distinction between independent study and special arrangement courses. A special arrangement course is an experience in which the student covers the content of a regularly scheduled course through individual study under the guidance of a faculty sponsor. This approach is to be used only when scheduling difficulties would otherwise prevent the student from completing his or her program of study in a timely manner. As stated in the CAA standards, a course offered as an independent study is a course in which a student is individually supervised by a faculty to undertake a learning opportunity which is otherwise unavailable. Such a course must have a syllabus with learning outcomes, learning plan and appropriate assessment schemes.

13.1. Courses offered as Special Arrangement

13.1.1. Delivery

When a course is delivered as special arrangement, the academic department must ensure that:

1. The student has obtained all authorizations.
2. The course is offered in comparable class contact time, and comparable expectations for out of class study time, as in the same regular course with a compulsory weekly 1-hour meeting with the faculty. Attendance is compulsory.
3. The full content of the course syllabus will be taught.
4. A complete course file will be prepared at the end of the semester.
5. All learning resources are provided during the semester when the course is delivered.

13.1.2. Eligibility

A student may request to enrol in a course as special arrangement if one of the following conditions holds:

1. The regular course is not offered. This may substantially delay his/her graduation.
2. The regular course is offered but the student cannot attend due to reasons beyond his/her control.
3. The student needs the course to be offered in order to graduate during the current semester.

The institution must limit the granting of such courses to Masters students to 2 courses.

13.1.3. Application

When a student becomes eligible to enrol in a course as special arrangement, the following process must take place:

1. A formal request is written by the student to his/her academic advisor with all supporting documents, one semester in advance.
2. The academic advisor and Program Leader review the student's application and make a recommendation for the dean.
3. The dean reviews the whole application for a final decision.

14. Independent Study

14.1. Courses Offered as Independent Study (For Undergraduate Programs)

14.1.1. Statement of Purpose

An independent study course should be taken as an elective, used for individual pursuit of topics within or beyond a student's major field of study which transcend the regularly available curriculum. It will normally involve research, primary source reading, or field work. When planning for independent study, the student and his or her advisor should strive to maintain a balance between this mode of study and other elective courses. A disproportionate number of independent study courses will tend to prevent a student from taking other elective courses which are equally important to scholarly development. The institution must limit that grant of such courses to 6 semester hours for programs below the bachelor's degree and 9 semester hours for a bachelor's degree.

14.1.2. Credit and Grade Point Average Guidelines and Requirements

Matriculated students who have completed at least 50% of their program requirements are eligible for independent study. A minimum cumulative grade point average of 2.5 is required, subject to waiver by the Faculty Dean. The faculty sponsor is responsible for checking the student's grade point average and determining that the student has the ability to plan and execute a long-range project. Departments may establish additional criteria for initial approval of, and supervision of, independent study projects.

14.1.3. The Independent Study Course

An independent study contract consists of two parts: the proposal and the enrolment form. The faculty sponsor is responsible for preparing a detailed syllabus containing:

1. A detailed description of the course with clear learning outcomes;
2. The amount of time devoted to each major aspect of the course;
3. A description of prior course work or other experience which prepares the student for the proposed activity;
4. The frequency and duration of meetings with the faculty sponsor; and,
5. Dates for completion of project milestones where applicable.
6. The methods by which the student's work will be evaluated must be clearly stated in the syllabus. Some appropriate forms of evaluation include a paper, a performance, and/or a presentation.

The syllabus of the independent study course should be approved by the curriculum committee prior to the course delivery.

To determine the number of credits, the guideline of a minimum of 12 hours of effort per week per course unit shall apply. A student may enrol in no more than 6 credits of independent study in a given semester. A department may limit the number of independent study credits which a student is permitted

15. Policy on Intensive Modes of Course Delivery

When an academic department intends to offer a course or program through intensive modes of delivery, it must comply with the CAA requirements as specified in its standards. The institution should receive the approval of the commission prior to the start of the program or courses. During Summer sessions, courses are delivered over a shorter period of time but do not require the approval of the CAA.

When considering intensive course delivery, the academic department must ensure:

- Comparable duration of class contact time and expectations for out-of-class study time, as in the same courses offered during regular semesters or terms.
- The learning outcomes of the courses can be achieved during the short period of time.
- Students may register up to three courses when week-end course delivery is used during a regular semester. If the course delivery involves the shortening of the semester, students may register up to two courses.
- Faculty are given enough time for course delivery and preparation, in addition to all other duties, as required by the CAA standards.

16. Student Course Load

16.1. Undergraduate Student Course Load

For the Fall and Spring semesters, the full-time regular study load is fifteen credit hours. For the Summer session, the maximum load is six credit hours.

Under exceptional conditions students may increase their study load to eighteen credit hours in the Fall and Spring semesters, and to nine credit hours in the Summer session if:

- The student's grade point average (CGPA) is at least 3.5 in the preceding semester, or
- The student expects to graduate at the end of the semester, and their CGPA is at least 2.0.

16.2. Masters Student Course Load

The academic load for Masters programs is as follows. The total MBA program load is 36 credit hours, while for the MIT GOV it is 30 credit hours. The maximum academic load is 12 credit hours per term. Students who pursue the program part-time have up to four years to complete the degree requirements including the foundation Masters courses.

17. Attendance & Absenteeism Policies

17.1. Attendance & Absenteeism Policy for Undergraduate Studies

17.1.1. Purpose

Student Academic Success is enhanced by good classroom attendance. Students may however, from time to time, have to miss classes for reasons beyond their control. Students should not be penalized for such absences. Legitimate absences are limited to documented illnesses or a death in the immediate family.

17.1.2. Attendance Requirements

Attending classes is compulsory in all courses. Students will not be allowed to take the final examination if they are absent for more than 25% of the classes in a course. (Students should refer to their respective Department for additional specific program or Department requirements.)

- a) When a student is absent for 10% of the course, an absence reminder will be sent via university e-mail.
- b) When a student is absent for 20% of the course a second absence e-mail reminder will be sent
- c) When a student has been absent for 25% of the course a notice of Failure for Non-Attendance (grade point of 0.0) will be sent

A student arriving 15 minutes late to class in three different sessions during a particular semester will be given an absence.

A student with a verifiable and legitimate reason for missing a class (illness, death in the immediate family) may request of his or her professor that such an excusable absence be recorded, but not counted towards the 25% cut off figure that would otherwise lead to a grade of Failure for Non-Attendance. Such excusable absences must be noted in the Course File Attendance Report.

17.2. Attendance & Absenteeism Policy for Masters Programs

Attending classes is compulsory in all Masters programs. Masters students will not be allowed to take the final examination if they are absent for more than 35% of the classes in a course. When a student has been absent for more than 35% of the course a notice of Failure for Non-Attendance (grade point of 0.0) will be sent. It is the responsibility of the student to electronically check his/her attendance record. Missing classes with verifiable and legitimate reasons (illness, death in immediate family, etc.) will be treated as per the University grading policy.

18. Add and Drop

18.1. Add and Drop for Undergraduate Studies

During the first week after registering for a course, students may drop or add courses as per the Academic Calendar with no financial penalty subject to the prior approval of the academic advisor. The students must pay the fee of the added course(s) before submitting the Add & Drop form to the Office of the Registrar.

18.2. Add and Drop for Masters Programs

Once registered, students are academically and financially responsible for their course unless they officially withdraw by the deadline as reflected in the Academic Calendar.

To officially drop a section or withdraw from a course, students must submit an Add/Drop form to the Registrar's Office. Once processed, the student will be given a date-stamped copy of the form, and should retain this as proof of withdrawal in the event of a dispute. The date on which the written notice of withdrawal is received is the student's effective date of withdrawal.

19. Course Withdrawal

19.1. Course Withdrawal for Undergraduate Studies

Once registered, students are academically and financially responsible for their course unless they officially withdraw by the given deadlines as reflected in the Academic Calendar.

To officially withdraw, students must submit a withdrawal form to the Registrar's Office. They will be given a date-stamped copy of the document in return, and should retain this as proof of withdrawal in the event of a dispute. The date on which the written notice of withdrawal is received is the student's effective date of withdrawal. Failure to officially withdraw, the student will receive an "FA" grade (Failure for Non-Attendance).

Withdrawal from a course within the Add and Drop period	No Academic Penalty (Does not appear on student transcript)
Withdrawal from a course after the Add and Drop period	Reflects on student transcript as (WN) Withdrawal No Penalty

***Please see Undergraduate Refunds section for any related financial penalties**

19.1.1. Withdrawal from a Course or Program without Academic Penalty (WN)

To withdraw from a program without academic penalty (without being penalized by an 'F' grade), students must submit a withdrawal form to the Registrar's Office by the specified date in the semester. This deadline is noted in the sessional dates issued during registration, and is available in the Registrar's Office.

For courses that do not have midterms, Continuing Education courses, condensed courses, this deadline date is two-thirds of the way through the course or as stated in the course outline.

For students who withdraw by this deadline, the attempted course will not be included on the student's formal academic record. Students who withdraw from their program, or 'drop' a course after this deadline, will be assigned an "F" grade (Failure) for the course, which will show on the student's formal academic record and will also be used in the Grade Point Average (GPA) calculation.

Students registered in part-time courses must submit a withdrawal form to the Registrar's Office by the date specified in the academic calendar. Full-time status may be jeopardized if students drop too many courses. Withdrawing or dropping courses may have any of the following effects:

- Extend the duration of studies, or delay graduation.
- Add to expenses via additional fees (for instance, as a result of extending the student's studies).
- Affect sponsorship arrangements.

The academic advisor (Program Leader / Coordinator) must sign the form to ensure the student understands any academic issues ensuing from the action.

19.2. Course Withdrawal for Masters Programs

To withdraw from a course without academic penalty (without being penalized by an 'F' or 'FA' grade), students must submit an Add/Drop form dropping the class to the Registrar's Office by the deadline as reflected in the Academic Calendar.

For students who withdraw by the deadline, the attempted course will not be included on the student's formal academic record. The grade assigned is "WN" (Withdrawal No Penalty). Students who 'drop' a course or courses after this deadline, will be assigned a grade of "F" (Failure) for the course.

Withdrawing or dropping a course or courses may:

- Extend the duration of studies
- Delay graduation.
- Add to cost of the program (i.e. payment for a repeated course that must be paid for twice).
- Affect sponsorship arrangements.

The academic advisor (Program Leader / Coordinator) must approve the Add/Drop form to ensure the student understands the academic and financial implications associated with withdrawing after the deadline to add/drop a course.

20. Holding Registration

A student may apply to the Registration office for the suspension of their studies before the end of the Add & Drop period to avoid academic and financial penalties. However, no suspension of studies will be approved for more than two consecutive semesters (Fall & Spring) The total number of semesters in which the student can suspend his/her studies must not exceed four semesters before graduation.

The student must present the clearance sheet to the Registration Office. Students that are sponsored by the University must cancel their visa before suspending their studies.

21. Withdrawal from the University

Students may apply for withdrawal from the University, subject to submission of the clearance sheet to the Office of the Registrar. Documents submitted to the University are regarded as a property of the University and cannot be given back to the student. Students that are sponsored by the University must cancel their visa before withdrawing from the University.

- A student may be required by the University to withdraw from a course, program or from the University itself for reasons deemed as 'just cause'. The Vice President of Academic Affairs (VPAA) will determine the specified period of the withdrawal
- The term 'Just Cause' denotes, but is not limited to, consistent failure to meet the academic objectives of the course or study program; any academic performance that would result in an Academic Suspension for a second time; plagiarism and other forms of cheating; inappropriate behaviour within the University campus - e.g. classroom, lab, place of internship or other such environment; failure to pay fees or the submission of falsified or falsely obtained documents, or provision of other false information for admission purposes
- The University may also require students to withdraw from any Continuing Education programs for consistent failure to report absences or for poor attendance (or any of the above-mentioned reasons)
- The VPAA may require immediate and permanent withdrawal from the University by any student that breaches accepted local behavioural norms. The student will be informed in writing if he/she is formally withdrawn from the University
- A student that is withdrawn from a course or a program at the University is not eligible for any refund of fees paid
- A student that has been 'Withdrawn' is not allowed to continue in the program

22. Reinstatement after Withdrawal

A student who must take time off from his or her studies can re-enter his or her program without repeating the entire admission process, as long as he or she does so within five years after the withdrawal. To resume a program after an absence of five or more years, the student must reapply for admission and meet program requirements at that time.

23. Grading Scheme

23.1. Grading Scheme for Undergraduate Studies

The academic performance of undergraduate students will be recorded using Canadian University Dubai's grading system which reflects the student's performance in each course. In general, the pass mark in a course is fifty percent (50%) but students are required to refer to the specific requirements for their chosen program of study to ensure that they are aware of any modification to this.

The distribution of the total mark (100) on semester such as: quizzes, tests, midterm exam, projects, laboratory work, and the final exam are shown on the outline of each course which is distributed by the faculty to the students during the first week of the semester.

(See table next page)

Percent Grade	Alpha Grade	4 Point Scale Equivalent	Canadian University Dubai Equivalent Description
90-100	A+	4.0	Outstanding
80-89	A	3.8	Excellent
75-79	B+	3.5	Very good
70-74	B	3.0	Good
65-69	C+	2.5	Satisfactory (High)
60-64	C	2.0	Satisfactory
55-59	D+	1.5	Pass
50-54	D	1.0	Minimal Pass
0-49	F	0	Failure
	P	*	(Pass) Satisfactory achievement in a course where a percentage grade is inappropriate.
	FA	0	Failure for Non-Attendance
	AG	*	Aegrotat Standing (valid medical certificate)
	I	*	Incomplete Grade
	IP	*	Course in Progress
	TC	*	The student meets all Canadian University Dubai course requirements via transferred/documented equivalent courses taken/passed at another accredited university.
	WN	*	Withdrawal - Without Academic Penalty

* Not computed in GPA.

- Canadian University Dubai standard pass mark in each course is 50 percent
- Cumulative PGPA not less 2.00 is required for graduation
- GPA and Cumulative GPA are computed only for courses from the study plan of the program
- When a course is repeated the higher grade of the two attempts is considered in the computation of the GPA and Cumulative GPA, but both grades are put on record
- NB: A student will receive an academic notice from the Registrar if his/her term GPA is less than 2.00

23.1.1. The Semester Grade Point Average

The Semester (term) Grade Point Average (GPA) is simply the weighted average of the grades obtained in the courses registered in the semester, where the weight of each course is based on the number of credit hours.

For example, if a student obtained the following grades in a given semester:

Course Name	Credit Hours	Letter Grade	Grade point
Course 1	3	A+	4.0
Course 2	3	A	3.7
Course 3	3	B	3.0
Course 4	3	B+	3.5

The Semester Grade Point Average (Sem GPA) will be computed as follows:

$$\text{SEM GPA} = \frac{4*3 + 3.7*3 + 3*3 + 3*3.5}{3+3+3+3} = 3.6$$

23.1.2. The Cumulative Grade Point Average (GPA)

A students' GPA is based on courses completed at this University. The semester or TGPA and the cumulative or CGPA is based on the weighted average of the grades obtained in all courses where the weight of the course is its number of credit hours. The program GPA (PGPA) includes only those courses that apply to the degree. If a course is repeated both grades will appear in the transcript, but only the higher grade will be used to calculate the GPA. Averages are truncated to two decimal points.

23.2. Grading Scheme for Masters Programs

Percent Grade	Alpha Grade	4 Point Scale Equivalent	Canadian University Dubai Equivalent Description
95-100	A+	4.00	Outstanding
90-94	A	3.70	Excellent
85-89	A-	3.50	Very good
80-84	B+	3.25	Good
75-79	B	3.00	Satisfactory
70-74	B-	2.75	Below requirements
65-69	C+	2.50	
60-64	C	2.00	
Less than 60	F	0.00	Failure
	P	*	(Pass)
	FA	*	Failure for Non-attendance
	AG	*	Aegrotat Standing (valid medical certificate)
	I	*	Incomplete Grade
	IP	*	Course in Progress
	TC	*	The student meets all Canadian University Dubai course requirements via transferred/documented equivalent courses taken/passed at another accredited university.
	WN	*	Withdrawal - Without Academic Penalty
	P	*	(Pass)

* Not computed in GPA.

- Masters Programs (MBA, MSc. ...) standard pass mark in each course is 60 percent (C) (2.00)
- Cumulative GPA is computed only for courses taken at Canadian University Dubai.
- When a course is repeated the highest grade of the two attempts is considered in the computation of GPA and cumulative GPA, but both grades are shown.
- Six credits (two courses) from 36 credits (12 courses) can be transferred. Limited to students in good academic standing.
- No transfer credit for MBA-648 (Business Strategy).

23.2.1. The Semester Grade Point Average

The Semester (term) Grade Point Average (GPA) is simply the weighted average of the grades obtained in the courses registered in the semester, where the weight of each course is based on the number of credit hours.

For example, if a student obtained the following grades in a given semester:

Course Name	Credit Hours	Letter Grade	Grade point
Course 1	3	C	2.0
Course 2	2	A	3.8
Course 3	4	D+	1.5
Course 4	3	B	3.0

The Semester Grade Point Average (GPA) will be computed as follows:

$$\text{GPA} = \frac{2 * 3 + 3.8 * 2 + 1.5 * 4 + 3 * 3}{3 + 2 + 4 + 3} = 2.38$$

23.2.2. The Cumulative Grade Point Average

A students' GPA is based on courses completed at this University. The semester or TGPA and the cumulative or CGPA is based on the weighted average of the grades obtained in all courses where the weight of the course is its number of credit hours. The program GPA (PGPA) includes only those courses that apply to the degree. If a course is repeated both grades will appear in the transcript, but only the higher grade will be used to calculate the GPA. Averages are truncated to two decimal points.

23.3. Incomplete Grade (I)

Students whose course work is at a passing level but who for verifiable reasons beyond their control are unable to finish course work and have not obtained a passing grade by the end of a term (or the specified end of a course) may be granted a grade of "Incomplete".

The "I" is not intended to be a permanent grade. It is only a temporary acknowledgment of a legitimate reason for granting a one-time, limited extension to the time normally allowed to complete all course requirements.

Students have up to 12 calendar months after the scheduled end of the course to complete required additional work as determined by the teacher who assigned the "I", and to thereby qualify for a passing grade.

After 12 calendar months, outstanding "I" grades are converted to "F". Thereafter, the student must repeat the course in order to achieve a passing grade.

The number of "Incomplete" courses allowed per semester is established by the Department. Please contact the Department for further information.

NOTE: An Incomplete grade for a pre-requisite course must be completed before the student is allowed to proceed to the higher-level course unless otherwise approved by the appropriate Academic Administrator (Dean or designate).

23.4. Repeated Courses (R)

If a student repeats an identical course and thereby achieves a higher grade, the new/higher grade will supersede the previous grade in the calculation of the Cumulative GPA and the original lower grade will not be included in the Cumulative Grade Point Average (GPA). It should be noted that the higher grade (of the two attempts on the course) is used for the CGPA calculation, but both grades are recorded and appear on the academic transcript.

23.5. Course in Progress (IP)

A grade of 'Course in Progress' (IP) - implying a continuation of coursework - may be designated when the timeline of a course is not consistent with the end date of the semester.

On completion of the course, the relevant Letter Grade and Numerical Value, as applicable, will replace the previous IP Grade.

NB: IP grades are not included in GPA calculation.

24. Grade Appeal Policy

The University is committed to providing an environment of research, teaching and learning of the best possible quality. This is inclusive of the processes that are used to ratify marks, to assess students for progression within a program of study, or to determine an award.

It is the responsibility of all students to review and abide by the academic policies and procedures of the University. Students are also responsible for their personal academic choices and decisions and for meeting the standards set for academic achievement within each program of study they enrol in.

In some instances, a student may not agree with the academic decision(s) of an academic professional. The University provides an appeals process, for the benefit of all parties, so that the student may request an academic decision to be re-considered. Such appeals are a petition to change a decision that has been made regarding an academic matter. The foundation for such an appeal may be that, in the opinion of the student, the original academic judgment was unfair, or that the academic policies of the University were incorrectly applied.

24.1. Principles

The University Appeal procedure for students is based on the following principles:

- Procedures and processes employed to resolve an Appeal are fair and must be seen to be fair
- Confidentiality must be respected for all parties concerned, except when there is a legal requirement to divulge information
- All staff involved in the resolution of an Appeal must act with impartiality and objectivity throughout and ensure that all conclusions drawn are based on a fair review of all the facts and opinions available
- Appeals are handled in a timely manner with clear outcomes
- After the review, the committee may decide to revise the grade - up or down.

24.2. Procedures for Appeals of Academic Decisions

An informal resolution procedure also exists as part of the University Appeals process in conjunction with the procedure for a formal appeal of an academic decision. The University strongly encourages a student to first make an attempt at an informal resolution of an issue with his/her Professor before making a Formal Appeal.

If the student is dissatisfied with the outcome of an initial informal meeting with his/her Professor, the formal process may then be initiated without prejudice.

The Office of the Registrar is responsible for administering the appeals process and on receipt of an Appeal against a grade or mark. The Registrar will convene an Appeals Committee consisting of at least three persons.

This Committee will consist of the Registrar who will be the Chair, a non-academic member responsible for safeguarding the interests of the student and a subject matter expert who is not the Academic who awarded the original grade or mark.

The Committee may call upon the student or Professor concerned if necessary.

24.3. Procedure for Instigating an Appeal against a Grade or Mark for Undergraduates

- Appeals will only be considered for final examination marks
- Students should complete the Grade Appeal Form and submit to the Office of the Registrar within ten (10) working days of receiving the grade or mark in question
- The applicable fee must be paid at this stage in order to instigate the formal Appeal process
- The decision determined by the Appeals Committee will be conveyed in writing to the student within ten (10) working days of the start of the Appeal process
- The decision of the Appeals Committee will be final

24.4. Procedure for Instigating an Appeal against a Grade or Mark for Masters Students

- Appeals will only be considered for final examination marks
- Students should complete the Grade Appeal Form and submit to the Office of the Registrar within seven (7) working days of receiving the grade or mark in question
- The applicable fee must be paid at this stage in order to instigate the formal Appeal process
- The decision of the Appeals Committee will be final

25. Progression Policies

25.1. Progression Policy for Undergraduate Studies

ACADEMIC STANDINGS & PROGRESSION TOWARDS GRADUATION

Prior Academic Standing	Current Semester		New Academic Standing	Normal course load (credit hours) to be registered	Recommendations
	SGPA	CGPA			
Clear	$G \geq 2$	$G \geq 2$	Clear	See program requirements	None
	$1 \leq G < 2$	$G \geq 2$	Conditional	Normal load - 3	None
	Other	Other	Probation	Normal load - 6	Repeat courses when possible
Conditional	$G \geq 2$	$G \geq 2$	Clear	See program requirements	None
	$1 \leq G < 2$	$G \geq 2$	Conditional	Normal load - 3	None
	Any	$1 \leq G < 2$	Probation	Normal load - 6	Repeat courses when possible
	Any	$G < 1$	Suspended	0	See advisor
Probation (**)	$G \geq 2$	$G \geq 2$	Clear	See program requirements	None
	$G \geq 2$	$G < 2$	Probation	Normal load - 3	Repeat courses when possible
	$G < 2$	Any	Suspended	0	See advisor

(): Students are allowed to change major or remain on probation during three consecutive semesters.**

At each semester on probation, the load is reduced by three credit hours. If a student fails to clear his/her academic standing at the end of the third semester, he/she will be dismissed from the program.

- For the Summer session, the normal course load is six credit hours.
- Under exceptional conditions, students may increase their normal Fall and Spring semester course load by 3 credit hours, or register up to nine credit hours in the Summer session if:
- The student's grade point average (CGPA) is at least 3.5 in the preceding semester, or the student expects to graduate at the end of the semester, and their CGPA is at least 2.0.

25.1.1. Academic Standing

For each University term, every undergraduate student is required to achieve, both a Term Grade Point Average (TGPA) and a Cumulative Grade Point Average (CGPA) of at least 2.0. Every student will be awarded one of the following academic standings as a result of the formal course grades that they have achieved at the conclusion of each University term:

25.1.1.1. Clear Academic Standing

The following is applicable to students with the status of Clear Academic Standing at the beginning of the academic semester:

- Achieving a Grade Point Average (GPA) of at least 2.00 in both the Semester and Cumulative GPA will result in continuing Clear Academic Standing
- Achieving a Semester GPA of 1.00 to 2.00 with a Cumulative GPA 2.00 and above will result in Conditional Academic Standing

Not achieving either Clear or Conditional Academic Standing (as described above) will result in Probationary Academic Standing

25.1.1.2. Conditional Academic Standing

The following is applicable to students with the status of Conditional Academic Standing at the start of the academic semester:

- Achieving both a semester and Cumulative GPA of at least 2.00 will result in Clear Academic Standing
- Achieving a Semester GPA of 1.00 to 2.00 with a Cumulative GPA of 2.00 and above will result in Conditional Academic Standing
- Achieving a minimum Cumulative GPA of 1.00 and not qualifying for Clear Standing as described above will result in Probationary Academic Standing
- **Achieving a Cumulative GPA below 1.00 may result in Academic Suspension**

25.1.1.3. Probationary Academic Standing

The following is applicable to students with the status of Probationary Academic Standing at the start of the academic semester:

- Achieving both a semester and Cumulative GPA of at least 2.00 will result in Clear Academic Standing
- Achieving a semester GPA of less than 2.00 will result in Academic Suspension

A student not meeting either of the two criteria as described above will continue to hold Probationary Academic Standing.

25.1.2. Normal Course Load per Program

Department of Communication	Credit Hours
Bachelor of Arts in Communication (Journalism) – English stream	15
Bachelor of Arts in Communication (Public Relations) – English stream	15
Bachelor of Arts in Communication (Advertisement) – English stream	15
Bachelor of Arts in Communication (Journalism) – Arabic stream	15
Bachelor of Arts in Communication (Public Relations) – Arabic stream	15
Bachelor of Arts in Communication (Advertisement) – Arabic stream	15
Bachelor of Arts in English Language and Translation	15
Department of Environmental Health Sciences	Credit Hours
Bachelor of Science in Health Organization Management	15
Bachelor of Science in Environmental Health Management	15
Bachelor of Science in Health Information Management	15
Associate Degree in Food Safety	15
Department of Architecture	Credit Hours
Bachelor of Architecture	18
Department of Interior Design	Credit Hours
Bachelor of Science in Interior Design	18
Department of Computer Engineering and Computational Sciences	Credit Hours
Bachelor of Science in Network Engineering	18
Bachelor of Computer and Networking Engineering Technology	18
Department of Electrical Engineering	Credit Hours
Bachelor of Science in Telecommunications Engineering	18
Faculty of Management	Credit Hours
Bachelor of Business Administration in E-Business	15
Bachelor of Business Administration in Accounting & Finance	15
Bachelor of Business Administration in Marketing	15
Bachelor of Business Administration in Human Resource Management	15
Bachelor of Business Administration in International Business	15
Associate Degree in Marketing	15

25.2. Progression Policy for Masters Programs

25.2.1. Academic Standings

For each University term, every Masters student is required to achieve, both a Term Grade Point Average (TGPA) and a Cumulative Grade Point Average (CGPA) of at least 3.0. Every student will be awarded one of the following academic standings as a result of the formal course grades that they have achieved at the conclusion of each University term:

25.2.1.1. Clear Academic Standing

The Faculty of Management requires that its Masters students have a CPGA of at least 3.0 without any un-waived 'F' grade for maintenance of Clear Academic Standing in Masters programs, and for graduation from the program.

Courses can be repeated to raise the CGPA to 3.0 or above. A student can repeat up to 3 courses. The same course can be taken up to 3 times. If a student repeats an identical course and there by achieves a higher grade, the new / higher grade will supersede the previous grade in the Cumulative GPA (CGPA) and the original lower grade will not be included in the Cumulative GPA (CGPA). It should be noted that the higher grade (of the two attempts on the course) issued for the CGPA calculation, but both grades are recorded and appear on the academic transcript.

- 1) A compulsory course with an 'F' grade must be repeated immediately during the next term. An elective course with an 'F' grade can either be re-taken or another elective course may be taken to fulfill the elective requirement.
- 2) Masters foundation courses do not carry credit towards the Masters degree but require a passing grade of "P".
- 3) A grade of "B" or higher must be earned for all Masters coursework transferred from another institution. The Faculty of Management will not include transferred coursework in the calculation of the student's CGPA.

Considering that students must maintain a CGPA of at least 3.0 in each term, when term grades become available, students who fall below the acceptable CGPA standard will be notified of their conditional/probationary status as per the procedures described below ("University Conditional/Probation"). Students must be aware of their University status at all times.

25.2.1.2. Conditional Academic Standing

If a student is in a Clear Academic Standing and fails to maintain a minimum CGPA of 3.0 or above at the end of the term, or obtains an 'F' grade, he will be put on Conditional Academic Standing.

The student is allowed to register and proceed in their chosen program of study as if having Clear Academic Standing. However, during the 'conditional' term the student must achieve the specified grades that will result in Clear Academic Standing by the conclusion of the Term - otherwise their standing will be downgraded to that of Probationary.

25.2.1.3. Probationary Academic Standing

If a student is in a Conditional Academic Standing and fails to achieve a minimum CGPA of 3.0 or above at the end of the term, or obtains an 'F' grade, he will be put on Probationary Academic Standing.

This standing allows the student to register and proceed in their chosen program of study but the student must meet their University Advisor immediately to develop a mutually agreed plan of study to enhance the prospect for progression beyond the probationary period. Failure to do this

within the first ten (10) days of the probationary term will result in the cancellation of course registration for that current term.

During the 'probationary' term the student must achieve the specified grades that will result in Clear Academic Standing to advance to the next term.

- i. Students with a total of three failing grades in the same course will be dismissed from the program.

25.2.2. Time Limit

All requirements for a Masters degree must be completed within a 4-year period beginning with the student's first term of enrolment in a 500 level course.

25.2.3. Continuation in the Program

Masters students who are unable to comply with the requirements of the University probation policy, or cannot achieve a minimum CGPA of 3.0 by repeating courses within the allowed limits or failed the same course three times are subject to dismissal from the program by the registrar. In addition, students in a Masters program can be dismissed by the registrar for violations of Canadian University Dubai's University Integrity Policy such as plagiarism or cheating on exams. Students that cannot continue in a Masters program have the right to appeal the decision to the Faculty of Management. The staff of the Faculty of Management will work with individual students to help them understand University requirements and their responsibilities in the appeal process.

26. Applying for Re-Admission after Suspension

At the end of a period of Academic Suspension, the student is required to meet his/her Academic Advisor, and complete the Registrar's 'Readmit/Program Transfer' form which must then be signed by all the relevant parties.

If the student is successful in being re-admitted to the study program, he/she will hold the status of Probationary Academic Standing and therefore must immediately meet with the Academic Advisor to develop a mutually agreed probationary plan of study. Failure to do so within the first ten days of each and every semester of the Probationary Academic Standing will result in the cancellation of course registration for that current semester.

26.1. Re-Admission of Withdrawn Students

A 'Withdrawn' student can only apply for readmission to a program at the University under the following conditions:

- a) The student must meet the full current admission requirements for his/her chosen program.
- b) The student is subject to the same priority criteria applicable to other students.

NB: If prior academic or established behaviour patterns have been deemed unacceptable, a further review may be required. The applicant must be able to provide demonstrative evidence of his/her capacity to perform at an acceptable social standard and academic standard in his/ her chosen program.

27. Scholarships for Undergraduates

Disclaimer: All statements in this publication concerning requirements, amounts, conditions or other matters are for informational purposes only and are subject to change without notice.

A primary objective of scholarships at Canadian University Dubai is to promote the retention of high academic achievers. We understand that not everyone is excellent or outstanding at everything and recognize the importance of differences and variety. We do not want financial limitations or special needs to get in the way of a great education.

Canadian University Dubai offers the following scholarships: Outstanding Academic Excellence, Financial Hardship, Special Needs and Outstanding Sports Achievement.

Please note that the number of scholarships awarded is limited and you must meet the minimum selection criteria for the relevant category in order for your application to be considered by the scholarship committee. The amount to be awarded depends on the financial need and/or academic qualifications of the applicant.

27.1. Guiding Principles for Canadian University Dubai Scholarships

- Scholarships are open to all students of any citizenship who have met all the admission requirements.
- Scholarships are awarded to full-time students enrolled in four (4) academic courses or more per semester. For financial hardship and special needs scholarships, the number of academic courses students must enrol in will be considered on a case-by-case basis, although, where possible, a minimum of four (4) academic courses is recommended. Please note that scholarships may be granted for credit-bearing courses only.
- Students must maintain the cumulative grade point average (CGPA) necessary in order to continue their scholarship. For special needs scholarships, the cumulative grade point average (CGPA) necessary in order to continue their scholarship will be considered on a case-by-case basis.
- Scholarships are only valid for current tuition fees.
- Students can apply for more than one scholarship, provided you meet the eligibility requirements. In case a student qualifies for more than one reduction, scholarship or discount, the student will be given the chance to choose the benefit with the highest value. Financial awards may not be combined.
- All remaining and outstanding fees (tuition and housing) must be paid promptly in order to maintain your scholarship.

*** Please note the following conditions:**

Winners or those who qualify for a reduction in the cost of tuition may not appeal the decision of the University or the percentage or amount of reduction assigned. The decision to grant or deny a reduction in cost is final.

27.2. Application Deadlines – New Students

- Scholarship Application deadline for the Fall Semester is June 15th.
- Scholarship Applications deadline for the Spring Semester is December 20th.
- Late or incomplete scholarship applications will not be considered by the scholarship committee.
- Applicants must email their scholarship application forms, along with all supporting documents to scholarship@tud.ac.ae

27.3. Application Deadlines – Returning Students

- Scholarship Application deadline for the Fall Semester is the end of week 5 of the preceding Spring semester.
- Scholarship Applications deadline for the Spring Semester is the end of week 5 of the preceding Fall semester.
- Late or incomplete scholarship applications will not be considered by the scholarship committee.
- Applicants must email their scholarship application forms, along with all supporting documents to scholarship@cuad.ac.ae

27.4. Academic Excellence

Up to 100% tuition waiver

A student must have an academic average of 98%* or above to apply.

Student must have a CGPA of 3.9 or higher at the end of the first semester for the scholarship to continue.

Up to 50% tuition waiver

A student must have an academic average of 95%* or above to apply.

Student must have a CGPA of 3.85 or higher at the end of the first semester for the scholarship to continue.

27.5. Academic Achievement

Up to 40% tuition waiver

A student must have an academic average of 85%* or above to apply.

Student must have a CGPA of 3.70 or higher at the end of the first semester for the scholarship to continue.

20% tuition waiver

A student must have an academic average of 85%* or above to apply.

20% tuition waiver is awarded automatically to all new students with high school average of 85% and above.

Returning students with CGPA of 3.85 per semester will also be awarded the 20% tuition waiver.

* UAE Secondary School Certificate or equivalent

Curriculum	Scholarship Value			
	Up to 100 %	Up to 50%	Up to 40%	Up to 20%

27.6. Sports

Up to 40% tuition waiver

A student must have an academic average of 80% or above to apply.

Second semester CGPA must be 3.50 or above for the scholarship to continue.

Students must submit:

- Completed application form
- Brief bio including relevant sport accomplishments
- Scanned copies of references from coach and/or PE teacher on institutional letterhead
- Scanned copies of certificates relevant to the sport you are applying for

Assessment will be based on the submitted information and scholarship will be offered based on merit. In some instances, an additional test may be required.

Up to 10% tuition waiver

A student must have an academic average of 70% or above to apply.

Second semester CGPA must be 3.0 or above for the scholarship to continue.

Students must submit:

- Completed application form
- Brief bio including relevant sport accomplishments
- Scanned copies of references from coach and/or PE teacher on institutional letterhead
- Scanned copies of certificates relevant to the sport you are applying for

Assessment will be based on the submitted information and scholarship will be offered based on merit. In some instances, an additional test may be required.

***The Guiding Principles for Canadian University Dubai scholarships must be met.**

27.7. Special Needs

We at Canadian University Dubai pledge to provide an inclusive learning environment and to support the cognitive, emotional and creative development of students with disabilities. Special needs may be justified by physical or other disabilities.

Students eligible for a Special Needs Scholarship will benefit up to a 40% tuition waiver.

- For students applying for the first time, the academic average will be considered by the scholarship committee on a case-by-case basis.
- The CGPA at the end of the first semester will be considered by the scholarship committee, to determine if the scholarship will continue.
- A professional, documented diagnosis of disability must be supplied with application and will be kept confidential.

The above documentation must be submitted with the application. Any application with incomplete documentation will not be considered when awarding the Special Needs Scholarships.

***The Guiding Principles for Canadian University Dubai scholarships must be met.**

27.8. Financial Hardship

The objective of these scholarships is to promote access to higher education to students facing financial hardship.

Up to 40% tuition waiver

A student must have an academic average of 75% or above to apply.

Second semester CGPA must be 3.30 or higher for the scholarship to continue.

Students must submit the following documents:

- Completed and signed application
- Current Rental Contract
- Bank statements
- Employee certificate and salary statement for each employed family member
- Copy of Passport and Visa for all working family members (or both parents)
- Certificates of educational tuition fees for each sibling

All documentation will be kept confidential.

All of the above documents must be submitted with the application. Any application with incomplete documentation will not be considered when awarding the Financial Hardship Scholarships.

***The Guiding Principles for Canadian University Dubai scholarships must be met.**

28. Student Affairs

28.1. Career Counseling

In the UAE, the development needs are changing all the time. This rapid pace makes many demands on the new graduate who is seeking a gratifying place in the world of work. Our staff is current in trends in the UAE and, together with Canadian University Dubai, links to the academic world and the workplace. We endeavor to keep our students informed.

Career advising assists students in developing their career goals and objectives. Canadian University Dubai has developed relationships with major companies in many career fields to provide graduating students with career opportunities. Our graduates find great success in the careers of their choice, due in large part to the efforts of our Student Success Centre. Any student, no matter how savvy, can benefit from our career services.

28.2. Student Success Centre

We pride ourselves on the extensive network of services that we provide to support our students during their studies. Canadian University Dubai aims to ensure student success, whereby each student is empowered to achieve his or her full potential. The ultimate goal is to fulfill a holistic approach so that each graduate leaves with a strong sense of self, and is able to make a true difference in his or her career and community.

The Student Success Centre provides the following services to help students during and after their studies:

- Academic support and tutoring are provided free of charge for students requesting additional academic help. This is essential in ensuring our students' academic success.
- Internship support is provided to assist students in fulfilling the internship requirements of their programs. Canadian University Dubai maintains relationships with many businesses in Dubai to help facilitate a smooth internship placement.

28.3. Personal Counseling

Canadian University Dubai recognizes the incredible pressure on today's student. These pressures can become overwhelming for some students and could lead in some cases to conditions that can jeopardize students' academic success. The aim of the University is to prevent students from either feeling alone, or feeling unable to seek help for their problems.

The student counselor has professional experience and training in order to assist students, whether the issues are emotional, psychological, social or physical. All counseling is done on an individual basis and is strictly confidential. Students will be provided with all the assistance they need and, if necessary, will be referred to outside medical professionals to ensure they get the appropriate help.

28.4. Academic Orientation and Advising

Academic advising is the backbone of any University's education framework system.

The University holds orientation sessions at the beginning of each Academic Year, and all new students admitted to Canadian University Dubai programs are requested to attend. Students should refer to the Academic Calendar to find out about the exact dates of the orientation sessions. The students will have a chance to meet with the faculty, program coordinators, and University administrators. During these sessions, students will have a chance to:

- Familiarize themselves with the credit system of education followed by Canadian University Dubai,
- Understand and become familiar with the degree requirements,
- Interpret test and placement scores,
- Clarify major and/or career options,
- Select appropriate courses to optimize their academic performances,
- Understand academic warnings and progression policies,
- Review the academic records of graduating students,
- Familiarize themselves with University services; library, information technology, laboratories, student services, student councils, etc.

For those students who are achieving subpar results in a course or are not performing up to their expectations, a meeting with an advisor will be scheduled.

28.5. Career Placement Services

Part-time work placement assists students wishing to find part-time work while attending University. Canadian University Dubai has relationships with many businesses in Dubai, and can be a great asset to any student looking for a part-time job.

Career workshops and study days assist students in finding a career and preparing for life in the workforce. Although this service is aimed primarily at finishing students, all students are welcome to attend. In career workshops, students will learn how to create a professional CV, design a cover letter, advance interview skills, and negotiate an offer. The study days consist of seminars in time management, project management, networking, and study skills. In addition, the library contains a section purely related to career development and job research, and every student is encouraged to use our resources and our databases.

28.6. Special Needs Services

Canadian University Dubai pledges to provide an inclusive learning environment and to support the cognitive, emotional and creative development of students with special needs.

Canadian University Dubai ensures that reasonable effort is made to accommodate students with special needs such that their program learning objectives are met. Special Needs Services are provided equally through programs and services.

28.7. Student Activities

Canadian University Dubai Student Services organizes activities, clubs, and events that meet the needs of all the students – there is something for everybody. There is no question: studies show that students who have a well-rounded, active lifestyle fare better than the ones who concentrate solely on their studies. Canadian University Dubai encourages its students to participate actively in the life of their University. The activities span across the following areas:

- Cultural Events and Performances
- Athletics
- Community Involvement

28.8. Performance and Cultural Events

With over 100 nationalities represented at Canadian University Dubai, there is an abundance of cultural events held throughout the year. These events celebrate the diverse cultures present at Canadian University Dubai, with food, fashion, art, music and dance performances from countries all over the world. Such events include:

- Global Day
- Entertainment Night
- UAE National Day
- Several other National Days

At all of these events, it is the students who play the main role in representing their own cultures.

28.9. Student Athletics

Understanding that “a healthy body makes for healthy mind,” Canadian University Dubai promotes wellness and organizes many sporting activities on campus. Students can play football, tennis, basketball, cricket, badminton, volleyball, chess and table tennis at either competitive or recreational levels.

Students can participate in any of the existing student clubs or form a new one. Some of the current clubs include:

- Basketball
- Tennis
- Volleyball
- Football
- Badminton
- Table Tennis
- Cricket
- Pool
- Chess

Canadian University Dubai encourages its students to join in inter-university sports leagues and welcomes others to its premises. Check the University bulletin boards (outside the Students Services office in Hall C) for more information on club meetings and activities, or drop by the Student Services office.

28.10. Community Involvement

Canadian University Dubai encourages the cultivation of a positive relationship with the surrounding community in Dubai, and one way in which students can give back to the community is by participating in fundraising activities. The Student Services office is responsible for planning numerous events, all of which have been extremely successful in raising awareness for current issues in the community and around the world. Past events include:

- 5 Days for the Homeless
- The Terry Fox Run
- Movember
- Autism Awareness
- Breast Cancer Awareness

Furthermore, Canadian University Dubai has signed MoUs with Friends of Cancer Patients and Rashid Pediatric Therapy Centre.

28.11. Student Publications

28.11.1. Newsletter

To keep students informed of happenings within the University, a bi-weekly Newsletter is published containing information on University news, student events, administration information. This serves to keep students informed and engaged, while furthering the notion of a unified community within the University.

29. Student Councils Policy

29.1. Article 1 – Definition of the Student Councils

Canadian University Dubai Student Councils are non-incorporated associations, whose missions are aligned with the Mission and the Vision of Canadian University Dubai. Members of the Student Councils are full-time students in good academic standing. The Student Councils are on a volunteer basis, and are non-profit organizations.

29.2. Article 2 – Names of the Student Councils

The names of the three Student Councils are:

- Canadian University Dubai Student Council - Life on Campus;
- Canadian University Dubai Student Council - International Events and Community Outreach;
- Canadian University Dubai Student Council - Academic Endeavors.

29.3. Article 3 – Mission of the Student Councils

- Canadian University Dubai Student Councils will act as a liaison between the students and the administration, aiming at creating an environment where collaboration and friendship between students and staff are present
- Canadian University Dubai Student Councils work towards the promotion of the good welfare of all students.
- Canadian University Dubai Student Council encourages student life on campus, which includes promoting and participating actively in all student cultural and non-cultural events.
- Canadian University Dubai Student Councils will act as Ambassadors to the University.

29.4. Article 4 – Membership

All students, no matter their ethnicity, religion, gender, or physical condition, are encouraged to be part of the Student Councils.

Each Student Council consists of the following six student executive positions, in addition to general student members:

- President
- Vice President
- Treasurer
- Secretary
- Media Officer
- Public Relations Officer

Each member will be elected for a one-year term, with a possible renewal of maximum one year.

29.5. Article 5 – Election Procedures of the Student Councils

Canadian University Dubai Student Councils are open to full time students who have completed at least two semesters and who are in a good academic standing. The Student Councils' elections are held at the beginning of each Spring semester.

29.6. Qualifications of Student Council Members

President and Vice President

- Should be a full time undergraduate student, who has completed at least two semesters;
- Should and must have a CGPA of 3.0 or above; failure to maintain this CGPA will result in dismissal from office;
- Should commit to enrol for Fall, Spring, and Summer of their elected term of office;
- Should have demonstrated some leadership at Canadian University Dubai;
- Should apply by filling out the Student Councils application form available at the Student Affairs Department;
- Should submit his/her resume, and one photo to the Student Affairs Department;
- Should pass the interviews with the University Senate Executive Committee and the Dean of Student Affairs;
- Should submit a list of 30 students who support his/her nomination.

Other Officers

- Should be a full time undergraduate student, who has completed at least two semesters;
- Should and must have a CGPA of 2.5 or above; failure to maintain this CGPA will result in dismissal from office;
- Should commit to enrol for Fall, Spring, and Summer of their elected term of office;
- Should have demonstrated some leadership at Canadian University Dubai;
- Should apply by filling out the Student Councils application form available at the Student Affairs Department;
- Should submit his/her resume, and one photo to the Student Affairs Department;
- Should pass the interviews with the University Senate and the Dean of Student Affairs.

29.7. Elections

The Elections rules and procedures are as follows:

Rules, Procedures and Responsibilities

A list of 30 students who support a candidate running for the president or vice president position is required. This list should be submitted according to the deadline of the election to the University Senate;

- Each candidate must complete the election registration form and submit it to the University Senate. This form should include the candidate's specific position he or she wishes to run for;
- Candidates cannot apply for more than one position;
- Candidates should prepare a three to four minute campaign speech which should be presented during an assembly;
- Candidates should prepare themselves to participate in open debates;
- Campaign materials such as flyers and posters should be approved by either the Dean of Student Affairs or the VP of Academic Affairs before they are displayed;
- Only current full-time and part-time students are eligible to vote;
- Results of the Student Councils vote will be announced two days after the elections are complete;
- Members of the Student Councils who were dismissed or resigned cannot run for elections;
- At the end of each semester, the Manager of Student Services will review the CGPAs and the performances of all Student Councils members.

Elections Code of Conduct

The Election Committee has a mandate to ensure that the election process is fair and impartial. Violation of the elections code of conduct will result in sanctions such as temporary or permanent suspension from campaigning and, in extreme cases, the candidate's name will be removed from the elections list.

The following rules are to be followed during the elections:

- Candidates should refrain from making deceptive or misleading statements during their candidacy;
- Candidates should refrain from attacking each other during the election campaign;
- Candidates must have all their campaign material approved and signed by the Dean of Student Affairs;
- Candidates must hold their speeches one week before the elections;
- Candidates must remove all their campaign material one week after the elections.

The elections of the Student Councils are held every Spring Semester. Meetings are open to all Canadian University Dubai Students.

Voting Procedures

- Voting procedures will be the responsibility of The Elections Committee under the supervision of the University Senate and the Dean of Student Affairs;
- The Elections Committee will ensure that all voters are current Canadian University Dubai students;
- Voting will be open to all full time and part time student enrolled in the current academic year;
- Voting Students will be allowed to vote once, and must show their Canadian University of Dubai ID to the members of the Elections Committee before voting;
- Blank votes and ballots improperly marked will be voided;
- Voting will last two days and will start after one week of campaigning.

Disputes and Violations

- Candidates who violate the election code of conduct will be subject to sanction from the Elections Committee;
- Complaints against any candidate's conduct during the election campaign must be reported in writing to the appropriate Vice President;
- Written complaints will be dismissed if they are not filed within 3 school days after the incident took place;
- Violations of the Elections Code of Conduct will lead to a hearing by the Elections Committee;
- Candidates will be informed in writing of the decision of the Elections Committee.

29.8. Article 6 – Student Councils Responsibilities and Duties

The three Presidents elected to represent the three Student Councils will:

- Act as the spokesperson for the specific Student Council (Life on Campus, International Event and Community Outreach, Academic Endeavors);
- Aid in the appointment of new members;
- Assign specific tasks to the new elected members;
- Schedule meetings;
- Participate in a weekly meeting with the appropriate Vice President;
- Prepare and present to the Vice President the annual Student Councils report that includes the Financial Report, Activities Report, and strengths and gaps of the Student Councils;
- Meet with Deans or Program Leaders at the end of each semester to discuss students' concerns with regard to the particular department (Student Council - Academic Endeavors);

The three Vice Presidents elected to represent the three Student Councils will:

- Replace the President in his/her absence;
- Oversee the work of the other members;
- Support the President;
- Organize the Student Councils meetings and retreats;
- Support in organizing events and activities;

The three Media Officers elected to represent the three Student Councils will:

- Create and participate in the making of all marketing material for Students Councils events and activities;
- Work closely with the Marketing Department while designing marketing materials for Student Councils events and activities;
- Have some experience in design;
- Support in organizing events and activities;

The three Public Relations Officers elected to represent the three Student Councils will:

- Work closely with Communication Department while marketing student events and activities;
- Work with the Manager of Student Services in the establishment of corporate and companies' sponsorships;
- Support in organizing events and activities.

The three Secretaries elected to represent the three Student Councils will:

- Schedule meetings;
- Take the minutes of all Student Councils meetings;
- Maintain a record of all events and activities held during the academic year;
- Write office correspondence if needed;
- Support in organizing events and activities.

The three Treasurers elected to represent the three Student Councils will:

- Keep and maintain all financial records of the Student Councils;
- Submit a financial report at the end of each semester;
- Support in organizing events and activities. Volunteer Student Members will:
- Promote the Student Councils activities events;
- Support all Student Councils activities and operations.

Staff advisors

The immediate supervisor of the Student Councils is the University Senate. The Dean of Student Affairs will guide and advise the Presidents of the Student Councils.

29.9. Article 7– Requirements for remaining in Student Councils

- Student Council members are required to attend all Student Councils scheduled meetings; members should inform the President of the Student Council for a non-attendance;
- Members of the Student Councils are bound to their duties, and responsibilities;
- Members of the Student Councils must maintain the required CGPA.

29.10. Article 8 – Resignation from Office

Members of the Student Councils wanting to resign from office must submit a written letter of resignation to the University Senate and the Dean of Student Affairs. The University Senate will hold a re-election two week after the resignation is presented. The Vice President will replace the President until the newly elected President is voted. For any other position, members can appoint other members to serve in the vacant position.

29.11. Article 9 – Removal from Office

Members can and will be removed from office for unexcused absences from official meetings, non-performance, or non-participation in Student Councils activities and events. Also, members can be removed if they fail to maintain their CGPA. The removal will be made official by the University Senate and this official removal will be communicated in official letter to the Chairman of the Board of Trustees.

30. Learning Resource Centre

Canadian University Dubai encourages students to use the materials that are available in the Learning Resource Centre (LRC) for independent learning, research needs or personal improvement. Accesses to the LRC, loan of materials or electronic resources are available to all Canadian University Dubai students, faculty and staff.

The Learning Resource Centre is located at the ground floor of Building A of the university campus.

The LRC houses print collection of books, journals, newspapers and a wide range of electronic resources: access to over 52,000 e-journals, over 494,000 e-books, 16,000 electronic videos, 2 million electronic images, access to 1.4 million titles of electronic Theses/Dissertations, over 300,000 accesses to Company Reports and Data. These electronic resources can be access on and off campus 24/7.

LRC holds a series of information literacy to all university students and faculty every semester. Canadian University Dubai - LRC has an agreement with British Library that provides interlibrary loan whenever information required by students and faculty is not available in the LRC.

LRC use the Library of Congress Classification. Computers and Wi-Fi connection are available within the premises. There is also photocopying and printing services available in the LRC.

The LRC is open 7 days a week. Please check the LRC website for the timings (<http://www.cud.ac.ae/lrc>).

The LRC policies and services:

- Users can borrow LRC materials for two weeks those that are on a general collection. These include; books and journals. Borrowed item can be renewed for another week. Fines are applied to overdue items.
- Reserve Collections - These are course text books or reading materials that are required for the current semester. University student ID card must be presented in the circulation desk to borrow the reserve collections for LRC use only.
- All books must be returned to the LRC before the end of semester.
- Users must maintain the LRC as a place of study and learning for all.

For more information about the LRC, please visit our website at <http://www.cud.ac.ae/lrc>.

31. Alumni Network

The Alumni Network is a bridge between yesterday's students, and today's world's entrepreneurs. Through the Alumni Network, Canadian University Dubai graduates will be able to stay in touch with their university.

Our alumni will be able to connect with their former classmates, colleagues, professors, and Canadian University Dubai community in general, and establish an extremely valuable social and professional network. Canadian University Dubai alumni are today's entrepreneurs and leaders. They constitute the vital talent of the community they serve. Through their rich and diverse networks, they are the best portal and the promotion of the extended outreach of the university.

Canadian University Dubai Alumni Network is established by graduates and administrators. Its development and growth is enhanced by the participation, dedication, and support of its members and Canadian University Dubai community at large. All the efforts in support of Canadian University Dubai Alumni Network provide in return for its members' opportunities for life-long learning, greater realizations and much more accomplishments. In support of the Alumni Network, Canadian University Dubai encounters an additional channel to sustain its role and mission in society. For more information, email us at alumni@cud.ac.ae.

32. Information and Communication Technology (ICT)

32.1. Information and Communication Technology (ICT) Support

Currently the ICT umbrella offers the following assistance and expertise; academic applications support, information systems, project management, applications and support integration, help desk, technical support, end user training, networking systems, information technology, telecommunications, audio/visual technology, corporate website, social media, online services and student portals.

The Help Desk provides the first line of contact for students, staff and faculty. It is open daily from 9am to 9pm. Any IT related issues are reported to the Help Desk via phone ext. 202 or walk up traffic to room C1-10.9.

32.2. Use of Electronic Resources and the Internet

Canadian University Dubai is dedicated to providing staff, faculty, students, alumni and approved guests with the resources they require in an accessible and secure manner. The privacy and integrity of user data is to be respected by the University complimented by the ethical use of these ICT resources by the users.

32.3. User Responsibilities

It is the user's responsibility to read, understand and observe the ICT AUP (www.cud.ac.ae/ICT/AUP/ict-aup.pdf). Many things are possible through the use of Information Technology; this does not mean that they are allowed. It is up to the user to exercise due diligence while using any of the University's ICT equipment.

As a user of Canadian University Dubai's ICT Network, you must:

- Abide by all local and national laws.
- Abide by all applicable copyright laws, trademarks and licensing.
- Observe, understand and abide by all copyright laws pertaining, but not limited to, music, videos, games, images, texts and other intellectual property in both personal and work environments.
- Consider all information in which you access and share over the internet as such materials are vulnerable to invasion of privacy, unauthorized access and malware which could result in invasion of privacy and/or copyright infringement

It is required by all users to report any suspicious account activity where security may be at risk or policy violations may have occurred to the ICT Help Desk at +971 4 709 6222 or room C1-10.9.

32.4. University Technological Infrastructure and Social Media

Under no circumstances shall any account holder of Canadian University Dubai use any of the Information and Communication Technology (ICT) resources as outlined in the ICT Appropriate Use Policy (AUP) for unapproved communication/transmission of any private, confidential or intellectual property of the University and/or its members. Such mediums include but are not limited to; social networking sites, student newspapers, student television, digital signage, notice boards.

33. Student Accommodations

33.1. Student Accommodation Facilities

Canadian University Dubai Student Accommodations offers a clean, safe, and cost-effective living option in Dubai. Whether you're a UAE resident or an international student, living alongside your University peers can help you to integrate into campus life, and experience a unique multi-cultural environment, conducive to academic success, personal growth, and social development.

Our Accommodations are overseen by resident Officers and are available to undergraduates, Masters students, and students studying English, in separate areas for male and female occupants. Private and family facilities are not available.

Early registration is recommended to secure a place in Student Accommodations as spaces are limited and will be issued on a first come first served basis. Preference is given to first year female students. If you're a returning student, please notify the Accommodations Department of your requirements at least 6 weeks before the start of a semester.

All Accommodations are self-catering and you will need to purchase your own groceries and prepare your own meals, or order meals from nearby restaurants.

Accommodations Location:

Canadian University Dubai Student Accommodations are located in Discovery Gardens, approximately 25 minutes by bus from the University campus. These Accommodations offer furnished 1-bedroom and studio apartments, each with a private bathroom. Discovery Gardens is within a short walk of Ibn Battuta Mall, which houses over 200 shops, including a hypermarket, cinemas and amusement arcades, money exchanges, banking services, restaurants, cafes and food courts.

Included in your accommodation fees are the following items:

- Bed and mattress
- Desk and chair
- Wardrobe
- Kitchens equipped with appliances such as stove, refrigerator, microwave, water cooler
- Transportation to/from Canadian University Dubai campus scheduled several times a day including evenings
- Accommodations Officers providing on-site supervision
- A community lifestyle encouraging participation in formal and informal social and sporting activities.

Items not covered by the fees that you should make arrangements to bring or purchase such as:

- Laptop computer
- Towels
- Plates, cups, pots/pans, cooking utensils
- Bedside lamp, electrical adaptors and extension cords
- Laundry soap, shampoo, soap, toilet paper, deodorant, toothpaste, and other such personal items.

Private Accommodations

If you prefer to live independently or with family, you will need to make alternative accommodation arrangements. Canadian University Dubai can assist by providing you with a list of several real estate companies that offer private furnished and unfurnished accommodation.

Any private rental arrangements are made exclusively between the student and the rental agency/landlord and CUD is not liable for any aspect of a private agreement. If you are interested in finding out more about private accommodation, you can contact [housing@cud.ac.ae](mailto:housing@ cud.ac.ae) for further information.

33.2. Student Accommodation Fees per Semester

Discovery Gardens (Including Internet)		
1 Student	Studio	AED 32,970.00
2 Students	Studio	AED 16,980.00
1 Student	One Bedroom	AED 40,752.00
2 Students	One Bedroom	AED 21,225.00
4 Students	One Bedroom	AED 11,320.00

* Canadian University Dubai reserves the right to revise its prices according to current market rates

* Prices effective July 2017

33.3. Student Accommodation Fees Summer Session

Discovery Gardens (Including Internet)		
1 Student	Studio	AED 16,485.00
2 Students	Studio	AED 8,490.00
1 Student	One Bedroom	AED 20,376.00
2 Students	One Bedroom	AED 10,612.50
4 Students	One Bedroom	AED 5,660.00

* Canadian University Dubai reserves the right to revise its prices according to current market rates

* Prices effective July 2017

Rate

As the real estate market fluctuates, the university does not rule out the possibility of an increase or decrease in the accommodation fees/rate. The information on the increase or decrease will be given in advance to students via the university website, letter, email, etc.

33.4. Security Deposit

Students will be asked to provide a security deposit fee in the amount of AED 500. This deposit can be disbursed against any repairs to damage that students are responsible for. The deposit will be returned to the student at the end of their lease or when they leave the student accommodations.

33.5. Room Cancellation

Students who cancel before the end of registration week will forfeit only their AED 500 deposit.

Students who cancel after the beginning of classes will receive the following refund:

Students who cancel after the beginning of classes are eligible for the following refund:	
Between the 1 st day of classes and up to 2 weeks' after	80%
Between 2 weeks and 1 month	75%
Between 1 month and 2 months	50%
Between 2 and 3 months	25%
Over 3 months	0%

33.6. Semester Dates

Students should refer to the Academic Calendar for Semester dates. Canadian University Dubai allows students moving into accommodations access one week before the beginning of the semester. Students leaving at the end of the semester are given one week after the completion to move out.

33.7. Transportation for Students Living in Accommodations

Students living in accommodations are provided with free-of-charge transportation service to and from campus several times per day. More information on this service is available on our website at www.cud.ac.ae.

33.8. Storage

Canadian University Dubai provides a storage facility to residents who are living in the accommodations or to all those returning to the accommodations for the following academic semester that have paid all the necessary fees. Students who have not paid the fees for the next academic semester will not be permitted to store their belongings in the room they occupied or anywhere else in the Student Accommodations. All items left in storage should be clearly marked with the student's name. The University will not be held responsible for the loss of any unidentified/unclaimed property.

33.9. Student Mail

Students are encouraged to visit Emirates Post to arrange for a P.O. Box in the event that they wish to receive mail. There is an Emirates Post outlet conveniently located near to the campus.

33.10. Safety, Security and Student Conduct in Accommodations

33.10.1. Emergency

Police
999
Ambulance
998
Fire Department
997

33.10.2. Incidents

In the event of a non-emergency incident at the Student Accommodations please contact the appropriate on duty Student Accommodation Security Officer; a Security Officer is available on call 24 hours a day, 7 days a week.

Discovery Gardens
056-102-5097

33.10.3. Fire Prevention

Smoking, the burning of incense or candles, or using any open flame other than the kitchen stove is prohibited. Any student detecting smoke or fire must sound the fire alarm, call the fire department by dialing 997, and inform the Security Officer. Students must evacuate the building in the event of a fire alarm. Please ensure to be familiar with your address location.

33.10.4. Student Conduct in Accommodations

All residents must allow their fellow students the opportunity:	
<ul style="list-style-type: none"> • To read and study undisturbed in their room, • To sleep without disturbance from noise, 	<ul style="list-style-type: none"> • To have free access to their room without pressure from roommates, • To live in a safe, clean environment that is drug and alcohol-free.
All students must:	
<ul style="list-style-type: none"> • Respect all UAE laws and rules, culture and religion. • Respect UAE culture and religion regarding relationship between women and men and refrain from sexual harassment and indecent exposure. • Maintain the wellbeing of their roommates and refrain from harassment, discrimination, intimidation or causing physical harm. • Respect all rules and instructions given by the Accommodation Officer or the Security Officer. • Respect the personal privacy of fellow students. • Respect the personal property of their roommates. 	<ul style="list-style-type: none"> • Respect the University accommodation property. • Show respect towards University personnel, students and security staff. • Show tolerance of different cultural and religious practices, food choices and living styles. • Practice good kitchen hygiene. • Inform other residents, politely and respectfully, if they are violating your rights or the rights of other students. • Inform the Accommodation Officer or Student Affairs Office if you feel that this positive atmosphere is not being provided.

Details at length are in Canadian University Dubai Student Accommodation Policy, available from the Student Accommodation Officer or online at www.cud.ac.ae.

More information about the following categories can be found in the Student Accommodation Policy:	
<ul style="list-style-type: none"> • Signing in and Out • Curfew • Accommodation Leave • Violations of Curfew and Accommodation Leave • Quiet Hours • Guests • Maintenance • Cleaning • Pest Control 	<ul style="list-style-type: none"> • Room Inspections • Substance Abuse • Failure to Comply with the Accommodation Policy • Registration for Accommodations • Moving In • Renewing Accommodations • Changing Rooms • Leaving Accommodations • Staying between Semesters

34. Health and Safety Policy

34.1. Introduction

Canadian University Dubai is committed to provide students, faculty and staff with an environment that fully complies with UAE laws and regulations in terms of health and safety. It is the responsibility of all academic and administrative managers to ensure that all policies and procedures related to health and safety are communicated, publicized, adhered to and regularly evaluated. Visitors, contractors and workers must comply with all relevant legislations for all on/off campus activities.

Canadian University Dubai upholds strong standards in ensuring the health and safety of faculty, staff and students while on campus. This is promoted throughout the University with appropriate health, safety and security protocols in place to safeguard from potential hazards.

The University is certified by the UAE to operate in the field of higher education after fulfilling the standard health and safety requirements. This certification is reviewed on a regular basis as stipulated by laws and regulations of the UAE.

34.2. Objectives

Canadian University Dubai's Health and Safety Policy has the following objectives:

- To comply with the requirements of relevant legislations and current good practices;
- To identify significant hazards (the potential for harm), assess risks from activities involving those hazards and manage those risks;
- To promote a positive attitude to health, safety and wellbeing at the University amongst all staff and students
- To ensure that employees, students and others are adequately informed of the relevant identified risks;
- To ensure that staff and students are aware of the risks they may encounter;
- Ensure that this documentation and supporting information is made accessible, primarily through the University's web pages and at induction for staff;
- To make arrangements for co-ordination and co-operation with other stakeholders and third parties;
- To actively monitor the management of risks to health and safety;
- To review the effectiveness of health and safety risk management and, where appropriate, implement improvements;

34.3. General Safety Hazards

Faculty, staff and students must consider the following general safety hazards while on campus:

- Emergency lights will illuminate during an emergency.
- Keep fire doors and emergency exits free of obstructions.
- Keep the areas in front of fire extinguishers and fire alarms clear at all times.
- Do not overload electrical outlets or extension cords. Report damaged electrical cords, broken switches, loose connections, or bare wires to the supervisor immediately. When necessary to run a cable or electrical cord across the floor, always use a cable cover to protect the wiring and prevent tripping.
- Cord-connected electrical appliances should have a grounded 3-wire conductor or be approved.
- Inspect and test all electrical devices according to their risk category, and protectively enclose them as practical and appropriate.
- Personal appliances such as kettles, heaters, and battery chargers are not allowed to be used on campus unless prior consent has been given.
- Visually inspect equipment and tools before plugging them in. If cables or plugs are either damaged or incorrectly fitted, do not use the equipment and remove it from service. Never use defective or inappropriate tools and equipment.
- Do not overload the top drawers of filing cabinets to avoid the possible tipping of the cabinet when the drawers are opened. Keep file and desk drawers closed when not in use to help prevent tripping accidents.
- Always use proper safety step stools or ladders for climbing. Never stand on swivel chairs or use them as step stools.
- Avoid wearing loose clothing, long sleeves, ties or inappropriate gloves when supervising or working in a laboratory or on machinery.

34.4. Laboratory Activities

Students who participate in laboratory activities are given explicit directions on all issues related to personal safety. These are strictly enforced by the laboratory assistant who manages the laboratory. Items covered in the training of students include:

<ul style="list-style-type: none">• Personal Protective Equipment• Work Area• Proper Attire• Safe Chemical Disposal Procedures• Chemical Control• Broken Glass Handling• Needle Safety• Electrical Hazards• Proper Labeling• Storage• Safety Equipment• Fire Extinguishers• Proper Use of Other Safety Equipment• First Aid Kit	<ul style="list-style-type: none">• Material Safety Data Sheet (MSDS)• Safety Warnings• Compressed Gas Cylinders• Testing of Odors• Heating of Glass Tubing, Rods and Test Tubes• Handling of Acids, Bases and Water• Bunsen Burner Usage• Safe Heating of Organic Liquids• Safe Cooling of Organic Liquids• Safe Handling of Laboratory Instrumentation
--	---

34.5. Fire safety policy

Canadian University Dubai prohibits smoking in any of its buildings; there is a designated smoking area outdoors for those wishing to smoke. All students are expected to observe these regulations. Fire exit signs are posted at all exits to be used for evacuation and smoke detectors are placed in various strategic locations to provide early detection of smoke or fire. All fire extinguishers will be periodically checked by an outside company to ensure that they are in good operating condition. They will also do a safety inspection and check the building for fire hazards.

The Fire Marshal will supervise and coordinate the fire drill to ensure that all buildings are evacuated. Designated staff will be assigned as fire officials to take charge of the evacuation of a particular building in the event of fire. In addition, designated staff members will be trained as first aid attendants to assist fire officials with the evacuation. Fire drills will be practiced each semester in the academic buildings on campus to ensure that proper procedures will be followed in the event of a real fire.

34.5.1. Prevention:

- Know your work area; know alternative routes and fire exits
- Know the location of firefighting equipment and how to use it
- Avoid overloading electrical sockets
- Report promptly any faulty equipment
- Keep fire exits clear at all times
- Smoke only in the designated area

34.5.2. To Report Smoke or Fire:

- Activate the building fire alarm system. Alarms are located on each floor. The alarm signal will alert the rest of the staff and students.
- The Information Officer in the Reception area will immediately contact the Department of Civil Defense by dialing 997 and advise them of the location of the fire.

34.5.3. When an alarm rings:

Follow RACE procedure:

1. **R:** Rescue anyone in immediate danger
2. **A:** Activate building fire alarm to alert others and report the incident
3. **C:** Confine the fire by closing all doors
4. **E:** Evacuate the building using the closest exit and move to a safe distance away from the building

Use of Fire Extinguisher: (Only use if it is safe to do so)

Follow PASS procedure:

1. **P:** Pull the safety pin from the extinguisher, distance yourself 6-10 feet back from the fire
2. **A:** Aim the hose at the base of the fire
3. **S:** Squeeze the handle
4. **S:** Sweep the extinguisher from side to side starting from the front edge of the fire

34.6. Fire Evacuation Plan

34.6.1. Steps to take in case of fire

1. Activate the building fire alarm system. Manual alarms are located on each floor. The alarm signal will alert the rest of the staff and students.
2. The Student Information Officer in reception will immediately contact the Department of Civil Defense by dialing 997 and inform them of the location of the fire. The Registrar will take student attendance registers and the students' emergency phone numbers.
3. Class teachers are responsible for ensuring the safe orderly evacuations of any students that they have with them in the event of a fire, closing room doors behind them and going to the designated assembly point. Staff members who do not have students with them at the time of the fire should proceed to the nearest Hall and assist with evacuation.
4. The nurse will collect the emergency first aid kit and assist with the evacuation of students.
5. Each designated fire official and first aid attendant will ensure that everyone has left their building and that all doors are closed, placing red "all clear" signs on the outside of the door.
6. Security will turn off all the AC units and then assist fire officials.
7. Class teachers are responsible for confirming that each of their students is outside of the building in the designated ASSEMBLY POINT as indicated below.
8. All staff and students in **Halls A and D** will proceed to the right-side car park; those in **Hall B** will go to the left side car park and those in **Hall C** will exit to the rear car park
9. The Fire Marshal will supervise and coordinate with fire officials and first aid attendants to confirm that all buildings have been evacuated.

34.6.2. Guidelines

1. Stay calm.
2. Use the stairs only. Never take an elevator.
3. Always use the nearest fire exit to leave the building. Go to the ASSEMBLY POINT.
4. Do not stop to take personal belongings with you.
5. Staff is responsible for the evacuation of all students with them at the time; call for help if you need it.
6. Students and staff are not to return to the building until instructed by the fire department.
7. If you are trapped in a room, close and seal the doors. Call Security and tell them of your location.
8. Take an alternative route in case fire is located near your designated exit-proceed to the nearest exit in your location.

34.6.3. Fire Officials

Canadian University Dubai Fire Marshal: The Facilities Manager's office is Hall A1-12, and can be reached at 04-709-6212 / Mobile: 055-4626624.

35. Student Academic Rights and Responsibilities

35.1. Student Academic Rights

It is the right of the students to:

- Be informed of their program and course requirements;
- Be individually assessed based on their academic performance (attitude, knowledge and skills) as mandated by a professor consistent with a course;
- Engage in free and open conversation, investigation, and expression, in the classroom, laboratory or any type of session;
- Experience a proficient education and academic advising;
- Be skeptical of data or personal views presented, and may reserve judgment around matters of opinion;
- Presume protection against a teacher's unfitting exposé of the student's view, and belief that might arise as a result of, but not limited to, teaching, advising, or counseling;
- Presume protection, through recognized processes against prejudice or impulsive evaluation or assessment.

35.2. Student Academic Responsibilities

It is the responsibility of the student to:

- Question course requirements if they are not clearly understood them;
- Uphold the academic standards in performance as established for individual programs and courses of study;
- Lead an inquiry if they think that their academic rights were violated. (See Appeals Process for Airing Student Grievances section).
- Learn the material associated with their program and associated courses;
- Perform according to the academic norms and standards of behavior.

36. Final Examination Policy

All written final examinations are scheduled by the Office of the Registrar. If the course uses a presentation as the terminal assessment method, these should be scheduled during the regular class periods to ensure that students are not required to appear during the final exam week for anything other than a final exam scheduled by the Office of the Registrar. Written projects and papers can, however, have deadlines for delivery during the final exam week.

36.1. Final Examination Attendance

Final examination attendance is compulsory and takes place at the conclusion of each and every term. Students must make themselves available for their scheduled examination timings. Students must not make any arrangements that clash with their scheduled exam timings, and should not leave Dubai prior to completing their final examinations.

36.2. Examination Conflict and Special Considerations

If a student is scheduled for more than two examinations in one day, or has overlapping examinations, the student must report to the Office of the Registrar by the end of the first week after the final exam schedule has been released to make the necessary adjustments to his/her schedule. A student with special needs that requires specific arrangements to enable the writing of exams must submit their requests at least three weeks prior to the examination date to their Academic Advisor. Changes in the dates or times of scheduled examinations cannot be approved.

36.3. Deferred Final Examinations

Final examinations cannot be deferred. If a student is unable to take a final exam or otherwise complete the course requirements, they can attempt to obtain a grade of “Incomplete” by visiting the Office of the Registrar to fill out the application form. Students may only apply for this concession if they have a passing grade in the course at the time of application. This application must be received in advance of the final examination.

36.4. Missed Exams

Students who are ill on the day of an examination must visit a physician immediately or as soon as medically possible. A valid medical certificate is required as proof of illness for consideration to grant a make-up exam. If a student is unable to write an exam due to unforeseen family matters, immediately contact the Office of the Registrar for further advice. Only in exceptional and documented circumstances (i.e. serious illness or death of an immediate family member) will a student be allowed to write a make-up exam in place of an exam missed for unexpected family issues.

If a student misses the final exam or otherwise fails to complete the course requirements, they can apply to obtain a grade of “Incomplete” for the course. A student will need to visit the Office of the Registrar to fill out the application form, provide supporting documentation and pay an applicable fee to have their situation reviewed to see if they are eligible for a grade of “Incomplete”. If accepted the student will be contacted to write a make-up exam.

36.5. Exam Invigilation

Canadian University Dubai maintains a zero-tolerance policy regarding all academic misconduct encountered during an exam. Academic misconduct includes but is not limited to: copying, or attempting to copy, the work of others; communicating with others during the exam (other than an invigilator), by any means such as whispering, using hand motions or passing written /text messages; and being in possession of any unauthorized materials and/or electronic devices during the exam.

All examinations may be recorded by digital media (photo, video and/or audio). This digital record may be reviewed when allegations of academic misconduct are raised. Digital records will be kept confidential and securely maintained. As per Ministry of Education regulations “It is strictly prohibited for students to carry a mobile phone or any other electronic device inside the exam hall where exams are being administered. Just being caught in possession of any such devices will be considered cheating and the student will be punished by the penalty for cheating”

37. Graduation Policy

37.1. Application for Graduation

Before completing an application for Graduation students must complete the following steps:

- Students are required to review their academic record against academic requirements for graduation.
- Review current academic progression and grades with their academic advisor.
- Each student must ensure that he/she is in good financial standing with the University and that all fees and financial obligations have been met.
- Complete an Application for Graduation Form, which is available on the Student E-portal or from the Office of the Registrar, and submit it to the Office of the Registrar, together with the applicable fee, during Graduation fairs. These are held each spring semester of the academic year of Graduation.
- Once an application for graduation has been completed and filed the Office of the Registrar will begin to process all the necessary information for final certification in preparation for graduation.
- Only students who have successfully completed the degree requirements and have no holds by the end of the semester that they have applied to graduate are certified for the conferral of the respective degree.
- Degrees are only granted at the completion of the semester in which requirements have been met. Conferral of the degree and the date of graduation are noted on the permanent records of the graduate held by the University.
- Only one certificate will be issued for Canadian University Dubai graduates that have completed a program with a dual major concentration. The process of issuing certificates for dual major concentration requires handover of the initial certificate that has been issued by Canadian University Dubai. The new certificate with the dual major concentration replaces any previous certificate issued by Canadian University Dubai.
- Students' certificates will be released 6 weeks after the grades have been announced by the Office of the Registrar. Once the certificate is ready for collection, students will receive notification from the Office of the Registrar informing them that the certificate is ready for collection.

37.2. Academic Requirements for Graduation

- Students must have passed and completed the required number of credit hours for their program of study
- Have completed the program within the following time limits:
 - For full-time programs: twice the length of the regular program
 - For part-time programs: the maximum number of years is the number of required one semester courses (or equivalent thereof) divided by 3
 - In some exceptional cases, a student may require the written approval from the Dean and/or VPAA to extend the Graduation time limit
 - A student whose studies were interrupted for a period of time will not be eligible to graduate from a program that is no longer offered by the University - unless alternative arrangements are approved by the Dean and VPAA in writing
- Have completed over 50% of the program at Canadian University Dubai
- Have a CGPA of 2.0 or above (Undergraduate) and CGPA of 3 and above with a minimum grade of B in all courses (Masters)

For attendance at the convocation ceremony held during the spring semester each academic year:

- Undergraduate students will have no more than 27 credit hours to complete including Spring Semester courses by the close of Summer 2.
- Masters students should have completed all credit hours for their program by the close of cycle 2 in the Spring Semester
- In exceptional circumstances, undergraduate students may be considered for attendance at the convocation ceremony with up to 30 credit hours remaining (including Spring Semester) on a case by case basis. Students should present their situation with supporting documentation to the Registrar for consideration by the graduation committee by the end of February in the year of convocation.
- If students drop courses and their credit hour load to complete their program increases then the offer to participate at convocation will be withdrawn and they will be invited to attend the following academic year, program requirements withstanding.

37.3. Merit Criteria

For Graduation with Honours, the following policy is followed:

- CGPA between 3.50 and 3.69: cum laude
- CGPA between 3.70 and 3.89: magna cum laude
- CGPA between 3.90 and 4.00: summa cum laude

37.4. Participation in the Convocation Ceremony

The convocation ceremony for graduating students of Canadian University Dubai is held during the spring semester each academic year. Students who meet the University graduation criteria will be eligible to participate in the ceremony.

In order to participate in the Convocation Ceremony, a student must:

- a) Complete a Convocation Confirmation Form and pay the accompanying fee to the Office of the Registrar before the end of February in the year of convocation.
- b) Identify any special requirements or needs that Canadian University Dubai must address prior to or during the ceremony.
- c) Schedule an appointment at a Graduation fair, attendance at which is mandatory for participation in convocation. During the graduation fair complete an Academic Regalia Request Form and official graduation photographs will be taken; cap and gown fittings will be conducted; and all the necessary forms regarding the graduation will be available.
- d) Identify on the graduation form the 3 names they wish to appear on screen during convocation. No more than 3 names can be accommodated on screen. Please note that the Graduation certificate will take the students name from their passport copy held on file by the Registrar's office.
- e) If a student requires a Letter for Permission to attend convocation for their employer, complete an official letter request form at least one week prior to the ceremony.
- f) Attend the rehearsal for the ceremony, held the day before the actual convocation. Attendance of graduating students at the rehearsal for the ceremony is mandatory; if a student does not attend the rehearsal, he or she will not be permitted to attend the convocation.

37.5. Conferral of Degree

Canadian University Dubai Diploma, Certificate of Merit, and Official Transcript will be prepared upon approval of the application for graduation and released on condition that all financial obligations have been satisfied.

Conferral of the degree is noted on the permanent record of the graduate with the date of graduation.

37.6. Name on Degree

The student name printed on Canadian University Dubai's certificate is always in English, and is exactly the same as the name found in the passport belonging to the student. If there is any ambiguity or difficulty in determining the proper name of a student, he/she will be contacted in order to verify the exact name. It is a student's responsibility to inform the Office of the Register of any updates or changes to passports held on file.

37.7. Attestation of Degrees and Transcripts

In order for a student's Canadian University Dubai Degree, Diploma, Certificate of Merit, and Official Transcript to be attested, the attestation process, as outlined by the United Arab Emirates Ministry of Education, Higher Education Affairs, must be completed by the student. Please see the guidelines as per the Ministry of Education – Higher Education Affairs website:

<https://www.moe.gov.ae/En/EServices/ServiceCard/pages/attestationregenrolled.aspx>

38. Student Records Policy

38.1. Purpose of the Policy

The Student Records Policy ensures that student information:

- Is maintained in a secure environment
- Limits access to confidential information
- Is maintained in a reliable, consistent and accurate manner

The Registrar's Office is the official auditor, recorder and keeper of student records. The Registrar's Office must ensure the accuracy and reliability of data collected and distributed as per the confidentiality and privacy policy approved by the University.

The purpose of this policy is to comply with CAA requirement (5.7 Student Records of the *Standards for Licensure and Accreditation 2011.*)

Canadian University Dubai respects existing:

- United Arab Emirates laws and any policy instituted by the country and its ministries with respect to the privacy of individuals and the maintenance of records about any individual.
- International standards for record retention in our effort to support Canadian University Dubai applicants, students and alumni world-wide.

Any breach of this policy is subject to legal action.

Authorized Registration personnel that conduct any activity or make a decision that affects the Official Transcript of the student must ensure there is an official record of that decision. The decision must be recorded electronically in CAMS and entered directly or attached to the student's record in CAMS. A physical copy of the decision may be stored, as necessary, in the student's paper file. The official record is the action taken by the user or student in CAMS based on the University's document.

If an academic student record is not referred to in this policy, this policy will be applied to that record. Documentation and forms are created as new procedures are established. This document refers to all student record data.

38.2. Student Information

The student information system responsible for the maintenance of student records is CAMS, a Three Rivers System product.

Within CAMS, the following data must be accurately and effectively maintained to ensure that the student record reflects the progress of the student:

- Admission documents
- Courses and programs of the Student
- Degree audit measurement of the student progression towards degree completion
- A student's Academic standing
- Class scheduling together with a record of registration indicating that the right student is registered in the right courses at the right time meeting pre- and co-requisites within the chosen program
- Holds of any kind including academic and tuition or fee assessment
- Merits and any other form of academic recognition

38.3. Procedures

As a result of this policy, the following procedures are required:

- Data custodians must be identified and will be charged with monitoring and auditing systems which contain personally identifiable information, ensuring that the information collected is used only for the purpose for which it was intended and that safeguards protect the privacy of the individuals.
- A retention and disposal schedule for documents and data is identified and complies with United Arab Emirates MOE, CAA and Records management guidelines under FIPPA, Canada (1990)
- Physical shredding of records must be completed in a secure environment
- Training will be delivered on a routine basis to individuals responsible for the creation, storage and maintenance of records.
- This policy and the University's compliance with it will be routinely reviewed in line with the University's policy review guidelines.

38.4. Policy

The Official File of the student is created through data entry, maintenance and deletion as well as document management within the University's information system. It is also created by scanning versions of required physical documents external to the University.

38.5. Data Entry

Data that is gathered, entered and stored in the University's electronic data system constitutes the official record of the student where both physical and electronic data records exist.

With respect to scanned documents, the electronic form of the scanned document is the official record where both a paper and electronic version of the record exists.

38.6. Data Retention

Data within the student record:

Physical records: External documentation submitted to Canadian University Dubai by applicants, students and graduates is scanned upon submission and electronically attached to the student's record in CAMS.

E-records: Data is created and retained to reflect the academic progress of students.

38.7. Physical Copy Documentation

Fire-proof, secure cabinets within the Registration department are used to retain the physical version of the student's official Canadian University Dubai record for undergraduate and Masters programs. Access to the Registration department is controlled by finger print identification assigned to authorized employees of Canadian University and CAMS database is password protected.

38.8. Electronic Data Collection and Dissemination

Data is entered, maintained and deleted in CAMS by authorized users. Documentation is scanned and linked to data in CAMS by authorized users.

Type	Description	Retention
Applicant Records	Any data that supports the applicant's admission into the University	e-Records are maintained indefinitely. Physical records are maintained for one year after the acceptance date.
Student records	Any data related to student's courses, credits, grades, scores on proficiency/placement examinations, education and enrollment verification, that is: any data that represents the student's academic history	e-Records are maintained indefinitely. Physical records are maintained for three years from the date the student record became inactive
Graduate records	Any data related to student's Graduation namely; Passport, High School Transcript, Equivalency and Graduation Certificate	e-Records are maintained indefinitely. Physical records are maintained for three years from the date the student graduated.

39. Student Code of Conduct

Canadian University Dubai's students are the true ambassadors of its Mission and Vision. Students are expected to respect the rights and privileges of others, to maintain professional ethics, and to display honesty and integrity. Unacceptable conduct includes, but is not limited to:

39.1. Unacceptable Conduct: Academic

- Disturbing teaching activities,
- Cheating on an exam,
- Violating examination rules,
- Plagiarizing assignments or course work,
- Partaking in academic dishonesty.

39.2. Unacceptable Conduct: University Premises

- Fabricating information in any form, submitting falsified material to any University office, or presenting a false statement in any University disciplinary proceeding,
- Forging, altering, or misusing a University identification card, documents, or keys without the consent of the relevant authorities,
- Causing deliberate or thoughtless damage or destruction to University property on or off premises or belonging to others including but not limited to graffiti, destroying or removing advertisements,
- Unauthorized entry or trespassing,
- Occupying all or part of any University building, hindering or intimidating any persons, or threatening persons with forcefulness with the aim of:
 - Hindering or stopping normal functions of the University;
 - Preventing anyone from going about in a lawful manner;
 - Stopping specific activities related to the University.
- Falsifying one's ID or failing to show ID to an identified official or employee of the University,
- Failing to obey University officials engaged in University activities,
- Damaging the reputation of the University through improper conduct,
- Violating the Acceptable Use Policy,
- Stealing, being accessory to theft, and/or possessing stolen property,
- Improper use of University property in a manner contrary to its designated purpose including misuse of accommodation hall amenities and furniture,
- Disrupting a class, classroom, or other University unit, or campus activity by any means including but not limited to noise, projectiles, or other form of disturbance or disruption,
- Aiding, abetting, leading, encouraging causing or participating in a riot, including but not limited to food fighting, on University property or during a normal University activity,
- Removing without authorization or mutilating library materials,
- Betting: students may not gamble or bet on University property in any way, shape, or form,
- Bringing unauthorized visitors onto University premises,
- Disobeying University rules governing the use of its facilities.

39.3. Unacceptable Conduct: Student Safety

1. Harassing, assaulting, or using physical violence against others,
2. Jeopardizing the safety of others or violating human rights,
3. Participating in individual or group activities that deliberately or irresponsibly cause serious disorder or suffering to others,
4. Possessing dangerous weapons such as, but not limited to firearms, on University property,
5. Intentionally possessing or using a dangerous artifact or substance that could harm or distress any person on University property,
6. Possessing and/or using fireworks,
7. Impersonating another student with or without his consent.

Any student who believes that he or she has been the subject of harassment or observed any type of harassment must communicate this incident to the Dean of Student Affairs.

Canadian University Dubai has **zero tolerance** for any type of harassment.

39.4. Unacceptable Conduct: University Property

A student commits a property offence when she/he:

- Holds, eliminates, uses, embezzles, or sells property owned by the University, or
- Damages or vandalizes property owned by the University.

Aiding or abetting any conduct or behavior mentioned above is unacceptable and will not be tolerated.

39.5. Student Dress Code

As ambassadors of the University, students observe high standards of personal appearance at all times. Students must observe the UAE's cultural norms for female and male attire.

Dress standards are part of the culture and socially accepted norms of ethics and are strongly associated with the identity, traditions, beliefs and values that are deeply rooted in United Arab Emirates society.

39.6. Dress Regulations Standards for Male Students:

- Students shall wear the male National costume (Kandura) in traditional colours acceptable by the UAE and GCC male communities. Students may also wear a suitable head-cover including Guthra, Ogal or any other acceptable head covers.
- Full-length trousers are preferred on campus. Shorts should be down to the knee to be sure of causing no offence. Very short shorts and cycling shorts that reveal certain contours, boxer shorts, etc. are prohibited. Underwear should not be visible.
- Long-sleeve shirts and elbow-length shirts are permitted on campus. Short shirts that reveal the entire arms are prohibited.
- Sport uniforms are only allowed at sports' facilities and they are totally prohibited in classrooms.

39.7. Dress Regulations Standards for Female Students

- With regard to UAE National costume including Abaya and Sheila; Abaya made of male Kandura cloth or designed in a male Kandura fashion is totally prohibited.
- Tops or any similar dresses that reveal the shoulders or the full arm, such as spaghetti tops, very tight and/or low-cut tee-shirts are not allowed. Nevertheless, long-sleeve or elbow-length tops are permitted.
- Skirt length below or too the knee is fine.
- Sport uniforms are only allowed at sports' facilities and they are totally prohibited in classrooms.
- Excessive hair style or extravagant hair dyes are not permitted.

Don't wear anything that might be regarded as offensive. For example, tee shirts with offensive slogans or pictures, obscene language or gestures, anything that might cause religious or cultural offence, etc. If you have to ask whether it's acceptable or not, assume it isn't.

39.8. Smoke Free Campus Environment

Canadian University Dubai is a smoke-free establishment. In order to promote and maintain a healthy environment at Canadian University Dubai, and to promote the prevention of illness and encourage students, staff and faculty to lead a healthy lifestyle, a smoke-free campus environment policy has been created to reduce the use of tobacco products on campus. The objectives are to reduce the number of smokers on campus and to support those who wish to stop smoking; through raising awareness on the dangers of smoking and educating young adults with an aim to ensure they do not pick up the habit. To create awareness amongst the university community about the dangers of smoking regular no-smoking campaigns are showcased throughout the year, in conjunction with the Ministry of Health.

Tobacco products include - but are not limited to - any lighted cigarette, cigar, pipe, midwakh, dokha, bidi, electronic cigarette or any other smoking device, along with any form of smokeless or spit tobacco such as dip, chew, or snuff.

Each and every member of the University community is responsible for maintaining this policy.

Procedure:

Those responsible for the application of the policy are the Security Supervisor and Security Staff, Student Affairs Division, and the Human Resources Department.

While students, staff, faculty and visitors are encouraged to make healthier choices, Canadian University Dubai has created clearly-marked designated smoking areas. These marked areas are the spaces between Halls B and C, Halls C and D and the space behind Hall C. These designated smoking areas are equipped with benches and ashtrays.

Warning System:

There is a three-point warning system in place for Canadian University Dubai students caught smoking outside these above-mentioned designated areas.

- **First time violation:** the student will be given a verbal warning (University Security or Student Affairs Division) and their Canadian University Dubai ID will be confiscated. The student will need to register with the Security Supervisor and can collect the ID card one week after the incident.
- **Second time violation:** should the student be caught violating the policy a second time, he or she will be given a first official warning letter (Student Affairs Division), which will be placed in his/her file.
- **Third time violation:** a third violation will lead to a final warning letter (Student Affairs Division) or possibly putting the student on registration hold for one semester. The case will be sent to the disciplinary committee.
 - Disciplinary committee decision will be taken and student will be informed accordingly.
 - Students have the right to appeal the committee's decision (in writing) to the President's Office.

40. Dismissal from Class

If the behaviour of a student interferes with the learning process or endangers the integrity/safety of the classroom environment, then the faculty member will be compelled to ask the student to leave the room or seek assistance to have the student removed.

For the process to determine additional or further sanctions, please refer to the Student Disciplinary Policy.

41. Student Disciplinary Policy

Students accused of objectionable behavior may be subjected to an array of reprisals, actions, and penalties as per Canadian University Dubai policy. Behavior-on or off campus- that violates the University's standards of good conduct, or that present a hazard to the health and safety of the University community, may be subject to disciplinary actions.

A student under expulsion or suspension due to unacceptable behavior will not be permitted access to the University premises, which include the campus, its facilities, and the student accommodation. The student might be allowed to have access to the University premises if he or she is invited by the University Authority, or for a scheduled appointment, made by the student, with the University Authority.

41.1. List of Conduct Violations with Accompanying Disciplinary Actions

The Dean of Student Affairs often resolves through mediation all conduct issues occurring on premises. However, in serious cases, the Dean of Student Affairs will refer the violation to Canadian University Dubai's Disciplinary Committee. The following is a summary of possible violation and their corresponding disciplinary actions.

Violation	Committee / Overview	Actions
Inappropriate behavior in class	Disciplinary Committee	Printed Warning Probation, Expulsion
Vandalism	Disciplinary Committee	Printed Warning Probation Reimbursement or Replacement Expulsion
Dress Code Violation	Disciplinary Committee	Printed Warning Probation Expulsion
Theft		Expulsion
Possession of Alcohol or Drugs on Campus		Expulsion
Gambling		Expulsion

The actions covered in the previous table are considered misconduct if they take place on Canadian University Dubai property/premises or elsewhere if the student concerned was involved in a University activity, was representing the university, or was present at that place by virtue of his or her status as a student of Canadian University Dubai, including any work placement.

Any such incidences of misconduct will be dealt with on a case-by-case basis.

41.2. Types of Warning and Actions

Verbal Warning: A verbal warning is given by the Dean of Student Affairs to a student whose conduct or behavior violates the University's Code of Conduct.

Written Warning: A written warning is given to the student by the Disciplinary Committee. The warning will state that another violation of the University's code of conduct may result in additional disciplinary measures.

Probation Warning: The probation warning is given to the student by the Disciplinary Committee. This probation warning indicates that the student behavior and conduct will be carefully monitored for a certain period of time. Any misconduct may lead to further disciplinary action.

Reimbursement or Replacement: Any damage to the University's property will require payment, repair or replacement of the damaged good. Failure to pay may result in preventing the student from registering or obtaining his transcript.

Mandatory Labor: Disciplinary action due to a conduct violation may on occasion encompass mandatory labor on campus. This type of action may be alternatively proposed by the Disciplinary Committee

41.3. Disciplinary Committee

The Disciplinary Committee will oversee all student misconduct and decide on the consequences to the alleged breaches of Canadian University Dubai's Conduct Code. The Disciplinary Committee is chaired by the Dean of Student Affairs.

41.4. Procedures

1. Anyone from Canadian University Dubai Community (faculty, administrator, staff or student) who believes that a violation of the Conduct Code has been committed must inform the Dean of Student Affairs in writing.
2. The Dean of Student Affairs will amass and examine evidence relevant to each particular case.
3. The Dean of Student Affairs will, based on their investigation, decide to refer, or not refer, this case to the Disciplinary Committee.
4. The student maintains the right to appeal their case to the University's President.
5. The Dean of Student Affairs will select three administrators and four faculty members to sit on the Disciplinary Committee.

41.5. Communications to the Student Regarding Conduct Violations

- The Disciplinary Committee will take an acceptable amount of time to plan and conduct its investigation. The investigation will include: Student(s) and witness interviews; and, if needed, preparation of the witness for testimony (ies), and collection of evidence.
- The Disciplinary Committee will inform the student on paper of the alleged violation of Canadian University Dubai's Code of Conduct and of the verdict reached by the Disciplinary Committee, as well as the disciplinary measures
- The student will have 72 hours (three class days) to appeal the decision of the Disciplinary Committee to the President prior to any final disciplinary action. The President will reply to the appeal in writing. A duplicate of the response will be sent to the Dean of Student Affairs.
- The President has the right to overturn the decision of the Disciplinary Committee; the President's decision is final.

41.6. Disciplinary Committee Hearing

- The Dean of Student Affairs will update all members concerned in the disciplinary action as to the confidentiality of the case;
- The Dean of Student Affairs will present a summary of the case;
- The student who allegedly violated the Code of Conduct must appear at the scheduled hearing;
- If the student cannot appear for exceptional reasons, he or she must inform the Dean of Student Affairs and must present documentation supporting his or her emergency;
- The Disciplinary Committee may call in witnesses;
- The Disciplinary Committee will question the student who violated the Code of Conduct;
- The Disciplinary Committee will examine, and conclude, by means of assigning appropriate remedial disciplinary actions based on the case;
- The Dean of Student Affairs will prepare a letter informing the accused of the Disciplinary Committee's decision;
- The letter will be stored in the student's folder held in the Registrar's Office.

41.7. Process for Appeal

Students may appeal the Disciplinary Committee's decision within 72 hours (three class days) to the President of the University.

The President can overturn the decision of the Disciplinary Committee; a letter bearing the results will be sent to the Dean of Student Affairs. The President's decision is final.

42. Student Complaints

Students can expect an excellent education at Canadian University Dubai. Nevertheless, a student may question, complain, or grieve certain materials or issues pertaining to their involvement at the University.

For quality assurance, the internal procedures for addressing student complaints aim for transparency and due process thereby ensuring student complaints are addressed impartially, reliably and punctually.

42.1. Principles

The University's student complaint resolution process is based on the following principles:

- Fair and equitable procedures are used to review and resolve the student complaint;
- Privacy and anonymity is assured for all parties, except for use of information as authorized by law;
- Fair and respectful proceedings during the entire search, deliberation, and conclusions by all involved;
- No retaliation or any shortcoming arising from a student complaint made in good faith;
- Timely handling of complaints with measurable deadlines identified at each stage of the resolution process;
- Timely and regular communication of the case process, progress, and result; Access to-, and option to move to a higher internal level in case the student requires a review based on technical or practical grounds.

42.2. Types of Student Complaints

42.2.1. Academic Complaints

Complaints against academic conclusions include but are not limited to:

- Academic advancement decisions;
- Assessment substance;
- A conclusion by an academic person that affects an individual or a group of students;
- Matter or structure of academic programs, method of learning, teaching, or assessment;
- Questions relating to authorship and intellectual property.

42.2.2. Administrative Complaints

Administrative Complaints relate to conclusions and actions associated with administrative or academic facilities, which include but are not limited to:

- Policies pertaining to administration, procedures and rules by central administration, student support groups, and faculties;
- A conclusion taken by an administrator that affects an individual or groups of students;
- Access to University resources and facilities.

42.3. Complaint Resolution Procedures

This segment summarizes the internal processes applicable to academic and administrative complaints.

42.4. Informal Approach

- a) The student concerned about an above-mentioned item should first contact the person involved in writing. If the student cannot reasonably contact this person or resolve their issue at this level, then the student should contact the Leader of the relevant department or of the administrative unit or the Program Leader or the Dean of the Faculty / Department for a discussion. Concerns about a resolution at any of the steps mentioned above should ordinarily be raised to the Chair of the committee. The complaint must be delivered in writing within 15 days of the original incidence.
- b) The University anticipates that in most instances the discussion of the concern with a pertinent staff member will result in the quick resolution of the matter to both parties' satisfaction.
- c) If the issue is not resolved, then the student may contact his Academic Advisor who will direct him to the appropriate individual who will address the case.
- d) The student has fifteen days following an incident to lodge a formal complaint if the issue is not resolved

42.5. Formal Approach

If the complaint deals with an academic matter, it should be addressed to the Vice President of Academic Affairs; if the complaint is regarding student support services, it should be addressed to the Dean of Student Affairs; if the issue deals with an administrative or financial matter, the complaint should be addressed to the Vice President of Administration and Finance; if the issue deals with registration matters, the complaint should be addressed to the Registrar.

42.6. Withdrawal of a Complaint

At any time during the informal or formal process, a student may withdraw their complaint, and at that time the matter will be deemed concluded and resolved. In this case, if the complaint was made in writing then a written withdrawal letter must be composed by said student and delivered to the relevant person handling the matter. Canadian University Dubai then considers the case closed.

The Complaint Review Committee is an ad-hoc committee that can be called when a formal complaint is lodged. The Complaint Review Committee consists of three members appointed by the Vice President of Academic Affairs or the Dean of Student Affairs, pending a complaint. For academic complaints, in addition to the VPAA, the Dean of the appropriate Faculty, one faculty member from another Department and the student counselor are required. For issues concerning academic matters, in addition to the Dean of Student Affairs, one faculty member, one Dean, and the Library Director are required.

43. Academic Integrity: Policies & Procedures

As per CAA and international standards, Canadian University Dubai is committed to ensuring that faculty and students adhere to the highest academic standards in terms of ethics, integrity and behavior. Canadian University Dubai also acknowledges that the trust established between society and the university's graduates must be enforced through a fair and equitable evaluation of student work and the dissemination of strong academic values. Cheating and plagiarism are known to negatively affect the credibility and value of education and degrees conferred by any university.

The sections below describe the list of main academic offenses and related sanctions. This list is not meant to be exhaustive and will be updated by the University administration when necessary.

43.1. Academic Violations

43.1.1. Plagiarism

Definition:

Plagiarism includes, but is not limited to, representation of others' work, lending unauthorized assistance, and using strategies or processes with the aim of attaining dishonest grades. Students may not submit any material created by or acquired from another person or business.

43.1.2. Anti-Plagiarism Strategies

In order to encourage good academic practices against plagiarism and enforce academic integrity, Canadian University Dubai has adopted the following strategies:

- 1) The use of Turnitin software: this software is installed in pre-assigned laboratories for student access, including the library. Students should be able to run the software on their work before submission to the instructor. Faculty will access Turnitin through their computers in order to check student work compliance against good academic practices.
- 2) Organizing seminars on good academic practices: the academic affairs division must organize, with the help of academic Departments, seminars on good academic practices. These seminars should identify the most frequent forms of plagiarism, ways to correctly acknowledge sources through proper references and the University's policies against plagiarism.
- 3) The use of Moodle to post tutorials on good academic practices.

43.1.3. Cheating on Examinations

Cheating refers to attempting to use, or using, unauthorized materials, or obtaining unauthorized assistance, in an academic activity, including all types of examinations or evaluations. This may include impersonating another student; looking at another student's materials; using unauthorized notes/books/calculators; talking to other students; using communication devices such as mobile phones or any Bluetooth devices.

43.1.4. Information and Communication Technology Misuse

Canadian University Dubai is committed to providing faculty and students with all the required IT resources needed in order to ensure proper delivery of academic programs and access to information. The use of these IT resources should be legal and ethical and should fully comply with Canadian University Dubai ICT-AUP and applicable laws in the United Arab Emirates. The University ICT-AUP can be accessed through the website www.cud.ac.ae.

43.1.5. Fabrication

Fabrication refers to the process of inventing or falsifying information in an academic activity. Examples of fabrication may include falsifying the results of an experiment; falsifying a document or research paper; inventing a source that doesn't exist; and/or fabricating data to support claimed results.

43.1.6. Ethical Behavior

Students are expected to fully adhere to the ethical standards mandated by the University and the laws of the United Arab Emirates. Unethical behavior may include misuse of intellectual property and copyrighted materials; dissemination of false information; inappropriate behavior in class; disrespect towards faculty or other students. Unethical behavior will be treated as academic dishonesty.

43.2. Sanctions Related to Violations of Academic Integrity

43.2.1. Plagiarism

Plagiarizing any type of course work will not be tolerated. All instances of plagiarizing shall be documented, presented to the Program Leader or Dean of the program and to the Registrar, and recorded in the student's file.

- First offense: a written warning will be assigned to the student with a copy in his/her file.
- Second offense: a grade of zero is assigned for the academic work. A detailed report describing the plagiarized work with all related evidence will be put in the student's file.
- Third offense: an F grade is assigned to the course with an automatic suspension of the student from that course. Further disciplinary measures, including possible suspension from the University may be considered.

Any party to cheating or plagiarism is subject to exactly the same penalties. Students are strongly advised to read the section on plagiarism in the student handbook. The student may appeal following the University's appeal policy.

43.2.2. Cheating on Examinations

Penalty for Cheating – First Time

If a student is found cheating on an exam the violation will be communicated to the Exam Violation Committee and the following penalties will apply:

- a) The student will be assigned a grade of zero for that course.
- b) A disciplinary warning is added to his/her file.

Penalty for Cheating - Second Time

If a student is found cheating a second time they will be assigned a grade of zero in that course and further disciplinary measures, including possible suspension from the university may be considered.

Procedure

Faculty submits a written report of the incident, along with the work in question and any physical evidence if available (i.e. video recording) to the Chair of the Exam Violation Committee. The committee reviews the incident and issues the disciplinary warning. A copy of the faculty's written report and student's work is included with the warning in the student's file.

43.2.3. Information and Communication Technology Misuse

When a misuse of ICT resources occurs, an investigation is conducted by the IT department. All findings will be submitted to the Dean and Disciplinary Committee for appropriate actions.

43.2.4. Fabrication and Ethical Behavior

When a fabrication of information or unethical behavior is established, the faculty (or the person who witnessed the unethical behavior) must write a detailed report to the Dean with all related evidence. The Dean will write his/her recommendations to the Disciplinary Committee for appropriate action.

46. Academic Programs

At Canadian University Dubai, we offer the ability to study a Canadian based curriculum within the culture and values of the United Arab Emirates. Our academic programs at Canadian University Dubai are housed within:

- Faculty of Communications, Arts & Sciences
 - Department of Communication
 - Department of Environmental Health Sciences

- Faculty of Management
 - Associate of Marketing
 - Bachelor of Business Administration
 - Master of Business Administration
 - Master in Information Technology Management and Governance

- Faculty of Engineering and Architecture
 - Department of Electrical Engineering
 - Department of Computer Engineering and Computational Sciences
 - Department of Architecture
 - Department of Interior Design

If you are unsure of the academic area you wish to pursue, please contact our highly qualified faculty advisors who are available to guide you.

46.1. Fundamental General Education and University Courses

All our academic programs are a combination of General Education (GenED) courses and specialization courses. GenED courses aim to ensure that:

- All students enrolled in undergraduate programs are required to complete broadly based basic general education course requirements. The general requirement is designed to add breadth to the students' intellectual experience. Students must attain knowledge and competency equivalent to completing courses in the areas of:
 - Language
 - Science
 - Technology
 - Humanities
 - Social Culture

- All undergraduate students must complete the equivalent of one or more university-level courses in Islamic history or culture **(See your Program Study Plan and Advisor as required)**.

- Learning outcomes for GenED courses are clearly defined in the course syllabi and regularly assess the student's achievement of those outcomes through appropriate assessment in the classroom **(See your Program Study Plan and Advisor as required)**.

46.2. Faculty of Communications, Arts and Sciences

46.2.1. A Word from the Dean

I would like to extend to you a very warm welcome to the Faculty of Communication, Arts and Sciences. Our Faculty members aim to bring you cutting-edge learning based on state-of-the-art research and steeped in the creative spirit. We provide a range of opportunities to develop your knowledge and career in this diverse and increasingly dynamic and multi-disciplinary environment. Our curriculum brings together the opportunity to study a range of creative topics that are innovative and designed to provide you with an authentic learning experience directly linked to current and future innovations, research and practice. All programmes and courses are delivered by imaginative faculty and talented academics from Europe, North America and around the globe – all inspired by the urge to create and to share.

Today's market place is driven by the success of products and services that are the result of collaboration between a range of diverse disciplines drawing on the creators of arts, champions of science and leaders of business. The Faculty of Communication, Arts and Sciences is unique in bringing together students, academics and practitioners from these diverse areas of study collectively pursuing excellence in their endeavours. The outcomes-based teaching and learning (OBTL) methods coupled with a new 'invention enriched' approach to curriculum development and delivery (the Invention Focused Curriculum or IFC) means that every student in our faculty is encouraged to invent, develop and apply new knowledge discovered through learning & application during their time at CUD.

The Faculty of Communication, Arts and Sciences has partnered with a range of global education and corporate institutions to provide exciting opportunities for our students. The Faculty offers a range of multi-disciplinary programmes and course choices, designed to enable and encourage our students to excel, complemented by an innovative curriculum delivered through ultra-modern learning technology.

46.2.2. Department of Communication

46.2.2.1. Undergraduate Programs

- Bachelor of Arts in Communication (Arabic & English Streams)
 - Journalism
 - Advertisement
 - Public Relations

46.2.2.2. Bachelor of Arts in English Language and Translation

Description:

In an increasingly globalized business environment, professional translation and interpretation skills are in high demand. Alongside a strong command of the English language, translation professionals need a good understanding of the business world and a sound grasp of industry-relevant competencies.

The English Language and Translation degree program will provide you with a comprehensive background in translation and help you to prepare for a career in the field through training that emphasizes job-related skills. The program incorporates both practical and theoretical learning techniques to equip you with the English language skills required to succeed in translation and interpretation, as well as other areas.

Duration: 4 Years (8 Semesters)

Credit Hours: 123 Credit Hours

Credential: Bachelor Degree Program

Start: Fall, Spring, and Summer

Benefits:

As a graduate of CUD's Bachelor of Arts in English Language and Translation, you will be equipped with the professional competencies needed for a career in translation and interpretation, including advanced communication skills, technological competence, critical thinking and problem-solving skills, researching, as well as global awareness and leadership skills. The program also provides a solid foundation from which to pursue postgraduate studies.

Career Opportunities:

With a degree in English Language and Translation you will have the opportunity to apply your skills in a wide range of sectors, such as

- Media and Journalism
- Foreign Affairs and Diplomacy
- Marketing and Advertising
- Tourism
- Education
- Professional Writing

46.2.2.3. Bachelor of Arts in Communication (Arabic & English Streams)

Description:

The rapid expansion of technologies is impacting how we interact with each other, in both our business and social lives. This revolution requires all of us to develop new skills, to fully leverage the new communications tools and to better understand the world around us.

The Bachelor of Arts in Communication program will provide you with a comprehensive understanding of the various disciplines that contribute to the communications profession. At CUD, you have the opportunity to select one of three concentration areas, to further develop your knowledge and expertise in a specific field of professional practice. Concentrations are available in:

Public Relations

The Public Relations concentration will provide you with the opportunity to take up positions in PR writing, planning and publishing for agencies and other organizations.

Journalism

The Journalism concentration will provide you with the opportunity to take up positions in newspapers, magazines and other forms of publishing, as well as broadcast journalism, electronic media and online journalism.

Advertisement

The Advertisement concentration will provide you with the opportunity to take up positions in ad creation sales, management or production with advertising agencies, or corporate advertising departments.

46.2.2.4. Bachelor of Arts in Communication in Public Relations

Description:

As the nature and channels of communication rapidly evolve, professionals in the industry need to be prepared to adapt to different communication forms, styles and outlets in order to deliver their message. The Public Relations program will provide you with a solid base in the practical use of qualitative and quantitative methodologies and skills such as news writing, copy writing, public relations planning and advert design, whilst also preparing you for professional practice in a modern communications environment.

Duration: 4 Years (8 Semesters)

Credit Hours: 123 Credit Hours

Credential: Bachelor Degree Program

Start: Fall, Spring, and Summer

Benefits:

As a graduate of CUD's Bachelor of Arts in Communication - Public Relations, you will have the skills and knowledge to publish, edit, produce and research PR content within local and international markets. The degree will provide you with the comprehensive foundations to practice within any communication capacity, in areas as varied as diplomacy, business, government, non-profit agencies, professional associations, healthcare companies and international organizations.

Career Opportunities:

With a degree in Public Relations, you will have the opportunity to work in disciplines such as:

- PR writing
- Planning and publishing for agencies and organizations
- Editing
- Production
- Research and Planning

46.2.2.7. مرحباً بكم في كلية الإتصال والآداب والعلوم في الجامعة الكندية دبي.

باعتبارها واحدة من بين الجامعات الرائدة في الدولة، تطرح الجامعة الكندية في دبي برنامجها في الإتصال، مرتكزة إلى القيم المعرفية العريقة التي يتميز بها الأسلوب الكندي في التعليم، للوصول بطلابها إلى مستوى التفوق المهني في عالم الإعلام الرقمي اليوم وغداً، ولكي يحقق البرنامج هدف الاعداد النموذجي لسوق عمل مليء بالتحديات والمتغيرات، فقد صممنا مكوناته بعناية تعكس قاعدة المعرفة الحالية، بما في ذلك أفضل الممارسات القائمة والمتصورة في المؤسسات الإعلامية المحلية والدولية، لذا يطرح البرنامج مساقات متنوعة ضمن فروع الثلاثة: في الصحافة والإعلان والعلاقات العامة، حيث تمزج بين التطبيق العملي والنظري في سياق مناخ يتسم بالرعاية والاهتمام، في مجتمع تعليمي مترابط، يكرس نفسه لخدمة الطلاب ورعايتهم، مما يمنح جميع المنتسبين إليه فرصاً كبيرة نحو الريادة والتطوير المعرفي.

بالنتيجة وبصفتك طالباً في برنامج الإتصال، فأنت تضمن تعليماً مركزاً ومتنوفاً على يد طاقم تدريسي مؤهل، يمنحك فرصة الحصول على أفضل فرص العمل فور التخرج.

نيابة عن أعضاء هيئة التدريس في كلية الآداب والعلوم، نرحب بك للانضمام إلى برنامجنا في الإتصال، لتصبح عضواً في عائلتنا، لتتعلم وتبحث وتعمل معنا، فالتواصل هو مفتاح النجاح.

46.2.2.8. برنامج بكالوريوس الآداب في الإتصال

تطرح الجامعة الكندية في دبي برنامجها في الإتصال على مدى أربع سنوات يحصل من خلاله الطالب على درجة بكالوريوس الآداب في الإتصال. ويتلقى الطلبة تعليماً عاماً على مستوى الجامعة وتعليماً متخصصاً على مستوى برنامج الإتصال ويتضمن البرنامج ثلاثة حقول للتخصص هي :

- الصحافة
- العلاقات العامة
- الإعلان.

وصف البرنامج:

يهدف البرنامج لإعداد أجيال من الإعلاميين الشبان ليكونوا قادرين على المشاركة الإبداعية في العمل المهني في أحدث القطاعات الإعلامية من خلال الأنشطة التعليمية النظرية والتطبيقية. ويشجع منهاج البرنامج التفكير النقدي والمشاركة المباشرة في الإنتاجات الإعلامية والاتصالية ذات العلاقة بحقول التخصص الثلاثة. وإضافة للمسابقات الإيجابية، يتضمن كل تخصص مساقات اختيارية يدرس الطالب منها ثلاثة تقع في إطار اهتماماته العلمية والمهنية. وهنا نلاحظ أن المساقات التدريبية العملية في التخصص مصممة أصلاً لتمكين الطلبة من التعامل المباشر مع المهنة الإعلامية بتجلياتها الفكرية والفنية.

لقد تم تطوير برنامج بكالوريوس الآداب في الإتصال بشكل يتناغم مع اتجاهات تطوير سوق الإتصال والإعلام في دولة الإمارات ومنطقة الخليج بصفة عامة. وتوحي التوسعات الجارية حالياً في الأنشطة الإعلامية المتعلقة بالإعلام الجديد، وشبكات التواصل الاجتماعي، والاتصالات المتكاملة، والإعلان بوجود حاجات متنامية لكوادر مؤهلة تتمتع بتعليم جامعي رصين. يؤدي إلي إعداد الخريجين للعمل بكفاءة في أسواق إعلامية وإعلانية واتصالية تنافسية ومتعددة الثقافات. ولتحقيق هذه الرؤية، يسعى برنامج الإتصال في الجامعة الكندية بدبي إلى إثراء التوجهات العالمية لدى الطلبة وبخاصة تلك المتعلقة بالتعددية الثقافية، ومهارات القيادة، والمعرفة التكنولوجية. ومن هذا المنطلق، فإن البرنامج قد صمم للطلبة الذين يسعون لمواجهة التحديات في سوق العمل بكل ثقة واقتدار.

فرص العمل:

ويتوقع أن ينضم خريجو برنامج بكالوريوس الآداب في الإتصال في مجالات متنوعة تشمل أعمال المراسلين والمحررين الصحفيين والمصممين الفنيين للمطبوعات والمصورين الفوتوغرافيين ومعدّي نصوص الإعلانات، وممارسي العلاقات العامة بشكل عادي وعبر الإنترنت، والقائمين على جهود بناء الصورة الذهنية، ومنظمي حملات التسويق الاجتماعي، وإدارة مواقع التواصل الاجتماعي، والإعلام الدولي، والاتصالات الإستراتيجية.

لمزيد من التفاصيل فيما يخص شروط القبول و التسجيل، يرجى الإتصال هاتفيا او الحضور لمقر الجامعة و مراجعة قسم القبول و التسجيل.

شروط التخرج

تمنح درجة البكالوريوس للطلبة بعد إتمام المتطلبات الآتية:

- النجاح في جميع المساقات المطلوبة للتخرج في الخطة الدراسية وتبلغ 123 ساعة معتمدة
- الحصول على معدل تراكمي لا يقل عن 2.0 نقطة، وإتمام المتطلبات الأخرى التي تتضمنها الخطة الدراسية التي سيتخرج بموجبها الطالب
- قضاء الحد الأدنى للمدة الزمنية للحصول على درجة البكالوريوس وعدم تجاوز الحد الأقصى
- على الطالب المنقول أن يستكمل على الأقل % 50 من جملة الساعات المعتمدة للبرنامج وأيضاً إستكمال 50% على الأقل من عدد الساعات المعتمدة لمتطلبات التخصص.
- صدور قرار التخرج من المجالس المختصة
- صدور قرار التخرج من المجالس المختصة

الوصف:

إن وسائل التواصل والإعلام تشكل مفهوماً وقناعاتنا عن العالم الذي يحيط بنا حالياً، أكثر من أي وقت مضى. كما تؤثر الشبكات الإجتماعية في محيطنا اليومي، وتقوم بتحويلنا بصفة مستمرة. وعلى هذا الأساس، فقد صمّم برنامج بكالوريوس الآداب (تخصص الصحافة) لتطوير مفاهيم طلبة البرنامج حول الأدوار المتغيرة التي تلعبها الصحافة في وسائل الإعلام، وبناء المهارات الضرورية للتفاعل مع المجتمع التكنولوجي المتطور.

المزايا:

يتم تهيئة الخريجين لاكتساب المهارات والمعلومات الكافية للعمل في مجالات النشر والتحرير، و الإنتاج، والبحث في مجال الصحافة سواء على الساحة المحليّة أو المستوى العالميّ.

فرص التوظيف:

يحصل الخريجون على فرص توظيف في الميادين التالية:

تقديم الأخبار والتحرير، ووسائل الإعلام المطبوعة وتصميمها، وبت الأخبار عبر الشبكات الإلكترونية ووسائل الإعلام الإجتماعية.

مدة الدراسة: 4 سنوات (8 فصول)

الساعات المعتمدة: 123 ساعة

الدرجة العلمية الممنوحة: درجة البكالوريوس

البداية: يمكن للطلاب الإلتحاق بالبرنامج من بداية الفصل الأول والثاني والصيفي

لمزيد من التفاصيل فيما يخص شروط القبول و التسجيل، يرجى الإتصال هاتفياً أو الحضور لمقرّ الجامعة و مراجعة قسم القبول و التسجيل.

الوصف:

إنّ برنامج بكالوريوس الآداب في الإتصال (تخصّص الإعلان) هو برنامج مصمّم لتهيئة الطلبة لدخول مجال الدعاية والإعلان بشقّه التقليديّ والإلكترونيّ، وهو من مجالات العمل التي تتميّز بإيقاعها السريع وتطوّراتها المثيرة.

يتلقّى الطلبة الملتحقون بهذا البرنامج تأسيساً متيناً، بدءاً من الاستخدام التطبيقيّ لمنهجيات البحث والاستبيان كمّاً ونوعاً لقياس التجاوب الجماهيريّ ورصد المردودات التجاريّة من النشاطات الإعلانيّة، وصولاً إلى المهارات الدعائية والإعلانيّة المتنوّعة مثل صياغة النصوص واستنباط الأفكار وتخطيط الحملات الإعلانيّة وتصميم الإعلانات، وغير ذلك من المقومات اللازمة لدخول معترك العمل في حقل الدعاية والإعلان.

من مميّزات البرنامج أنّه يهيّء المتخرّجين منه لتقلّد وظائف في المجالات الإعلانيّة بنوعها، سواء التي تعتمد وسائل الإعلام التقليديّة مثل الصحافة والإذاعة والتلفزة، أو التي تتبنّى قنوات التواصل الإلكترونيّة. ويزوّد البرنامج خزّيبه بمقومات العمل الإعلانيّ عبر جميع مراحلها، بدءاً من دخول المنافسات على استقطاب العملاء وانتهاءً بتنفيذ الحملات الإعلانيّة وإطلاقها.

المزايا:

يكتسب الخريجون المهارات والمعرفة المطلوبة للعمل الدعائيّ الإعلانيّ، بما في ذلك النشر والتحرير والإنتاج والإخراج واستطلاع النتائج ورصد المردودات، سواء على الساحة المحليّة أو المستوى العالميّ.

فرص التوظيف:

يحصل الخريجون على فرص توظيف في الميادين التالية:

صناعة الإعلانات والمبيعات والتسويق.

مناصب إداريّة أو إخراجيّة لدى وكالات الإعلان أو لدى إدارات الإتصال الجماهيريّ التابعة للشركات والمؤسسات.

مدة الدراسة: 4 سنوات (8 فصول)

الساعات المعتمدة: 123 ساعة

الدرجة العلمية الممنوحة: درجة البكالوريوس

البداية: يمكن للطلاب الإلتحاق بالبرنامج من بداية الفصل الأول والثاني والصيفي

لمزيد من التفاصيل فيما يخصّ شروط القبول والتسجيل، يرجى الإتصال هاتفياً أو الحضور لمقرّ الجامعة و مراجعة قسم القبول والتسجيل.

46.2.3. Department of Environmental Health Sciences

46.2.3.1. Undergraduate Programs

- Associate Degree in Food Safety
- Bachelor of Science in Health Organization Management
- Bachelor of Science in Environmental Health Management
- Bachelor of Science in Health Information Management

46.2.3.2. Associate Degree in Food Safety

Description:

Food safety is an important aspect of protecting the health and well-being of society. As a growing sector, business and regulatory organizations alike are seeing an increasing demand for qualified and practiced professionals in the field. Canadian University Dubai's Associate Degree in Food Safety will provide you with a broad, hands-on education in basic sciences and develop your fundamental knowledge of food safety in order to enable you to advance your skills and develop your career in this important professional discipline.

The program places emphasis on practical learning and teaches international food management systems and standards, such as HACCP and ISO 22000. Topics of study include the evaluation of food quality control and safety issues in the UAE in areas such as food laws and legislation; food chemistry and processing; quality management; food safety; and inspection sampling techniques and auditing. As a student of this program, you will also have the opportunity to take environmental health management courses, conduct field visits, and get practical industry experience through a relevant work placement.

Duration: 2 Years (4 Semesters)

Credit Hours: 63 Credit Hours

Credential: Associate Degree Program

Start: Fall, Spring and Summer

Benefits:

Upon successful completion of the Associate Degree in Food Safety program, you will be able to apply the skills and competencies required for professional practice in the field, including:

- Demonstrate knowledge of inspecting and auditing food establishments;
- Inspect food consignments with reference to UAE laws and regulations;
- Describe biological and chemical items;
- Demonstrate basic knowledge in food processing practices;
- Sample food based on related governmental protocols, and established testing frequencies;
- Think critically, solve problems and take action to resolve problems;
- Communicate effectively;
- Apply the knowledge you obtained in the day-to-day field of work.

Career Opportunities:

The region's growing hospitality sector, alongside the increasing expectations in consumer confidence, has established a high demand for qualified professionals in the food safety industry. Opportunities for graduates of this program include roles in food safety and inspection in municipalities, hotels and restaurants, and specialist consultancies.

Graduates of the program can also use their credits to progress to the Bachelor of Science in Environmental Health Management, and can obtain exceptions equivalent to one and a half years of this fully accredited BSc program.

46.2.3.3. Bachelor of Science in Health Organization Management

Description:

With the current developments in the healthcare sector, the emergence of new technologies and elaborate advancements in health sciences, managers within the industry need to be equipped to respond to the new challenges they encounter in the day-to-day operations of their institutions. Governance and leadership are among the major challenges healthcare professionals are facing as they work to keep pace with the rapid evolution of the sector.

In response to this, the Department of Environmental Health Sciences has established the Health Organization Management Program to introduce students to the principles and methodologies involved in the organization and administration of institutions in the health sector. The program will give you insights into the nature of management, decision theory, planning, employee health training, health economics, health finance, budgeting, evaluation, and the operation of healthcare systems.

Duration: 4 Years (8 Semesters)

Credit Hours: 126 Credit Hours

Credential: Bachelor Degree Program

Start: Fall, Spring and Summer

Benefits:

As a graduate of Canadian University Dubai's Health Organization Management program you will have a strong background in the health sciences and be able to apply specialized management principles and techniques to the challenges faced in the health sector today. As a dynamic and flexible program, this degree will provide you with the knowledge and skills needed to successfully confront these challenges in a systematic manner, as and when they emerge.

Career Opportunities:

As the healthcare sector in the region continues to grow a degree in Health Organization Management will present you with a range of professional opportunities in institutions such as:

- Government Ministries
- International Healthcare Organizations
- Community and Healthcare Centres such as:
 - Hospitals
 - Educational Institutions
- Industries related to Health Management functions

46.2.3.4. Bachelor of Science in Environmental Health Management

Description:

Our environment and health are pivotal to today's world and its future sustainability; health is a focal point for humanity and without proper health care systems our lives would be at stake. We continue to face serious issues that affect our environment, our health, and consequently, our long-term well-being, such as climate change, global warming, pollution due to industry growth and population increase, and the depletion of natural resources. Canadian University Dubai's Department of Environmental Health Sciences has been established to equip student with the skills required to help develop solutions to these significant global issues, and to develop individuals with a broad knowledge of the continuously evolving field of health sciences.

The program will provide you with the knowledge and skills needed to successfully confront these major challenges in a systematic academic manner, which will continuously evolve to address the developments as they occur. As a graduate of the Department of Environmental Health Sciences, you will be equipped with the requisite skills you need to make an important contribution to the workforce immediately following your graduation.

Duration: 4 Years (8 Semesters)

Credit Hours: 126 Credit Hours

Credential: Bachelor Degree Program

Start: Fall, Spring and Summer

Benefits:

As a graduate of Canadian University Dubai's Bachelor of Science in Environmental Health Management program, you will have a strong background in managing environmental health issues. The program will equip you with the current tools and methods needed to face the most challenging and contemporary issues related to health organization and environmental health. With a degree in this field, you will be a crucial asset to environmental and health employers, ministries and international organizations.

Career Opportunities:

Graduates of Environmental Health Management are in high demand among employers and this degree will provide you with the opportunity to work across a range of organizations, including:

- Government Ministries
- International Healthcare Organizations
- Healthcare Institutions
- Industries related to Health Management functions
- Environmental agencies
- Educational and Research Institutions
- Industries linked to:
 - Health safety and hazards,
 - Food safety
 - Water resources
 - Oil industry
 - Real Estate Development
 - Waste management

46.2.3.5. Bachelor of Science in Health Information Management

Description:

With the current development of information technology in the health sector, and the advancements in health sciences and health management, healthcare providers are constantly being challenged to keep up with the pace of change. As health information is readily available to the healthcare provider, patients too are becoming more knowledgeable, and are beginning to take control of their own health information.

The Health Information Management program will expose you to the principles and methodologies of health sciences, health informatics, health record systems, medical classification systems and coding, as well as data collection, statistical analysis and presentation. It will help you develop the requisite technical and management skills needed to organize and implement information-led healthcare systems.

Duration: 4 Years (8 Semesters)

Credit Hours: 126 Credit Hours

Credential: Bachelor Degree Program

Start: Fall, Spring and Summer

Benefits:

Health informatics is a fast-growing sector and graduates of the program are in demand across the healthcare industry. Canadian University Dubai's Bachelor of Science in Health Information Management will provide you with a strong background in health sciences and health management, concentrating on the information technology relevant to health issues, to prepare you for direct entry into the profession.

Career Opportunities:

As a graduate of the Health Information Management program, you will have the opportunity to work in a range of organizations, such as:

- Government Ministries
- Healthcare Institutions
- Health Information and Research Centres
- Educational Institutions
- Health Insurance Companies
- Health Consulting Companies
- IT companies
- Industries Linked to Health Information and Management Functions

46.3. Faculty of Management

46.3.1. A Word from the Dean

I would like to take this opportunity to welcome you to the Faculty of Management. In common with the overall approach at Canadian University Dubai, the Faculty of Management brings you the very best of the diverse North American and European learning cultures, providing a range of opportunities to develop your management-related knowledge and career. The curriculum, teaching methods and support services are innovative, dynamic and designed to deliver an authentic learning experience that is directly linked to state-of-the-art research and practice. All programmes and courses are delivered by experienced faculty and talented researchers with local and international experience from Europe, North America and around the globe.

The choice you have made to study with us will help define your future career direction, and you will find our experienced faculty members to be capable teachers and researchers who are highly supportive of your ambitions. The Faculty is committed to the pursuit of academic excellence through the use of outcome-based teaching and learning (OBTL) leveraging a new 'invention enriched' approach to curriculum development and delivery (the Invention Focused Curriculum or IFC). This approach means that every student in our faculty is encouraged to explore, develop, invent and apply newly discovered knowledge acquired during their time at CUD.

The Faculty of Management has partnered with a range of globally renowned education and corporate institutions to provide exciting opportunities for students to progress and grow. The Faculty offers a range of programmes and courses designed to enable our students to excel in their chosen specializations. Complemented by an innovative curriculum and ultra-modern learning technology spread across its campus buildings, the Faculty of Management gives you the skills, tools and knowledge to step into the business world ready to engage as the leader you have the potential to be.

Faculty of Management

Canadian University Dubai

46.3.2. Undergraduate Programs

- Associate Degree in Marketing
- Bachelor of Business Administration in e-Business
- Bachelor of Business Administration in Marketing
- Bachelor of Business Administration in Human Resource Management
- Bachelor of Business Administration in Accounting and Finance
- Bachelor of Business Administration in International Business

46.3.2.1. Associate Degree in Marketing

Description:

The Associate Degree in Marketing provides you with the opportunity to develop applied marketing skills within a two-year program. The program is designed specifically to develop the students' knowledge and professional competencies to prepare them for entry-level positions in the sales and marketing fields. Students of the program study general management courses, and some applied courses, related to selling techniques, advertising and promotion, and professional communications.

Credential: Associate Degree in Marketing

Duration: 2 Years (4 semesters)

Credit Hours: 66

Start Dates: Fall, Spring, Summer

Benefits:

Following the successful completion of the two-year study program, you can enter the workforce with a fully accredited Associate Degree in Marketing, or elect to transfer your credits to the BBA Marketing program.

Career Opportunities:

Graduates with an Associate Degree in Marketing are qualified to take up positions in a broad range of disciplines. Career opportunities exist in global corporations, government and international agencies, international trade, and international public institutions in roles such as:

- Marketing and Sales Management
- Advertising/Promotion and Direct Marketing
- Brand and Product Management
- Public Relations
- Customer Relationship Management
- Social Media Marketing
- Retail Management
- Purchasing and Distribution Management

46.3.2.2. Bachelor of Business Administration in e-Business

Description:

e-Business (Electronic Business) optimizes the application of information and communication technology as a tool to increase business competitiveness. In our rapidly evolving technological world business is going beyond traditional static websites and creating a growing need to harness intelligent online enterprise-wide information systems supported by smart mobile technology. Such technologies can transform operational effectiveness across all internal functional areas (marketing and sales, production, logistics, purchasing and accounting) and address dynamic customer and vendor needs, whilst promoting a competitive advantage.

Students in the BBA in e-Business program will learn how these technologies are used to address business concepts. You will have access to Canadian University Dubai's unique business simulation laboratory, where you can apply your theoretical learning through an Enterprise Resource Planning (ERP) application system, such as SAP. This gives you authentic insight into business processes and provides you with a head start in your career.

Credential: Bachelor Degree Program

Duration: 4 Years (8 Semesters)

Credit Hours: 123 Credit Hours

Start Dates: Fall, Spring and Summer

Benefits:

e-Business combines distinct areas of business and information technology in order to provide you with the knowledge and skills needed to optimize e-technologies in planning and implementing enterprise-wide solutions to help meet an organization's business objectives. These technologies are utilized in re-engineering business processes and operations across a range of business activities such as social media initiatives, business analytics, e-marketing, e-procurement, customer relationship management (CRM), supply chain management (SCM) as well as traditional online transaction processing.

The combination of technology-related theories and practical hands-on application creates an interactive, collaborative learning environment that helps you understand and implement concepts using industry best-practice technology, thereby enhancing your employment opportunities after graduation.

Career Opportunities:

The extensive application of e-business concepts across professional organizations mean that career opportunities exist in global corporations, government and international agencies, international trade, and international public institutions. The BBA in e-Business program prepares students for careers leading to a range of senior positions such as:

- Social Media Analyst
- Online Market Researcher
- Business Data Analyst
- Business Process Engineer
- ERP Specialist / CRM & SCM Officers
- e-Business Consultant
- Project Management
- e-Business Entrepreneur

46.3.2.3. Bachelor of Business Administration in Marketing

Description:

Marketing is an essential function for every successful business. The key to marketing is to understand customers' value expectations and develop a marketing plan that will exceed those expectations, at the right time, at the right place and at the right price. In today's enormously competitive global business environment, the strategic positioning of products/services and brands is a critical factor in the success of virtually all organizations. Proactive organizations require marketing strategies that meet consumer demands, achieve sustainable competitive advantage, and ultimately enhance financial performance.

The BBA in Marketing will prepare you to succeed in the ever-changing global business environment by helping you develop an understanding of all aspects of the marketing function within an organization. You will be exposed to current theories and practices in consumer behavior, marketing research, sales, retailing, advertising, promotion, branding and e-marketing.

Credential: Bachelor Degree Program

Duration: 4 Years (8 Semesters)

Credit Hours: 123 Credit Hours

Start Dates: Fall, Spring and Summer

Benefits:

As a graduate of Canadian University Dubai's BBA in Marketing you will be equipped to contribute to the development and implementation of marketing strategies, analyze market trends, and capitalize on promotional opportunities. The marketing specialization is designed to enable you to analyze the challenges of providing consumer and industrial goods and services to a wide variety of markets.

The program goes beyond the classroom to include real-world, hands-on, and international experience, and students are encouraged to explore marketing internships and study abroad opportunities that will prepare them for a number of career opportunities in marketing and related areas.

Career Opportunities:

As a universal function across all sectors of business career opportunities in marketing exist in global corporations, government and international agencies, international trade, and international public institutions. As a marketing graduate, you will be qualified to pursue roles in a broad range of marketing areas including:

- Marketing and Sales Management
- Advertising/Promotion and Direct Marketing
- Brand and Product Management
- Market Research
- Public Relations
- Customer Relationship Management
- Social Media Marketing
- Healthcare Marketing: Healthcare Marketing Manager
- Retail Management
- Purchasing and Distribution Management

46.3.2.4. Bachelor of Business Administration in Human Resource Management

Description:

Human capital is a critical resource for any organization, and the ever-changing industrial and commercial workplace laws, combined with the globalization of industry, mean that human resource management has become an important, strategic business function. Human resource professionals oversee a number of fundamental business processes, from resource planning and recruitment, to developing people and managing change.

The BBA in Human Resource Management will prepare you to contribute both strategically and operationally towards an organization's development of its workforce. During the program, you will study strategic staffing, compensation and benefits, employee and labour relations, integrated human resource development systems, and decision support processes to help you develop the critical knowledge and core skills needed to become an effective HR professional.

Credential: Bachelor Degree Program

Duration: 4 Years (8 Semesters)

Credit Hours: 123 Credit Hours

Start Dates: Fall, Spring, and Summer

Benefits:

With a BBA in Human Resource Management from Canadian University Dubai, you will be equipped to apply various concepts and techniques in order to optimize human talent in the workplace. You will develop both practical and theoretical skills to help you understand, develop and manage the most valuable assets of an organization and to succeed in one of the most diverse and crucial professional disciplines of the twenty-first century.

Career Opportunities:

Human resource management is an essential business function that exists across all professional organizations. As a graduate of the program, you will be able to pursue career opportunities in global corporations, government and international agencies, international trade, and international public institutions in the following areas:

- Human Resource Management
- Human Resource Consultancy,
- Human Resource Development
- Compensation, Benefits & Labour Relations
- Organizational Development
- Staffing
- Training and Professional Development

46.3.2.6. Bachelor of Business Administration in International Business

Description:

The globalization of commercial operations has generated demand for managers that are competent in international business practice and strategies. Today's firms view the entire globe as a potential market, increasing the demand for international business professionals to provide superior products and services worldwide. While the global business environment shares many common principles with domestic business practice, it is also distinct in a number of ways, and it is important to develop graduates who are equipped to compete and do business internationally.

The BBA in International Business will prepare you for managerial careers in the increasingly competitive and interdependent international business markets. It emphasizes the essential knowledge, skills and management techniques required to conduct international business operations in an ever-changing global market place.

Credential: Bachelor Degree Program

Duration: 4 Years (8 Semesters)

Credit Hours: 123 Credit Hours

Start Dates: Fall, Spring and Summer

Benefits:

A BBA in International Business from Canadian University Dubai will provide you with real-world insights into the relevant social, political, legal, and macro-economic factors influencing international business. You will acquire vital skills and competencies through specialized international courses in Economics, Accounting, Finance, Management, Marketing, and Global Logistics and Supply Chain Management, while enhancing your communication skills in a multicultural environment. You will also develop your knowledge of how business is conducted domestically and overseas, how to provide superior service to global customers, and how to expand a local business globally.

The program will give you important insights into how international business practices and customs differ from those in the UAE market, as well as practical knowledge of how business transactions between and within nations are conducted; the laws and logistics of international trade; and handling investments in foreign markets.

Career Opportunities:

Opportunities in international business will continue to grow as more and more firms move into the global marketplace. Career opportunities for international business graduates exist in many corporations, government or international agencies, international trade, or international public institutions that have a global reach. International business professionals practice in sectors such as:

- Export and Import
- Advertising and Media
- Foreign Currency Investment
- Telecommunications
- Tourism and Transportation
- Logistics and Supply Chain
- Manufacturing and Services
- Aerospace
- Oil and Gas (Energy)
- Banking and Financial Services
- International Agencies
- Non-governmental Agencies (NGOs)
- Customs and Immigration

46.3.3. Masters Programs

- Master of Business Administration
 - Human Resource Management
 - Finance
 - Islamic Banking
 - Marketing
 - General Management
- Master in Information Technology Management and Governance

46.3.3.1. MBA Program

Canadian University Dubai is a recognized leader of Masters level business education in the UAE and across the Gulf region. Graduates from our MBA program are well prepared for the challenges they will face in the increasingly globalized and technologically driven business environment.

Our MBA program focuses on meeting the current and future needs of business and government leaders in the Gulf region. The dynamic and competitive business environment of the 21st century calls for new management and leadership skills – our MBA will prepare you today, for the challenges of tomorrow.

Key to the success of our programs is its focus on developing the professional networks of our students, and expanding their understanding of fundamental management principles through case studies, innovative partnerships and interactive seminars. Graduates from our MBA program are well prepared for the challenges they will face in a very competitive professional environment.

46.3.3.2. Our Five MBA Concentrations

Canadian University Dubai's MBA program provides students with a strong analytical foundation in the fundamental aspects of management. In addition, students are free to specialize in one of the following concentrations:

- **General Management:**
Graduates will acquire the skills needed to strategically manage professionals in all fields of the public and private sectors.
- **Human Resource Management:**
Graduates will be able to pursue HR positions in the areas of staffing, human resource development, labor and employee relations, and/or compensation and benefits.
- **Islamic Banking:**
Graduates will be able to gain thorough knowledge and analytical skills related to the Islamic banking system and its practical implementation in the modern business world.
- **Finance:**
Graduates will be able to gain thorough knowledge and analytical skills related to the implementation of strategic financial management and planning.
- **Marketing:**
Graduates will be able to work in private (banking, insurance, media, advertising, events marketing, hospitality, and real estate) and public sectors, ranging from government departments to utility, transport and telecommunications.

Pre-MBA

Students who possess a degree in a field other than Business must complete the non-credited pre-MBA program before joining the MBA program.

46.3.3.3. Program Structure

1- Program Structure: General Management

Requirements	Compulsory Cr. H	Elective Cr. H	Free Elective Cr. H	Total Cr. H
Core Courses Credit Hours	27	-	-	27
Concentration Courses Credit Hours	3	6	-	9
Total	30	6	0	36

2- Program Structure: Human Resources Management

Requirements	Compulsory Cr. H	Elective Cr. H	Free Elective Cr. H	Total Cr. H
Core Courses Credit Hours	27	-	-	27
Concentration Courses Credit Hours	3	6	-	9
Total	30	6	0	36

3- Program Structure: Islamic Banking

Requirements	Compulsory Cr. H	Track Elective Cr. H	Total Cr. H
Core Courses Credit Hours	27	-	27
Concentration Courses Credit Hours	6	3	9
Total	33	3	36

4- Program Structure: Finance

Requirements	Compulsory Cr. H	Track Elective Cr. H	Total Cr. H
Core Courses Credit Hours	27	-	27
Concentration Courses Credit Hours	6	3	9
Total	33	3	36

5- Program Structure: Marketing

Requirements	Compulsory Cr. H	Track Elective Cr. H	Total Cr. H
Core Courses Credit Hours	27	-	27
Concentration Courses Credit Hours	6	3	9
Total	33	3	36

46.3.3.4. Program Core Courses

Course Code	Course Title	Prerequisite	Cr

**The "Term" is equal to semester pertaining to the length and number of courses and it is referring to whenever the seasonal calendar is not applicable.*

46.3.3.5. Double Concentration

Students pursuing an MBA degree may earn a Double Concentration by completing 16 MBA courses and the degree requirements for both concentrations.

To be admitted in a double concentration student should register in the two concentrations at the beginning of the first Term. Enrolled students who wish to obtain a double concentration, have a period of maximum 6 months to register in the second concentration. They can only register if their names were not endorsed in the graduation list by the Board of Trustees.

46.3.3.6. Pre-MBA Courses

The Faculty of Management evaluates student application for evidence of undergraduate scholarship, professional experience, and demonstrated aptitude for successful Masters-level business study. If a student meets all application requirements, the student is given full admission to their applied program. However, the MBA program at Canadian University Dubai requires 90 Contact hours of Pre-MBA courses for students that do not have a business administration educational background. This foundation is composed of six Masters-level courses that are designed to provide accelerated coverage of the knowledge base necessary for students to benefit most from the MBA curriculum. If the student has one or more prerequisite foundation courses to complete they are granted conditional admission to the MBA program. As a conditionally-admitted student, the student must successfully complete these prerequisites prior to completing any MBA course work. Applicants denied admission may not take Masters level courses in the Faculty of Management Masters level programs.

Study Plan of the Pre-MBA Program

Course Code		Course Title	Prerequisite
MBA	501	Management and Organization Behavior	None
MBA	502	Foundations of Business Statistics	None
MBA	503	Accounting Foundations	None
MBA	504	Economics Foundations	None
MBA	505	Marketing Foundations	None
MBA	507	Finance Foundations	None

46.3.3.7. Master in Information Technology Management and Governance (MITGOV)

Since the rapid development in IT platforms and enterprises, organizations are increasingly concerned with how business can benefit from IT services and tools. Canadian University Dubai has identified that the next generation of leaders need to understand and implement the various aspects of IT Management, Governance, and Assurance.

This has resulted in the creation of a new Masters Program – the first of its kind in the region – that aims to develop professionals with the necessary skills in IT governance and services. The MITGOV program also supports the strategic vision of the Smart City model infrastructure, which is a growing strategic development initiative across the region.

The content of this new Masters Program maps between the recently developed theoretical models of IT governance and assurance, and the IT tools within an organization’s different functional units. This helps students to understand, deliver and manage the efficient development and implementation of effective business processes.

After successful completion of this program, students will hold an internationally recognized Masters degree in IT Management and Governance and be able to access professional certifications such as CGEIT (Certified in the Governance of Enterprise IT), CRISC (Certified in Risk and Information Systems Control) and CISM (Certified Information Security Manager).

46.3.3.8. Program Structure

Course Classification	Credit Hours
Pre-MIT Courses (Pass/Fail)	0
MIT Core Courses	30

	Total			
Total				30

46.3.3.10. Pre-MIT Courses

Applicants may be admitted to the Pre-MITGOV program (e.g., students who have completed an undergraduate university degree in Business, Information Technology (IT), Computing, Engineering or closely related area and who meet the admission requirements). Students who hold an undergraduate degree in IT, Computing, Engineering are required to take the seven courses of **(Table 1)** in order to admit to the MITGOV program. For students who hold an undergraduate degree in Business successful completion of six foundation courses will automatically yield their admission to the MITGOV program. The six Pre-MITGOV courses are highlighted in **(Table 2)**. ** Each course runs 1 week*

Pre-MIT for Non-Business Majors

Course Code	Course Name	Prerequisite	Contact hours
MIT-501	Foundations of Business Statistics	None	15
MIT-503	IT Infrastructure Platforms & Organization of IS	None	15
MIT 504	Management Foundations	None	15

46.4. Faculty of Engineering and Architecture

46.4.1. A Word from the Dean

Welcome to the Faculty of Engineering and Architecture at the Canadian University Dubai (CUD)!

If you want to earn a degree that prepares you for 21st century careers and enjoy an education grounded in the Canadian principles of excellence, innovation, and creativity; the Faculty of Engineering and Architecture at CUD is where your journey starts!

Our Faculty offers well-established programs in Computing and Network Engineering Technology; in Telecommunication Engineering (Bachelor of Science); and in Network Engineering (Bachelor of Science) complemented by an exchange agreement with Queen's University, one of Canada's most prestigious universities, in Kingston, Ontario and half-way between Toronto and Montreal.

We are also excited to announce that starting January 2018, our Faculty will begin accepting admissions to the new state-of-the-art Bachelor of Science in Electrical Engineering with concentrations in Electronics, Mechatronics and Telecommunications (accreditation from the UAE Ministry of Education is expected shortly). Having been painstakingly designed to meet Canadian standards, this program promises to provide you with a pathway towards pursuing graduate & undergraduate university studies in Canada. It will also open up a large number of opportunities for you in careers related to electrical engineering in the UAE and worldwide.

Our Faculty is also in the process of establishing a new Bachelor of Science in Computing degree exchange program with Queen's University, with specializations in General Computing, Biomedical Computing, and Software Design. We plan to open this Canadian program for admissions in 2018. The program responds to a pressing need for computing experts capable of understanding, managing, analyzing and extracting useful information from big data to improve technological, scientific or business performances.

We also offer two of the best bachelor degree programs in Architecture and Interior Design in the GCC. Both programs are benchmarked against Canadian and American standards with plans to offer a 4-year Bachelor of Science in Architecture followed by a Master of Science in Architecture in the near future.

As a student, you'd choose Engineering, Architecture or Interior Design at CUD for the exceptional opportunity to continue your university studies at one of our Canadian partners, our reputation for excellence in instruction, as well as the work placement opportunities that await you upon graduation.

Last but not least, our students enjoy a memorable campus life marked by the opportunity to participate in national and international competitions through our award-winning student clubs (Robotics, IEEE CUD Students Chapter, Architecture and Interior Design Clubs). As a result, your CUD experience will give you the advantage you need to set yourself apart in today's competitive world. We would be delighted to tell you more about our programs and campus. Please contact deanFEA@tud.ac.ae for more information or for a visit to our Downtown Dubai Campus!

Faculty of Engineering and Architecture

Canadian University Dubai

46.4.2. Undergraduate Programs

- Bachelor of Computer and Networking Engineering Technology
- Bachelor of Science in Telecommunication Engineering
- Bachelor of Science in Network Engineering
- Bachelor of Architecture
- Bachelor of Science in Interior Design

46.4.3. Department of Computer Engineering and Computational Science

46.4.3.1. Bachelor of Science in Network Engineering

Description:

Network engineering concerns the design and implementation of computer networks. The Bachelor of Science in Network Engineering at CUD will provide you with the necessary knowledge, skills and abilities to perform as a network engineer. It will help you to develop a deeper understanding of the principles, theories and technologies that underpin the discipline and provide you with the practical skills to address real challenges in the workplace.

The program includes the foundations of networking, computing, and telecommunications, as well as advanced subjects in computer network design, implementation, administration, and security. Alongside this, you will develop the analytical and critical thinking skills needed to evaluate and implement engineering solutions in a business scenario

Program Name: Bachelor of Science in Networking Engineering

Credential: Bachelor of Science Degree Program

Duration: 4 Years (8 Semesters)

Credit Hours: 138 Credit Hours

Start Dates: Fall, Spring, and Summer

Benefits:

As a Network Engineering student at Canadian University Dubai you will have hands-on experience in the University's state-of-the-art networking labs as well as the opportunity to contribute to faculty research projects. You will benefit from exposure to industry professionals through free tutorials and workshops delivered by international companies. On graduating from the program, you will have a strong practical and theoretical background in Network Engineering and will be prepared to enter the workforce with a fully accredited Bachelor of Science degree.

Career Opportunities:

The Bachelor of Science in Network Engineering is a practical degree program that will lead you to opportunities in a range of technical roles, such as:

- Network Engineer
- Network Designer
- Network Administrator
- Network Support
- Network Analyst
- Network Security Specialist
- IT Expert
- Web App Developer
- Network Programmer

46.4.3.2. Bachelor of Computer and Networking Engineering Technology (CNET)

Description:

Computer and Networking Engineering Technology (CNET) is a 4-year Bachelor of Engineering Technology degree. Dubai has a critical need for networking professionals, a demand which is being addressed by Canadian University Dubai through a program that combines a unique blend of technology and business subjects with an innovative balance between the practical and the theoretical background that employers need. The objective of the CNET program is to ensure that our students acquire the necessary knowledge, skills, and abilities to perform successfully in the modern world as network professionals. The foundation of our program will instill the knowledge necessary for life-long learning and a sense of professional responsibility that will enable students to continue their professional development throughout their careers.

Program Name: Bachelor of Computer and Networking Engineering Technology (CNET)

Credential: Bachelor Degree Program

Duration: 4 Years (8 Semesters)

Credit Hours: 132 Credit hours, including 3 credit internships

Start Dates

Benefits:

A modern educational approach and state-of-the art training in:

- Database Driven Web Applications
- LAN and WAN Technologies
- Network Security and Administration
- Network Operating Systems
- Wireless Networks
- Voice Over IP
- Entrepreneurship in New Economies
- Integrative Projects in Vertical Markets
- Communications Skills
- Critical Thinking and Problem Solving
- Internship in the Workplace
- Preparation for Industrial Certifications such as CCNA, Network+ and MCSA.

46.4.4. Department of Electrical Engineering

46.4.4.1. Bachelor of Science in Telecommunication Engineering

Description:

Telecommunication is a discipline in its own right. While other electrical engineering programs provide only limited insights into this specialty, Canadian University Dubai's Bachelor of Science in Telecommunication Engineering takes a fully integrated approach to the science and engineering of all that makes communication through electronic devices possible.

The Telecommunication program will provide you with the knowledge required to design, implement, operate, and manage telecommunication systems that process and carry out the transmission of data, voice and video signals over wireless and optical networks. Alongside a theoretical education, you will gain technical and practical skills to help you develop into an engineering professional, ready to contribute to the economic, social, and technological development of the business community.

Program Name: Bachelor of Science in Telecommunication Engineering (BSTE)

Credential: Bachelor of Science Degree Program

Duration: 4 Years (8 Semesters)

Credit Hours: 138 Credit Hours

Start Dates: Fall, Spring, and Summer

Benefits:

As a Telecommunication Engineering student at Canadian University Dubai you will have hands-on experience in the University's state-of-the-art telecommunication labs, as well as the opportunity to contribute to faculty research projects. You will benefit from exposure to industry professionals through free tutorials and workshops delivered by international companies.

On graduating from the program, you will have a strong practical and theoretical background in Telecommunication Engineering and will be prepared to enter the workforce with a fully accredited Bachelor of Science degree.

Career opportunities:

The Telecommunication Engineering program opens the door to a wide spectrum of career options and opportunities for further advanced studies. Career paths in Telecommunications include:

- Telecommunication Systems Engineer
- Telecommunication Designer
- Telecommunication Networks Engineer
- Telecommunication Consultant
- TV and Radio Broadcast Engineer
- Computer Networks Engineer
- Next-Generation Networks Designer
- Radio Frequency Engineer

Study Plan of the Bachelor of Science in Telecommunication Engineering

46.4.5. Department of Architecture

46.4.5.1. Bachelor of Architecture

Description:

Architecture combines art, science and technology in the creation of designs that shape our physical environment. Alongside a creative and analytical mind, professional architects require an understanding of the social, economic, legal and constructional environment in which they work.

The Bachelor of Architecture degree program will provide you with a good understanding of the functional areas of Architecture, including design tools, design methodologies, and design philosophies, allied with decision-making and effective presentation processes. It will develop your knowledge of professional architectural and ethical values and introduce you to the operating environment of architectural practice. Throughout the program you will form a good understanding and proven ability in the fundamentals of architectural design, enhance your abilities in graphic and oral communications and develop detailed knowledge of building systems, codes and appropriate technology and materials, as well as an appreciation of, and sensitivity towards, ecology and the environment.

Credential: Bachelor Degree Program

Duration: 5 Years (10 Semesters)

Credit Hours: 170 Credit Hours

Start Dates: Fall, Spring, and Summer

Benefits:

The Bachelor of Architecture program aims to support you in obtaining local professional registration, while at the same time enabling you to match the requirements of professional licensing with international associations. As a student of Architecture at CUD, you will also have the opportunity to take inspiration from a world-renowned architectural environment, as the University campus stands in close proximity to Dubai's iconic skyline, including the world's tallest building, the Burj Khalifa.

Career Opportunities:

With a Bachelor of Architecture degree, you will be equipped to pursue opportunities in the following:

- Architecture, Urban Design, Landscape and Interior design consultancies
- Real estate consultancies
- Construction & Project Management
- Government offices (Ministries and Municipalities)
- Facility Management
- Master degrees in Architecture, Urban Design, Landscape and Interior design
- Teaching positions in the related discipline

Study Plan of the Bachelor of Architecture

46.4.6. Department of Interior Design

46.4.6.1. Bachelor of Science in Interior Design

Description:

Interior Design is a profession that requires creativity, versatility and a solid educational foundation. At CUD, the degree program curriculum will provide you with the core requirements in the various disciplines of Interior Design, with a strong focus on their professional application.

As an Interior Design student, you will learn about the functional areas of the profession, including design tools, design methodologies and design philosophies, allied to decision-making and effective presentation processes. The program will develop your creative and analytical skills, advance your knowledge of professional design and ethical values, and enhance your abilities in graphic and oral communication. You will acquire knowledge of interior building systems, codes and appropriate materials, and cultivate a proven ability in the fundamentals of interior design, while developing your understanding of the economic, social, constructional, and legal environments in which the practice of interior design operates.

Credential: Bachelor Degree Program

Duration: 4 Years (8 Semesters)

Credit Hours: 134 Credit Hours

Start Dates: Fall, Spring and Summer

Benefits:

The Bachelor of Science in Interior Design program aims to support you in obtaining local professional registration, while at the same time enabling you to match the requirements of professional licensing with international associations. CUD's dedicated design studios allow students of the program to apply their theoretical learning through practical assignments that provide an insight into professional projects in the field.

Career Opportunities:

With a Bachelor of Science in Interior Design you will be equipped with a wide range of design skills that will open up opportunities in the following:

- Architecture, Interior design, Event and Exhibition Design consultancies
- Master degrees in Interior design
- Teaching positions in the related discipline
- Government offices (Ministries and Municipalities)
- Real estate consultancies
- Project Management
- Facility Management

47. Internship

The student internship may be a required part of the program curriculum. Whenever it is part of the program, the purpose of an internship is to provide Canadian University Dubai students with an opportunity to have professional work experience in a setting related to the student's major, program objectives, and career goals. An internship is a way for students to gain practical, on-the-job experience in business, industry, or governmental agencies. Canadian University Dubai considers student internships as an important bridge between students and the careers that they are studying to enter. Simultaneously, an internship introduces public and private organizations to students that might fit their field of interest, skills, and training for possible future placement.

47.1. Place of Internship

The internship place will be approved by Canadian University Dubai Internship Office so that it matches the area of specialization of the internee and meets the program's internship objectives and requirements.

In the case of students who are already working in an organization, the place of internship is decided based on the following features:

- If the current work and job specification coincide with the intern's area of specialization, then the current place of employment will be chosen for the internship, and the employer in charge of the internee will have to function as the field supervisor; he or she will need to supervise a well-defined internship project to ensure that the internee not only applies the concepts learned but also that the work place benefits from the internee's project.
- If the current work and job specification do not match the internee's area of specialization, then the internee should switch to an alternative department in the same firm or transfer to another firm which offers appropriate internship opportunity matching the area of specialization, chosen by the Internship Office.

It is the Internship Office's responsibility to place students according to Canadian University Dubai's internship regulations. Students should refer to the Internship Manual available at the Student Services office for more information.

47.2. Requirements and Guidelines for Internship

A student applying for internship should fulfill the following requirements:

1. Have completed all the credit hours required as stipulated in the program study plan.
2. Satisfy the minimum Passing Actual Cumulative GPA. Students should refer to their program passing GPA requirements.
3. Adhere to both the training guidelines and regulations of the organization providing the internship.
4. In case the number of qualified candidates exceeds that of openings available, priority will be given to the candidates with the highest GPAs. Moreover, these openings will be distributed amongst the programs according to the assigned percentages.
5. In case a student cannot be placed by the University, the University is open to allow students to propose an organization for internship. Thus the University encourages all students to take initiatives in finding appropriate placements to help the University guarantee internship for everyone.

No exceptions are permitted under any circumstances in any of the aforesaid requirements for internship.

47.3. Absences During Internship

A failure grade (FA) will be automatically assigned if a student is absent for four (4) working days during the Internship program without pre-approved justification.

47.4. Evaluation

The academic supervisor discusses the student's weekly report with the student, as well as with the field supervisor to ascertain to what extent the intended goals of the Internship program have been met.

The field supervisor prepares an evaluation report detailing the presence, performance, seriousness, and commitment of each student.

The academic supervisor evaluates the performance of each student during the internship period relying on the student's and field supervisor's weekly reports and also evaluates the organization providing the internship.

The academic supervisor is responsible for assigning a pass/fail grade for each student based upon each student's overall performance. A pass grade is assigned when the evaluations of the academic supervisor and field supervisor are both satisfactory. In this case, the course credits will be granted to the student without affecting the CGPA.

47.5. Overall Objectives for Academic Departments

Each academic program has specific learning objectives and has set up its own goals for the internship, specifying the training program that fits students and program goals. Each Department makes available to the students through the Student Affairs Office the following:

- Internship Manual;
- Specific internship goals;
- List of public and private organizations with appropriate consultants for internship;
- Knowledge and skills to be gained by the trainees at the end of the internship period;
- Evaluation techniques used to assess the trainee's progress; and,
- Specific requirements and guidelines if available.

47.6. The Role of the Student Affairs Office in the Internship Placement Process

Internships integrate the academic theoretical environment with real-life practice through a carefully monitored effort that requires the close cooperation between the academic supervisor and the field supervisor. The Student Affairs Office also plays a crucial role in coordinating the internship placement.

The role of the Student Affairs Office concerning internships is to:

- Contact organizations to seek and ensure internship opportunities.
- Assess these organizations with faculty members from the Departments to examine the training programs available as well as the potential and capabilities of these organizations in term of structure, staff and resources.
- Provide guidelines to students to be followed and the duties to be performed by them during the training period.
- Set up an introductory visit for the student at the training site before the beginning of the internship program.
- Follow-up the program during the training period with the collaboration of the academic and field supervisors.
- Create a file for each student and send it to the participating organization in the internship before the training period. This file should contain: student's transcripts; a copy of the student's passport; student's curriculum vitae; and, the student's training program.

47.7. Monitoring of the Internship Program

A list of students who are nominated for an internship is provided by the Office of the Registrar according to the requirements and guidelines for internship before the end of the registration period. Students are required to complete an Internship Registration form available at the Student Affairs Office.

Next, the academic advisor is required to make an introductory visit to the companies providing internship (if possible with the concerned student) one week prior to the start of the internship program, meet the field supervisor to discuss the internship goals and objectives and develop the company tentative internship plan of activities that the student will undertake during his internship program.

The Student Affairs Office, with the coordination of each Department to organizes an internship workshop a minimum one week prior to the start of the internship program during which the academic advisor explains to the internists the internship goals, requirements, benefits and the evaluation policies. In addition to answer all academic issues related questions raised by internists. The Student Affairs Office representative provides the internship students with the following documents:

- Internship tasks schedule.
- Letter of notification including the necessary details regarding the internship placement.
- Internship forms to be used during the internship program.

The academic advisor is required to provide the Student Affairs Office with weekly visit schedule to the internship sites. The academic supervisor, in coordination with the field supervisor will follow-up the student's training progress on the site.

47.8. Internship Regulations for Students

All students are expected to comply with the following:

- Act in a professional manner consistent with the regular employees of the company;
- Comply with all rules and regulations of the workplace;
- Attend the workplace according to its normal working hours;
- Attend all training sessions;
- If a student is absent for four (4) working days of the internship program without approved justification, a failure grade (FA) will be automatically assigned;
- Carry out all legitimate duties assigned by the field supervisor;
- Demonstrate a spirit of cooperation with his/her supervisor and other employees;
- Sit with the academic advisor during each weekly visit to provide him/her with the weekly report and discuss the weekly activities accomplished;
- Demonstrate professionalism and appropriate work ethics;
- Show confidence, take initiative and maintain confidentiality;
- Accept criticism and take responsibility for work submitted;
- Be a team player – this is another opportunity to acquire new skills; and,
- Respect and appreciate people of different culture, race, religion and ethnicity.

To ensure that all parties understand the rules and policies that govern the internship, the University invites all its students to familiarize themselves with the Internship Student Manual handed over along with the Student Handbook and Student Catalog at the time of registration and found on Canadian University Dubai website at www.cud.ac.ae

48. Fees & Payments

*Estimated 1st Year Costs Based on Full Time Studies**

**Application Fee included*

48.1. Faculty of Communication, Arts and Sciences

48.1.1. Department of Communication

Accredited Programs	Fee per Credit Hour	Fee per Course (3 Credit Hours)	Tuition per Year	Incidental Fees	Total per Year*
Bachelor of Arts in English Language & Translation	1,950.00	5,850.00	58,500.00	2,130.00	AED 60,630.00
Bachelor of Arts in Communication in Journalism	1,900.00	5,700.00	57,000.00	2,130.00	AED 59,130.00

Bachelor of Arts in Communication in Public Relations	1,900.00	5,700.00	57,000.00	2,130.00	AED 59,130.00

- Rates are subject to change based on the introduction of the Value Added Tax in the UAE
- Actual tuition fees are paid based on credit hours taken per semester
- Canadian University Dubai reserves the right to revise its prices annually up to a maximum of 10%
- Prices effective July 1st, 2017

48.1.2. Department of Environmental Health Sciences

Accredited Programs	Fee per Credit Hour	Fee per Course (3 Credit Hours)	Tuition per Year	Incidental Fees	Total per Year*
Bachelor of Science in Environmental Health Management	2,095.00	6,285.00	62,850.00	2,130.00	AED 64,715.00
Bachelor of Science in Health Organizations Management	2,095.00	6,285.00	62,850.00	2,130.00	AED 64,715.00
Bachelor of Science in Health Information Management	2,095.00	6,285.00	62,850.00	2,130.00	AED 64,715.00
Associate Degree in Food Safety	2,250.00	6,750.00	67,500.00	2,130.00	AED 69,630.00

48.2. Faculty of Management

48.2.1. Undergraduate Program Fees

Accredited Programs	Fee per Credit Hour	Fee per Course (3 Credit Hours)	Tuition per Year	Incidental Fees	Total per Year*
Bachelor of Business Administration in Marketing	2,100.00	6,300.00	63,000.00	2,130.00	AED 65,130.00
Bachelor of Business Administration in International Business	2,100.00	6,300.00	63,000.00	2,130.00	AED 65,130.00
Bachelor of Business Administration in E- Business	2,100.00	6,300.00	63,000.00	2,130.00	AED 65,130.00
Bachelor of Business Administration in Human Resource Management	2,100.00	6,300.00	63,000.00	2,130.00	AED 65,130.00
Bachelor of Business Administration in Accounting and Finance	2,100.00	6,300.00	63,000.00	2,130.00	AED 65,130.00
Associate Degree of Marketing	2,100.00	6,300.00	63,000.00	2,130.00	AED 65,130.00

48.2.2. Masters Program Fees

48.2.2.1. Pre-MBA

Students who possess a degree in a field other than Business must complete the non-credited pre-MBA program before joining the MBA program.

Number of Courses	Cost Per Course	Total
6	2,300.00	AED 13,800.00

Canadian University Dubai reserves the right to revise its prices annually up to a maximum of 10%

48.2.2.2. MBA Program

(Human Resource Management, General Management, Finance, Islamic Banking, Marketing)

- Actual tuition fees are paid based on credit hours taken per semester
- Canadian University Dubai reserves the right to revise its prices annually up to a maximum of 10%
- Prices effective July 1st, 2017

48.7. Payment Schedule

Tuition fees should be paid in full at the beginning of the academic year or paid each semester according to the number of courses in which the student is enrolled. A student's registration is not complete until they finalize their payment. A student who fails to make the required payment will not be eligible for registration in future sessions.

48.8. Refund Policies

48.8.1. Undergraduate Refund Policy

Once registered, students are academically and financially responsible for their course unless they officially withdraw by the given deadlines, outlined in the following table:

Withdrawal from a course within the first week of study	100% refund of fees paid
Withdrawal from a course before the completion of the second week of study	50% refund of fees paid
Withdrawal from a course after the completion of the second week of study.	0% refund of fees paid

**All incidental fees are non-refundable*

48.8.2. Masters Programs Refund Policy

Once registered, students are academically and financially responsible for their course unless they officially withdraw by the given deadlines, outlined in the following table:

Weekend - If a Student withdraws on the 1 st Day of Study	100% Refund of fees paid
Weekend - If a Student withdraws on the 2 nd Day of Study	50% Refund of fees paid
Weekend - If a Student withdraws on the 3 rd Day of Study	No Refund of Fees
Weekday - If a Student withdraws on the 1 st Day of Study	100% Refund of Fees Paid
Weekday - If a Student withdraws on the 2 nd Day of Study	50% of Refund of Fees Paid
Weekday - If a Student withdraws on the 3 rd Day of Study	No Refund of Fees

48.9. Payment Plans

Students may apply for a Payment Plan if they meet the eligibility criteria. Payment Plan applications must be received prior to the commencement of the Fall and Spring Semesters. The completed form must be received by the tuition payment deadline at Student Accounts in order to provide timely processing. The application must be accompanied by:

- A signed Application Form submitted to Student Accounts (available on the website);
- An upfront payment of 50% of course fees;
- An upfront payment for the Application Fee (non-refundable).
- A sign off from Student Accounts that there are no outstanding payments.

Once the Application Form is received, the University will make a decision within three working days from the date of receiving the application. Students will be notified through email of the success of their application.

** Note that Payment Plans are available on tuition fees only. Incidental fees such as the costs of Accommodation, visa, and activity fees are not eligible for payment plan and must be paid in full prior to any semester start.*

There will be two choices offered for the payment plan:

1. 50% upfront payment and a further 50% payment before the mid semester exams.
2. 50% upfront payment and a further 2 payments of 25% by before end of Week 9 of the Semester.

All payment plan payments must be current to remain on the payment plan through registration. All payment plans will be evaluated in October and March to see if payments are current. If payments are not current, there will be a hold on future registration until payments are caught up or paid in full.

48.9.1. Eligibility

Students may opt to go on to a Payment Plan under the following circumstances:

- They are in at least the second year of their degree;
- They are not in the MBA program;
- The student is not on Scholarship of more than 50% in value;
- They pay 50% of the semester tuition fee up front;
- There is no payment plan available for Summer sessions;
- They pay the application and Management Fees with the application; and
- No student will be accepted if they have **any** outstanding debts (these must be cleared before any Payment Plan application will be accepted).

49. Discount Policy

Canadian University Dubai values the establishment of a family bound by the ideals of the pursuit of scholarship, knowledge and professional advancement, as well as the acquisition of higher professional skills and emancipation through lifelong learning. Its program of Special Discounts encourages and promotes the access to its programs for family members of its students, government employees, as well as for its own employees and those of the EMIVEST Group.

49.1.1. Guidelines for Discounts

- New and existing undergraduate and Masters students may be eligible for one form of reduction in the cost of tuition each semester based on full admission to the University. Scholarships and different discounts may not be combined. The highest percentage value will be awarded.
- Students who have been awarded a reduction in the cost of tuition must be, and remain in, good financial and academic standing while taking a full course load of at least 12 credit hours.
- Discounts are not applied when there is an outstanding balance owing to Canadian University Dubai which is not paid by the last day to register without late registration penalties.
- Winners or those who qualify for a reduction in the cost of tuition may not appeal the decision of the University or the percentage or amount of reduction assigned. The decision to grant or deny a reduction in cost is final.
- Discounts are applied to the current semester of registration and cannot be deferred to future semesters or applied to previous semesters.
- Other related costs are not waived. The discount is applied to the cost of tuition only. A refund is not granted for the discount amount should the student drop or withdraw from a course.
- Exchange students and transfer courses to and from other institutions are not eligible for the discount.
- Applicants must provide evidence that they meet the minimum qualification for the discount.

49.1.2. Sibling Discount

Students having a brother(s) or sister(s) registered at the University will benefit from a 10% Discount on the tuition fees of the registered courses.

49.1.3. Spouse Discount

The husband or wife of a student registered at the University will benefit from a 10% discount on the tuition fees of the registered courses.

49.1.4. Government Employee Discount

49.1.4.1. Undergraduate Government Discount

Undergraduate students who are employed in government institutions will benefit from a 10% discount on the tuition fees of the registered courses.

49.1.4.2. Masters Government Discount

Masters students who are employed in government institutions will benefit from a 5% discount on the tuition fees of the registered courses.

50. Study in Canada and Abroad

50.1. Transfer to Canada

Have you considered starting your degree at Canadian University Dubai and transferring to a Canadian university after one or two years? Would you like to incorporate a period of Canada-based study in your degree?

One of our major goals at Canadian University Dubai is to provide a portal to Canadian education. Through our established partnerships with a range of Canadian higher education institutions, you can choose to transfer your credits earned at Canadian University Dubai to complete your degree in Canada, or take part in a student exchange or summer study camp program.

Beyond our formal partnerships we also have a well-established reputation in Canada and many of our students have transferred their credits to top Canadian institutions such as the University of Toronto, McGill University and the University of British Columbia.

To find out more about this opportunity or to apply please contact Mr. Sid Attou, sid@tud.ac.ae or 04-709-6153.

50.2. Transfer Options

Our Canadian pathway partners span from one coast of Canada to the other. That's over 5,000km! We are constantly adding new partnerships and articulation agreements; there's a lot of Canada to explore.

You can choose to:

- Transfer in the first or second year to one of our transfer partners and complete your degree in Canada.
- Spend an academic semester in Canada then return to the UAE to complete your degree with us.
- Participate in a summer program to enhance your English language skills and learn more about Canadian history and culture.
- Participate in an exchange program with one of our student exchange partners.
- Explore a range of other study abroad options.

Here are some of the advantages of transferring to Canada:

- **Lower Cost:** If you study in Dubai for one or two years, you do not have to pay the extra costs of housing and living in Canada for the first part of your education.
- **Stay with family and friends for an additional year or two to gain maturity:** It is challenging for an 18 or 19-year-old, fresh from high school, to transfer to a foreign university half way around the world. Studying at Canadian University Dubai for the first one or two years allows students the chance to mature before making the transition.
- **An easier transition to a foreign model of education:** There is no doubt that making the transition from one educational system to another can be difficult, we aim to make the transition easier. Our programs are based on the Canadian curriculum and our faculty is familiar with the learning styles in the region. They help students adjust to different standards and approaches.
- **A proven track record and acceptance of Canadian University Dubai credits at Canadian universities:** Our University has formal agreements with a wide range of universities and degree granting colleges confirming transfer options and arrangements.

50.2.1. Working in Canada

By transferring to Canada to complete your degree, you become eligible for the Post Graduate Work Permit Program. This allows a graduate with a Canadian credential to secure a work permit for up to 3 years. This program also helps graduates qualify for permanent residency.

50.2.2. Transfer Partners

The following institutions accept Canadian University Dubai credits as transfer credits. All programs have at least one formal partner in Canada (or the US for Architecture).

Athabasca University Transfer Program Business and Health

(hereinafter, AU) , based in Athabasca, Alberta, is Canada's leading open and distance learning university , and is dedicated to the removal of barriers to education. AU is a public post-secondary institution chartered by the province of Alberta, offering

Undergraduate and graduate degree programs.

Brock University – Transfer program in Communications

Located in the beautiful Niagara region of Southern Ontario, Brock University offers up to PhD level studies across a broad range of academic disciplines.

Centennial College – Transfer program in CNET, Health, Business and Communications

A Canadian based Community College located in Toronto, Ontario, Centennial College provides training courses for students of all backgrounds. It offers a comprehensive list of programs, from 1-year certificates to 2-year diplomas in addition to some specific 4 year applied degrees, and emphasizes practical experience with industry placements.

Douglas College – Transfer program in Business

With over 35 years of experience offering academic and career programs in Greater Vancouver, British Columbia, Douglas College offers Bachelors degrees, general university arts and science courses and is a recognized leader in career programs.

Lakehead University – Transfer programs in Engineering, Business and Health

Located in Thunder Bay, Ontario, Lake Head is an inclusive University recognized for its innovative programs and cutting-edge research.

University of Lethbridge – Transfer program in Business

Founded in Lethbridge, Alberta, the University of Lethbridge offers undergraduate and graduate programs where inspired teaching is emphasized within a personalized interactive learning environment. A place where student engagement in learning, creative activities, and research takes place every day.

University of New Brunswick – Transfer program in Business

Established in 1785, the University of New Brunswick is Canada's oldest English speaking university that offers up to PhD level study across a broad range of academic fields.

Niagara College – Transfer program in Business

Located in the famous Niagara Falls region of Ontario, Niagara College is a degree granting college with innovative applied programs in many fields including health and tourism.

University of Ontario Institute of Technology – Transfer program in Communication & Digital Media and Forensic psychology

Located in Oshawa, Ontario, the University of Ontario Institute of Technology offers many unique career-focused undergraduate and graduate programs within a high-tech learning environment.

Vancouver Island University – Transfer program in Business, Interior Design

Having three campuses across pristine Vancouver Island, Vancouver Island University offers an enriched and intellectually stimulating environment for students and employees.

Lawrence Technological University (USA) – Transfer program in Architecture

Lawrence Technological University is located in Southfield, Michigan, USA. It offers a range of undergraduate and graduate programs in Engineering, Architecture, Science, Mathematics and Business. Founded in 1932, it has consistently been ranked among the top Universities in the Midwest offering Masters Programs.

Queen's University, Ontario, Canada – Transfer program in Bachelor of Computing (Network Engineering Students)

Queen's University is a public research university located in Kingston, Ontario. It is one of Canada's oldest degree-granting universities, renowned for tradition, academic excellence, research, and a beautiful waterfront campus with modern facilities.

Wilfrid Laurier University – Transfer programs in Business and Health

For more than a century, Wilfrid Laurier University has been known for academic excellence. Laurier’s two campuses are in Waterloo and Brantford, and they also have a Faculty of Social Work in Kitchener and a weekend MBA program in Toronto.

Ryerson University, Canada

Ryerson University is a leader in innovative, career-focused education, with a long-standing commitment to engaging its community. A culturally diverse and inclusive institution, Ryerson is home to over 38,000 students across 100 undergraduate and graduate programs.

50.2.3. Exchange Partners

A short-term international educational exchange can be a life changing experience. We have formal agreements with the following institutions, which allow Canadian University Dubai students to undertake a period of study overseas.

University of the Fraser Valley, British Columbia, Canada

Located in the beautiful Fraser Valley, just east of Vancouver, the University of the Fraser Valley is a fully accredited, public university, recognized nationally for student success, an excellent learning environment and creative integration of programming.

Mount St Vincent University, Nova Scotia, Canada

Mount St Vincent University is recognized for its small class sizes and personalized approach to learning, offering a unique sense of community through on-campus classes and distance learning opportunities.

University of Prince Edward Island, Prince Edward Island, Canada

The University of Prince Edward Island is a public liberal arts and science institution committed to encouraging and fostering critical, creative, and independent thinking. Established in 1969, it has developed a growing reputation for research, innovation and academic excellence.

Ryerson University, Canada

Ryerson University is a leader in innovative, career-focused education, with a long-standing commitment to engaging its community. A culturally diverse and inclusive institution, Ryerson is home to over 38,000 students across 100 undergraduate and graduate programs.

University of Ontario Institute of Technology

Located in Oshawa, Ontario, the University of Ontario Institute of Technology offers many unique career-focused undergraduate and graduate programs within a high-tech learning environment.

Université Lumière 2, Lyon, France

Founded in 1973, Université Lumière Lyon 2 hosts nearly 30,000 students on its two campuses, offering programs from undergraduate to doctoral level across 13 teaching units.

Mahan Business School, Iran

Mahan Business School provides business management education programs to meet the needs of executives and managing professionals, to help develop their capabilities to successfully direct their businesses in a global environment.

جامعة دار الحكمة
DAR AL-HEKMA UNIVERSITY

Dar Al Hekma University, KSA

Established in 1999, Dar Al-Hekma University is a non-profit institution of higher education for women in Jeddah, Saudi Arabia, and a leading model of teaching and learning, both nationally and internationally.

Under this program you may visit a partner university for one or two terms. You will take courses at the partner university and those credits will be transferred back to your program at Canadian University Dubai. You will pay regular tuition fees for your program.

Admission is on a competitive basis. You must be in good academic standing and have completed 30 credits prior to departure to be admitted. The program is open to students in all academic programs.

To apply you must submit your transcript along with 2 letters of recommendation from faculty members, and a short statement indicating the reason you wish to participate in this program.

You will meet with an academic advisor prior to departure to select courses to ensure that credits earned are accepted as transfer credit towards your Canadian University Dubai degree.

Proof of Health Insurance and a Release of Liability form are mandatory.

The deadline for applications is September 20th for a January start and April 1st for a September start. To find out more about this opportunity or to apply please contact Mr. Sid Attou, sid@tud.ac.ae or 04-709-6153.

50.2.4. General Agreements

Canadian University Dubai has a number of general agreements with universities in Canada and elsewhere that may facilitate degree completion, student exchange, faculty exchange, and other activities.

These include:

Athabasca University, Alberta, Canada

As Canada's foremost Open University, Athabasca University provides comprehensive distance learning options to students from around the world. Athabasca University was Canada's first provider of distance and online university education, and it is still the largest of its kind. Athabasca University offers approximately 850 courses in more than 55 undergraduate and graduate programs.

Carleton University, Ontario, Canada

Carleton University is a dynamic research and teaching institution based in Ottawa, Ontario. Hosting over 24,000 students, it is dedicated to achieving the highest standards of scholarship, and encourages a hands-on classroom experience.

Dalhousie University, Nova Scotia, Canada

Dalhousie University is one of Canada's premier universities on the Atlantic Ocean in beautiful Halifax, Nova Scotia. Dalhousie University is internationally known as one of North America's most welcoming universities. Founded in 1818, Dalhousie is one of Canada's oldest universities, attracting more than 18,500 students from around the world. Located on Canada's East Coast, the university blends world-class academic programs with leading-edge research.

University of the Fraser Valley, British Columbia, Canada

University of the Fraser Valley (UFV) is a fully accredited, public university with around 15,000 students. UFV is recognized nationally for student success, an excellent learning environment and creative integration of programming.

University of Prince Edward Island, Prince Edward Island, Canada

The University of Prince Edward Island is a public liberal arts and science institution committed to encouraging and fostering critical, creative, and independent thinking. Established in 1969, it has developed a growing reputation for research, innovation and academic excellence.

Royal Roads University, British Columbia, Canada

Located in one of Canada's most beautiful National Historic Sites, Royal Roads University provides high quality, innovative, and applied post-secondary education to working professionals and career-focused students in Canada and around the globe. The programs offered at Royal Roads University provide learners with the tools and techniques required to be effective after graduation. The blended learning model of online courses and intensive, on-campus residencies lets a student use what they learn immediately.

University of Massachusetts Boston, Massachusetts, USA

The University of Massachusetts Boston is nationally recognized as a model of excellence for urban public universities. UMass Boston combines a small-college experience with the vast resources of a major research university.

Multimedia University, Kuala Lumpur, Malaysia

As the first private university in Malaysia, Multimedia University (MMU) developed the pioneering model for the successful establishment of private universities. MMU hosts 20,000 students from 75 countries across its two campuses.

President University, Bekasi, Indonesia

President University is located in Jababeka and has an international standard curriculum developed by world-class academics. All courses are conducted in English enabling students to think in today's global language.

EMLYON, Lyon, France

EMLYON is one of the longest established business schools in Europe. It is characterised by a spirit of entrepreneurship and is one of the few business schools to hold triple accreditation from EQUIS, AACSB and AMBA.

Curtin University, Perth, Australia

Curtin University is Western Australia's largest and most multicultural university with around 60,000 students from more than 130 countries. It offers a range of industry-aligned undergraduate and postgraduate courses in business, humanities, health, engineering and related sciences.

Mahan Business School, Tehran, Iran

Mahan Business School provides business management education programs to meet the needs of executives and managing professionals to help develop their capabilities to successfully direct their businesses in a global environment.

Dublin Business School, Dublin, Ireland

Dublin Business School (DBS) specialises in the provision of career focused business and law education as well as the delivery of contemporary programmes in the areas of arts, media, social science, humanities and psychology.

50.2.5. Summer English Courses Partners

Enroll in an exciting summer English programs at a partner university, the Summer English program can provide a unique opportunity to improve your English and explore Canadian culture, while living on the University campus during the beautiful summer season.

University of Prince Edward Island, Prince Edward Island, Canada

The University of Prince Edward Island is a public liberal arts and science institution committed to encouraging and fostering critical, creative, and independent thinking. Established in 1969, it has developed a growing reputation for research, innovation and academic excellence.

Renison University College, Ontario, Canada

Renison University College is a public institution located in Waterloo, Ontario and affiliated with the University of Waterloo. Renison offers degree courses in Social Development and Social Work, alongside a wide variety of language, culture, and arts classes, both for students at uWaterloo as well as community members who are not enrolled. Renison University College is a place to learn.

50.2.6. Frequently Asked Questions

- **Which Countries and Cities can I Transfer to?**

1. Canadian University Dubai has a great track record in transferring students to partner and non-partner universities across the world. Students should meet the admission criteria of the chosen university, and the program chosen should be similar to the one provided at CUD.
2. Canadian University Dubai has credit recognition agreements with institutions in Canada, please contact our international education office or visit <http://www.cud.ac.ae/international-education/study-canada>.

- **What are the Requirements?**

Each university in Canada has its own policy regarding admission requirements – students should meet the admission criteria such as the CGPA, Language requirement, course pre-requisites per individual school guidelines. In essence, it is a case by case basis. Contact our international office directly for all the admission requirements of the program you’re interested in.

- **What are the Fees?**

Studying abroad can be expensive, but Canada offers the lowest tuition rates for foreign students compared to the U.K., Australia, New Zealand and the U.S.

This means you can pursue your studies in a globally recognized program of your choice at one of Canada’s top universities for nearly half of what it would cost to attend an equally reputable program at a private U.S. university.

Tuition fees ranges from 15000\$ to 35000\$ CAD per academic year.

- **Accommodation and Living Expenses?**

Many institutions have accommodation located on or near campus. Dorms generally have a shared kitchen, bathroom, and laundry facilities. Some offer optional meal plans.

If you choose to live off-campus, prices may be lower but will include the additional cost of furnishings, hydro, electricity and/or other miscellaneous expenses.

Rent can depend on the location. Expect to pay from 400-1500 CAD per month, depending on the city.

- **Are There Any Scholarships Available?**

A variety of programs and funding is available to non-Canadians who want to study in Canada. For more information on specific scholarships, consult the website of the Canadian embassy or consulate responsible for your country.

The majority of Canadian universities offer some form of financial assistance for international students studying at the graduate level. Assistance may include:

1. Teaching/Department Assistantships
2. Research Funds
3. University Graduate Scholarships
4. External Scholarships
5. Bursaries

***The value of these awards will vary significantly by department as well as by institution. International students may also qualify for Canadian government financial assistance or external scholarships.**

Canadian University Dubai does not offer transferring students scholarships. Canadian governmental organizations offer students scholarships based on family academic grades, nationality, income and situation. Students are welcome to conduct research online.

- **Can I Obtain Citizenship in This Country?**

To work in Canada after you graduate, you can apply to have your student visa transferred to work permit, under the Post-Graduation Work Permit Program (PGWPP). If you want to stay in Canada as a permanent resident after you graduate, there are a number of programs available, each with its own requirements please visit <http://www.cic.gc.ca/english/study/work-postgrad.asp>;

It is currently easier to become a Canadian citizen through studies in Canada than it is as a refugee or immigrant.

- **What Is The Min. Canadian University Dubai Transfer GPA For Partner Universities? Non-Partner Universities?**

Admission is competitive. In the past, the average for admission has ranged from a 3.0 CGPA to a 3.90 CGPA depending on the program and university chosen.

- **Minimum Canadian University Dubai IELTS / TOEFL Scores**

Generally, we advise students to pursue a IELTS exam score as it is an international standardized score;

The table below demonstrates the minimum requirements; some programs may require a higher score. Please contact international education office for more information (institutional TOEFL is NOT accepted):

Test	Minimum Score - Admission
Test of English as a Foreign Language (TOEFL)*	237 (computer-based) 90 (iBT) and no lower than 20 in each band
International English Language Testing System (IELTS)	6.5 overall and no lower than 6.0 in each band
Michigan English Language Assessment Battery (MELAB)	81
Canadian Academic English Assessment (CAEL)	70

- **Residence and/or Apartment Rental – Does Canadian University Dubai Help With Relocation?**

Once you have received your acceptance from a university, they will provide you with all necessary information about accommodation.

- **Visa Processing?**

VISA applications need to be completed in person by the student – as per Canadian laws and regulations. Please visit for the complete information.

<http://www.cic.gc.ca/english/study/index.asp>

- **Flight Discounts – Does Canadian University Dubai Offer Flights or Help with Bursaries for the Cost of Travel?**

No, Canadian University Dubai cannot assist students wishing to transfer to Canada with discounts, bursaries and/or scholarships. However, students can liaise with their university of choice as some universities do provide discounted flights for international students.

- **Can a Student Re-Transfer Back Credits Taken at a Foreign University if they Choose to Come Back and Complete their Degree at Canadian University Dubai?**

Yes, so long as the courses taken at the university fit into Canadian University Dubai's programs, please get in touch with your academic advisor for more information.

- **What Programs are Compatible Between Canadian University Dubai and its Partner Universities?**

Please refer to our website for all the agreements: <http://www.cud.ac.ae/international-education/study-canada>

- **Will Students Lose Any Credits and/or Years if Transferring to a Partner University?**

Some transfer credits granted may not fit into a degree dependent on the program of choice. New students should make an appointment with the international education office as this is dealt with on a case-by-case basis.

Canadian University Dubai can only make recommendations and guide the student wishing to transfer – however students need to understand that the partner university may not approve all of the credits and may ask the student to retake a credit from a lower year or prerequisite.

51. Summer Study Abroad Opportunities

Several of our faculty members have taken an entire class abroad to deliver a Canadian University Dubai course while exposing the class to a foreign country and its culture. These Study Abroad courses are usually offered in the summer time and may combine class time at our campus in Dubai with overseas delivery or the courses may be delivered entirely overseas.

Architecture courses or educational study trips have been offered in Germany and Italy.

Many of our partners have the capacity to provide local support to such initiatives. These can include airport pickup, residence and meal plans, guest lectures, cultural and social tours etc. If you are a student and are interested in taking part in such a course, speak to the Leader of your program.

52. Student Exchange Programs

A short-term international educational experience can be a life changing event.

Canadian University Dubai has student exchange programs with the following universities:

- **Mount St Vincent University (Halifax, Canada)**
- **University of the Fraser Valley (Abbotsford, BC, Canada)**
- **Girne American University (Northern Cyprus and Canterbury, United Kingdom)**
- **ESC-TROYES, (Troyes, France)**

Under this program you may visit a partner university for one or two terms. You will take courses at the partner university and those credits will be transferred back to your program at Canadian University Dubai. You will pay regular tuition fees to Canadian University Dubai.

Admission is on a competitive basis. You must be in good academic standing and have completed 30 credits prior to departure in order to be admitted. The program is open to students enrolled in all of our academic programs.

To apply you must submit your transcript along with one letter of recommendation from a faculty member, and a short statement indicating the reason you wish to participate in the program.

You will meet with an academic advisor prior to departure in order to select courses that ensure that the credits you earn are accepted as towards your Canadian University Dubai degree.

Proof of Health Insurance and a Release of Liability form are mandatory.

To find out more about these opportunities, or to apply please contact us at: studyabroad@cu.ac.ae.

53. Centre for Continuing Education and Life Long Learning

53.1. Continuing Education

- English Placement Testing
- English for Academic Purposes (EAP) Courses
- Mathematics for Academic Purposes Courses
- TOEFL / IELTS Testing
- Foundation Program

53.2. English Placement Testing

Students' enrolling at Canadian University Dubai who do not satisfy the English language proficiency requirements for their program must enrol in an English for Academic Purposes course. All students, irrespective of their level, must provide results of a valid, approved English proficiency exam such as IELTS or TOEFL, or another independent, Ministry-approved English language testing system, before they register. Students who do not supply evidence of an approved English proficiency test result will automatically be placed in the basic level English for Academic Purposes course (EAP – 101).

53.3. English for Academic Purposes (EAP)

Background Information

The English for Academic Purposes (EAP) program is provided to students who have the academic credentials to join a university program, but have yet to demonstrate that they meet the English language proficiency requirements.

The EAP program is an intensive University level certificate, specifically designed to help you prepare for academic life and achieve the necessary English language standards to progress in our academic programs.

EAP Courses

The EAP course you take will depend upon your English language skills at the time of entry. You will need to provide a valid IELTS or TOEFL test score prior to registering for EAP, to ensure that you enter the appropriate program. Without a valid test score, you will automatically be placed in EAP - 101.

The course content for each EAP program is designed to take you from your current level to the corresponding Target IELTS or TOEFL score, in the designated time period, as outlined in the following table.

Program	Duration in Weeks	Hours per Week	Pre-requisite	Target IELTS Score or Equivalent	Tuition Fees
EAP-101-A (Arabic Stream Communication Students)	6	12	N/A	4.5	AED 4,320.00
EAP - 101	12	15	Below IELTS 4 or TOEFL 400	5.0	AED 10,800.00
EAP - 201	12	10	IELTS 4.0 or TOEFL 400-449	5.0	AED 7,200.00
EAP - 301	6	12	IELTS 4.5 or TOEFL 450-499	5.0	AED 3,600.00
EAP-401	6	6-9	IELTS 5.0-5.5 or TOEFL 500-550	6.0	AED 7,200.00

* Prices effective July 1st, 2017

*Canadian University Dubai reserves the right to revise its prices annually up to a maximum of 10%

Program Overview and Learning Outcomes

Our EAP classes are delivered in a friendly, multicultural environment, are student centered, and university-program tailored. Courses are run in conjunction with the University Academic Calendar; please contact the EAP Coordinator for details.

Participants work collaboratively with their instructors and peers to improve their reading, writing, listening and speaking skills in English through a number of up-to-date teaching methodologies. Participants also study academic skills such as note-taking, presentation delivery, and critical thinking. EAP students are encouraged to become involved in University life and to feel part of the learning community.

Unique opportunities for EAP students include:

- A pen pal system with instructors and existing students at Canadian University Dubai to practice fluency in writing.
- Access to the EAP program website and online forum, where additional language practice and class updates are available (i.e. Moodle).
- An extensive reading program for students who enjoy English literature.
- Use of state-of-art resources and technology.

Registration

Students can register through the Registration Office. Please contact us directly for more information by calling the recruitment office on +971 (0)4 3219090.

EAP Course Descriptions

EAP 101-A: (Arabic Stream Communication Students) Beginner Level - 12 hours per week

This is the start level for students have only a fundamental grasp of the English language. The skills of reading, writing, speaking and listening are all explored in an interactive way. Basic words and phrases are taught in a way that reflects communication in the English language on a day to day basis. The course focuses on simple communication processes. *Prerequisite:* N/A

EAP 101: Basic Level - 15 hours per week

The aim of this level is to improve the four skill areas: reading, writing, speaking and listening. The course will focus on introducing vocabulary, developing basic reading skills of simplified texts, improving listening and conversation skills and introducing the mechanics of writing to develop writing accuracy at the sentence level. **Prerequisite:** Below IELTS 4 or TOEFL 400.

EAP 201: Intermediate Level - 10 hours per week

This level focuses on academic preparation in a combined reading/writing course, oral communications and grammar. It also expands the existing proficiency in speaking, writing, reading and listening. Students will build their vocabulary, acquire academic reading strategies and write organized paragraphs and write grammatically correct sentences. **Prerequisite:** IELTS 4.0 or TOEFL 400-449

EAP 301: Advanced Level - 12 hours per week

This course will improve the four skill areas with emphasis on reading and writing short essays to prepare students for IELTS or TOEFL exams quickly and efficiently. It will also prepare students to join and succeed in major University courses by developing University level vocabulary and using various reading strategies through authentic texts to increase reading speed and comprehension. **Prerequisite:** IELTS 4.5 or TOEFL 450-499

EAP 401: Upper-Advanced Level - 6 to 9 hours per week (72 hours total)

This course is designed to improve the four skill areas of listening, reading, writing and speaking, and prepare students seeking post-graduate studies, such as the MBA, or students seeking university entrance abroad, to achieve a band 6.0 or higher in IELTS or an equivalent score in TOEFL, quickly and efficiently. The course comprises of classroom instruction with an online learning component, designed for optimal results and success. **Minimum Prerequisite:** IELTS 5.0-5.5 or TOEFL 500-550

53.4. Mathematics for Academic Purposes

Background Information

Courses are offered to students who do not yet have the necessary mathematical background or knowledge to successfully undertake Credit Math's Courses. This is an intensive University level certificate program designed to prepare the student for those Courses.

Classes are delivered in a friendly classroom environment where students will collaborate with their colleagues and the teacher. Extra tutorials are available for those students who feel they require extra help.

Registration:

All students with the exception of those on Communications Programs are required to complete a Math's Skills Test prior to attempting Credit Math's Courses. Students who pass the test will proceed directly to Credit Courses. Students who are unsuccessful will be required to take either MTH 011, College Algebra for those students who are registering for Business or Health Courses or MTH 012 Pre- Calculus for those registering for Architecture, Interior design or Engineering Courses.

For students who have a low score on the Math's Skills test there is a Foundation Math's Course MTH 010. Students who take this course and pass will then be eligible to move forward to College Algebra or Pre-Calculus.

Students can register for the Test at the Office of the Registrar.

Program Duration			
Math's Courses run in conjunction with the University Calendar, however during the Summer Session the course is condensed. Please contact the Continuing Education Department for further details.			FEES
MTH 010	9 hours per week	Over 6 Weeks	AED 3,850
MTH 011	3 hours per week	Over full Semester	AED 3,850
MTH 012	3 hours per week	Over full Semester	AED 3,850

(Students who pass MTH 010 will proceed to MTH 011 or MTH 012 over the second half of the Semester (6 hours per week))

*Prices effective July 1st, 2017

*Canadian University Dubai reserves the right to revise its prices annually up to a maximum of 10%

Program Overview and Learning Outcome

Students will work from a prescribed textbook utilizing the exercises to augment their Mathematical Skills. Course Tutor will supervise the learning and pace it at the level of the individual student, supplementing the learning with weekly tutorials. Assessment will be through regular home works, quizzes, a mid-term test and a Final Examination.

MTH Course Descriptions:

MTH 010 Foundation Mathematics

This “Crash” course is a mathematics course in basic numbers, algebra, shapes and Statistics and probability. The course is intended for those students who failed both parts of the mathematics placement test below 40%. It aims at building up the confidence and basic knowledge of students in order to enable them to cope with further mathematics and statistics courses.

MTH 011 College Algebra

This course is a mathematics course in basic algebra and trigonometry. The course is intended for those students who failed both parts of the mathematics placement test. It aims at building up the mathematical foundations of students in order to enable the students to cope with further mathematics and statistics courses.

MTH 012 Pre-calculus

The course covers the necessary background in algebra and trigonometry for engineering and architecture students to prepare for the standard university calculus sequence and to understand the graphing and function analysis required for calculus. The course is designed to students who, have taken the college preparatory courses in high school but are not quite prepared to do the type of analysis required to successfully complete a university calculus sequence.

53.5. TOEFL / IELTS Testing

All Academic programs at Canadian University Dubai have an English proficiency requirement; we are able to offer a convenient on campus Institutional TOEFL and IELTS exam service for all prospective and currently enrolled students. The Institutional TOEFL test assesses a students' proficiency level in three different skills — reading comprehension, listening comprehension, and structure and written expression. Tests are carried out on a regular basis and dates are published in advance on our website. Students may also obtain additional information on pricing, timings and apply for the test through the Office of the Registrar.

53.6. Foundation Program

Aims of the Foundation Program

The aim of the Foundation Program is to provide courses in English Language, Arabic Language, Mathematics, Information Technology and General Study Skills (Personal Professional Development) to national and non-national students who hold a UAE High School Certificate, but have not met the minimum of 60% required for direct entry to higher education.

Foundation Program Structure

The Foundation Program is 'Outcome-Based', to meet the learning outcomes and skill competencies as prescribed by the Commission for Academic Accreditation (CAA). The curricula are set for the various components to include sets of learning outcomes, associated methods of instructional delivery, and assessment for measuring achievement of the outcomes.

The Foundation Program will comprise five core components (courses):

- English Communications
- Arabic Communications
- Mathematics (I and II)
- Information Technology
- General Study Skills

The Mathematics components will be available in two distinct pathways. Mathematics I will accommodate the need of learners intending to advance into arts/humanities/design and selected business programs. Foundation Mathematics II will be appropriate for those who wish to move into Higher Education programs in science/technology/engineering and the more quantitative business programs. The specific eligibility of students entering and graduating from each of the two Mathematics pathways will be determined by the receiving institutions.

Students intending to progress into Higher Education programs delivered in Arabic, would be required to undertake the English Communications component, but the exit standard would be TOEFL 400 (Paper-Based Test) or equivalent score in an internationally recognized test approved by the Commission.

No credit will be awarded for the program or components within the program. A final certificate will be awarded by the participating licensed institution to students successfully completing all courses, and this certificate will be recognized by the Ministry of Education – Higher Education Affairs.

CAA Standards

The Commission for Academic Accreditation (CAA) will provide standards for the 'Learning Outcomes' and 'Assessment' in each of the areas of learning and the 'Resource Requirements', including teaching staffing criteria and their appropriate qualifications. The objective of the Foundation Program will be to provide a preparatory program that meets the minimum standards required for students to progress onwards into non-federal higher education institutions in the UAE. The exit standards of the Foundation Program may not teach the levels required for entry to some private HE institutions in the UAE, where the admission requirements defined by the CAA Standards have been exceeded for valid reasons.

Furthermore, institutions may not admit students who complete the Foundation Program into specific programs such as Medicine or Dentistry, where admission requirements exceed the expected outcome level of the Foundation Program. It will be the prerogative of each HE institution to determine the appropriate entry credentials as they do currently.

It is anticipated that the institutions will develop their own curriculum, instructional methodology and assessment schemes, and present these to the CAA for initial approval. The Commission will evaluate the full program in a single initial review. The Program will then be subject to periodic review on the same cycle as stipulated for program accreditation in the CAA Standards for Licensure and Accreditation.

Assessment

Methods of assessing the program components will be a combination of formative and summative techniques as appropriate to the component discipline.

Entry and Exit Standards

Admission requirements to the tertiary non-federal institutions are prescribed by the Commission for Academic Accreditation in the Standards for Licensure and Accreditation. The transition into vocational institutions may be subject to some variations as stipulated in the Standards for Licensure and Accreditation of Technical and Vocational Education and Training. The minimum admission standards into Higher Education have guided the exit criteria for the Foundation Program.

Two principals will be followed in considering the assessments strategies and exit standards for the Foundation Program:

1. The standard examination for each of the components should be taken by students at the start and end of the program. This will provide a basis for placement within appropriate levels of the respective courses (where applicable) and will, in due course, directly measure the progress achieved over the duration of the program.
2. The exit standards will be based upon levels of achievement expected within High School Certificates and those measures prescribed by the CAA for admission to Higher Education in its Standards for Licensure and Accreditation.

Program Duration

The Foundation Program will be designed such that it can be delivered in full-time mode within two semesters in its complete form. No extension on this time-frame will be acceptable. A minimum number of students are required to launch a cohort.

53.7. Corporate Training

Experienced University faculty and certified trainers prepare and conduct a range of tailored management consulting and corporate training services, professional courses and certificate programs, as well as academic preparation courses. Most of the experts affiliated with corporate training at Canadian University Dubai are Canadian, American or European educated, and they have experience and knowledge of the GCC. They come with international expertise in Management, Engineering, Architecture, Islamic Banking, Finance, Environment, Healthcare Management, Interior Design, English Language and Translation, Communications including Public Relations, Journalism and Advertising.

Training programs offered at Canadian University Dubai are non-credit and consist of activities conducted over a number of days, typically 3-5 days, for 6-7 hours a day. Training sessions are highly interactive and include group work to solve a selection of case studies and exercises, as well as role play sessions to practice a range of skills. Training videos and other training materials are widely used to support lectures. The carefully prepared content helps participants keep in touch with best practice in the field. They offer access to the latest training programs needed for various functional areas such as Sales & Marketing, Human Resources, Accounting, and Customer Service from the administrative to the executive level.

Custom made training and off-the-shelf programs can be implemented to suit the particular needs of individuals and corporate clients. For more information, please visit www.cud.ac.ae/corporate-training

54. Research at Canadian University Dubai

Canadian University Dubai is a research-focused institution, with a broad portfolio of academic expertise. Across our Faculties and Departments – Management, Communication, Environmental Health Sciences, Electrical Engineering, Computer Engineering and Computational Sciences, Architecture and Interior Design – the University has made a significant contribution to the wider research community.

54.1. Goals & Objectives

The research initiatives and projects conducted at Canadian University Dubai are aimed at:

- Providing a means to reach out to student communities, practitioners in the workplace, and the business community and to raise awareness of the great opportunities and important challenges that research at Canadian University Dubai offers.
- Fostering and facilitating a broad multi-disciplinary involvement and an inter-disciplinary collaboration.
- Creating a web-based resource repository to facilitate research, education, and outreach to the student community.
- Stimulating industry/business/community interest and investment in university research by showing clear pathways to business benefits of research results.
- The success of the research initiatives at the University will be measured by:
- Collaboration with government institutions, industry and other stakeholders to engage in research activities that have a direct impact on the UAE economy and society.
- Engaging our students at all levels into research, to gain broader knowledge and good understanding of the nature and importance of research in their field and education.
- Providing an enabling research environment to the faculty and student body in order to remain both research-active and competitive.
- Organizing International Conferences and Workshops to serve as forums for researchers and practitioners to exchange, network, present and discuss their work, as well as to contribute to the expansion of knowledge and to encourage research initiatives among the community of the University.

54.2. Research Partnerships

Through the Office of Research Services, Canadian University Dubai continually seeks to foster research collaborations with both academic and business partners to generate knowledge that will be of benefit to wider society. This provides a unique opportunity for researchers within the University to contribute to first class research programs in collaboration with their peers in Canada, the US, Europe, Asia and other international settings.

Research initiatives are implemented in close collaboration with partner universities from Canada, including:

- University of British Columbia;
- Lake Head University;
- University of Windsor;
- University of Regina;
- The University of Western Ontario.

Additional research partnerships have been initiated with:

- Columbia University in the City of New York;
- Multimedia University of Malaysia;
- EMLyon Business School in France;
- The Qatar Foundation in Qatar.

These partnerships make the university a portal to Canadian and other international education systems and give Canadian University Dubai a global stature.

54.3. International Conferences

As part of its research agenda, Canadian University Dubai regularly organizes conferences and workshops that bring together both researchers and practitioners to share their experience and expertise on an international stage. These workshops enable multidisciplinary collaboration across diverse research areas with industry and businesses, both regionally and globally.

Canadian University Dubai has successfully organized the following conferences:

- International Conference on Leadership, Innovation and Entrepreneurship as driving forces of the Global Economy (ICLIE), April 20th-22nd, Atlantis The Palm, Dubai, UAE <http://www.iclie.com>
- International Conference on Web & Open Access to Learning, November 25th - 27th, 2014. Atlantis The Palm, Dubai, UAE <http://www.icwoal.org/>
- International Conclave on Data Analytics, BI, Action Research & Cases in the Power and Energy Sector February 23rd -26th, 2014.
- 6th Joint IFIP Wireless and Mobile Networking Conference, (WMNC 2013), April 23rd-25th, 2013. Atlantis Hotel. Dubai. UAE.
- 4th International Conference on Networked Digital Technologies (NDT'2012) - April 24th-26th, 2012.

54.4. Distinguished Speakers

Canadian University Dubai has had the pleasure of hosting numerous distinguished guest speakers, including:

- H.H. Sheikh Mohammed Maktoum Juma Al Maktoum
- H.E. Tun Dr. Mahathir Mohamad
- H.E. Anurag Bhushan, Consul General of India to UAE
- Dr. Sam Ozarsky, St. Michael's Hospital, Toronto
- Dr. Cigdem Berdi Gokhan, Cankaya University
- Dr. Ajay Mathur, Director General, Bureau of Energy Efficiency, and Member, Prime Minister's Council on Climate Change, India
- Professor Muriel Médard, MIT, Boston, USA
- Professor Norman C. Beaulieu, University of Alberta, Canada
- Professor Abbas Jamalipour, University of Sydney, Australia
- Professor Bayan Sharif, Khalifa University, United Arab Emirates
- Ms. Aisha Mohamed Al Abdooli, Acting Assistant Undersecretary Environment Affairs Sector, Ministry of Environment & Water, UAE
- Mr. A. C. Chaturvedi, Executive Director, NTPC LTD, India
- Mr. Neeraj Bansal, Country Head(India), Real Estate and Construction – KPMG
- Mr. Jinendra Gugaliya, Scientist, ABB Corporate Research Centre, India
- Mr. R.S. Mani, Regional General Manager (QE) – Middle East – ABS Group Inc
- Mr. Niraj Mathur, Sr. Lead Assessor, Lloyds, Dubai
- Mr. U. K. Das, AGM (EC) NTPC Ltd., India
- CA. Nitin Wadhwa, Assistant Manager, Energy Efficiency Services Limited, Ministry of Power, India
- Mr. Vivek Soni, Ph. D. Scholar, Indian Institute of Technology Delhi, India

56. Course Descriptions

ACT 112 Principles of Accounting 1

This course concentrates on accounting for merchandise operations, proprietorship, negotiable instruments, specialized books of original entry, and the voucher system including emphasis on the financial aspects of accounting. Accounting concepts and principles, accounting systems, inventory costing methods, accounting of acquisitions, depreciation and disposal of plant assets are also described in this course. Prerequisite: None

ACT 212 Principles of Accounting 2

This course covers Modern financial and managerial accounting theory and practices applied to an organization's liabilities, cash flows, planning, budgeting, and control. Topics include: Organization, capital stock transactions, and dividends, Income and taxes Corporate income taxes, Statement of cash flows, Financial statement analysis, Managerial Accounting Concepts and Principles, Process Cost Systems, Cost behavior and cost-volume-profit analysis, Budgeting, Performance Evaluation Using Variances from Standard Costs, Differential analysis and product pricing, Capital investment analysis. Prerequisite: ACT 112

ACT 310 Management Accounting

Managerial accounting studies the generation, communication, and interpretation of internal information, both financial and non-financial, for operational and strategic decision-making purposes. The course demonstrates how managers can use internal information that is generated, communicated and interpreted to implement plans and improve the process of providing goods and services to customers. The scope of the course embraces the use of accounting information for planning and control purposes in both operational and strategic decision-making. Prerequisite: ACT 212

ACT 330 International Financial Reporting Standards

The course presents International Financial Reporting Standards and considers comparisons between the two commonly applied sets of accounting standards in the world (the US GAAP and IFRS). The aim of the course is to develop of a critical thinking approach to financial accounting and reporting. The objective of this course is to invite the student to better understand the links between the underlying transactions, their reporting standards applications, and the financial reports from an international perspective. This course will equip the students with basic understandings of IFRS, a relatively new set of accounting standards being widely accepted globally and being considered for adoption in the US. Prerequisite: ACT 212

ACT 430 Accounting Information Systems

This course will be providing a background and training in the uses of core accounting and reporting features of SAP Enterprise Resource Planning (ERP) Accounting module. Within this module, student will learn how to setup charts of accounts and maintain accounting records within the Account Receivables, Account Payables, Bank Reconciliation as well as General Ledger. Student appreciates various financial statements and other related financial reports that improve financial communications across the enterprise. Prerequisite: ACT 212

ACT 450 Auditing

The course is designed for imparting knowledge to students regarding the audit functions and the topics includes concepts and philosophy of audit and audit standard. It also includes the preparation of audit report and audit sampling. The scope of the course includes the audit functions both profit and not-for profit organizations. Prerequisite: ACT 310 & 330

ACT 490 Special Topics in Accounting

The broad objective for this course is to enable the students to learn the fundamental concepts of the federal income tax system as applied to entities other than individuals and to apply the fundamentals learned in these two areas to problem situations likely to be encountered in tax practice.

The course description and related materials below outline one Special Topic that may be covered in this course. Each instructor is permitted to develop a unique Special Topic. Each such course syllabus must be approved by the Dean prior to delivery.

ADV 200 Advertising Copywriting

Basic writing skills for PR media forms including press releases, public service announcements, memos, letters, speeches, newsletters, short documentaries, social network postings, and audio-visual presentations. Prerequisite: None

ADV 210 Print Advertising

Advertising as a marketing tool; historical development of advertising into the ICT age; advertising techniques in print media; advertising and society issues; advertising research; international advertising; print advertising project. Prerequisite: None

ADV 215 Broadcast Commercials

Radio and television commercials; production processes; broadcast advertising as business; production crew and technical requirements; production and marketing management; relations with clients and agencies; market research; broadcast advertising project. Prerequisite: ADV-200.

ADV 220 Billboards

The concept of billboard as an advertising tool; types of billboards; planning billboard design and content; measuring billboard effects; case studies. Prerequisite: ADV-210

ADV 230 Digital Advertising

Cyberspace as an advertising opportunity; digital tools for online advertising; copywriting for online advertising; market research for online advertising; online advertising outlets; digital advertising project. Prerequisite: ADV-210

ADV 310 Promotional Techniques

The concept of promotion as an advertising and marketing technique; planning promotion campaigns; developing appropriate messages; selecting appropriate channels; promotional activities in commercial and public-service sectors; evaluating promotion effects. Case studies. Prerequisite: None

ADV 320 Advertising Strategies

Cyberspace as an advertising opportunity; digital tools for online advertising; copywriting for online advertising; market research for online advertising; online advertising outlets; digital advertising project. Prerequisite: ADV-210

ADV 325 Consumer Behaviour

Theories of consumer behavior; methods of studying consumer behavior; factors bearing on consumer behavior; using knowledge of consumer behavior to support marketing campaigns; consumer and market fragmentation; case studies. Prerequisite: ADV-310

ADV 330 Advertising Campaigns

The concept of advertising campaigns; developing goals and objectives; developing appropriate media messages; selecting appropriate channels; understanding our target audience; managing advertising campaigns; cases studies. Prerequisite: ADV-210

ADV 410 International Advertising

International advertising process and dynamics; business, ethical and cultural considerations in international advertising; case studies in international advertising; research for international advertising; enduring issues in international advertising; research report. Prerequisite: ADV-200

ADV 420 Graduation Project in Advertising

Students produce a graduation project reflecting their knowledge and expertise in advertising under the supervision of their instructor. Projects are evaluated by a team of specialized faculty members before it is presented to an audience of students. Prerequisite: Graduating Semester or YR4

ARCH 300 Structures 1

The course focuses on the application of classical mechanics to simple structures in terms of: forces, moments, equilibrium, building loads and code requirements, analysis of cables, beams, trusses and frames. The second section of the course is concerned with structural/architectural design process, structural elements and systems and their performance in architectural/structural design: structural properties of materials, basic strains and stresses, structural design methods, analysis/design of tension systems and members, analysis and design of beams, column collapse behavior, and soil and foundation design. Prerequisite: MTH-112

ARCH 301 Structures 2

A series of lectures, complemented by assignments, case studies and tests supported by a visit(s) to construction sites. The course is primarily concerned with reinforced concrete structural design and foundation design, and examines lateral loading and load-resisting systems of the building structure. Students undertake individual exercises and assignments and present comparative analyses of reinforced concrete framing systems in class. The course concludes with the design of typical reinforced concrete elements within a structural framework. Prerequisite: ARCH-300

ARCH 330 Environmental Design

Throughout the academic year three specific themes are engaged: design brief and use, site and environment, and construction and materials. Studio exercises, individual assignments and design projects each emphasize the investigation and assessment of such themes in addition to addressing various design factors that include human safety, ease of accessibility, sustainability and urban context. Specified studio design projects are coordinated with the corresponding subject areas and projects in the required courses concerning Environmental Systems and Design Integration, and Structures. Prerequisite: DESI-221

ARCH 331 Integrated Design

Throughout the academic year three specific themes are engaged: design brief and use, site and environment, and construction and materials. Studio exercises, individual assignments and design projects each emphasize the investigation and assessment of such themes in addition to addressing various design factors that include human safety, ease of accessibility, sustainability and urban context. Specified studio design projects are coordinated with the corresponding subject areas and projects in the required courses concerning Environmental Systems and Design Integration, and Structures. Prerequisite: ARCH-330

ARCH 360 Architectural Conservation and Heritage

This course comprises a series of lectures, complemented by assignments, case studies and site investigations. The principles of architectural conservation are outlined against the context of international discussion, controversy and debate. Successful case studies each within an historical and cultural context refer to various strategies and tactics of implementation. Students learn in situ surveying and measurement techniques in addition to fabric condition assessment. The term project embodies an historic building requiring restoration preceded by an appropriate work methodology. Prerequisite: HISD-202

ARCH 421 Architecture of the Islamic World

The course is an examination and analysis of architecture and its evolution in countries predominated by Islam. It deals with a time span from the early beginnings of Islam to the contemporary architecture, and covers the region from Spain to Indonesia. The objective of the course is to enhance understanding of the relationship between Islam and architecture, religious and secular. Individual buildings, as well as, overall (geometric) patterns will be investigated. Examinations of the individual examples will focus on analyzing the architectural properties in line with the wider cultural and historical climate within which they were generated. The examinations will enable formulating a general background against which critical analysis can be undertaken on selected topics. There will be two groups of such analyses. The first will deal with some selected issues in architecture including geometry, the private and the public and the overall spatial organization. These will be examined across building types covering different times and different places. The second will deal with the overall characteristics of selected building types (civic and religious). The examinations will lead to a formulation of a general framework about general architectural typologies in the Islamic World. To achieve the objectives of this course a varied range of learning technologies will be utilized. These will include individual research, assignments, presentations and applications. Prerequisite: ARCH-331

ARCH 422 Research and Design Applications

The course is an exploration of the relationship between Research and Design. It focuses on a critical approach towards understanding and creating architecture. Notable examples of design will be examined and these will be linked to wider theoretical perspectives. The aim is to expand knowledge on the critical investigation of Architecture + Interior Design. Definitions and distinctions between Research and Design will be established and the main principles will be introduced. Research problems, objectives, Methodology, Research Methods and the Derivation and Presentation of Conclusions will be discussed. Structured series of examinations of selected examples will focus on specific topics and on linking the individual case to the wider context. These will be selected to attain a progression of building types matched by a progression of research methods (Literature analysis, Surveys, questionnaires and interviews). The course will include lectures, assignments, projects and site visits. Prerequisite: ARCH-331

ARCH 430 Architecture and Ecology

In this course, through lectures and presentations, the ecological systems that connect with architectural theory and practice are analyzed in the context of a number of factors, many of which embody current and future problems. Human physiology, the occupation of space, and principles of sustainability are further examined against energy consumption, environmental degradation, life cycles of materials and products, and valid interior and exterior design strategies. Assignments will address these key criteria including a major integrated project. Prerequisite: ARCH-331 or INDE-330

ARCH 431 Planning and Urban Design

This course is an introduction into Planning and Urban Design. It focuses on connections between urban form and the general cultural and socio-economic context. It will introduce both basic concepts of Planning and Urban Design as developed in relevant theories and specific methods of examining and developing proposals for particular design contexts. The aim of the course is to create awareness and an understanding of the basic principles of City Planning and Urban Design. It aims at facilitating critical approaches towards understanding, examining and proposing directions towards solutions at the urban context.

The course will start by introducing and examining a historical development of planning theory highlighting the main issues and approaches towards them. The course will proceed to introduce the subject of urban design highlighting the main trends and the basic concepts. Having established the general theoretical framework, specific methods are introduced. These will cover ways of examining urban contexts as well as those relating to the formulation of solutions to specific urban design problems. Prerequisite: ARCH-331

ARCH 443 Design Studio - Institutional

This advanced Design Studio explores complex, specialized and large design problems. It focuses on the detailed examination of institutional building types (Educational, Health and Corporate...). The course connects the development of design skills to the specialized knowledge of building types. Design projects are viewed as contexts to address, analyze and question wider issues relating to the specialized use. The aim is to enhance the capacity of addressing such complex design problems.

To achieve this aim, theoretical investigations and design applications will explore; Typology, The Particularity of building types (functional components and design properties), Design Approaches, and Universal Design Principles. An emphasis will be placed upon brief formulation and the reformulation of design problems. The course will engage a wide variety of learning modes including self-study and group-work. Both will approach design with a research orientation. Prerequisite: ARCH-331

ARCH 444 Design Studio - Housing

This studio based course is about urban housing developments. It focuses on the issues, problems and design thinking relating to this specific building type. The aim of the course is concerned with introducing knowledge on the particularity of housing design in addition to applying this in specific circumstances. The course is composed of two inter-related components – A progressive introduction of housing principles and a parallel application on a specific design project. It will introduce an overview of historic, present and future trends in housing design. It investigates problems associated with use and with the wider urban context. It introduces specific design strategies. It focuses on investigations relating to the user's satisfactions. The housing project will be approached through varied analyses focusing on brief formulation, typologies, context and users, evaluation of design alternatives and elaborations of solutions. The course is characterized by a balanced integration between theory and application and between design and research. This course is characterized by a holistic approach to design taking into consideration social, cultural, economical, environmental, theoretical and technical considerations. Prerequisite: ARCH-331

ARCH 456 Building Code

This course focuses on Building Codes and their impact on building design. The course will focus on international Building Codes, local building codes, as well as, the cross relationship between them. The course demonstrates the impact of building codes on the selection of structural and non-structural elements. The course builds on previously acquired knowledge in the areas of design, structure, construction, and environmental systems. Starting from the International Building Codes this course discusses the regulatory context in which activities relating to the built environment are addressed. The aim is to enhance understanding of the impact of codes on the design of buildings. It addresses the tension between design idea(l)s and real limitations imposed by Building Codes. Aspects of safety, health, energy efficiency, zoning and other code areas will be covered. Emphasis is placed on combining theoretical guidelines with practical applications. Prerequisite: ARCH-331

ARCH 495 Principles of Landscape Design 1

This course introduces students to landscape Graphics and the concepts of the fundamentals of landscape and environmental planning. It covers topography and earth modeling, landscape planting techniques, circulation, structures, selecting and analyzing sites, assessing environmental impact and developing detailed designs. Prerequisite: ARCH-330 or INDE-330

ARCH 496 Principles of Landscape Design 2

This course introduces students to landscape Graphics and the concepts of the fundamentals of landscape and environmental planning. It covers topography and earth modeling, landscape planting techniques, circulation, structures, selecting and analyzing sites, assessing environmental impact and developing detailed designs. Prerequisite: ARCH-495

ARCH 540 Senior Project - Urban Study

This studio course comprises a series of lectures complemented by assignments, case studies, site investigations and group study project. The work is primarily concerned with an urban study of a significant site or sites in the UAE or elsewhere. Students will survey and research the urban character and setting, identify and assess the environmental factors influencing the geographical location, and critically appraise key problems affecting the site and neighborhood, before establishing an urban strategy based on determining human, environmental and developmental targets. A final presentation to a jury comprising academics and practitioners will be mandatory. In addition, each student will identify an appropriate building type based on the urban study strategy and will prepare a program and feasibility study to be utilized in the Senior Project – Design, ARCH 441. Prerequisite: ARCH-444 and ARCH-431

ARCH 541 Senior Project - Design

The second of two courses that are structured toward delivery of the student's final design project, ARCH 441 is essentially concerned with the finalizing of a design process which commenced with investigative studies at urban level (ARCH 440), paralleled by the completion of a dissertation (ARCH 470) thereby providing a theoretical and intellectual base for the senior architectural project. Each student will develop a proposal that will encompass aptitudes, design interests, strengths, and career orientation. Consequently, this should be regarded as a capstone course, which will reflect a thorough and independent understanding of the process of integrated architectural design while indicating professional aptitude and abilities. The course will conclude with presentations to a professional jury, the Senior Project Committee. Prerequisite: ARCH-540

ARCH 570 Research Topic

Students in this course develop their knowledge of an appropriate area of the curriculum through systematic research under the supervision of a member of faculty. An illustrated dissertation of between eight and ten thousand words is the tangible result of focused study into a subject area that may identify with the building type chosen for the Senior Project - Design, ARCH 441. The final document will be bound and accurately laid-out in terms of format and convention, which describes creditably and succinctly a subject worthy of research and recording. Prerequisite: ARCH-331

BIO 101 Human Biology

This course introduces the students to the basic knowledge of the human body with emphasis on understanding human biological mechanisms and processes, the human body's structure and functional organization. Interactive lab sessions allow students to better understand the interrelation between the structure and function of the human body. Topics include: Cell Structure and Function, Organization of the Human Body, Skeletal System, Human Systems and Aging Process. Prerequisite: None

BUS 110 Fundamentals of Business and Information Systems

This course provides the learner with an overview of the role of Networking technologies and information systems and business interaction. Emphasis is given to Management Information Systems and Supply Chain Management. Topics include: Introduction to Business, Ways of Organizing Businesses, Production and Materials Management, Human Resources, Management and Information Systems, Enterprise Wide Systems, Customer Relationship Management, Supply Chain Management, Information Systems Security and Controls. Prerequisite: None Equivalent: SWS-351

BUS 111 Marketing of Services

This course focuses on strategic considerations in the marketing of services. The primary emphasis is on those strategies designed for service-dominated products, particularly those related to professional services, including information technology. Students address the needs and wants of customers, both internal and external to the firm, within the framework of long-term relationship management. Special attention is devoted to the sometimes-competing demands of the marketplace vs. corporate efficiencies and to the interdisciplinary imperative in services marketing strategy development. Prerequisite: None Equivalent: MKT-201

BUS 210 Business Reporting

The primary focus of this course centers on reporting mechanism for business, industry, and government. Major emphasis will be placed on

- a) Written business correspondence (memos, letters, reports, e-mail, and resumes);
- b) Analysis and interpretation of business problems;
- c) Basic writing, editing, and presentation skills;
- d) Interpersonal communication; and
- e) Ethical and legal considerations in the communication process.

Prerequisite: LNG-172

BUS 212 Organizational and Client Relationships

Technical and professional knowledge is only one component of the skill set required to succeed in the new economy. Today's organizations require individuals to demonstrate soft-skills which address the complex relationships which are essential to working productively and effectively. In order for both the organization and the individual to be successful, employees must be able to effectively communicate their specialized knowledge and provide support and service to facilitate the work of others. This requires the individual to master and demonstrate the skills of professional verbal communications, effective listening, customer service, and conflict resolution. Prerequisite: None

BUS 231 Legal Environment of Business

This course introduces the basic underlying concepts, principles and rules of law and equity that govern business activities. This course provides an overview of law in general; the North American and British based legal systems, court procedures, the different impacts of statutory and judicial law and administrative procedures. Students may also be introduced to contracts, products liability, business ethics, constitutional law, sales; commercial paper and business-related UAE law. Prerequisite: None

BUS 310 Project Management

This course provides the student with tools ensuring the maximum of success in his future projects. Poorly or wrongly managing of engineering projects has been wrongly or poorly managed, delivering them behind schedule, and/or over budget, lead to failure and disappointment. The nine project management knowledge areas are tackled, namely

1. Project Integration Management
2. Project Scope Management
3. Project Time Management
4. Project Cost Management
5. Project Quality Management
6. Project Human Resource Management
7. Project Communications Management
8. Project Risk Management
9. Project Procurement Management.

Prerequisite: College Level YR4

BUS 311 Engineering Economy

This course gives provides basic concepts of engineering economics by focusing on the theoretical and conceptual financial project analysis. Topics include: Engineering Economic Decisions, Interest, Cost of Money, Nominal and Effective Interest Rates, Changing Interest Rates, Mortgages, Describing Project Cash Flows, Internal Rate of Return Criterion, Comparing Mutually Exclusive Alternatives, Applications of Economic Evaluation Techniques, Design Economics, Depreciation, Natural Resource Allowances, Income Taxes, Developing Project Cash Flows, Capital Budgeting Decisions, Personal Investments, Inflation and Economic Analysis, Project Risk and Uncertainty, Computer Simulation. Prerequisite: MTH-130

BUS 312 Business Consulting

This course allows the student to synthesize the various skills learned by developing and/or implementing a “real world” e-business project such as developing an e-commerce website, from design, development, to implementation and final review. Each team should develop and monitor its own project plan, prepare a business case or business plan to support the proposal and implement a solution. The students should work with faculty advisors to determine an appropriate 'real-world' project that can be completed during the term. Prerequisite: BUS-111 OR YR4 (final semester) Equivalent: EBU-450

BUS 410 Entrepreneurship in the New Economy

This course provides the participant with knowledge of the current economy that influences business models and the role of the entrepreneur. Topics include: Entrepreneurship and Small Business, Small Business Decision, Evaluation of a Business Opportunity, Business Plan, Buying a Business, Financing The Small Business, Marketing Management Project, Small Business and Electronic Commerce, Financial Management Project, Operations Project, Human Resources Management Project, Tax Management Project, Managing the Transfer of The Business. Prerequisite: None

COM 311 Signals and Systems

This course provides basic properties of many engineering signals and systems and necessary mathematics tools that help understanding this process. The course focuses on the time and frequency domain modeling of linear time invariant (LTI) systems. Topics include: Samplers and Discrete-Time Physical Systems, Continuous-Time Signals and System, Fourier series, Fourier Transform and Applications, filters, Laplace transform and its Relationship to the Fourier Transform, Discrete-Time Linear Time-Invariant Systems, z-Transform, Fast Fourier Transform; Matlab and Simulink. Co-requisite: MTH-220

COM 320 Telecommunications

This course provides an introduction to Communications systems. The following topics are covered: components, signals and channels, sampling, quantization, PAM, PCM and Delta modulations, quantization noise, time division multiplexing, performance criteria, bandpass transmission, digital modulations (ASK, FSK, PSK and quadrature shift keying). Co-requisite: ENG-301 Prerequisites: COM-310 LecCT and COM-311

COM 321 Advanced Programming in Telecommunications

This course focuses on implementing telecommunication protocols and network applications. It proposes Java as an implementation language. It includes the following topics: Client-server Architecture, Databases handling, Java and Web Applications (Servlets, JSP, JavaScript), interface connections (USB, serial Port, Bluetooth Port), Java to micro edition (J2ME) and mobile applications..., Introduction to the implementation of Network security (Cryptography and steganography). Prerequisite: ENG-311

COM 322 Applied Electromagnetics

This advanced electromagnetics course is focusing on typical and modern applications. Without excessive recourse to mathematics, the course provides a solid grounding in antennas, fibers and propagation, covering satellite and terrestrial radio systems for both mobile and fixed contexts. Topics include: Plane-Wave Propagation, Reflection, Transmission, Antenna Principle and parameters, dipoles, antenna arrays, horn antennas, loop antennas, Helical antennas, Patch antennas, Terrestrial Fixed Links, Satellite Fixed Links, satellite earth station antennas, Macro-, Micro- and Picocells, shadowing, propagation within buildings, Single-mode Fibers, Dispersion and compensation, Software for Applied Electromagnetics. Prerequisite: ENG-222

COM 325 Micro-Controlling and Processing

This course provides basic elements for designing and implementing digital circuit interfaces between a computing system and peripheral devices. Topics include: Design process of digital systems, Microcomputer architectures and buses, Internal organization of computer systems, Input/output and memory interfacing, Interfacing to the external world, Parallel and serial interfacing, Design specification and verification. Prerequisite: ENG-311

COM 410 Optical Communications and Networks

This course provides the students with an overview of optical communication systems and networks. Topics include: Optical Sources, filters and Amplifiers, Laser and Detectors, Couplers and Connectors; Distribution Networks, Optical Modulation, Multiplexing Techniques, System Design and Trends in optical systems.

COM 411 Digital Filter Design

This course focuses on the design of digital filters. It covers various filters and design methods. After reviewing the main elements of signals and systems, it covers topics such as: Design of Nonrecursive Filters (FIR), Approximations for Analog Filters, Design of Recursive Filters (IIR), Filters Satisfying Prescribed Specifications, Effects of Finite Word Length in Digital Filters, Optimization Methods, Wave Digital Filters, Multirate digital signal processing, Design of adaptive digital filters, Spectral analysis and estimation and Linear prediction and optimum linear filters. DSP and their applications. Matlab and Simulink. Prerequisite: COM-311

COM 412 Digital Communications

This course provides a balanced coverage of digital communication systems with focus on design. Topics include: pulse-amplitude modulation, pulse-code modulation, amplitude-shift keying, phase-shift keying, frequency-shift keying M-array digital modulation, noise in digital communications. Prerequisites: COM-320 LecT and COM-411 LecT

COM 413 Communication Systems

This course provides a balanced coverage of both digital and analog communication systems with focus on design. It develops in the student the ability of using both mathematical and personal computer methods (MATLAB essentially) to analyze, design, simulate and evaluate modern communication systems. Topics include Modulation and multiplexing methods, Performance of communication systems, Wire and wireless communication systems, RFID systems. Co-requisite: COM-322 LecT Prerequisites: COM-320 and COM-321

COM 420 Optical Communications

This course provides the students with an overview of optical communication systems and networks. Topics include: Optical Sources, filters and Amplifiers, Laser and Detectors, Couplers and Connectors; Distribution Networks, Optical Modulation, Multiplexing Techniques, System Design and Trends in optical systems. Co-requisite: COM-322 LecT Prerequisite: COM-320 LecT

COM 421 RFID Technology

RFID (Radio Frequency Identification) is a technology combining wireless techniques and Electronic Product Code (EPS) aspects. It is rapid expanding and impacts business and society. This course handles technical underpinnings as well as specific segments of the market of RFID. The course is application and design oriented: RFID in the Automotive Industry, in Cattle Ranching, in Health Care, in Manufacturing, in Marine Terminal Operation, in the Military, in Payment Transactions, in Retailing, in Transportation, in Warehousing and Distribution Systems. It also includes non-technical topics, and use throughout the world: Australia, China, France, Germany, Japan, Singapore, South Korea, Spain, United Kingdom, and United States. Co-requisite: COM-322 LecT Prerequisites: COM-320 LecT and COM-321

DESI 101 Introduction to Design

This is the first of two design studios in the Freshman Year required of all students entering the undergraduate programs in the Departments of Architecture and Design. Design as an intentional and interventional process that affects and shapes the environment around us is introduced through a broad appreciation of objects, spaces, systems and places. Studio exercises are organized around two thematic scales: human and building, and students are required to investigate topics through an application and appreciation of various materials, media and techniques. Prerequisite: None

DESI 102 Fundamentals of Design

This is the second of two design studios in the Freshman Year required of all students entering the undergraduate programs in the Departments of Architecture and Design. DESI102 develops the media and process skills gained in DESI101. Accordingly, studio design exercises are concerned primarily with the design process and emphasis is given to the complementary activities of analyzing, conceptualizing, collaborating and deciding before establishing a valid design solution. Graphic skills in communicating effectively through the media of geometry, architectural drawing and sketch models are emphasized. Prerequisite: DESI-101

DESI 121 Design Theory

This course provides an introduction to design in general and focuses on the formal language of architecture and interior design. An in-depth analysis of the elements and principles of design as well as an investigation of their manifestation in 2D and 3D compositions are central components of this learning. Students will acquire knowledge and skills enabling them to identify the elements and principles and to employ them in composing small-scale projects. The course is accordingly composed of a series of research assignments and design projects that progress in complexity leading towards a wider appreciation of the cultural and environmental aspects of design. Prerequisite: None

DESI 122 Human Factors

The course examines the relationship between people and the built environment. It focuses on the dynamic nature of this relationship in view of people's needs towards their settings. It examines variations in dimensions and in abilities and the consequences of these on the way into which space is used. The course aims at creating awareness of such diversity and at enhancing knowledge on the way into which such diversity may be addressed in design solutions. The course will cover Anthropometrics; Universal Design, People and Buildings and the wide-ranging factors affecting the use of space. In Anthropometrics, Human Data and their relationship to activities and motion are examined. For Universal Design, the principles and their applications are examined with particular reference to special groups including children and the elderly. In the relationship between people and building, the course covers three levels: A selected furniture element that is specifically related to anthropometrics (Chair); Individual activities and their spatial requirements and finally movement within buildings. In the wider context, the course will cover other design considerations emerging from the particularity of people including psychological, environmental and cultural issues. Prerequisite: DESI-101

DESI 141 Drafting and Modeling

This course is the first in a series of courses on professional visual Design Communication. It covers a wide range of techniques. These are considered necessary to understanding, critically assessing and creating the built environment. The course establishes the foundation skills of visual communication. The aim is to enhance understanding and skills necessary for the representation of reality and for the representation of solutions to design problems in such a reality. The course covers a wide range of topics including; Sketching, Drafting Principles, Design Presentation, Multi-view Projections, Perspectives, Working Drawings Principles and Model-making. The course is structured in a diversified learning mode covering lectures and discussions, class assignments projects, site sketching and workshop experimentation. The course is generally characterized by practical work on the multiplicity of materials and modes of presentation. Prerequisite: None

DESI 142 Freehand Drawing and Rendering

Drawing is essential to visual communication as both a preparatory tool and as a distinct medium of expression. Drawing can inform, reveal and communicate crucial aspects of structure including light and shadow, form and space, surface and depth. This course explores free hand drawing and rendering through a variety of materials and techniques. Drawing is understood as observation, documentation, and communication. Key aims include an awareness of scale and confident freehand sketching as a tool for imagining, developing and communicating 3D projects throughout the program (both Interior Design and Architecture). The practice of drawing basic forms and shapes are developed through a range of exercises and projects that increase drawing accuracy and perceptual skills. Students explore the role of value in creating form, contour drawing as sensitized 'seeing', and 'hidden' structures and geometries. They explore a variety of subject matter and approach through these studio activities, and will consolidate their practical skills with a portfolio of their work. Prerequisite: None

DESI 211 Construction and Design Integration 1

The course is concerned with an essential knowledge of materials, their selection and methods of construction. It also gives attention to the evolution of standard and other building practices along with the relationship between design and construction economies. Various load-bearing and framed construction systems form the basis of lecture topics and course materials which include: site investigation, preparation and works, foundation techniques, concrete and masonry construction, steel and timber framing, curtain walling and glass technology. Contextual studies in architecture, interiors, engineering and building science emphasize the integration of construction techniques. Prerequisite: DESI-102

DESI 212 Construction and Design Integration 2

The course introduces students to the technical drawing conventions of site planning, which include subject areas shared by the landscape architecture, garden design and civil engineering professions. Weekly lectures are directed at topics that directly relate to ongoing class exercises. Lectures typically focus on case studies of realized buildings that pointedly demonstrate issues of construction and design decisions which in turn impact on graphic problems. Students are also required to incorporate performance and aesthetic based criteria as essential components of the design integration process. Prerequisite: DESI-211

DESI 220 Design Principles

The studio forms the setting for a series of lectures, design exercises and design projects in which the fundamentals of two and three dimensional architectural and interior design are progressively introduced by focusing on the development of problem-solving skills. Design innovation and invention are stressed against a societal foundation of ethics and convention. Representational skills, initially through hand drawing, are given emphasis in expressing technical and design intent. Understanding of architectural convention is emphasized as the basis for design invention and as the foundation of ethical action. Prerequisite: DESI-102

DESI 221 Design Methods

DESI 221 continues with the fundamentals of two and three dimensional architectural and interior design that are progressively introduced by focusing on the development of problem-solving skills. Design innovation and invention are stressed against a societal foundation of ethics and convention. Understanding of architectural convention is emphasized as the basis for design invention and as the foundation of ethical action. Representational skills, essentially through hand drawing, are given prominence in expressing technical and design intent. Prerequisite: DESI-220

DESI 231 Computer-aided Design 1

The course is designed to introduce the basic structure, characteristics, control and application of AutoCAD software. Axonometric drawings, 3D modeling and renderings form the core of class exercises leading to basic presentations of architectural and interior design subjects. A contemporaneous design project in conjunction with DESI 220 will be developed through the application of tools and techniques derived from DESI 231. Prerequisite: DESI-102

DESI 270 Sustainable Design 1

In this course, through lectures and presentations, the natural and built environments, along with ecological systems are analyzed in terms of depleting resources and the possibilities for sustainable technological solutions to contemporary and future problems. Human physiology, the occupation of space, and principles of sustainability are examined against energy consumption, environmental degradation, life cycles of materials and products, and valid interior and exterior design strategies. Prerequisite: DESI-101

DESI 320 Environmental Systems and Integrated Design 1

In this course, students are introduced to the factors that contribute to the heating and cooling loads in a building, followed by strategies for minimizing energy consumption. Criteria considered include acoustics, ventilation, day lighting, solar energy and geometry, shading and control, heating and cooling. Integrated/holistic design strategies will encompass energy efficiency, energy conservation, human comfort levels for health and productivity. Strategies for passive solar design are combined with day-lighting and ventilation concepts in the context of a sustainable environment. Prerequisite: DESI-221

DESI 321 Environmental Systems and Integrated Design 2

This course embraces a variety of building environmental controls that refer to mechanical systems, duct layout and controls, electric lighting, indoor air quality, transportation, communication, fire safety, water and sewage. Examination of the integration of these systems into the overall building and how the selected systems influence the building design and energy consumption characteristics are emphasized. Students learn that architectural design and the mechanical systems impact on the overall building efficiency and that these are a result of not only the efficiency of the individual components, but of their integration. Prerequisite: DESI-320

DESI 329 Special Topics: On-site Investigation

This course is about on-site investigation of a selected topic as proposed by the instructor of the course, or developed in combination between the instructor and the student. The course will cover the theoretical background for this point of interest, with many local or overseas examples. The course will proceed to outline a specific framework to survey and analyze issues related to this topic in a selected city or country. The aim of this course is to enhance risk-taking in addressing theoretical issues and linking the research of the professor with personal research of the students. Prerequisite: HISD-202

DESI 340 Working Drawings and Detailing

The core material of this course is concerned with the influences of building codes, industry standards and programmatic requirements on the selection of both structural and non-structural elements. The course emphasizes the various existing and emerging technologies, materials, assemblies and their essential characteristics. The course requires the student to produce a set of construction drawings with appropriate detailing, schedules and specifications, and helps develop an understanding of the relationship between drawings and specifications. Prerequisite: ARCH-330 or INDE-330

DESI 348 Graphic Design for Architects and Interior Designers

This Elective course introduces the student to the field of advanced architectural rendering and graphic design as it pertains to the profession of Architecture and Interior Design. The focus is on providing the student with the skills to help them with preparing Design presentations, reports, proposals, brochures, and designing signage in the built environment. The course will focus on integrating graphic design with Architecture and Interior Design. The course will progress from the general knowledge of advanced architectural rendering and of Graphic Design to the specific concepts and the strategies to achieve them. It will include designing for 2D media and 2D and 3D signage. The course will be delivered through lectures, presentations, workshops and visits to various companies working locally in the profession. Prerequisite: DESI-221

DESI 351 Colour Theory

This course examines colour theories, colour concepts and principles of colour as element of visual communication and expression to be applied in the built environment. The course focuses on colour science, colour and light, colour interaction, mixing, notation, harmonies, scheming and forecasting as well as the physical and psychological properties of colour. The students will develop skills to identifying relationships between individual colours, compare hue, value, saturation and apply the concepts of unity, variety, contrast, dominance, appropriateness, balance, and harmony of colours to their design projects. The objective of this course is to enable students to create professional and aesthetically appealing colour plans and trend boards for functional interior and exterior environments. The graduates will have the invaluable skill of analyzing colour trends for interior design product development and branding and marketing. Students will achieve learning outcomes through a series of lectures, class exercises and projects, field trips, presentations by industrial experts and a final project. Prerequisite: DESI-221

DESI 400 Professional Business and Portfolio

This course, through lectures and presentations, is devised to introduce business practices and procedures specific to the professional practice of Architecture and Interior Design in the context of private practice and in relation to other members of the design and construction team. This course provides an overview of professional practice in Architecture and Interior Design. It introduces the students to major issues pertaining to legislations as well as to contractual matters. The students will learn how to evaluate Architecture and Interior Design from a business point of view. Furthermore, students will develop a firsthand experience with forms and formalities, which regulate the operation in a typical Architecture or Interior Design firm. Also, students will build a good knowledge of planning an Architecture or Interior Design business. By concentrating on integrating professional practice principles and methods, the course emphasizes a balance between operational procedures and marketing the individual to the profession. Each week there will be a different theme/topic for the class to examine and discuss while research is undertaken as an ongoing process. Students will produce assignments that demonstrate their knowledge and understanding of contemporary professional practice. Guest speakers and field trips to design offices and building sites may supplement instruction. In addition, there will be lectures, complemented by studio exercises and projects, intended to assist students in marketing themselves by developing the communication skills essential for successful employment. Students will create comprehensive physical and electronic portfolios followed by interviews by a jury of practitioners and academics in order to prepare themselves for employment. Prerequisites: DESI-320, DESI-340 and DESI-321

DESI 420 Sustainable Design 2

In this course, the natural and built environments, along with ecological systems are further analyzed in terms of depleting resources and the possibilities for sustainable technological solutions to contemporary and future problems. Human physiology, the occupation of space, and principles of sustainability are further examined against energy consumption, environmental degradation, life cycles of materials and products, and valid interior and exterior design strategies. Prerequisite: DESI-270

DESI 451 Lighting

This course focuses on light in the form of daylight and artificial light, high-tech and low-tech, traditional and contemporary examples of lighting. The aim is to gain a deeper understanding about day-lighting and lighting and about the various strategies for lighting design of spaces. Simulation strategies, both on the computer and real models, will be applied. The course will cover the qualitative and quantitative aspects of light, its simulation, development of lighting strategies and new technologies. Examples of interior and exterior lighting design, sculptural, decorative and functional, will be presented and studied in both qualitative and quantitative ways. Through a series of lectures and exercises students will learn to apply the acquired skills in a final design project of their own. Prerequisite: ARCH-331 or INDE-330

DESI 454 Building Information Modeling

Building Information Modeling (BIM) is an emerging standard that tries to describe buildings as comprehensive digital 3D models enriched with substantial amounts of metadata (e.g. structural, costing, thermal). It is set out to supersede CAD as the new method of describing buildings throughout the construction industry. Through the life cycle of the building. BIM will accompany a building from the first design considerations; through the entire planning and construction process; the lifecycle of the building; until the final demolition of the building. The aim of this course is to develop a comprehensive insight and understanding of the concept of BIM and the methodologies involved with planning with BIM. They will be fit for future modes of planning and information sharing among all parties involved in the planning process. The course introduces various software applications dealing with different aspects of BIM. Strategies of Information Sharing, Evolutionary Planning rather than Revolutionary Planning, and open File Exchange standards will be discussed. Students will have access to various software applications supporting the BIM model. The course will be based on theoretical investigation and practical simulations. Prerequisite: ARCH-331 or INDE-330

DESI 456 Visualization

This course provides a comprehensive overview of concepts and principles that are common in contemporary computer graphics and essential for the production of photorealistic architectural visualizations. Through a series of lectures and hands-on experiences the student will learn how to develop the conceptual background for a sophisticated and target-oriented architectural visualization. This approach is followed by an in-depth introduction to modeling, lighting and rendering techniques that enable the student to produce high-quality architectural or interior design renderings. Prerequisite: ARCH-331 or INDE-330

DESI 490 Internship

This internship is a pre-professional experience in an Architecture/interior design firm, related business or academic institution. It has been established to supplement a balanced academic program and enhance career preparation. In particular, it is intended to provide students with the opportunity to be creative, to explore, to research, to investigate, and to ultimately make some decisions that may have significant impacts on their future careers. Prerequisite: 80 Earned CrHrs (College Level YR4)

DESI 500 Professional Business and Portfolio

This course is devised to introduce business practices and procedures specific to the professional practice of Architecture and Interior Design in the context of private practice and in relation to other members of the design and construction team. Students will produce assignments that demonstrate their knowledge and understanding of contemporary professional practice. Guest speakers and field trips to design offices and building sites may supplement instruction. In addition, there will be lectures, complemented by studio exercises and projects, intended to assist students in marketing themselves by developing the communication skills essential for successful employment. Prerequisite: ARCH-331

DESI 550 Project Management

This course provides an overview of project management techniques for pre-contract and post-contract management systems. Topics include: Assembly of the Client Team, Briefing/Programming Process, Short-listing Design Consultants, Concepts and Assessment of Proposals, Appointment of Design Consultants, Design Development, Design Co-ordination, Design Development, Design Co-ordination, Information Management, Tendering and Contract Strategies for Building Contractors, Construction Development, Managing the planning and delivery processes of buildings. Prerequisite: ARCH-331

EAP 101 EAP and IELTS Success 1

The aim of this level is to improve the four skill areas: reading, writing, speaking and listening. The course will focus on introducing vocabulary, developing basic reading skills of simplified texts, improving listening and conversation skills and introducing the mechanics of writing to develop writing accuracy at the sentence level.

EAP 201 EAP and IELTS Success 2

This level focuses on academic preparation in a combined reading/writing course, oral communication and grammar. It also expands the existing proficiency in speaking, writing, reading and listening. Students will build their vocabulary, acquire academic and reading strategies and write organized paragraphs and grammatically correct sentences.

EAP 301 EAP and IELTS Success 3

This course will improve the four skill areas with emphasis on reading and writing short essays to prepare students for the IELTS exam quickly and efficiently. It will also prepare students to join and succeed in major university courses by developing university level vocabulary and using various reading strategies through authentic texts to increase reading speed and comprehension.

EBU 100 E - Business Fundamentals

This course defines the formulating business strategy in e-Business, providing students with the theoretical and practical foundations necessary for understanding e-Business, the fundamentals of e-Business, its terminologies, concepts, and its infrastructure. Topics include: Concepts and Essentials of Electronic Commerce, intranet/extranet and their business models, systems supporting enterprise and supply chain management, transaction processing, multimedia delivery, client software, intelligent agents, search engines, data mining, legal issues and privacy, virtual communities, network infrastructure, performance issues related to e-Business systems. Prerequisite: None Equivalent: EBU-200

EBU 101 Emerging Trends in E - Business

This course explores e-business models, strategies, and technology infrastructures with a focus on specific e-business implementations to highlight current and future trends in e-business. Topics include: E-business Business Models, Building an E-commerce Web Site, Security and Encryption, E-commerce Payment Systems, E-commerce Marketing Concepts, E-commerce Marketing Communications, Retailing on the Web, Online Service Industries, B2B E-commerce: Supply Chain Management and Collaborative Commerce, Auctions, Portals and Communities, Online Content Providers: Digital Media. Prerequisite: None

EBU 200 E - Business Fundamentals

This course defines the formulating business strategy in e-business, providing students with the theoretical and practical foundations necessary for understanding e-Business, the fundamentals of e-Business, its terminologies, concepts, and its infrastructure. Topics include: Concepts and Essentials of Electronic Commerce, intranet/extranet and their business models, systems supporting enterprise and supply chain management, transaction processing, multimedia delivery, client software, intelligent agents, search engines, data mining, legal issues and privacy, virtual communities, network infrastructure, performance issues related to e-Business systems. Prerequisite: None

EBU 206 E - Business Project Management

This course explores the principles, process, purpose and strategies of project management for an e-business. Topics include: Roles and related skill sets of the project manager, Defining a Project, Planning a Project, Developing the Work Breakdown Structure (WBS), Scheduling, Managing Project Changes, Project Budget, Managing Project Risks, Managing Project Deliverables, Managing Project Quality, Managing Project Expectations, Leading a Project, Managing Vendors, Ending the Project. Prerequisite: EBU-100 Equivalent: EBU-406

EBU 207 Systems Analysis and Business Process Integrations 1

This course examines business needs for information and is analyzed through a systematic study of business processes and their underlying components of people, procedures, and technology. It will prepare students to effectively use, manage, and participate in the development of information technology applications in support of common business processes. Topics include: Introduction to ERP Systems: The benefits of enterprise-wide data integration, Business Processes in Enterprise Resource Planning systems, Process Mapping, Database Management Systems, E-R Model Development Mapping an E-R Diagram to a Relational DBMS, Core Business Processes. Prerequisite: None Equivalent: EBU-307

EBU 218 E - Business Web Technologies

This course is an introduction to the current technologies used to implement e-business solutions. It exposes basic strategies and techniques required to develop a well-designed portable website combining effective navigation with the balanced use of graphics, text and color. Topics include: Creating HTML documents, exploring other mark-up languages, Planning the Site and Site Navigation, Using Tables, Using Frames, Creating Web Forms, Introduction to Web Database Processing, Introduction to Structured Query Language (SQL), Web servers, Client-side Scripts, Server-side scripts, Creating a Web Application with Client-side and Server-side scripts. Prerequisite: EBU-100 Equivalents: SWS-121 and EBU-318

EBU 307 System Analysis and Business Process Integrations 1

This course examines business needs for information and is analyzed through a systematic study of business processes and their underlying components of people, procedures and technology. It will prepare students to effectively use, manage and participate in the development of information system in support of common business processes. Student will also appreciate fundamental features of SAP Enterprise Resource Planning (ERP) application software, which is commonly being used large corporation. Topics include: Introduction to SAP ERP systems with emphasis on integrated core business processes and the benefits of such Enterprise-wide data integration. This will also encompass Process Mapping, Database Management Systems, E-R Models and E-R Diagrams. Prerequisite: EBU-318

EBU 308 Systems Analysis and Business Process Integrations 2

This course expands upon the skills developed in EBU-307 (Systems Analysis & Business Process Integration I). Students will apply their business process analysis and design skills to 3 in-depth business processes:

1. Sales including Customer Payment Process
2. Purchase including Paying Vendor Process
3. Accounts Receivables/Payables Processes
4. Basic Business Reporting Process

Each of these areas is examined for its respective objectives, procedures, control and underlying technologies. Students will use SAP ERP system Sales Module to record sales (Sales Process), which will implicate the use of Purchase Module (order item from vendor) and its corresponding accounting entries that receives payment from customer and paying vendor invoices. Prerequisite: EBU-307 or equivalent EBU-207

EBU 318 E - Business Web Technologies

This course is an introduction to the current technologies used to implement e-business solutions. It exposes basic strategies and techniques required to develop a well-designed portable website combining effective navigation with the balanced use of graphics, text and color. Topics include: Creating HTML documents, exploring other mark-up languages, Planning the Site and Site Navigation, Using Tables, Using Frames, Creating Web Forms, Introduction to Web Database Processing, Introduction to Structured Query Language (SQL), Web servers, Client-side Scripts, Server-side scripts, Creating a Web Application with Client-side and Server-side scripts. This course can be replaced by SWS 121 (Website Design and Development). Prerequisite: EBU 200 & GED101E

EBU 350 E - Business Technology Solutions

This course extends the use of technology introduced to enhance HTML and Internet programming skills. Technology tools are used to build, enhance and operate a successful e-Business site. An opportunity to evaluate other technology tools and software solutions is also included as an independent project. Topics include: Multimedia on the Web, Working with XHTML, Introduction to JavaScript, Creating an XML Document, Binding XML Data, Creating a Valid XML Document, Working with Namespaces and Schemas. Prerequisite: EBU-318

EBU 400 E - Business Internship

This course is an opportunity to obtain hands-on business experience in a private institution. The student learns about business and commerce and attains technical and leadership skills. Topics (steps) include: Learning Basic Operations, Writing and presenting a project proposal, Planning, Planning/ Design of Solution, Development/ Implementation of Solution, professional skills, and feedback mechanism. Prerequisite: YR 4 (90 crhrs) and minimum CGPA 2.0

EBU 406 E - Business Project Management

This course explores the principles, process, purpose and strategies of project management for an e-business. Topics include: Roles and related skill sets of the project manager, Defining a Project, Planning a Project, Developing the Work Breakdown Structure (WBS), Scheduling, Managing Project Changes, Project Budget, Managing Project Risks, Managing Project Deliverables, Managing Project Quality, Managing Project Expectations, Leading a Project, Managing Vendors, Ending the Project. Prerequisite: MGT-361

EBU 420 E - Business: Strategic Management of Technologies

This case-study based course discusses the opportunities and challenges involved in applying technology to transform traditional business into e-Business and build the managerial foundation for emerging technologies. Topics include: e-Business Strategy, e-Business Planning, Overview of e-Business Models, Formulation of e-Business Strategy, e-Business Strategy for SMEs, Market Analysis, Organizational Transformation by e-Business, Transforming External Relationships with Customers, e-Business Impact on Supply Chain Management, Mobile Computing. Prerequisites: EBU-406 and MGT-202

EBU 450 E - Business Consulting Project

This course allows the student to synthesize the various skills learned by developing and/or implementing a "real world" e-business project such as developing an e-commerce website, from design, development, to implementation and final review. Each team should develop and monitor its own project plan, prepare a business case or business plan to support the proposal and implement a solution. The students should work with faculty advisors to determine an appropriate 'real-world' project that can be completed during the term. Prerequisite: YR 4, Final Semester or BUS-111

ECO 221 Principles of Microeconomics

This course focuses on the tools necessary for analyzing and investigating various microeconomic problems, such as issues of scarcity and choice, the tools of price determination and elasticity, perfect competition, monopolistic competition and oligopoly, factor pricing, factor mobility, labor markets, and the importance and role of economic policy in our everyday lives. Topics include: Economic Decisions, Demand and Supply Analysis, Elasticity of Demand and Supply, Consumer Choice and Demand, Production and Cost in the Firm, Perfect Competition, Monopolistic Competition and Oligopoly, Resource Markets, Capital, Interest, and Corporate Finance, Economic Regulation and Antitrust Policy. Prerequisite: None

ECO 222 Principles of Macroeconomics

This course examines the basic principles of macroeconomics from a market economics perspective. Exploring how to measure national economic activity, looking specifically at GDP, unemployment and inflation, and their relationship to the business cycle, analyzing international economics and the theories of economic growth and development, comparing theories of the macro economy with the classical-Keynesian debate, as well as examining the monetary system, including the federal reserve system, money markets and fractional reserve banking. Prerequisite: None

ENG 101 Digital Logic

This course provides an introduction to digital systems by focusing on the principles and applications. Topics include: Number systems and codes; Logic gates, truth table and universal gates, Combinational Circuits, Karnaugh Map, Flip-Flops and related devices, Decoders, Encoders, Adders, multiplexers, Binary adders, Signed Binary adders, Counters and registers, Code for Detecting and Correcting Errors; Simulations.

ENG 210 Computer Architecture

Machine-level representation of data; Little Man Computer; CPU and Memory; Design, Implementation and Enhancement, Analysis and Comparison of CPU architectures; I/O Operation; Computer Peripherals.

ENG 210 Electronics 1

This course provides an introduction to electronic components in terms of implementation and application. Topics include: Digital and Analog electronic worlds, semiconductor material, semiconductor junctions, Ideal diode; Real Diode; PN junction, Diode applications, LED and Laser Diodes, Zener Diodes, opto-couplers, BJT Transistors, BJT Switching Applications, JFET Transistors, MOSFET Transistors, Switching and logic CMOS applications of MOSFETs. Prerequisite: ENG-220

ENG 211 Computer Network Fundamentals

Introduction to data communication systems; Local Area Networks and OSI layer model, with emphasis on data link and physical layers; Analog and digital communication systems; Multiplexing, bandwidth and throughput; Modulation techniques; Transmission lines; Switching and routing; Ethernet technologies; Internet Protocol.

ENG 220 Electric Circuits 1

This course provides the students with fundamental understanding of electric circuits. It presents an essential background of electrical engineers. Topics include: Units of Measurement, Scientific Notation, Engineering Notation and Metric Prefixes, Metric Unit Conversions; Voltage and Current Sources, Resistors; Ohm's Law; Jule's Law: Energy and Power; Resistors in Series; Resistors in Parallel; Series-Parallel Resistive Circuits; Source Conversions, Superposition Theorem, Thevenin's Theorem, Norton's Theorem; Alternating Current; Capacitors and inductors; RC, RL and RLC Series and Parallel circuits; Series-Parallel RLC Circuits, Bandwidth of Resonant Circuits; Passive filters. Co-requisite: SCI-210

ENG 221 Electric Circuit

This course provides students with fundamental understanding of electric circuits. Topics include: Units of Measurement, Metric Unit Conversions; Voltage and Current Sources, Resistors, Ohm's Law, Jule's Law, Energy and Power, Resistors in Series, Resistors in Parallel, Series-Parallel Resistive Circuits; Source Conversions, Superposition Theorem, Thevenin's Theorem, Norton's Theorem, Alternating Current, Capacitors and inductors; RC, RL and RLC Series and Parallel circuits, Series-Parallel RLC Circuits, Bandwidth of Resonant Circuits; Passive filters.

ENG 222 Engineering Electromagnetics

This course is intended to develop both physics and engineering related understanding of electromagnetic forces and fields.

It also explains propagation process through materials, devices as well as systems. It starts by reviewing Complex Numbers, Phasors, Vector Analysis, Differential operators. Topics include: Waves and Phasors; Transmission Lines; Electrostatics; Magnetostatics; Time-Varying Fields; Faraday's Law; Boundary Conditions for Electromagnetics, Electromagnetic Potentials; Plane-Wave Propagation. Co-requisite: SCI-210 Prerequisite: MTH-212

ENG 224 Engineering Graphics and Design

This practice oriented course provides the students with basic drafting knowledge and develops in them some drawing and design skills that are necessary in the engineer's career. Topics include: Layouts and Lettering, Use of Instruments, Scaling, Applied Geometry, Technical Sketching, Multi-view Projection, Oblique Projections, Perspectives, Basic Dimensioning, Tolerances, Zoom, Electronic Graphics, AutoCAD, 2D Computer Graphics, 3D Modeling, Design Mini-project. Prerequisite: None

ENG 301 Electronics 2

This is a second course in electronics. It is composed of two parts. The first part presents a detailed treatment of "BJT" small-signal or AC parameters that are used to evaluate the performance of either small-signal or FET amplifiers. The second part handles the signal model of an ideal operational amplifier. Topics include: Small-signal BJT Amplifiers; Small-signal FET Amplifiers; MOSFET Amplifier; Amplifier Frequency Response; Ideal Operational Amplifier Circuits and Analysis; Controlled Voltage and Current Sources. Prerequisite: ENG-210 LecT

ENG 310 Electronics 1

This course provides an introduction to electronic components in terms of implementation and application. Topics include: Digital and Analog electronic worlds, semiconductor material, semiconductor junctions, Ideal diode; Real Diode; PN junction, Diode applications, LED and Laser Diodes, Zener Diodes, opto-couplers, BJT Transistors, BJT Switching Applications, JFET Transistors, MOSFET Transistors, Switching and logic CMOS applications of MOSFETs.

ENG 311 User Interface Design

This course provides an introduction to human-machine interaction techniques. Computer is now an avoidable tool for many systems including communication systems. Thus, engineering students should develop skills in User Interface Design. Topics include: Models of interaction, Frameworks and HCI, Ergonomics, Industrial interfaces, Navigation in 3D and 2D; Paradigms for interaction; Interaction design basics; Usability engineering, Iterative design and prototyping; Design rules; Implementation support; Implementation support; Universal design; User support; Cognitive models; Socio-organizational issues and stakeholder requirements. Prerequisites: SWS-316 and NET-112

ENG 320 Internship

Internship is a course designed to provide students with opportunities to gain work experience in real world situations, to practice critical thinking, to solve real problems, to develop design and innovation skills. By interacting with professionals on real problems and commercial devices, systems or software, the student learns how to tackle real world tasks, manage his/her duties, identify objectives, respect constraints, explore new ideas, investigate practical issues, design new elements (device, systems, software) and make some decisions. Prerequisites: LNG-173 and YR3 or 70 earned crhrs

ENG 400 Graduation Project 1

This project provides the students with opportunities to demonstrate the learning they acquired, to apply critical thinking, to further develop their design skills, and to innovate. The students are expected to complete literature survey; develop a project plan; analyze requirements and acquire the necessary material and steps for their intended project. Graduation Projects in industrial environment with the co-supervision by an industrial expert are encouraged. Prerequisite: College Level YR 4 or 100 earned crhrs

ENG 400 Internship

This internship provides the students with opportunities to gain work experience in real world situations, to practice critical thinking, to solve real problems, to develop design and innovation skills. By interacting with professionals on real problems and commercial devices, systems or software, the student learns how to tackle real world tasks, manage his duties, identify objectives, respect constraints, explore new ideas, investigate practical issues, design new elements (device, systems, software) and make some decisions.

ENG 401 Graduation Project 2

This project provides the students with opportunities to demonstrate the learning they acquired, to apply critical thinking, to further develop their design skills, and to innovate. The students are expected to implement, test and perform the analysis of the results of a project based on the design and schedule completed by the same student team during the graduation project I. Graduation Projects in industrial environment with the co-supervision by an industrial expert are encouraged. Prerequisite: ENG-400 PrjT

ENG 410 Professional and Ethical Practice

This course introduces the engineering profession, professional practice, engineering law and ethics. To fully assume responsibilities towards society the engineer should consider social implications and environmental impacts of technologies. Topics include: history of the profession of engineering, principles of professional engineering practice, professionalism and codes of ethics, understanding ethical problems, ethical problem-solving techniques, hazard assessment and prevention control, assessment of the safety situation of Canadian University Dubai (practice), safety and health training, management of safety and health, social implications and environmental impacts of technology, the rights and responsibilities of engineers, ethical issues in engineering practice. Prerequisite: None

ENG 421 Graduation Project 1

This project provides the students with opportunities to demonstrate the learning they acquired, to apply critical thinking, to further develop their design skills, and to innovate. The students are expected to complete literature survey; develop a project plan; analyze requirements and acquire the necessary material and steps for their intended project. Graduation Projects in industrial environment with the co-supervision by an industrial expert are encouraged.

ENG 422 Graduation Project 2

This project provides the students with opportunities to demonstrate the learning they acquired, to apply critical thinking, to further develop their design skills, and to innovate. The students are expected to implement, test and perform the analysis of the results of a project based on the design and schedule completed by the same student team during the graduation project I. Graduation Projects in industrial environment with the co-supervision by an industrial expert are encouraged.

ENV 125 Ecosystems and Human Health

This course introduces the key concepts of ecosystems and health, emphasizing how they are related and the implications of this relationship to human wellbeing. Students will juxtapose the ecosystems and health, and ecosystems and the health of humans. The course will provide knowledge, skills and attitudes of relevance to problem-solving in personal and professional like. Prerequisite: None Equivalent: GED-125

ENV 301 Introduction to Environmental Science

This course introduces students to the interdisciplinary nature of environmental studies. It covers a range of issues: Environmental impact, Biodiversity, Air and water pollution, Food production, Soil resources, Soil erosion, Energy, Domestic and hazardous wastes, Environmental economics, Work environment, Technology, Population growth, ethics, and policy. Approaches to prevention and control are discussed within the overall context of sustainable development. Prerequisite: None

ENV 302 Environmental Microbiology

This course covers fundamental aspects of micro-biology in relation to environmental health. Topics include: Microscopy, Cell Structure and Taxonomy, Diversity of Microorganisms, Microbial Physiology and Genetics, Biochemistry, Controlling Microbial Growth In Vitro, Use of Antimicrobial Agents, Microbial Ecology, Healthcare Epidemiology, Diagnosing and Pathogenesis of Infectious Diseases, Major Viral, Bacterial, and Fungal Diseases of Humans, Major Parasitic Diseases of Humans.

ENV 303 Entomology and Pest Control

This course provides the necessary background on insect classification, biology and morphology. Topics include: General Morphology & Digestive System, Study of the diversity and relationships among organisms, Taxonomy, Insect Collection Techniques, Miscellanea Terminology, Insect Orders and Identification, Ecology and Biology, Phylum Arthropoda, Pest Control and Management. Prerequisite: SHS 103

ENV 304 Water and Wastewater Quality Control

This course focuses on the principles of water management (both in quantity and quality) with emphasis on fresh water resources for domestic and multi-purpose utilization. Characterization, treatment, reclamation, and recycling of wastewater are also discussed. International guidelines, standards, and directives for water and wastewater management are presented. Prerequisite: ENV 301

ENV 305 Food Quality and Control

This course introduces the concept of food hygiene and emphasizes its importance. Topics include: Quality terms & definitions, Quality development cycle, elements and their evaluation, Food quality management (structures, policies and responsibilities), Food standardization and legislation, Statistical tools and quality improvement, Food quality systems (GMP, ISO 9000, HACCP, risk analysis and conformity certificate), Food quality systems (The audit process, registration, and certification). Prerequisite: ENV 301

ENV 308 Community Environmental Health

This course addresses Sanitation and management principles of community problems related to waste disposal, vector control, food and milk protection, swimming pools, and recreation activities. Topics include: Sustainable Yield & Natural remediation, Environmentally-incurred disease, Zoonotic diseases, Insects and other pests, Integrated Pest Management, Food Quality and Microbiology, Food Sanitation, Food Bio Security Issues, Solid Waste Management, Recreational Facilities, Milk Products. Prerequisite: ENV 301

ENV 406 Internship: Familiarization with the Industry

This internship provides the students with the opportunity to explore, research, investigate, and ultimately make some decisions that may have significant impacts on their future careers. It increases students' experiences and knowledge in their areas of expertise. It also stimulates students' thinking and reflection about the knowledge and understanding that they will gain from such experiences. Finally it provides students with opportunities to demonstrate the learning they acquired. It includes field visits to different institutions, agencies, companies and places related to the environment. Prerequisite: 81 Cr. hrs

ENV 407 Management of Domestic and Hazardous Waste

This course introduces the element of solid waste management: sources, characterization, generation rates, collection, transportation, and disposal technologies. Topics include: Collection, transportation, storage and disposal methods, Treatment and disposal technologies, Solid waste management planning, Waste minimization Reduction, Reclamation, Recycling, Reuse and Disposal, Application of treatment and disposal methods, Collection and disposal of wastewater, Types of hazardous wastes, Treatment and disposal technologies of hazardous waste, risk assessment and management, Site redemption, Safe management of wastes from healthcare activities. Prerequisite: ENV 304

ENV 408 Epidemiology and Biostatistics

This course introduces the types and sources of data in measuring population health, the different epidemiological study designs, and exploratory data analysis. Topics include: Measures of morbidity and mortality used in epidemiology, Descriptive epidemiology, Measures of effect and data interpretation issues, Screening for disease in the community and epidemiology of infectious disease, Molecular, genetic, psychologic, behavioral and social epidemiology, Practical applications of biostatistics, concept, scope and uses of statistics, Probability and sampling distribution, Correlation and regression, sample size for estimation, Epi-Info 3.3.2 and SPSS. Prerequisite: MTH 195, ENV 301

ENV 409 Marine and Air Pollution

The environments covered in this course include water and inside and outside air: There is an emphasis on sources and types of pollutants as well as environmental degradation and its consequences. Marine pollution management is covered in depth; including international legislation for the conservation of the marine environment. The course discusses the health effects and economic consequences of exposure to outdoor pollutants and of indoor pollutants (e.g., asbestos, tobacco smoke, formaldehyde, radon). Prerequisite: ENV 407

ENV 410 Occupational Health and Toxicology

This course introduces the general principles governing occupational health and acceptable levels of hazardous chemical and physical agents in the workplace. Toxic agents in the environment in general and specifically in the occupational environment are studied with respect to entry routes, how they act in the body, their effect on metabolism, the impact of different levels of exposure (i.e. their toxicity). Tools and techniques for monitoring the work environment and the workers themselves for exposure to hazardous agents, evaluating data, recognizing and assessing risks and controlling hazards are presented. Prerequisite: ENV 302, 407.

ENV 411 Research Study in the Field of Environmental Health

This course provides the students with the skills required to develop a research study in the field of environmental health and present the finding to the audience. Following aspects are covered: Introduction on how to write researchable questions and problem statement, Problem statement, critical review of the literature, methods for data collection questionnaire construction, tools for data collection, reliability and validity measures, citations and references and writing the research document. Prerequisite: 81 Cr.H

ENV 415 Seminar

As a capstone, this course provides students with the opportunity to examine the breadth of environmental and occupational health in terms of the role it plays in local infrastructure, its diversity of employment opportunities, and the varied issues faced in both the public and occupational health setting. The course is typically limited to seniors and taken in the last year of a student's undergraduate studies. Speakers for this course will include environmental and occupational health professionals from both the public and private sector. Prerequisite: 81 Cr.H

FIN 201 Managerial Finance

The course provides a conceptual framework of financial management at the introductory level. Analysis, planning and control of internal and external finance decisions of a firm with emphasis on corporate structure. Topics include: financial statement analysis, markets and institutions, risk and rates of return, time value of money, bond and stock valuation, cost of capital, capital budgeting, capital structure and leverage, dividend policy, and international finance. Prerequisite: ACT-112

FIN 310 Corporate Finance

This course provides and surveys an introduction to the theories and the methodologies of corporate finance. The concepts emphasized and developed in this course are based on previous foundation courses. Topics include: Time value of money, Investment decision rules, Capital budgeting, Risk and return in capital markets, Cost of capital; Mergers and acquisitions; Capital structure. Prerequisite: FIN-201

FIN 320 Financial Statement Analysis

The course provides a conceptual framework of Financial Statement Analysis at the advanced level. Analysis of the Financial Statements of the companies and see the effect of using different accounting and quantitative analysis tools on the financial analysis and on the cash flow analysis. Topics include: Understanding Balance Sheet and Income Statement, Preparing Cash Flow Statement by using different methods and types of off balance sheet financing. Prerequisite: FIN-201

FIN 325 Money and Banking

This course examines the nature of money and the banking system in a global economic environment. It introduces students to monetary policy and considers how monetary policy influences interest rates and asset markets of GCC.

International aspects of the monetary system are also considered such as foreign exchange markets and exchange rate targeting policies in GCC. The course also starts with an exposition of financial market and its instruments and proceeds to discuss shari'ah viewpoints concerning different financial market instruments such as equity shares, preferred shares, bonds and financial derivatives. Prerequisite: ECO-222

FIN 330 International Finance

International Finance is an advanced course in Finance. This course will focus on foreign exchange markets, forecasting exchange rates, currency risk hedging techniques, and currency derivative instruments. In addition, macroeconomic policies, international portfolio management, and investment practices of multinational firms will also be reviewed to familiarize students with the type of practical issues in the international finance field. Prerequisite: FIN-201

FIN 350 Portfolio Management

This course covers portfolio analysis of a group of securities. The Mean Variance Portfolio Theory is introduced and its application in determining the properties of combinations (portfolios) of the individual assets, delineating the characteristics of portfolios that make them preferable to others. The composition of the preferred portfolios is determined and issues of investment analysis are covered. Performance evaluation of well-managed portfolios and their evaluation process is described. Models of equilibrium in the capital markets and the non-standard forms of capital asset pricing models are illustrated. The Arbitrage Pricing Model (APT) and its comparison to the Capital Asset Pricing Model (CAPM) are illustrated. Prerequisite: FIN-201

FIN 360 Investment Analysis

This course is a comprehensive course introducing the important characteristics of the markets in which equities, fixed-income instruments, derivatives, and alternative investments trade. It introduces the student to the world of investment finance, and how simple yet robust finance models such as CAPM, stock and bond valuation, fundamental and technical analysis, and use of macroeconomic events in model. This course will complement the use of Excel where models would be created and synchronized using live trading data feed and evaluations. Prerequisite: FIN-201

FIN 400 Accounting and Finance Internship

This Internship presents an opportunity for real-world experience. The major goal of this internship is to provide students with an experience that will enable students to apply the knowledge and skills acquired during coursework in a real-world setting. Students will learn how decisions are made in collaboration with others, facing constraints and challenges they may not have faced in the academic world of the classroom. Prerequisite: 90 Cr. H. + min CGPA 2.0

FIN 480 Financial Derivatives

Financial Derivatives FIN 480 is an advanced unit in Finance. It covers that branch of finance which deals with in depth structures of conventional and Islamic financial instruments, pricing and risk management techniques of such tools, and foundations to equip students to pursue financial market careers in derivatives.

FIN 480 is an important and one of the most challenging courses for those pursuing careers in international finance and Islamic finance. It will help you understand the world in which you live, it will enable you to be a rigorous and informed investor in today's ever challenging economy and it will give you the tools for better informed investment decisions eventually. Prerequisite: FIN-310 & 360

FIN 490 Special Topics in Finance

The course equips the students that how corporate clients use financial theory to solve practical problems and as a way of learning how to respond to change by showing not just how but why companies and management act as they do. The course provides the modern fundamentals of the theory of finance while providing contemporary examples to make the theory come to business life. Prerequisite: FIN-320 and FIN-360

GED 101 Applications in Computer Software

This course introduces students to the most common commercial microcomputer software applications. Topics include: computer hardware and software, Windows operating system, editing (Word), spreadsheet (Excel), presentation (PowerPoint), database (Access), internet usage and E-mail. Prerequisite: None

GED 110 Modern Art Appreciation

The major monuments and masterpieces of world painting, sculpture, and architecture are studied as examples of civilization's achievements in the visual arts. Individual objects are considered in detail and interpreted in light of society's varied needs. Changes in form, style, and function are highlighted, as well as an attempt to appreciate the development of distinctive trends and traditions of visual imagery throughout world civilization. This course focuses on broad regional and chronological categories from the 19th century to contemporary practice in art and design. Course work is offered where this comprehension is synthesized. Specifically, students will identify these categories, and apply this knowledge in a series of class assignments as well as a midterm and final exam. Prerequisite: None

GED 111 Music Appreciation and Communication

Stimulate music appreciation and communication. Identify factors that promote and inhibit music, music history, music practice and communication via music. Look at popular music and its impact on every-day life. Understand the value of music as part of mass communication and media. Learn the building blocks of music history, music practice and music appreciation. Prerequisite: None

GED 112 Using Positive Psychology at Work

This course invites students to explore the emerging field of Positive Psychology with a focus on the workplace. Students will learn about the science of happiness by exploring theory and concepts relative to a state of well-being, such as the architecture of sustainable happiness (Lyubomirsky, Sheldon, & Schkade, 2005), adaptation (Lyubomirsky, 2011), broaden and build theory (Fredrickson, 2006), and flow (Csikszentmihalyi, 1990). The second part of this class will focus on the application of theory in the workplace as well as in one's personal life. Students will be invited to engage in several positive psychology interventions (PPIs), such as generating positive emotions to improve creativity, relationships with coworkers, and work performance. How these techniques are currently being used within organizations to increase employee retention and job satisfaction will also be reviewed through the identification and evaluation of two corporate wellness programs. Prerequisite: None

GED 125 Ecosystems and Human Health

This course introduces the key concepts of ecosystems and health, emphasizing how they are related and the implications of this relationship to human wellbeing. Students will juxtapose the ecosystems and health, and ecosystems and the health of humans. The course will provide knowledge, skills and attitudes of relevance to problem-solving in personal and professional like. Prerequisite: None Equivalent: ENV-125

GED 132 Science and Technology in Society

This course examines the aims, methods and consequences of scientific enquiry in human history, including the impact of scientific and technological advances on societies, cultures and political systems. The course also discusses some of the philosophical disputes prompted by those advances and the political and their ethical implications on societies. Prerequisite: None

GED 140 Fundamentals of Innovation and Entrepreneurship

This course is developed for the UAE based on decades of practices and experiences of teaching innovation and entrepreneurship at Stanford University that has fueled innovation and high growth in Silicon Valley. The goal of the course is to equip the next generation of leaders in the UAE with an innovative and entrepreneurial mindset and its related core skills. The course is composed of three modules designed to be taught over a 15-week semester:

- Module 1: Design Thinking
- Module 2: Entrepreneurship
- Module 3: Growth and Leadership

Most sessions include a mix of components: lecture, discussion, interactive activities in class, and open Q & A if an appropriate expert or guest speaker is available. The session descriptions below contain a summary of the session, a list of materials to read and videos to watch before the session, and a set of study questions to contemplate beforehand and to be used in class discussion. Prerequisite: None

GED 160 Studies in Ancient Civilization

This course is designed to study the history of the ancient civilizations (from c. 3,500 BCE to 400 CE) as classified by archaeologists and historians: the first civilizations, the civilizations in Near East and the Mediterranean civilizations.

GED 195 Descriptive Geometry

This course focuses on the theoretical and practical explorations of principles of descriptive geometry and their use in the visualization of two-dimensional and three-dimensional objects. Covered topics are orthogonal projections, parallel projections, and perspective projections. Shadow constructions are introduced to create added definition and understanding of the third dimension. Presentations will link theoretical principles with drafting exercises and photographic examples.

Through weekly lectures, alternating with regular practical assignments students will learn the underlying geometric principles and visualize spaces and their defining objects. This course places an emphasis on practical learning, construction exercises will be given each week. Prerequisite: None

GED 196 Communication Skills in Arabic 1

The course aims at developing the basic skills of non-native Arabic speakers. It covers the four language skills (reading, writing, listening and speaking) of modern standard Arabic. Special emphasis is placed on the skills needed for every day communication. Prerequisite: None

GED 198 Islamic Culture

The course presents an elementary survey of Islam as a religion and an approach to life. Topics include: the Quran, its names characteristics and miracles, the scientific miracles in the Quran, an introduction to the prophetic heritage (the Sunnah), the history of Islam and the Islamic civilization, Islam's vision of the human being, the universe and life, and the pillars of Islamic faith. Students are invited to reflect on the relationships between Islam and other civilizations. Prerequisite: None

GED 199 UAE Society

This course is an introduction to the UAE society in its political, geographical, cultural, demographical and social aspects. Students are encouraged to reflect on the evolution of society in view of the fast changes brought by modernization and globalization. Topics include: the Emirates geography and history, aspects of life before and after the Emirates political union, economic and social development, the cultural life before and after the union. Prerequisite: None

GED 205 Psychology in Everyday Life

An introduction to concepts and principles of selected areas of psychology and their applications to daily living. The aim is to foster students' understanding of the self and its interactions with the environment. Topics include: history of psychology, basic neuro-anatomy, theories of learning, theories of memory models, theories of intelligence, multiple intelligences, and interpersonal relationships. Prerequisite: LNG-172

GED 252 Critical Thinking

This course aims at improving students' ability to analyze and evaluate types of arguments and assertions encountered in everyday life. The focus is on the informal logic of everyday language, but some elementary formal logic is discussed. Topics include: the language of argumentation, analyzing arguments, validity, soundness, problems of interpretation, syllogistic reasoning, non-deductive arguments, the use and misuse of Statistics, explanations and empirical theories, conceptual theories and definitions. Prerequisite: LNG-172

GED 272 Fundamentals of Public Speaking

Being able to communicate well in public situations is something any university graduate is expected to be able to do with ease. This course will introduce students to the fundamentals of public speaking. These include the steps of the speech-making process. The course will also focus on developing oral communication skills and presentation skills that students need to succeed in their major programs of study and to advance in their future careers. Students will be asked to give various speeches in a wide range of settings and for a variety of purposes to enhance their appreciation of and comfort with the art of public speaking. Fundamentals of Public Speaking' also focuses on developing skills for thinking critically, whether one is designing one's own presentation, listening to the presentations of others, or evaluating information and solutions in the process of accomplishing a group task. Prerequisite: LNG-172

GED 296 Communication Skills in Arabic 2

The course is a continuation of GED-196. It aims at further developing the Arabic language skills of non-native speakers. It covers the four language skills (reading, writing, listening and speaking) of Modern Standard Arabic. Special emphasis is placed on the skills of reading and writing in an academic environment. Prerequisite: GED-196

GED 298 Special Topics in Western Culture

The course will allow students to enhance their English language skills and develop a firm understanding of Canadian culture and history. The field course will see students spending 4 weeks at the University of Ottawa located in Canada's Capital region where they will study intensive English, and also, through a series of lectures and seminars, learn about Canadian history and culture. Complementing the course will be an extensive schedule of cultural excursions aimed at exposing students to life in Canada. Prerequisite: LNG-172 and GED-198

GED 324 Ethical Reasoning for Today's World

This course examines the theories, skills and applications of moral philosophy, including a description and a discussion of the three influential approaches to morality, namely: character ethics, consequences based ethics, and principle based ethics. Some topics are: an introduction to ethics, character/virtue ethics, the problem of global inequity, utilitarianism, principle ethics, and cases in clinical ethics, principles in professional and personal ethics, the nature of ethical reasoning, developing reasoning skills in ethical, social and political contexts. Prerequisite: LNG-172

HIM 301 Health Informatics and Health Statistics

This course introduces the students to health information systems. It covers health information systems, the different computer applications in healthcare organizations, and the emerging technology in the health services. Topics include: E-Health and the automated health information system, Telemedicine, Data Quality, security, and confidentiality, Commonly used frequency measures in healthcare, Healthcare statistical data collection, Percentage of occupancy/Length of stay/Discharge days, Mortality and autopsy rates, Miscellaneous rates. Prerequisite: MTH195, SWS 101

HIM 408 Health Information Department Management

The course discusses the different skills required to efficiently manage a health information department. Topics include: Functions of health information management, Medical record physical facility design and safety, Planning function and the management of information plan, Organizing function, Directing function, Controlling function, Health information Quality Assurance/Peer review, Evaluating the Quality of health information services, Continuous quality improvement. Prerequisite: HIM 301

HISD 201 History of Architecture and Interior Design 1

This course examines the development of architecture and interior design of the development of architecture and interior design of the ancient Middle East and Mediterranean civilizations through the Classical Revival period. Knowledge of the language of architecture, its terminology and recognition of period styles are required. Emphasis is placed on the historical and intellectual context of selective examples of architecture and interior design, along with their environmental and social relevance. The works of several masters will be studied in detail. Prerequisite: LNG-172

HISD 202 History of Architecture and Interior Design 2

This course examines the development of architecture and interior design of the nineteenth, twentieth and early twenty-first centuries. Knowledge of the language of architecture, its terminology and recognition of period styles are required. Emphasis is placed on the historical and intellectual context of selective examples of architecture and interior design, along with their environmental and social relevance. The works of several 20th and 21st century masters will be studied in detail. Prerequisite: HISD-201

HOM 101 Fundamentals of Healthcare Management

This course presents an introduction to the practices and concepts of management and their applications in healthcare. Topics include: basics of Management/Management Concepts, Special characteristics of healthcare management, Role and responsibilities of the healthcare manager, Organization and change management, Planning healthcare facilities and managing the development process, Strategic planning, Human resource management, Material management, Financial management, Project management, Total Quality Management, Waste management, Marketing healthcare services, Marketing healthcare services, Health management organizations and future trends in health management.

HOM 301 Process Management in Health Services

This course addresses the basic and contemporary knowledge of business process management (BPM) & re-engineering as well as their application in the healthcare organizations. Topics include: Evolution, application and tools of BPM in healthcare, Process mapping fundamentals, Process analysis, Process improvement and organizational change, role of IT in BPM, implementation of BPM in health care services, Factors influencing the implementation of BPM, Clinical practice guidelines and the clinical pathways, Business Process Reengineering BPR and methods. Prerequisite: SHS 213

HOM 303 Health Education and Promotion

This course introduces students to the major theories of health behavior and health promotion. It focuses on the application of health behavior theories to health promotion and education practice. Topics include: Health Determinants, Health Professions and Organizations, Health Education, Needs Assessment and Planning, Intervention Programming, Intervention Actions, Cognitive and Affective Learning, Behaviorism, Social Cognitive Theory, Social Cognitive Theory, Organizational Change, Community and Social Change. Prerequisite: None.

HOM 304 Healthcare Operations

This course focuses on the macro- and micro- management operations within healthcare institutions. Topics include: Healthcare organizations, Accessing health care, Physician organization and management, Nursing organization and management, Management and financial services, Pharmacy services, Food and nutrition services, House keeping and environmental services, Safety and security, Legal services, Planning and management of emergency services, of health information, of Ambulatory services, Imaging, Pathology, and Rehabilitation services. Prerequisite: SHS 213

HOM 311 Healthcare Facility Design and Safety Measures

This course addresses safety measures with respect to healthcare environments. Topics include: Considerations for building health care facilities, Planning and designing the main Entrance and lobby area, Master Planning and pre-design, safety, emergency management, patient flow, Security, life safety, infection control, risk management, Building design and construction, Commissioning, Design requirements for hospital's units and surgical suites, Design requirements for hospital's emergency services and transportable units, Design requirements for hospital's Pharmacy and laboratory, Design requirements for hospital's medical records. Prerequisite: HOM 304

HOM 312 Care of Patients and Continuum of Care

This course addresses the effective provision of patient care and the fulfillment of related international standards. Topics include: Primary health care and access to care, Planning and Providing care, Anesthesia care, Care during operative and other procedures, Medication use, Nutrition care, Rehabilitation care and services, Restraint, seclusion, and other patient safety procedures, Discharge planning and patient and family education, Communicating with patients/privacy/confidentiality, End of life care, Long-term care. Prerequisite: HOM304

HOM 401 Risk Management and Patient Safety

The course introduces the components of risk management in healthcare organizations. Topics include: Risk management in healthcare, Adverse events in healthcare and the occurrence variance reporting system, Medication safety, Medication errors and reporting, Medical errors and peer review, Sentinel events, Key risk reduction tools, Prevention and control of infections within the healthcare organization, Risk Management and the environment of care, Failure mode and effects analysis, International patient safety goals. Prerequisite: HOM 304

HOM 402 Internship: Familiarization with the Industry

The internship provides students with the opportunity: to work in a team in collaborative internship sites in companies or governmental agencies, to investigate and analyze practical HOM issues, problems or challenges, to explore, research, investigate, and ultimately make some decisions related to HIM issues, to develop and exercise problem-solving skills HIM issues, to increase their experiences and knowledge in the areas of health and management. Prerequisite: 81 Cr.H

HOM 408 Health Information Department Management

The course discusses the different skills required to efficiently manage a health information department. Topics include: Functions of health information management, Medical record physical facility design and safety, Planning function and the management of information plan, Organizing function, Directing function, Controlling function, Health information Quality Assurance/Peer review, Evaluating the Quality of health information services, Continuous quality improvement. Prerequisite: HIM 301

HOM 411 Healthcare Organizations and the Accreditation Process

The course presents an overview of the process of accreditation of healthcare organizations. Topics include: Accreditation concept and accreditation agencies, International accreditation standards for hospitals, Patient centered standards, Healthcare organization management standards, Family rights, Assessment of patient, Health Care Organization Management Standards, Quality Management and Improvement, Prevention and Control of Infections, Governance, Leadership and Directing, Staff Qualification and Education, accreditation process. Prerequisite: HOM 311, HOM 312

HOM 412 Healthcare Facility Safety and the Environment of Care

This course provides students with knowledge in organizational safety, patient, visitors and their own safety. Topics include: overview of the environment care and basic facility management and safety, wandering and watching, security management, preventing infant abduction, waste and hazardous material management, disaster and emergent management, fire safety management, medical equipment and utilities management, and construction and renovation. Prerequisite: HOM 304

HOM 413 Research Study in the Field of Health Management

This course consists in conducting a research study in the field of health organization management and presenting the findings. It includes continuous follow up and coaching of the student to provide guiding and to monitor the student's methodology and achievements. Topics include: Writing researchable questions and problem statement, conducting literature review, critical review, Selection of the sample, Methods for data collection questionnaire construction, Tools for data collection and discussion on the analysis of data, reliability and validity measures and recommendations and conclusion, Citations, Writing a research document. Prerequisite: 81 Cr.H

HRM 210 Human Resource Management

This course is designed to introduce the fundamental issues associated with Human Resource Management (HRM). An examination of the major topics related to HRM and current issues are addressed to better understand Human Resource's important role within the organization. Topics include: Introduction to HRM, Equal Employment Opportunity, Job Analysis & Design, Planning & Recruitment, Selection Process, Training & Development, Performance Appraisal, Compensation management, Incentive Pay, Employee Benefits, Health & Safety, Employee Rights & Discipline, Labor Relations, and International HRM. Prerequisite: MGT-202 Equivalent: HRM-310

HRM 220 UAE Labour Law and Relations

This course explores how UAE labour law regulates the legal aspects of employer-employee relations, attempting to identify the economic and regulatory influences that have shaped UAE labour laws. It focuses particularly on the legal regulation of collective worker activity and will identify values that inform the legislative, judicial, administrative, arbitral, contractual and informal rules and norms through which law regulates the current diverse management-labor environment. Prerequisite: MGT-202 Equivalent: HRM-320

HRM 230 Human Resources Information Systems

This course examines the use of HRIS applications in a human resource environment with focus on the basic concepts and terminology. Students should apply what they learn through the completion of HR related exercises and activities. Topics include: Knowing the Trends, Previewing HR Software, Working with Consultants, Needs Assessment, Scripting the Demo, Preparing and Using a Selection Matrix, Negotiating the Agreement, Selling to Management, Planning Implementation, Selecting a Small HRIS Package, Mid-Market Main Players. Prerequisite: HRM-210

HRM 235 Staffing

This course addresses the theory, principles, practices, and legal requirements for effective recruitment, selection, and promotion in organizational settings. Topics include: Staffing Models and Strategy, Legal Compliance, Planning, Job Analysis and Rewards, External Recruitment, Internal Recruitment, Measurement, External Selection, Internal Selection, Decision Making, Final Match, Staffing System Management, Retention Management. Prerequisite: HRM- 210 Equivalent: HRM-330

HRM 240 Managing Health, Safety and Diversity

This course addresses the theory, practice and legal requirements in managing employee health, safety, and cultural diversity in organizational settings. Topics include: Accidents and Their Effects, Theories of Accident Causation, Workers' Compensation, Ergonomic Hazards, Mechanical Hazards and Machine Safeguarding, Hazards of Temperature Extremes, Pressure Hazards, Electrical Hazards, Fire Hazards and Life Safety, Industrial Hygiene, Radiation Hazards, Ethics and Safety, Promoting Safety, Product Safety and Liability, Violence in the Workplace. Prerequisite: HRM-310

HRM 265 Performance Appraisal and Compensation

This course addresses theory, principles, practices, and legal requirements linking effective performance management and compensation and benefit systems in organizational settings. Topics include: Strategic Perspectives in Compensation Management, Defining Internal Alignment, Job Analysis, Job Evaluation/Person-based Structures, Determining External Competitiveness, Employee Contributions, Performance Appraisals, Benefits, Compensation of Special Groups, Legal & Administrative Issues in Compensation, Global Compensation. Prerequisite: HRM-310

HRM 270 Compensation Management

This course presents the economic concepts and legislative requirements relating to compensation concepts and practices. It discusses the concepts and procedures for developing and administering a compensation program. Topics include: Strategic Compensation, Strategic Analysis and Contextual Factors, Contextual Influences on Compensation Practice, Traditional Bases for Pay, Incentive Pay, Person-Focused Pay, Building Internally Consistent Compensation Systems, Building Market-Competitive Compensation Systems, Legally Required Benefits, Discretionary Benefits, Compensating Executives. Prerequisite: HRM-210 Equivalent: HRM-370

HRM 275 Conflict Resolution

This course is an analysis of the nature of conflict and the methods to resolve conflict with an emphasis on collaborative problem solving and mediation. Topics include: Negotiation, Preparation for Negotiation, Distributive Negotiation - Slicing the Pie, Win-Win Negotiation - Expanding the Pie, Developing a Negotiating Style, Establishing Trust and Building a Relationship, Power, Persuasion, and Ethics, Creativity and Problem Solving in Negotiations, Cross-Cultural Negotiation, Tacit Negotiations and Social Dilemmas. Prerequisite: MGT-202 and HRM-310

HRM 300 Human Resource Development

This course is a study of the theory and practice in human resource training and development applied to organizational settings. Topics include: Organizational Role of Training Specialist, Identifying Training Needs, Maximizing the Trainee's Learning, Evaluating Training Programs, On-Site and Off-Site Training Methods, Developing & Training Leaders & Executives, Societal Concerns. Prerequisite: HRM-210 (now HRM-310) Equivalent: HRM-410

HRM 310 Human Resource Management

This course is designed to introduce the fundamental issues associated with Human Resource Management (HRM). An examination of the major topics related to HRM and current issues are addressed to better understand Human Resource's important role within the organization. Topics include: Introduction to HRM, Equal Employment Opportunity, Job Analysis & Design, Planning & Recruitment, Selection Process, Training & Development, Performance Appraisal, Compensation management, Incentive Pay, Employee Benefits, Health & Safety, Employee Rights & Discipline, Labor Relations, and International HRM. Prerequisite: MGT-202

HRM 320 UAE Labour Law and Relations

This course explores how UAE labor law regulates the legal aspects of employer-employee relations, attempting to identify the economic and regulatory influences that have shaped UAE labor laws. It focuses particularly on the legal regulation of collective worker activity and will identify values that inform the legislative, judicial, administrative, arbitral, contractual and informal rules and norms through which law regulates the current diverse management-labor environment. Prerequisite: MGT 202

HRM 330 Staffing

This course addresses the theory, principles, practices, and legal requirements for effective recruitment, selection, and promotion in organizational settings. Topics include: Staffing Models and Strategy, Legal Compliance, Planning, Job Analysis and Rewards, External Recruitment, Internal Recruitment, Measurement, External Selection, Internal Selection, Decision Making, Final Match, Staffing System Management, Retention Management. Prerequisite: HRM- 310 and HRM-320

HRM 350 Strategic Human Resource Management

This course exposes students to the "big picture" at the intersection of HR management, business policy and competitive strategy. It introduces the students to the key "core competency" areas necessary to become successful managers of human capital. Topics include: Managing Human Resources through Strategic Partnerships, Understanding the External and Organizational Environments, Ensuring Fair Treatment and Legal Compliance, HR Planning for Alignment and Change, Using Job Analysis and Competency Modeling, Developing an Approach to Total Compensation, Measuring Performance and Providing Feedback, Using Performance Based Pay to Enhance Motivation, Providing Benefits and Services. Prerequisite: HRM-210 Equivalent: HRM-470

HRM 370 Compensation Management

This course presents the economic concepts and legislative requirements relating to compensation concepts and practices. It discusses the concepts and procedures for developing and administering a compensation program. Topics include: Strategic Compensation, Strategic Analysis and Contextual Factors, Contextual Influences on Compensation Practice, Traditional Bases for Pay, Incentive Pay, Person-Focused Pay, Building Internally Consistent Compensation Systems, Building Market-Competitive Compensation Systems, Legally Required Benefits, Discretionary Benefits, Compensating Executives. Prerequisite: HRM 310 & QBA-241

HRM 370 International Human Resource Management

This course is an introduction to the critical issues facing organizations in simultaneously managing their human resources at home and abroad. It focuses on the connection between corporate strategies and the effective management of human resources. Topics include: Enduring Context of IHRM, Organizational Context, Sustaining International Business Operations, Recruiting and Selecting Staff for International Assignments, Training and Development, Compensation, HRM in the Host Country Context, Industrial Relations, and Performance Management. Prerequisite: HRM-210 Equivalent: HRM-440

HRM 375 Seminar in Human Resource Management

This course focuses on the theory and practice of human resource management. Emphasis is on the development of human resource management and the practical skills needed by HRM practitioners, supervisor and managers. The employee life cycle including recruiting, hiring, testing, developing, appraising, firing and out placing is emphasized. As a seminar based course, heavy focus is based on case analysis, projects, and interactive discussion based lectures. Prerequisite: HRM-310 and MGT-202

HRM 400 Human Resource Management Internship

This 6 to 8 weeks internship provides qualified students with an opportunity to receive academic credit for supervised professional training and experience in an actual work environment. It is an ongoing on the job interaction between the student, and the employment supervisor. It involves a Learning Contract, periodic meetings with the faculty representative, professional experience, and submission of materials as established in the Learning Contract. Prerequisite: 90 credits + GPA min 2.0

HRM 410 Human Resource Development

This course is a study of the theory and practice in human resource training and development applied to organizational settings. Topics include: Organizational Role of Training Specialist, Identifying Training Needs, Maximizing the Trainee's Learning, Evaluating Training Programs, On-Site & Off-Site Training Methods, Developing & Training Leaders & Executives, Societal Concerns. Prerequisite: HRM 370

HRM 440 International Human Resource Management

This course is an introduction to the critical issues facing organizations in simultaneously managing their human resources at home and abroad. It focuses on the connection between corporate strategies and the effective management of human resources. Topics include: Enduring Context of IHRM, Organizational Context, Sustaining International Business Operations, Recruiting and Selecting Staff for International Assignments, Training and Development, Compensation, HRM in the Host Country Context, Industrial Relations, and Performance Management. Prerequisite: HRM 370

HRM 450 Human Resource Management Capstone

This capstone course emphasizes the strategic importance of Human Resource Management in organizational decision-making. The course covers the role of human resource management in strategic decision making, managing growth and downsizing, managing work flows and productivity, international HRM, evaluation of HR systems, and the future of Human Resource Management. Prerequisite: YR4 Final Semester

HRM 470 Strategic Human Resource Management

This course exposes students to the “big picture” at the intersection of HR management, business policy and competitive strategy. It introduces the students to the key “core competency” areas necessary to become successful managers of human capital. Topics include: Managing Human Resources through Strategic Partnerships, Understanding the External and Organizational Environments, Ensuring Fair Treatment and Legal Compliance, HR Planning for Alignment and Change, Using Job Analysis and Competency Modeling, Developing an Approach to Total Compensation, Measuring Performance and Providing Feedback, Using Performance Based Pay to Enhance Motivation, Providing Benefits and Services. Prerequisite: HRM-410 & HRM-370

INB 300 International Economics

This course analyses the economic relations of the various nations and compares their international trade. The various internal factors of nations are compared to be affecting their international trade. The major origin in international trade theories are discussed with the overview on IMF, FAO and WTO. The policy development in developing nations and the developed nations are compared and discussed during the course.

INB 340 International Dimensions of Human Resources Management

This course analyses the critical issues facing organizations in simultaneously managing their human resources at home and abroad. It focuses on the connection between corporate strategies and the effective management of human resources. Topics include: Enduring Context of IHRM, Organizational Context, Sustaining International Business Operations, Recruiting and Selecting Staff for International Assignments, Training and Development, Compensation, HRM in the Host Country Context, Industrial Relations, and Performance Management. Prerequisite: HRM 210

INB 420 International Business Law

This course presents students to the concepts of international business law. The various international treaties and laws governing international business transactions are covered in this course. The international agreements covering commercial law, international legal requirements are covered. Topics include technology transfer, intellectual property, agency agreements, UN agreements, international contracts, and international export and import laws.

INB 450 International Accounting

This course focuses on advanced international accounting standards unique to international corporations, especially with esteem to overseas operations, and also obtain advanced knowledge about the different practical areas of accounting in the world. In the course, students will study the various types of the world’s major accounting systems, and progress the skills to use accounting information from indigenous sources to make various economic decisions in international companies

INDE 300 Textiles

This course examines textiles from various perspectives: raw and finished materials, fibers and yarns, applications to furniture, fabrics and construction methods, new materials and technology, and codes of legislation. Students will develop their knowledge of this subject through a series of research and practical exercises, and will design their own textiles. Prerequisite: DESI-102

INDE 320 Building Systems and Codes

This course develops in the student knowledge already established through earlier courses concerning the empirical elements of structure, construction and environmental engineering. In addition, the various building systems: electrical, mechanical, air conditioning, water supply and drainage, and building codes, especially concerning safety, are each examined. Emphasis is placed on attaining a critical understanding between the interplay of the design idea with the construction and engineering systems, along with the development of a technical vocabulary. Prerequisite: INDE-330

INDE 330 Residential Design (Studio)

This essential studio core course encourages the student to develop a design for a residential interior and comprises lectures, in-class exercises, home assignments, in situ surveys, field trips, group presentations, and reviews. The student will complete an integrated final project and develop a series of required skills including client analysis, programming, space-planning and fitting-out, code analysis, tight-fit and loose-fit furniture, and materials and finishes selection. The integrating of electrical, lighting, and plumbing systems is a strong component of the technical design appraisal. Strong graphic and oral presentation skills are emphasized, particularly for the final project. Prerequisite: DESI-221

INDE 331 Commercial Design

This essential studio core course encourages the student to develop a design for a commercial interior and comprises lectures, in-class exercises, home assignments, in situ surveys, field trips, group presentations and reviews. The student will complete an integrated final project, either within a business or retail environment, and develop a series of required skills based on client analysis, programming, space-planning and fitting-out, office systems, environmental systems, code analysis, tight-fit and loose-fit furniture, and materials and finishes selection. The integrating of electrical, lighting, and plumbing systems is a strong component of the technical design appraisal. Prerequisite: INDE-330

INDE 350 Furniture Design

This interior design core course encourages the student to develop a design for a prototype piece of furniture suitable for a residential or commercial interior and comprises lectures, in-class exercises, home assignments, field trips, group presentations and reviews. Visits to Furniture Manufacturing and Retailing Companies will be an essential component of the course. A primary consideration involves the essential jointing of timber tight and loose-fit furniture. In order to demonstrate an understanding of materials and the process of furniture design, students are required to retain a working sketch book which will be graded periodically at mid-term and at the end of term. Prerequisite: DESI-211

INDE 440 Senior Project - Dissertation

The first of two courses that are structured toward delivery of the student's final design project, INDE430 is essentially concerned with the preparation of a design dissertation subject to the approval of the Program Leader. Each student will prepare a proposal that will encompass aptitudes, design interests, strengths, and career orientation. Consequently, a dissertation will be prepared and, as a substantial research document, will reflect a thorough and independent understanding of research methodology along with the process of integrated interior design. Prerequisites: All 300 INDE courses and Program Leader approval

INDE 441 Senior Project - Design

The second of two courses that are structured toward delivery of the student's final design project, INDE441 is essentially concerned with the finalizing of a design process which commenced with investigative studies, followed by the completion of a dissertation and outline proposals in INDE440. Each student will develop a proposal that will encompass aptitudes, design interests, strengths, and career orientation. Consequently, this should be regarded as a capstone course which will reflect a thorough and independent understanding of the process of integrated interior design while indicating professional aptitude and abilities. Prerequisite: INDE-440

JRN 205 Journalistic Translation 1

Principles of journalistic translation; comparative Arabic and English language features; translation techniques; news vocabulary in Arabic and English; political news translation; economic and business news translation; disaster news translation. Practical applications. Prerequisite: None

JRN 207 News Editing 2

Editing specialized journalistic works; editing editorial content for print media; editing investigative reports and interviews; editing translated work. Practical works. Prerequisite: JRN-315

JRN 210 Layout and Graphic Design

Graphic Design basic concepts, theories, elements and principles. Critical thinking, creative designing skills, practical applications for production of print and electronic newspapers and magazines. Photoshop and Illustrator tools. Prerequisite: None

JRN 215 Online Journalism

Online knowledge, writing and technical skills, working with images. Audio and video. Producing reliable content; Special consideration will be on analysis of citizen and participatory journalism, the course also covers ethical issues in online journalism, with extensive practical applications on the web. Prerequisite: MCM-310

JRN 217 Journalistic Translation 2

Translation of specialized print media content; Arabic to English translation; news interpretation techniques; editorial content translation; practical applications. Prerequisite: JRN-205

JRN 305 News Writing and Editing

Fundamentals of news reporting and writing, news values and news worthiness, the gate keeping process, story development and leads, the inverted pyramid style, techniques of gathering information and dealing with news sources. Strong emphasis will be placed on practical applications. Prerequisite: MCM-100

JRN 315 News Editing 1

Basic editing skills for print media; the simple news story; leads and headlines; news selection criteria; the inverted pyramid; news gathering and interviewing techniques; news editing; news production project. Prerequisite: JRN-305

JRN 317 Digital Photography

History of photojournalism; technical features of the camera; creativity in photojournalism; camera shots and angles; digital photography; computer software; field and lab-based work; enduring issues in photojournalism; what it takes to be a photojournalist; examples and cases. Prerequisite: MCM-100

JRN 318 Media Convergence

Media convergence concepts and definitions. The technological revolution in the media sphere. Implications for journalism practices. Implications for politics and the economy. Legal, political, economic and cultural challenges. Case studies in media convergence. Prerequisite: JRN-215

JRN 410 Digital Storytelling

Basic knowledge and skills in digital storytelling. Using multimedia software to build specific narrative formats. Storytelling applications in journalism and education. Opportunities and limitations of digital storytelling for media development. Storytelling project. Prerequisite: JRN-305

JRN 420 Website Design

Technical principles of website design; website design software; design components; planning the design process; colors and typography; multimedia; dynamic and static content; Flash and Dreamweaver packages. Practical applications. Prerequisite: JRN-215

JRN 430 Graduation Project in Journalism

Students will be asked to integrate and synthesize all of JRN related learning they have acquired during their four years at CUD, to think critically, plan and execute a full creative projects, including but not limited to one of the following : A tabloid newspaper, print or electronic magazine, blogs and investigative report. Teamwork is highly encouraged. Prerequisite: Graduating Semester OR YR4

JRN 435 The Press in the UAE

Historical development of UAE media; media regulations and laws; federal and local media institutions; media policies and orientations; media free zones; technological development; UAE media at global level; enduring issues in UAE media; case studies. Prerequisite: MCM-100

LNG 161 Communication Skills in English 1

This course is designed to develop students' English background and enhance their linguistic understanding. It focuses on the four basic language skills: listening, speaking, reading and writing. The teacher's main emphasis is on the level of the learners' writing and accuracy, which are the core of English language. The mastery of grammar undoubtedly paves the way to accumulate a good command of English. Prerequisite: None

LNG 162 Communication Skills in English 2

This course is a continuation of LNG 161. All students should have passed level one. It also focuses on the basics of English grammar, especially writing skills. Prerequisite: LNG-161

LNG 171 English 1

LNG 171 introduces students to academic reading and writing and provides practice in the writing process. Students will recognize major and minor details and various organizational patterns from a wide range of academic texts related to the students' major. The reading and writing skills acquired from this course will help students compose written passages and analyze reading texts for content, structure, and style. Prerequisite: None

LNG 172 English 2

LNG 172 builds on the reading and writing skills acquired in LNG 171. This course provides practice in analyzing and responding to various rhetorical modes of writing with an emphasis on authentic texts related to the students' major. The course focuses on exposition and argumentation. Prerequisite: LNG-171

LNG 173 Professional Communication Skills

LNG 173 is an advanced-level English course that explores the written tasks encountered in the professional and academic context within the specialized field of study. In the process of analyzing and composing a research project, students will also develop critical thinking skills and research skills that will help them become effective and successful professionals in their fields. Prerequisite: LNG-172

MBA 501 Management and Organization Behaviour

This course examines organizations from the standpoint of human behavior and organizational structures and processes, utilizing critical thinking and practical applications to proactively discover and solve organizational behavioral problems. Prerequisite: None.

MBA 502 Foundations of Business Statistics

This course presents an introduction to basic statistical concepts and methods via electronic spreadsheets used in the business world. Topics include descriptive statistics, basic probability theory, discrete and continuous probability distributions, sampling distributions, interval estimation, hypothesis testing, ANOVA and simple linear regression. Prerequisite: Math Placement Test.

MBA 503 Accounting Foundations

The focus of this course is on the interpretation, application and utilization of basic principles and concepts of accounting for the purpose of the evaluation of financial and administrative reports used in financial and managerial decision making.

Prerequisite: None.

MBA 504 Economics Foundations

This course covers the essential principles and fundamentals of economics. It begins with a review of the history of western economic thought, focusing on the development of free market economies. Topics include The 10 Principles of Economics; Market Forces of Supply and Demand; Supply, Demand, and Government Policies; Consumers and Producers choices; Costs of Taxation; Measuring a Nation's Income; The Monetary policies; Ethical concepts relating to Economics. Prerequisite: MBA-502.

MBA 505 Marketing Foundations

This course is designed to provide a foundation to the principles and applications of marketing and as a foundation to further study in Masters management courses. Stated by the textbook's authors, it addresses all various shifts in marketing, good marketers are practicing holistic marketing-the development, design, and implementation of marketing programs, processes, and activities that help students recognize the breadth and interdependencies of today's marketing environment. Prerequisite: None.

MBA 506 Quantitative Analysis for Business

This course presents an introduction to quantitative methods, providing students with a thorough grounding in the numerical tools and techniques that are relevant to real-world business applications. Prerequisite: Math Placement Test & MBA-502.

MBA 507 Finance Foundations

The focus of this course is to introduce students to the subject of financial management and prepare them for MBA courses in the area of Financial Management and Corporate Finance. It will give an introduction to the most important finance concept of time value of money, and also introduces students to financial statements, cash flows, stock valuation and bond valuation.

MBA 641 Managerial Accounting

This course utilizes accounting information to strategic planning, the utilization of accounting data to identify problem requirements and needed solutions, identify, classify, and explain how cost measurements are utilized in decision making, and how financials statements are affected by business transactions. Prerequisite: None.

MBA 642 Managerial Finance

This course is a comprehensive and advanced study of the primary tasks, functions, and responsibility of financial managers and how they utilize financial analysis, planning, and control techniques to develop and apply financial strategies to business objectives. Topics include Accounting Statements and Cash Flow; First Principles of Finance; Net Present Value Capital Market Theory; The Capital Asset Pricing Model; The Arbitrage Pricing Theory; Corporate Financial Models; Credit Management; Ethics in Finance. Prerequisite: None.

MBA 643 Business Research Methods

This course is an examination of the scientific approach to managerial decisions making. The approach consists of problem definition, model development, data collection, model implementation using the data, model validation, result analysis, and using the findings to implement changes which solve the original problem. Various quantitative models and as well as the assumptions and limitations of the various models and methods are reviewed. Prerequisite: None.

MBA 644 Managerial Economics

This course provides an illustration of the decision-making process of business firms in applying microeconomic models to real-world managerial problems. Evaluating multiple market structures; determining optimal price structures by applying cost and demand theories; utilizing function maximization, minimization, and optimization; and explaining the theories, functions, and implications of competitive advantage to optimize decision-making for business firms under conditions of uncertainty. Prerequisite: None.

MBA 645 Marketing Management

This course deals with the application of planning, development, implementation and control of marketing management strategic application to business objectives, including utilization of marketing information systems, analyzing consumer, industrial, and global markets, defining market segmentations, new product development processes and product life cycles, and designing and management of marketing channels. Prerequisite: None.

MBA 646 Operations and Supply Chain Management

This course deals with the application of planning, development, implementation and control of marketing management strategic application to business objectives, including utilization of marketing information systems, analyzing consumer, industrial, and global markets, defining market segmentations, new product development processes and product life cycles, and designing and management of marketing channels. Prerequisite: MBA-643

MBA 647 Management of Information Systems

This course deals with the application of planning, development, implementation and control of marketing management strategic application to business objectives, including utilization of marketing information systems, analyzing consumer, industrial, and global markets, defining market segmentations, new product development processes and product life cycles, and designing and management of marketing channels. Prerequisite: None.

MBA 648 Business Strategy

This course is the capstone course in the MBA program. It delves into the strategic management process, identifying and defining organizations' strengths and weaknesses, opportunities and threats, major competitive analysis, citing appropriate theories and research, including strategy development, implementation, and assessment. This course is heavily based on case analysis. The course may not be transferred from another institution into the MBA program. Pre-requisites: MBA-641, -642, -643, -644, -645, -646, -647 and -651.

MBA 651 Organizational Behaviour

This course includes the understanding and knowledge of the behaviors of individuals and groups within the boundaries of an organization's corporate culture. Major personality, power, and need theories, communication, leadership and motivational models, organization, job, and work design, are some of the aspects that will be covered in this course. Prerequisite: None.

MBA 653 Organizational Development and Change

This course examines the process of organizational improvement and efficiency by designing and implementing change interventions, recognizing the causes that bring about such changes, developing and designing restructuring scenarios, implementing the change intervention and review, and understanding the fundamental concepts and practices involved in organizational development and change intervention. Prerequisite: MBA-651.

MBA 655 Leadership and Motivation

Course covers the major leadership theories and core leadership competencies needed for success in the current business environment. It provides students with an opportunity to examine leadership theories, to develop a personal understanding of leadership, and to explore the relations of leaders and followers. The essential skills of effective leaders are explored, such as elaborating a vision, facilitating communication, motivating individuals and work groups and teams, and facilitating change. Additionally, students examine the difference between management and leadership and the role of culture in determining leadership values and styles. Various assessment inventories enable students to assess their effectiveness as both leaders of themselves and leaders of others. Practical application is achieved through cases analysis, application of leader models and tools, and real-world readings and assignments. Prerequisite: MBA-651

MBA 656 Special Topics in Management

This is an advanced level course providing an in-depth study of a variety of management topics. Topics of special interest will be addressed including management ethics, management philosophy, and prerequisites for success in managerial environments. Prerequisite: none.

MBA 657 Business Ethics and Corporate Social Responsibility

This course addresses the complex set of issues related to the role of business in society. Corporations must earn profits for owners but they also serve broader social interests. Customers, employees, local communities and the environment are all stakeholders that are affected by the operations of a business. What are the obligations of corporations to these groups? Prerequisite: None

MBA 661 Human Resource Management

The main objective of the course is to provide a comprehensive review of human resource (HR) management concepts and techniques through an examination of the strategic role of HR in today's highly competitive business environment. The course focuses on the practical applications of HR concepts that all managers must deal with in their HR related responsibilities. In this way, managers can defend their HR plans and decisions in measurable contributions to the success of the overall business enterprise. Through the use of cases, readings, and real-world discussions, students come to understand the key HR concepts that 1) HR management is the responsibility of every manager, not only the HR department; 2) HR decisions must be justified by contributions in measurable terms; 3) IT plays a critical role in enabling HR managers to support the company's strategic plans; 4) Virtually every HR-related decision managers. Prerequisite: MBA 651

MBA 662 Legal Environment of Employment Decisions

This course examines the law in relation to human resource management, including topics such as the UAE judicial system, the rights of individuals and administrative agencies, and the UAE labour legislation. The purpose is to prepare students to be managers that are capable of recognizing legal situations and problems, the impact of their decisions as it relates to employees and the law, and to attain knowledge of the law as it pertains to individuals in organizations. Prerequisite: MBA-661.

MBA 663 Human Resource Development

The course provides an advanced perspective on the use of Human Resource Development (HRD) in enhancing the competitive advantage of organizations through the build-up of the intellectual and learning system capacities of the organization in order to cope with a rapidly changing customer focused environment. The concept of the Learning Organization is developed through the perspective of the HRD policies and actions required to develop and change organizations through their human capital and capabilities. Prerequisite: MBA-661

MBA 664 Strategic Staffing

This course is a study of the requirements of effective recruitment and selection; an in-depth analysis of the statistical concepts, techniques, and tools utilized by HR managers to effectively and efficiently recruit and select in an organizational setting. Theories, principles, and the legal aspects involved in the recruitment process will also be addressed. Prerequisite: MBA-661

MBA 665 Compensation and Performance Management

This course covers two aspects of human resource management, compensation and performance management. This first half of the course will concentrate on the theoretical and practical aspects of compensation management in an organization, evaluating job functions and their relations to compensation levels, understanding market wage and salary surveys in development of wage scales, pay-for-performance application, retirement plans, medical and benefit plans and how they affect wages. The second half of the semester will deal with performance management and discussing achieving results through the efforts of individuals, groups, and organizations involves integrating goals, competencies, measurements, rewards and support. Prerequisite: MBA-661.

MBA 667 Special Topics in Human Resource Management

This is an advanced level course providing an in-depth study of a variety of human resource management topics. Topics of special interest will be addressed including human resource management ethics, human resource management philosophy, and prerequisites for success in human resource managerial environments. Prerequisite: MBA-661.

MBA 668 International Human Resource Management

This course looks at the international aspects of human resources in multinational and globally diverse companies and how the diversity of cultural, economic, political, communicational issues affect all aspects of human resource management, including employee relations, affects on HR planning, employment, development, and compensation. Prerequisite: MBA-661

MBA 671 Al-Shari'ah, Economy and Society

This course examines Shari'ah as framework of Islamic law, and the way it shapes practices in the banking and financial system. Economics from an Islamic perspective is studied with emphasis on understanding and knowledge of Islamic view of the world from Shari'ah prospective. Students will be engaged in an extensive dialogue of the underpinning principles of Islamic economic system vs. conventional economic system, Islamic economic methodology, fundamentals of Islamic economic law, the industry practices. Prerequisite: MBA-644

MBA 672 Theory and Practice of Islamic Banking (Fiqh Al-Muamalat)

This course provides students with in-depth understanding of banking and financial practises based on the Islamic principles of transactions fiqh Al Muamalat. This course will focus on operational principles of Islamic banking. Topics examined in this course includes the musharakah principle; the mudharaba principle; the murabaha principle; the ijarah principle; the qard Hassan principle; the wadiah principle; the sukook principle, the Gharar principle, the use of Shariah principle, and other principles. Prerequisite: MBA 641

MBA 673 Islamic Financial Systems

This course provides students with understanding of the fundamentals of Islamic financial operations, types of financial markets, laws and regulations, institutions, and Islamic financial products. Topics covered in this course includes; Islamic financial practices around the world; the growing role of Islamic banking in Malaysia, Gulf Cooperation Council, United Kingdom, and other countries. Extensive in-class discussions extend to cover the philosophy, principles, and operational concepts of Islamic insurance system Takaful. Prerequisite: MBA-642

MBA 674 Accounting in Islamic Financial Institutions

This course covers the fundamental accounting principles of Islamic banking and financial transactions in the Islamic banking industry. The course follows the international Islamic accounting and audit standards, by studying the standard practices of Islamic banking and financial institutions. Topics covered in this course includes the reporting mechanism of Islamic financial institutions; accounting mechanism of varying Islamic financial transactions; analysis of Islamic financial institutions reporting methods, audit practices and regulations, accounting for investments purposes, and auditors reporting and presentation mechanism in Islamic banks and financial institutions. A discussion of issues affecting Shari'a supervision will take place at the end of the course. Prerequisite: MBA-641

MBA 681 Corporate Finance

This course aims to provide students with a critical understanding of corporate financial management that involves capital budgeting, which incorporates the business investment rules, basic & advanced evaluation of money, bonds and stocks, long-term financing, working capital management and other key corporate financial decisions that need to be made by firms. The course aims at familiarizing the students with the concepts of foreign exchange markets, risks, international parity conditions, exchange rate determination, international capital markets, international corporate finance, managing ongoing operations and foreign currency derivatives. Prerequisite: MBA-642

MBA 682 Derivatives Securities

This course aims at providing fundamental concepts and techniques to deal with the issue of financial risk management using derivatives tools. Specific topics include an overview of financial risk management tools, foreign exchange theory and exposure, managing foreign currency risk using currency futures, options and swaps, applying tools such as interest rates swaps and interest rate futures in managing interest rate exposures. The remaining part of the course covers applying hedging techniques involving stock options and index options, including the pricing of put and call options (with and without dividends). Prerequisite: MBA-642

MBA 683 Investment Analysis and Portfolio Management

This course aims at familiarizing students with domestic and international financial markets and the securities traded therein. A variety of techniques for valuation of financial assets will be discussed. The course relies heavily on quantitative methods. Qualitative concepts such as Valuation of Principles and Practices, Analysis and Management of Common Stocks, and Derivative Security Analysis will be critically analyzed as well. The contents of this course, descriptive, theoretical, and applied, should provide students with the ability to build unique valuation models to suit the particular investment alternative they wish to scrutinize. The main aim of the course is to equip the students with a solid background on modern investment theory, portfolio management and asset pricing theories, performance measurement, interest rates, bond management, derivatives securities, taxes, stock valuation and market efficiency. Prerequisite: MBA-642

MBA 684 Mergers and Acquisitions

This course aims at looking at the conditions that have recently given rise to a large number of corporate mergers and the business and industry factors underlying these corporate combinations. It examines the financial, managerial, accounting, and legal factors affecting mergers, and how to appraise and structure a merger. It explores M&A's in theory and practice, the strategic perspective of valuation, restructuring and M&A strategies. The course focuses on the two principals of takeovers and mergers in both theory and practice, the alternative approaches to valuation, the concept of restructuring and the strategies companies need to be adapted for creating value through M&A. Prerequisite: MBA-641 and -642.

MBA 685 Financial Statement Analysis

MBA 685 Financial Statement Analysis

The course provides a conceptual framework of Financial Statement Analysis at the advanced level. Analysis of the Financial Statements of the companies and see the effect of using different accounting methods on the profitability analysis and on the cash flow analysis. Topics include: Understanding Balance Sheet and Income Statement, Creating Cash Flow Statement by using different methods and types of off balance sheet financing. Prerequisite: MBA-642

MBA 691 Marketing Channels

This course examines the mechanism of how companies access the market and manage their distribution channels in order to gain competitive advantage. This course introduces students to both theory and practice of marketing channels involving key fundamentals in channel structure, channel design and channel conflicts. This course will also enable students to explore the relationship between demand, supply chain and distribution channels, and other elements of the marketing mix.

This course will develop students' ability to apply gained knowledge to real business situations and practical issues through the examination of case studies to cultivate students' analytical skills. Prerequisite: MBA-645

MBA 694 Innovation Management and New Product Development

This postgraduate level course brings together the areas of innovation management and new product development with strong emphasis on innovation as a management process and methodology. Innovation management and new product development examines the problems faced by firms as they try to develop innovative products to sustain profitability and growth. This course is designed to prepare students to improve the competitiveness of their prospective firms. This course is designed with the aim to develop the creative aspects of managerial intellect by understanding the process and importance of innovation management, managing technology and knowledge and new product development. Prerequisite: MBA-645

MCM 100 Introduction to Mass Communications

Communication processes and levels. Media history and effects. Public opinion. Media institutions in modern societies. Print media development. Broadcast media features and effects. Online media development. International media. Advertising and public relations. Research report. Prerequisite: None

MCM 110 Communication Theories

Development of theoretical thinking on communication. Propaganda and mass society theories. Limited effect theories. Normative and empirical theories. Cultural theories. Critical media theories. Media theory in the age of the Internet. Prerequisite: MCM-100

MCM 120 Communication Research Methods

Basic research methods and techniques. Qualitative and quantitative research methods. Sampling and basic statistical tools. Content analysis, surveys and experimental research. Research ethics. Research project applying specific methods. Prerequisite: MCM-110

MCM 130 Media Ethics and Laws

Media ethics theory and practice. Cultural and moral values giving rise to media ethics in different societies. Social and moral contexts of media ethics practices. Comparative media ethics. Media laws around the world. Privacy, freedom of expression, intellectual property rights. Prerequisite: MCM-100

MCM 200 Introduction to Political Sciences

Definition of politics; fields of politics; methods of political analysis; politics and other social sciences; world political systems; case studies. Prerequisite: MCM-100

MCM 210 Media Sociology

Media and social change; media and development models and theories; social impact of modern media; media and youth; media and cultural effects; media and women, media and children. Local and international case studies. Prerequisite: MCM-110

MCM 220 Media Impact

Models and theories of media psychological effects. The bullet theory; selective effects models; knowledge gap models; empathy models; consumerism models; framing and agenda setting models; uses and gratifications models. Cases studies. Prerequisite: MCM-110

MCM 230 Principles of Economics

Definitions of economics and its relations with other sciences; methods of economic analysis; the economic problem; development of economic systems; macroeconomics and microeconomics; the international economic system. Prerequisite: None

MCM 310 Internet and Social Networks

The Internet as a communications tool. Types of social networks. Features of social networks compared with conventional media; effects of social networks on social and political development; using social media; case studies. Prerequisite: None

MCM 320 Computerized Media Archiving

Digital archiving concepts and processes; digital archiving systems in media institutions; managing digital archiving systems; text and audio-visual archiving systems; online databases; case studies and filed visits. Prerequisite: None

MCM 330 Literary and Artistic Criticism

The concept of criticism in literary and artistic traditions; components of criticism in media content; intellectual components of criticism; writing critical literary and artistic essays; practical applications in literary and artistic criticism. Applying literary and artistic criticism to media genres. Prerequisite: MCM-100

MCM 410 Political Geography

The concept of political geography as a social science; Mackinder theory of political geography; how geography impacts on conflicts and the distribution of power at the international level; political geography in human history; political geography in the age of globalization. Case studies. Prerequisite: MCM-200

MCM 420 Modern World History

Defining modern history; key historical events and developments since the end of the 18th century; First and Second World Wars; the end of the Cold War; the age of Globalization; uni-polar world system; 9/11 and its repercussions; the international financial crisis; Arab world developments. Prerequisite: MCM-410

MCM 430 Media Internship

Students spend six weeks of continuous training in media institutions relevant to their area of specialty where they receive training under the supervision of an academic advisor and an industry advisor. In order to pass the internship, students have to demonstrate specific administrative and technical capabilities, attitudes and commitments. Prerequisite: 81 crhrs OR YR4

MGT 202 Principles of Management

This course is designed to enable the beginning management student to explore current management theory and issues. The emphasis is on developing a foundation for future management studies. Topics include: Managing, External Environment and Organizational Culture, Planning and Strategic Management, Managerial Decision Making, Leadership, Motivating for Performance, Teamwork, International Management, Entrepreneurship, Organization Structure, leadership, Human Resource Management, Managing the Diverse Workforce, and Managerial Control. Prerequisite: None

MGT 320 Organizational Behaviour

This course is a study of individual and group behaviour in business organizations. It helps individuals better understand how people behave and interact in an organizational context. Topics include: Foundations of Individual Behaviour, Personality and Emotions, Perception and Decision-Making, The Nature of Work Motivation, Foundations of Group Behaviour, Understanding Work Teams, Basic Approaches to Leadership, Contemporary Issues in Leadership, Conflict and Negotiation, Organizational Culture. Prerequisite: HRM-310

MGT 360 Customer Relationship Management

This course examines how customer Relationship Management (CRM) is about customer care and business strategy and the use of IT to achieve the objective of profitability through enhanced customer relations. It provides knowledge about CRM and its main concepts, the technologies and the strategies for implementing customer relationship activities. Moreover, it exposes the students to important research questions in this area as well as the relevant theories and research methodologies. Prerequisite: MGT 202

MGT 361 Operations Management

This course is an examination of how organizational processes add value as they convert inputs to outputs. Topics covered include the strategic relationship of operations with other functional organizations, value-chain concepts, and quantitative methods of operations, including forecasting models, inventory models, statistical process control, process models and project management methods. The course also provides a review of current supply chain philosophies such as JIT, MRP, and EOQ inventory management methods. Prerequisites: MGT-202 and QBA-341

MGT 405 Business Ethics and Social Responsibility

This course will examine the practical issues of managers in addressing ethical and moral problems in business. It will draw on a variety of materials and experiences as a basis for analyzing and evaluating the manager's and the firm's options and decisions. Topics include: Consequentialist and Non-Consequentialist Theories of Morality, Ethics of Truth, Power and Lying, Ethics of Race and Power Business and Media Ethics, Emerging Business Ethics Issues, Developing an Effective Ethics Program, Implementing and Auditing Ethics Programs, Business Ethics in a Global Economy. Prerequisite: MGT-202

MGT 420 Supply Chain Management

This course focuses on decision-making for system design, as it arises in manufacturing systems and supply chains. Students are exposed to frameworks and models for structuring the key issues and trade-offs. The class presents and discusses new opportunities, issues and concepts introduced by the internet and e-commerce. It also introduces various models, methods and software tools for logistics network design, capacity planning and flexibility, make-buy, and integration with product development. Industry applications and cases illustrate concepts and challenges. Prerequisite: EBU-307, QBA-241 and SWS-351

MGT 450 Customer Relationship Management

This course examines how customer Relationship Management (CRM) is about customer care and business strategy and the use of IT to achieve the objective of profitability through enhanced customer relations. It provides knowledge about CRM and its main concepts, the technologies and the strategies for implementing customer relationship activities. Moreover, it exposes the students to important research questions in this area as well as the relevant theories and research methodologies. Prerequisite: MGT-202 Equivalent: MGT-360

MGT 470 Strategic Management

This course approaches the understanding of the total enterprise from senior management's point of view, the operating environment, management's overall objectives and strategic plan and the implementation and execution of the chosen strategy. Topics include: Importance of strategy, Context of Managing Strategically, Functional Strategies, Internal Analysis, External Analysis, Competitive Strategies, Corporate Strategies, International Strategies. Prerequisites: MGT-320, ECO-222, ECO-221, MKT-201, FIN-201 and MGT-361

MIT 602 Information Technology Services and Operations

This course is an introduction to the concepts, principles, and practices of successful IT service operations management. Emphasis is on ITIL (Information Technology Infrastructure Library) practices. This course prepares students to identify and apply appropriate management processes to ensure efficient, effective, and quality oriented IT service operations, while achieving operational excellence. Topics covered include: the role of IT services for strategic positioning, new service development process, Service operation processes, implementing service operation, managing IT service expectations, service management, and service quality improvements. Prerequisite: None

MKT 201 Principles of Marketing

This course introduces students to the field of marketing to attain an understanding of the analytical techniques required to develop successful marketing strategies. Theoretical and conceptual issues in marketing are discussed, along with their implications in formulating marketing strategies, as well as examining the managerial focus on the external environments and decision elements of marketing (promotion, price, product, distribution) faced by marketing management at the corporate and entrepreneurial levels of business. Prerequisite: LNG-171

MKT 208 Consumer Behaviour

This course treats the consumer as a decision-maker. It examines social, cultural, and psychological influences on purchasing decisions while emphasizing their implications for marketing strategies, as well as the factors in human behavior which influence the choice and the use of products and services offered in the for-profit and nonprofit organizations in our society. Topics include: Consumer Decision Making Process, Marketing Regulation and Consumer Behavior, Ethics, Cross-Cultural Variations in Consumer Behavior, Memory and Product Positioning, Motivation, Personality & Emotion, Commitment & Consistency, Consumer Decision Making Process. Prerequisite: MKT-201

MKT 220 Retailing

This course provides a hand on study of the retail business environment in the UAE and abroad. Topics include: Building and Sustaining Relationships in Retailing, Strategic Planning in Retailing, Retail Institutions by Ownership, Retail Institutions by Store-Based Strategy Mix, Identifying and Understanding Consumers, Information Gathering and Processing in Retailing, Trading-Area Analysis, Site Selection, Retail Organization and Human Resource Management, Operations Management, Developing Merchandise Plans, Implementing Merchandise Plans, Financial Merchandise Management, Pricing in Retailing, Establishing and Maintaining a Retail Image. Prerequisite: MKT-201 Equivalent: MKT-320

MKT 230 Professional Selling

This course provides an introduction to the sales process. It provides background to the development of successful sales presentation skills that enhances the participant's ability to develop sales presentations to satisfy customer needs and wants. Topics include: The Life, Times, and Career of the Professional Salesperson, Relationship Marketing, Ethics and Customer Relationships, Psychology of Selling, Communication for Relationship Building, Sales Knowledge: Customers, Products, and Technologies, Lifeblood of Selling, Sales Presentation Method to Use, Elements of a Great Sales Presentation. Prerequisite: MKT-201

MKT 240 E - Marketing

This course provides a thorough understanding of the principles and practices of using the Internet to market goods and services. Topics include: Strategic Planning and the Marketing Process and Developing the e-Business Marketing, Independent Student Project, Product and Service Strategies Branding and brand strategies, B2B business Models and Strategies, Market Segmentation, and Targeting, Pricing Strategies, Distribution and logistics, Retailing and Wholesaling, E-Marketing Communication, Customer Relationship Management, Global Marketing Environment and Marketing Research online Consumer Behavior. Prerequisite: MKT-201 Equivalent: MKT-340

MKT 242 Introduction to Public Relations

This course provides an introduction to public relations writing. It discusses some of the different kinds of written materials used in the practice of public relations. Students should write a variety of public relations materials through a combination of in-class and out-of-class writing assignments. Topics include: Research and planning, Press releases, Media relations, Brochures, Interviewing, Feature writing, Advertisements, Public service announcements, Résumés and cover letters, Websites. Prerequisite: MKT-201

MKT 265 Business Marketing

This course studies the distinctive characteristics, policies and problems of marketing in a business- to-business environment. Content includes: buying behavior, the promotion and selling of an industrial product, managing new and existing product lines, ethics, and the impact of new technology such as e-commerce. Students will be required to develop a marketing plan for a business to business product. Prerequisite: MKT 201

MKT 270 Integrated Marketing Communications

This Course (IMC) examines integrated marketing communications and how this enhances brand equity. Topics include: Origins and evolution of IMC, Databases and their utilization, Principles of Value-Based IMC, Identifying customers and prospects, The value of customers and prospects, Planning Marketing Communication Delivery, Planning Marcom Content, Estimating Return on Customer Investment, Post-program analysis and future planning,. Prerequisite: MKT-201 Equivalent: MKT-370

MKT 271 Brand Marketing

This course points out the importance of brand identity in the integrated marketing communications strategy. Topics include: Brands and Brand Management, Integrating Marketing Communication to Build Brand Equity (BE), Brand Positioning and Value, Connecting Business Strategy to Brand Strategy, Post-Purchase Experience, Developing a Brand Equity Measurement System, Developing a Brand Metric System, Measuring Outcomes of BE, Managing Brands over Time, Building a Brand Culture, Establishing a Brand-Based Organization, Managing Brands over Geographic Boundaries and Segments. Prerequisite: MKT-201 Equivalent: MKT-371

MKT 310 Advertising and Promotion

This course presents the integrative role of advertising in persuasive communication of business and related fields. This includes procedures for organizing, developing, and implementing effective media decisions. Topics include: Introduction to Advertising, Ethics – Regulations - Social Responsibility, Advertising's Role in Marketing, The Consumer Audience, Interactive and Alternative Media, Media Planning and Buying, Broadcast Media, Creative Side and Message Strategy, Design and Production, Public Relations, Special Advertising Situations. Prerequisite: MKT-201

MKT 320 Retailing

This course provides an introduction to the sales process. It provides background to the development of successful sales presentation skills that enhances the participant's ability to develop sales presentations to satisfy customer needs and wants. Topics include: The Life, Times, and Career of the Professional Salesperson, Relationship Marketing, Ethics and Customer Relationships, Psychology of Selling, Communication for Relationship Building, Sales Knowledge: Customers, Products, and Technologies, Lifeblood of Selling, Sales Presentation Method to Use, Elements of a Great Sales Presentation. Prerequisite: MKT 201

MKT 330 Marketing Research

This course addresses the methods and procedures for collection, interpretation, and use of primary and secondary data in marketing. Topics include: Marketing Research Process, Research Design and Implementation, Standardized Sources of Marketing Data. Qualitative and Observational Method, Survey Methods, designing the questionnaire, Sampling fundamentals, fundamentals of data analysis, Hypothesis Testing, Discriminate analysis and canonical analysis, Factor and Cluster Analysis. Prerequisite: MKT-201 and QBA-241 Equivalent: MKT-430

MKT 340 E - Marketing

This course provides a thorough understanding of the principles and practices of using the Internet to market goods and services. Topics include: Strategic Planning & the Marketing Process & Developing the e-Business Marketing, Independent Student Project, Product and Service strategies Branding and brand strategies, B2B business Models and Strategies, Market Segmentation, and Targeting, Pricing Strategies, Distribution and logistics, Retailing and Wholesaling, E-Marketing Communication, Customer Relationship Management, Global Marketing Environment and Marketing Research online Consumer Behavior. Prerequisite: MKT 201

MKT 350 Sales Management

This course is a study of the management of the personal selling functions. Topics include: Personal Selling Process, Profiling and Recruiting Salespeople, Developing the Sales Training Program, Sales Force Motivation, Leadership of a Sales Force, Forecasting Sales and Developing Budgets, Sales Territories, Analysis of Sales Volume, Marketing Cost and Profitability Analysis, Performance Evaluation, Ethical and Legal Responsibilities. Prerequisite: MKT 201

MKT 364 Services Marketing

This course exposes the nature of services marketing and its critical contribution to marketing success. Topics include Consumer Behavior in Services, Customer Expectations in Services, Customer Perceptions in Services, Listening to Customers through Research, Building Customer Relationships, Service Recovery, Service Development and Design, Customer-Defined Service Standards, Physical Evidence and the Servicescape, Employees' Roles in Service Delivery, Customers' Roles in Service Delivery, Managing Demand and Capacity, Managing Service Promises, Integrated Services Marketing Communications, Pricing of Services. Prerequisite: MKT 201

MKT 370 Integrated Marketing Communications

This Course (IMC) examines integrated marketing communications and how this enhances brand equity. Topics include: Origins and evolution of IMC, Databases and their utilization, Principles of Value-Based IMC, Identifying customers and prospects, The value of customers and prospects, Planning Marketing Communication Delivery, Planning Marcom Content, Estimating Return on Customer Investment, Post-program analysis and future planning,. Prerequisite: MKT-201 Equivalent: MKT-270

MKT 371 Brand Marketing

This course points out the importance of brand identity in the integrated marketing communications strategy. Topics include: Brands and Brand Management, Integrating Marketing Communication to Build Brand Equity (BE), Brand Positioning and Value, Connecting Business Strategy to Brand Strategy, Post-Purchase Experience, Developing a Brand Equity Measurement System, Developing a Brand Metric System, Measuring Outcomes of BE, Managing Brands over Time, Building a Brand Culture, Establishing a Brand-Based Organization, Managing Brands over Geographic Boundaries and Segments. Prerequisite: MKT 201

MKT 400 Marketing Internship

This Internship presents an opportunity for real-world experience. Students learn first-hand while employed as interns within a business organization. The real-world experience is valuable training and skill development for Marketing and non-Marketing majors. The student should tackle or simulate following tasks:

- a. Planning of activities,
- b. Designing and/or conducting activities
- c. implementing various business activities
- d. Follow up and control on activity implementation

Prerequisite: 90 credits of Marketing Courses + minimum GPA 2.0

MKT 410 Direct Marketing

This course presents an overview of direct marketing (DM), largely concentrating on print media in the UAE and abroad. Topics include: Elements of DM, DM lists and segmentation, Database-driven DM, Planning the offer, Creative strategies in DM, Broadcast and other electronic media, Telemarketing, Internet, Customer service and fulfillment, Customer service and fulfillment, Ethical and legal issues in DM, Business-to-business (industrial) DM, DM for non-profit organizations, International DM, Statistics and Modeling for DM, Regression, Factor Analysis and Clustering. Prerequisite: MKT-201 Equivalent: MKT-210 LecM2

MKT 430 Marketing Research

This course addresses the methods and procedures for collection, interpretation, and use of primary and secondary data in marketing. Topics include: Marketing Research Process, Research Design and Implementation, Standardized Sources of Marketing Data. Qualitative and Observational Method, Survey Methods, designing the questionnaire, Sampling fundamentals, fundamentals of data analysis, Hypothesis Testing, Discriminate analysis and canonical analysis, Factor and Cluster Analysis. Prerequisite: MKT 208, QBA 241

MKT 465 International Marketing

This course addresses the decision making as well as policy formulation with respect to various aspects (cultural, social, political, legal and economic) of global environments. Topics include: Global Marketing Imperative, International Trade Institutions and Trade Policy, Cultural Environment, Economic Environment, Political and Legal Environment, Strategic Planning, International Marketing Research, Market Entry and Expansion, Product Adaptation, Export Pricing Strategies, Marketing Communication, Distribution Management, Global Services. Prerequisite: MKT 201

MKT 469 Marketing Management

This course focuses on the analysis, planning, implementation, and control of marketing initiatives in a competitive marketing environment. The topics include: Marketing Planning, Understanding the Environment and the Competition, Understanding the Buyer, Market Segmentation, Positioning, and Branding, Marketing Research and Information, Product and Service Decisions, New Products, Distribution and Supply Chain Management, Designing Effective Promotion and Advertising Strategies, Direct Marketing, Sales Promotion & Public Relations, Selling & Sales Management, The Future of Marketing. Prerequisite: MKT 430, MGT-320

MTH 101 Statistics

An introduction to elementary descriptive and inferential statistics. Topics include: descriptive and inferential statistics, describing and organizing data, measures of central tendency and spread, probability, conditional probability, discrete and continuous random variables and their probability distributions, inferential statistics. Prerequisite: None

MTH 112 Calculus 1

The course introduces the students to the fundamental concepts of calculus: limits, continuity, differentiability and integrability; and to train them on applying these concepts to problems that arise in science and engineering. Prerequisites: P in Math Placement Test OR MTH 012

MTH 113 Calculus 2

The course introduces techniques of integration, infinite sequences and series, Taylor series and its applications, and polar coordinates. In addition, the students develop the skills to compute and apply these concepts in science and engineering areas. Prerequisite: MTH 112

MTH 114 Linear Algebra

Systems of Linear Equations Matrices and Determinants, Vector Spaces and Inner Product Spaces, Linear Transformations, Eigenvalues, Eigenvectors, and Matrix Diagonalization. Prerequisite: MTH-112

MTH 120 Discrete Mathematics 1

Introduction to the ideas of discrete mathematics, combinatorial problems, and proof techniques including mathematical induction, sets, graphs, trees, recursion, and enumeration. Prerequisite: None

MTH 195 Applied Statistics

An introduction to elementary descriptive and inferential statistics. Topics include: descriptive and inferential statistics, describing and organizing data, measures of central tendency and spread, probability, conditional probability, discrete and continuous random variables and their probability distributions, inferential statistics. Prerequisite: None Equivalent: MTH-130

MTH 196 Mathematics for Business

Applications of basic arithmetic, algebraic and Calculus techniques for solving business problems. Topics include: problem solving with ratios, percentages, linear and quadratic equations, break-even analysis, exponentials, logarithms, financial mathematics, basic differentiation and marginal analysis of cost and profit. Prerequisite: P in math placement test

MTH 212 Calculus 3

It is an introduction to multivariable calculus for engineering students. Topics include functions of several variables, partial derivatives, double and triple integrals, line and surface integrals, vector fields, Green's theorem, Stokes' theorem, and the divergence theorem. Prerequisite: MTH 113

MTH 220 Ordinary Differential Equations

The course introduces the basic concepts in differential equations and exposes the students and trains them on solving ordinary differential equations by several quantitative methods: First order ODEs, Second and higher order linear ODEs, Series solutions at ordinary and regular singular points, Laplace transforms, Linear systems of differential equations with a short review of linear algebra. It also enables the students to relate the topics taught in the course to applications in engineering, science, and technology. Prerequisite: MTH-212

MTH 230 Probability and Statistics

The course serves as an introduction to probability models and statistical methods for students in engineering and the physical and natural sciences. Emphasis is on concepts, models, methodology, and applications. Topics include: descriptive statistics, probability, conditional probability, discrete and continuous random variables and their probability distributions, correlation and simple linear regression. Prerequisite: MTH 112

NET 101 Digital Logic

This course provides an introduction to digital systems by focusing on the principles and applications. Topics include: Number systems and codes; Logic gates, truth table and universal gates, Combinational Circuit, Karnaugh Map, Flip-Flops and related devices, Decoders, Encoders, Adders, multiplexers, Binary adders, Signed Binary adders, Counters and registers, Code for Detecting and Correcting Errors; Simulations. Prerequisite: None

NET 110 Computer Network Fundamentals

This introductory course introduces networking technologies, models and concepts related to network communications. After giving an overview of Computer Communications and Networking, topics include: Networking basics-Types of networks, network addressing, interoperability, security, Reference Models; Networking Concepts and Terminology, Digital Communication Concepts; Physical, Data Link, and Network Layer Concepts; Data Link Layer Concepts and IEEE LAN Standards; Network Hardware Components; Internetworking and Network Layer Concepts and Components; The Internet and TCP/IP; LAN Networking Technologies; ISDN, Frame Relay, SMDS, ATM Basics; Network Convergence. Prerequisite: None

NET 111 Operating Systems Fundamentals

Evolution of computer systems: batch processing, multiprogramming, multi-processing, real-time, time-sharing, distributive systems; Process allocation; Process communication and synchronization; Memory management; Virtual memory system; Resource allocation algorithms; File system implementation; Security and protection; Strategies for system implementation. Prerequisite: NET-112

NET 112 Computer Architecture

This course provides an introduction to the way a computer works and to its main components. Topics include Computer Systems : An Overview of Computer Systems; Different types of data formats, including alphanumeric, image, and sound; Integer representations and calculations; Floating-point representations and calculations; Little Man Computer; CPU and Memory; Design, Implementation and Enhancement; Analysis and Comparison of CPU architectures; I/O Operation; Computer Peripherals; Intel x86, Power PC, and IBM zSystem architectures. Prerequisite: NET-101

NET 120 LAN Switching and Routing

This course handles the theory and implementation of routing, switching and their associated protocols and algorithms which are the main elements in internetworking technologies. Topics include: Review of class full IP addressing and sub netting, Bridges, Switches, and Routers, Variable Length Subnet Masking, Classless Inter domain Routing, Route aggregation; Mechanics of Routing Protocols, RIP v1 and RIP v2, IGRP and EIGRP; OSPF; IEEE LAN standards, Transparent Bridges; Principles of LAN Switches, Loop Resolution, VLANs Applications, Concepts, and Standards. Prerequisite: NET-110

NET 121 Network Operating System 1

This course provides an introduction to network operating systems and partial preparation for the MCSE exam. Topics include: NT Domain Model, Install and configure NT Server, Primary Domain Controller (PDC), Network Protocols, Plan and implement TCP/IP, Dynamic Host Configuration Protocol (DHCP), Permissions, Recent Server model (2000 or higher), Active Directory, Configure the server environment, Manage accounts and client connectivity, Object Security, Web and FTP server. Prerequisite: NET-111

NET 210 WAN Technologies

This course focuses on WAN network technologies such as ATM, ISDN and Frame Relays. Topics include: Guided and unguided transmission, Integrated Services Digital Network, Multiplexing, ADSL, xDSL techniques, Soft switch Architecture, Packet Switching Principles, X.25, ISDN Architecture, Asynchronous Transfer Mode, Web site reading, Routing in WAN Circuit-Switch, and Packet-Switching Network, Least-Cost Algorithm, Congestion Control in Switched Data Network, Effect of Congestion, Cellular Wireless Network, Principles, First Generation Analog network, Second Generation CDMA, Third Generation Systems. Prerequisite: NET-120

NET 211 Network Operating Systems 2

This course focuses on the use of UNIX/Linux capabilities including stability. It tackles some of the more popular commands, the installation of DHCP and other network services. Topics include: Install and configure Linux for single, multi-user and network operation, Software Installation and Package Management, Command Line Interface (Shell) and Shell Scripts, Disk and File System Management, User and Group Management, Network Configuration, Configure a Linux machine for HTTP (web) and FTP services, Configure DHCP on a Linux machine. Prerequisite: NET-121

NET 214 Network Programming

This course provides the student with the basic programming skills to develop distributed applications and application level protocols. Topics include: Java and Socket level programming API, Programming using URL API in Java, Fundamentals of concurrency, Multithreaded in Java, Thread synchronization, Remote Method Invocation (RMI), Creating RMI client and server, Architectural view of CORBA, Interface Definition Language (IDL), Java IDL and CORBA programming, Java servlets, HTTP session management in servlets. Prerequisites: SWS-213, SWS-316 and NET-110 OR COM-321

NET 221 Communication Technology

This course provides fundamental concepts in communication technology especially wireless communications. Wireless propagation characteristics have a profound impact on layers 1, 2, 3, and 4 protocols and services. Therefore, the focus of the course is on understanding the TCP/IP Protocols in Wireless Networks with most emphasis on the physical layer. As part of the discussion on the application layer, an introduction of Wireless Internet and WAP is given. Prerequisite: NET-210

NET 222 Wireless Networks

This course focuses on modern wireless communication and networking technology, and its application to transmit voice, data and images. Topics include: Radio frequency spectrum, Licensed and unlicensed bands, bandwidth and information rate; Multiple Access methods and Spread Spectrum Techniques (FDMA, FDM, FDM/TDMA and CDMA); Wireless Personal Area Network (Bluetooth, piconet, scatternet, etc.); IEEE 802.11 Wireless LAN; Planning and building Wireless LANs; Compose Request for Information and Request for Proposal regarding WLAN; Security in Wireless Networks; Wireless WANs; Cellular, Voice and Data Networks, Cellular Networks, AMPs, GSM, GPRS and CDMA based system, LMDS and MMDS; Wireless and Internet. Prerequisite: NET-221 OR COM-421 LecT

NET 300 Operating Systems

Evolution of computer systems: batch processing, multiprogramming, multi-processing, real-time, time-sharing, distributive systems; Process allocation; Process communication and synchronization; Memory management; Virtual memory system; Resource allocation algorithms; File system implementation; Security and protection; Strategies for system implementation.

NET 310 Network Management

This course introduces standard networking management principles, practices and technologies. Starting with the Data Communication and Network Management Overview, the basic Standards, Models, and Language of Network Management System are introduced. The course leads up to the management technologies such as SNMP (simple network management protocol), RMON (remote monitoring) and Web-based Management. Prerequisites: NET-220

NET 310 Network Protocols

Class-full addressing, classless addressing, and sub-netting; Delivery and routing of IP packets; Address resolution: ARP and RARP; IP protocol; Network troubleshooting: ICMP; Network design and performance; User datagram protocol (UDP); Transmission control (TCP); Routing protocols: RIP, OSPF, BGP and multi-protocol label switching & GMPLS.

NET 320 Advanced Switching and Routing

IP protocol; Delivery and routing of IP packets; IP Multicasting; Routing protocols: RIP, OSPF, BGP and multi-protocol label switching & GMPLS; Quality of Service (QoS); Advances Switching and VLAN; Spanning Tree Protocol (STP). Prerequisite: NET-210

NET 321 Security Principles and Practices

This course introduces security theory and practice. Security policies, models, and mechanisms are explained and evaluated. Topics include: Security threats, vulnerabilities and countermeasures; Risk analysis; Trojan horses, viruses, and worms; Access control; password-based security, authentication and authorization; multilevel security; Operating system security; Network attacks; Firewalls and intrusion detection systems. Prerequisite: NET-310

NET 322 Network Operating System

Characteristics of the Linux and Windows network operating systems; installation procedures; Security issues; Back up procedures and remote access; Directories and naming systems; Dynamic Host Configuration Protocol (DHCP); Active Directory; Manage accounts and client connectivity; HTTP and FTP server. Prerequisite: NET-300

NET 323 Voice and IP Convergence

This course addresses Voice over IP Convergence (VoIP), which is related to the following context: Technology trends to allow voice, data, fax and video signals co-exist on a common networking platform. Topics include: Concepts of IP-based packet networks, Characteristics of the Internet and IP, The VoIP Model; Digital Signal Processors for VoIP; Voice Coders, Bandwidth Calculations; trade-offs of packet size, queue size, packet loss, and packet latency, RSVP, Diff Serv, RTP, NTP, multicasting, Session Description Protocol (SDP); VoIP Gateways and IP Call Processing Protocols, Internetworking SS7 and Internet Call Processing; Quality of Service (QoS). Prerequisite: NET-120

NET 324 Internship

Internship is a course designed to provide students with opportunities to gain work experience in real world situations, to practice critical thinking, to solve real problems, to develop design and innovation skills. By interacting with professionals on real problems and commercial devices, systems or software, the student learns how to tackle real world tasks, manage his/her duties, identify objectives, respect constraints, explore new ideas, investigate practical issues, design new elements (device, systems, software) and make some decisions. Prerequisite: College Level YR3 or 80 Earned CrHrs

NET 410 Enterprise Network Design

In this course, the student investigates and designs a variety of enterprise network configurations. The course enhances the student's consulting skills through the process of customer requirement analysis, network design, product specifications and price quotation. Topics include: Top-Down Network Design, Characterizing Network Traffic, Logical Network Design, Designing Models for Addressing and Naming Guidelines, Selecting Switching and Routing Protocols, Developing Network Management Strategies, Physical Network Design, Selecting Technologies and Devices for Enterprise Networks, Testing and optimizing Network Design, Documenting Network Design. Prerequisites: NET-222 and NET-323(LecC)

NET 411 Network Design Project

This course enables the student to further enhance the design and project planning skills acquired in earlier courses. Students shall apply their consulting skills through the process of the requirement analysis of a real life design problem. This initial client need analysis will be followed by a proposed solution (network design), installations, and thorough testing using the latest network performance evaluation tools. A final network solution will be presented to the multi-disciplinary audience. The instructions on how to use it for the specified application will be given in both writing and documentation. The technology with all documentation will be transferred to the client. Prerequisite: NET-310

NET 412 Applied Research Project

The project illustrates research as the systematic process of collecting and analyzing information to increase our understanding of the phenomenon under study. The course studies the relationship and applicability of theories or principles to the solution of a problem. It offers to the student tackling basic research methodology as well as formulating a research problem or topic. The student should conduct a project in researching the proper explanations or understanding of the issue or topic under investigation. Prerequisites: MTH-130 and SWS-320

NET 412 Internet Computing

Provides a global view of web-based enterprise information services and covers the basic components of such a system, including web servers, client side components, server side components, http protocols, html and scripting languages, as well as e-commerce and intranet application structures, including security issues. It includes specific projects in programming servers and clients. Students will look at multiple technologies using case studies used today, including Microsoft/.NET, Java J2EE technology, Oracle tools, XML/SOAP, and others. Course will give a broad look at current technologies, as well as an in-depth study of a specific technology.

NET 413 Cryptographic Algorithms and Protocols

Security protocol modules; Basic cryptography objectives namely confidentiality, integrity, authentication, freshness, and non-repudiation; Security tools; Symmetric (secret-key) mechanisms; Asymmetric (public-key) mechanisms; Encryption for confidentiality and authentication; Key management and key generation; Implementation of algorithms.

NET 420 Advanced Network Troubleshooting

This course provides a study into the latest troubleshooting strategies. These strategies focus on bottom-up methodology that examines in detail each network layer-physical, data link, network, transport, session, presentation, and application revealing the problem and solutions specific to each layer. Topics include: Analyzing and Troubleshooting the 1. Physical Layer (ATM), 2. Data Link Layer, 3. Network Layer (Internet Protocol: IP), 4. Transport Layer (Transport Control Protocol: TCP), 5. Session and Presentation Layers, and 6. Application Layer, Asynchronous Transfer Mode (ATM), Measuring and Analyzing Throughput and Latency. Prerequisites: NET-310(LecC)and NET-320(LecC)

NET 421 Integrative Project 1

This project provides the students with opportunities to demonstrate the learning they acquired, to apply critical thinking, to further develop their design skills, and to innovate. The students are expected to complete literature survey; develop a project plan; analyze requirements and acquire the necessary material and steps for their intended project. Integrative Projects in industrial environment with the co-supervision by an industrial expert are encouraged. Prerequisite: YR4

NET 433 Broadband Communications

Experts believe that much of the economic growth that has taken place in the world in recent years has resulted from the use of broadband networks and high-speed Internet access. This course will provide a detailed analysis of broadband infrastructure, technologies and services. Course content will also focus on industry standards and global services. Students will be able to use this knowledge to investigate the application of broadband technology into various silos of industry such as: government, health and education. Prerequisite: NET-120

PRA 200 Writing for Public Relations

Basic writing skills for public relations (PR) media forms including press releases, public service announcements, memos, letters, speeches, newsletters, short documentaries, social network postings, and audio-visual presentations. Prerequisite: None

PRA 205 Strategic Communications

The concept of strategic communications; developing PR strategies; strategic goals and values; accounting for internal and external factors; SWOT analysis; aligning PR strategies with organizational goals; market research; managing PR strategies; stakeholders' concerns and interests; case studies. Prerequisite: PRA-210

PRA 210 Public Relations Campaigns

Planning and managing public relations campaigns; market research; developing campaign messages and themes; choosing media outlets; accounting for human and technical resources; campaign implementation; multi-media campaigns; campaign management and evaluation; case studies. Prerequisite: None

PRA 215 Applied Public Relations

Review of wide-ranging case studies and experiences in public relations from around the world; material covers a variety of issues handled by PR departments such as oil spills; medical fiascos; power failures; consumer fraudulence and others. Case study field reports by students. Prerequisite: PRA-200

PRA 225 Protocol

The concept and practice of protocol in modern institutions and events; protocol models and perspectives; protocol methods and procedures; types of protocol; formal and informal protocol; protocol management. Case studies. Prerequisite: PRA-200

PRA 310 Online Public Relations

The Internet as a communication tool; virtual public relations; principles and techniques of online public relations; managing public relations online; the online PR practitioners; virtual PR in the UAE; cases studies. Prerequisite: MCM-310

PRA 315 Public Relations Management

The concept of PR management; PR department organizational models; planning PR activities and functions; strategic management in public relations; operational plans; human resource development; market research; customer relations management; PR management workflow; case studied. Prerequisite: PRA-200

PRA 320 Publication Design

Fundamentals of design; computer-based design skills of wide ranging publications used in corporate communications including newsletters, brochures, magazines, posters. Adobe design software, lab-based work; field visits; practical production of corporate publications designs; case studies. Prerequisite: PRA 200

PRA 330 Social Marketing

The concept of social marketing in modern societies; theories of social marketing; social marketing campaigns; audience research; planning social marketing; message development, production an diffusion; evaluation; social marketing case studies. Prerequisite: PRA-215

PRA 410 Organizational Communication

Organizational communication theories; forms, channels and processes of organizational communication; vertical and horizontal communication channels; aligning communication effectiveness with organizational performance; grapevine communications; channels; organizational effectiveness; case studies. Prerequisite: PRA-315

PRA 420 Graduation Project in Public Relations

Students produce a graduation project reflecting their knowledge and expertise in public relations under the supervision of their instructor. A team of specialized faculty members evaluates projects before it is presented to an audience of students. Prerequisite: Graduating Semester or YR4

PRA 425 International Public Relations

Public relations as a trans-national human relations activity; development of international public relations; theories of international public relations; methods and techniques of International PR; managing international PR; international PR in the age of globalization; case studies. Prerequisite: MCM-100

QBA 241 Quantitative Business Analysis

This course focuses on descriptive and inferential statistical concepts and methods. Topics include: Grouping of data, Histograms, measures of central location, Variance and Standard deviation, Probability, Conditional probability, Discrete and Continuous Probability Distributions - Binomial, Poisson, Exponential, Gamma, Sampling Distributions, Introduction Hypothesis Testing. Prerequisite: MTH-196

QBA 341 Quantitative Approaches to Decision-making

This course introduces quantitative techniques applicable to business and economics. Topics include: Decision Models and Decision Trees, Regression Models, Forecasting, Inventory Control Models, Linear programming, Transportation and assignment programming, PERT/CPM, Critical Path, Multiple regression, Statistical quality control, Control Charts for Variables. Control Charts for Attributes. Prerequisite: QBA-241

SCI 101 Engineering Mechanics

This course offers an overview on Engineering Mechanics by providing the fundamental concepts necessary for engineering:

After reviewing Vector Operations and Definitions it covers topics including Forces, Equilibrium and Free-Body Diagrams; 2D and 3D Force Systems; Moment; Couples; Equivalent Systems; Objects in Equilibrium; Structures in Equilibrium; Centroids and Centers of Mass; The Pappus-Guldinus Theorems; Moments of Inertia; Friction; Internal Forces and Moments.

SCI 201 Physics 2

An overview on university physics including simple harmonic motion, damping, forced oscillations and resonance, thermodynamics, electricity and magnetism, waves in material media, sound waves, Doppler effect, reflection, refraction, geometrical optical, wave optics and diffraction, relativity, photons.

SCI 210 Modern Physics

This course gives an overview on university physics including simple harmonic motion, damping, forced oscillations and resonance, thermodynamics, electricity, waves in material media, sound waves, Doppler effect, geometrical, ondulatory optics and diffraction, relativity, photons, wave nature of particles and nuclear physics. Prerequisite: MTH-113

SCI 220 Engineering Mechanics

This course offers an overview on Engineering Mechanics by providing the fundamental concepts necessary for engineering:

After reviewing Vector Operations and Definitions it covers topics including Forces, Equilibrium and Free-Body Diagrams; 2D and 3D Force Systems; Moment; Couples; Equivalent Systems; Objects in Equilibrium; Structures in Equilibrium; Centroids and Centers of Mass; The Pappus-Guldinus Theorems; Moments of Inertia; Friction; Internal Forces and Moments. Corequisite: SCI-210

SCI 310 Introduction to Photonics

This is an introductory course to geometrical and physical optics. Topics in geometrical optics include ray analysis, lenses, prisms, and equivalent systems. Topics in ondulatory optics include wave superimposition and Young's experiments. Topics in physical optics include polarization, interference, interferometry, diffraction, fiber optics, lasers and scalar theory of diffraction. Prerequisites: MTH-220 and ENG-222

SHS 102 Healthcare Systems

This course introduces the systems theory that helps health administrators design and develop management control systems. Topics include: General Systems Theory, Healthcare System and its different levels, Different healthcare systems (UK, USA, Canada, UAE), Factors affecting the healthcare system, Classification of systems, system approach, analysis, design, and applications, Organization Theory, Health services organization system network, Management Control System in Health Services Organizations, Decision Support Systems in Health Services Organizations. Prerequisite: None.

SHS 103 Chemistry

This is a basic course in chemistry that introduces chemical symbols, formulae and equations describing experiments. Topics include: Properties of Materials, Atomic Theory, Periodic Table, Chemical Formulae, Energy, Molecular and Ionic compounds, Measurement, Chemical Equations, Equations for Ionic Reactions, Acids and Bases, Molarity and the composition of a solution, Study of Rates of Reactions, Introduction to thermodynamics. Prerequisite: None

SHS 111 Fundamentals of Human Systems

This course provides a comprehensive and integrated knowledge of the human systems structure and functions through understanding biological mechanisms and processes. Topics include: Human Body Structure and Functions (thorax, abdomen, limbs), Cardio Vascular System (Heart, Blood, Vessels), Digestive System, Muscular System, Nervous System. Prerequisite: BIO 101

SHS 207 Library Science and Information Literacy

This course introduces the students to the basics of information literacy. It provides them with the basic skills they will need during their university study. Students should build on these skills in many more courses, and throughout their career and real life. They should make an effort to recognize information needs, access and evaluate appropriate information to answer those needs. Topics include: Understanding Information literacy, Search techniques, Finding articles, Surfing the web, Evaluating information, Using information, Subject resources. Prerequisite: SWS 101

SHS 208 Infectious Diseases

This introductory course to infection discusses various categories of infectious disease grouped by body system where signs and symptoms are manifest or by mode of transmission or control. Topics include: Central nervous system infectious diseases, Gastrointestinal infectious diseases, Hepatitis and hematology infectious diseases, Respiratory infectious diseases, Acquired immune deficiency syndrome (AIDS) and HIV infection, Sexually transmitted diseases, Vector-transmitted fevers, Childhood and vaccine preventable diseases, Nosocomial infections, Therapeutic procedures. Prerequisite: None.

SHS 211 Non-infectious and Chronic Diseases

This course examines patterns of occurrence and strategies for control and prevention of non-infectious/chronic diseases. Topics include: Chronic Disease Epidemiology, Public Health approaches to chronic disease control, Life style risk factors, Chronic Diseases Morbidity and Mortality, Treatment options and rehabilitation outcomes, Cardiovascular Diseases, Cancer Diseases, Diabetes, Arthritis, Stress, The impact of health care disparities on illness and disability, Patient education and self-management techniques. Prerequisite: None

SHS 212 Health Planning

This course introduces the global health, its status, and the threats and challenges facing today's health planners. Topics include: Images of health, Human health in changing world, Demographic transmission, A new global health threat, Reproductive and child health, Tackling inequalities in health, Endangered future of humans, Recent trends in environmental health, Need for healthcare reforms, Recent trends in environmental health, Health economics, Health economics, Economic aspects of health planning, Health policy, Future trends in the healthcare. Prerequisite: SHS 102

SHS 213 Introduction to Healthcare Quality Management

This course introduces to TQM and its application in the healthcare field. Topics include: Evolution of Total Quality Management, Evolution of Quality in healthcare, Principles of total quality in healthcare organizations, Group processes in healthcare quality improvement, Process orientation in healthcare quality, Clinical practice guidelines/ patient-centered care, Implementation of quality improvement in healthcare, Outcome model of healthcare quality, Data management, measurement, and statistical analysis in CQI, Cost and healthcare quality, The law, ethics, and total quality. Prerequisite: HOM 101

SHS 311 Human Resources Management in Healthcare

This course introduces the subject of human resource management to the students by focusing on the required strategies. Topics include Human resource strategy and planning, Job design, scheduling, and staffing strategies, Recruitment, Short listing and interviews, Employment relationship, Credentials and process of credentialing, Physician privileging, Orientation, training, development, and succession planning, Performance management, Payment systems and partnership and employee involvement, Discipline, grievance, dismissal, redundancy, and outplacement, Compensation, benefits and recognition strategy. Prerequisite: HOM 101

SHS 312 Measuring Performance in Healthcare Organizations

This course addresses performance measurement in supporting a culture of continuous improvement in a modern healthcare organization. Topics include: Need for measuring performance, Key performance indicators and critical success factors in a healthcare organization, Methodologies used in the assessment of quality of healthcare, Excellence Models of measuring performance, Stakeholders' perspectives & measurement of performance of a healthcare organization, Introducing a quality initiative and factors affecting its implementation, Measuring the effectiveness of quality initiatives on organizational Performance, Measuring the effectiveness of quality initiatives on different services, functions, and activities of a healthcare organization. Prerequisite: SHS 213

SHS 314 Health Economics and Financial Management

This course introduces the basic principles of macro and microeconomics and the elements necessary to apply these principles to the health care field. Health Economics basic principles, Economic Tools to improve resource allocation and decision making, Specificity of health economics, Healthcare finance, Assets, Liabilities, and Net Worth, Revenues & Expenses, Cost Classifications, Cost behavior and Break-even Analysis, The manager's responsibility with respect to staffing, Reporting, financial and operational ratios as performance measures, Time value of money, Comparative Data, forecasts, and benchmarking, Budgeting and variance analysis, Capital expenditure budgets. Prerequisite none

SHS 401 Healthcare Ethics

This course introduces the students to the healthcare ethics. Topics include: Human value development, Decision making in value issue, Types of ethical theory, Basic principles of healthcare ethics, Confidentiality and the management of healthcare information, Healthcare professional-patient relationships, Patient and family rights, Administrative Ethical issues, Biomedical Ethical issues, Legal issues, culturally appropriate healthcare, Codes of Professional ethics. Prerequisite: 81 Cr.H

SHS 402 Performance and Service Improvement in Healthcare

This course presents an in-depth analysis of the concept of continuous improvement and its application in the healthcare field. Topics include: defining performance improvement, healthcare and the concept of continuous improvement, continuous performance improvement model, identifying improvement opportunities, aggregating and analyzing performance improvement data, communicating performance improvement activities and recommendations, measuring consumer satisfaction, organizing for performance improvement, developing effective performance improvement teams, managing health performance improvement projects, evaluating the performance improvement program, Benchmarking and best practice. Prerequisite: SHS 312

SHS 411 Governance and Leadership

This course presents an overview of the concept of governance and its role in healthcare organizations. Topics include: Historical Development of Management Theory, Differences between leadership and management, Evolution of Leadership theory, Decision making and Problem solving, Implementing planned change and the change theory, Decentralization and Participatory management, Communication and Creating a motivating climate, Organizational, Interpersonal, and group communication, Delegation, Managing conflict, Supervising, Controlling and Evaluating. Prerequisite: 81 Cr.H

SWS 110 Programming 1

Problem solving; Basic elements of programming; Syntax and semantics of programming language including variables, data types, expressions, and assignment; program flow of control; conditions; iterations; Methods and parameter passing; Program debugging and testing; Object-oriented programming (OOP); Event-driven programming. Prerequisite: None

SWS 120 Programming 2

Programming style and documentation; Object Oriented Programming; Object-Oriented design; Encapsulation and information hiding; inheritance and composition; polymorphism; Simple data Structures and their Applications (Array, String, and String Manipulation), GUI, Programming Practice using a modern high level language, design of a simple interface.

SWS 121 Web Design and Development

This course introduces principles of website development. Basic HTML and CSS skills will be applied to build web pages and sites with consideration given to the effects of browser and computing platform on design choices. Topics include: Web Basics, Tags, Creating Simple XHTML Documents, Advanced XHTML Features, Web Design Concepts, Integrating multimedia. Prerequisite: SWS-120 Equivalent: EBU-218

SWS 212 Database-Driven Web Applications

This course introduces students to the more advanced techniques required to build complex, modern database driven applications. Based on previous knowledge of Web design principles, XHTML and CSS, this course covers the client-side and server-side processing that enables database interactions in dynamic intranet and Internet applications. Related Topics/Contents in Web application security, deployment, and maintenance are also taught. All these concepts will be applied in a group project that implements a fully functional database driven Internet application. Prerequisite: None

SWS 213 Database Design

This course teaches the students the core concepts related to relational databases, including the general architecture, conceptual, logical and physical design, querying techniques, and security features. Topics include: Introduction to Databases, Relational Model, Relational Algebra, Data Manipulation Using SQL, Data Definition Using SQL, Queries Using QBE, Database Analysis and Design Techniques, Entity-Relationship Modeling, Normalization, Conceptual and Logical Database Design, Physical Database Design, Monitoring, and Tuning, Database Security. Prerequisite: None

SWS 316 Programming 2

This course focuses on the object-oriented paradigm. Course topics include: Objects and Classes; Object-Oriented design; encapsulation and information hiding, inheritance and composition, polymorphism, class library, Simple Data Structures and their Applications (Array, String, and String Manipulation), GUI, Programming Practice using a modern high level language. Prerequisite: SWS-110

SWS 320 Operational Research

The course begins with a brief review of Linear Algebra before proceeding to the discipline of Operations Research. Operations Research is a scientific approach to decision making that seeks the optimal design and operation of a system under conditions requiring the allocation of limited resources. This involves an introduction to Model Building, Linear Programming, The Simplex Algorithm, sensitivity analysis and duality. Additional Topics/Contents include The Transportation Problem, The Assignment and Transshipment Problems, Network Models and Integer Programming. Prerequisite: MTH-120

SWS 351 Management Information Systems

This course introduces the study of organizations as systems supported by information processing. It focuses on describing information systems (IS) requirements and applying IT on business and management. Topics include: IS in the Enterprise, Electronic Business and Electronic Commerce, IT Infrastructure and Platforms, Managing Data Resources, Security and Control, Enterprise Applications and Business Process Integration, Management Decision-Making for the Digital Firm, Redesigning the Organization with IS, Understanding the Business Value of Systems, Managing International IS. Prerequisite: GED-101 or SWS-101

SWS 361 Introduction to Geographic Information Systems

This course provides an introduction to Geographic Information Systems (GIS). Topics include: coordinate systems, site selection, data capture methods, error, accuracy, and precision, cartographic communication, data sources for GIS, spatial overlays, Dubai Municipality tour of mapping services. Prerequisite: None

SWS 421 Cryptography and Information Security

Cryptography is the science of encryption, which has applications in information and data security. The course begins with an overview of the concept of cryptography and its role in information and data security; historical and modern techniques of cryptography are introduced. It then proceeds to cover the required mathematical preliminaries, which include Topics/Contents in number theory and abstract algebra. In addition to basic private-key encryption, the course focuses on public-key techniques such as the RSA algorithm and the ElGamal Cryptosystem. Additional Topics/Contents include digital signatures, passwords and key management. Prerequisite: NET-222

56.1. Course Descriptions - Arabic

101	GED	مدخل إلى برمجيات الحاسوب (SWS 101)
يهدف هذا المساق إلى التعرف بجهاز الكمبيوتر ، واكتساب المهارات الكاملة لاستخدام نظام ويندوز ، وتأهيل الطلبة لاستخدام برامج المكتب ، كالتعامل مع النصوص واستخدام الجداول وإجراء المعادلات الحسابية واستخدام الجداول وإجراء المعادلات الحسابية واستخدام وسائل العرض المختلفة. المتطلب السابق : لا يوجد		
125	GED	النظم الإيكولوجية وصحة الإنسان
يقدم هذا المساق المفاهيم الرئيسية للنظم الإيكولوجية والصحة، وإذ تشدد على كيفية الارتباط والآثار المترتبة على هذه العلاقة للإنسان. يقوم الطلاب باكتشاف العلاقات بين النظم الإيكولوجية والصحة. ويوفر هذا المساق المعارف والمهارات والنهج ذات الصلة لحل المشاكل في الإعدادات الشخصية والمهنية. وتشمل المواضيع: مقدمة في النظم الإيكولوجية، علم البيئة، العلوم البيئية، علوم الصحة، طرق تقييم المرضى، الطرق التقييمية للبيئة، أساليب التقييم البيئي، والتخطيط لتجنب إلى أساليب تقييم المريض إيكولوجيا والعلوم البيئية وعلوم الصحة، والنظم الإيكولوجية والتخطيط للحيلولة دون حدوث العدوى للنظم البيئية والإنسان. المتطلب السابق : لا يوجد		
145	GED	مهارات الدراسة الجامعية
يعرض المقرر تقنيات مختلفة من مهارات التعلم اللازمة لتيسير نقل تعلم الطالب من مستوى الدراسة الثانوية إلى الجامعية. حيث يستطيع الطالب أن يتحصل من خلالها على طريقته الخاصة في التعلم والتلقى مع معرفة مواقع الضعف والقوة لكل منها، إدارة الوقت، التحكم بالذات، إعداد ملفات المساقات، جمع وتصنيف المعلومات، العمل الجماعي، التدريب الذاتي وتقنيات الإتصال. المتطلب السابق : لا يوجد		
160	GED	دراسات في الحضارة القديمة
يهدف هذا المساق إلى تدريس تاريخ وحضارات الشرق الأدنى القديم في المواقع الرئيسية الثلاثة التي توافرت فيها أصول الإبداع الأولى في العالم القديم كما صنفها علماء الآثار في : مصر القديمة – بلاد النهرين – كريتز المتطلب السابق : لا يوجد		
196	GED	مهارات الاتصال في اللغة العربية 1
يطمح هذا المساق إلى تحقيق مجموعة من المهارات التعليمية الأساسية لبناء شخصية الطالب الجامعي بناء ثقافياً يوافق حياته المهنية ، ويدفعه نحو آفاق ثقافية تساعده على بلوغ مرحلة متقدمة من مراحل استخدام اللغة العربية في المجال العلمي ، والبحث الأكاديمي . المتطلب السابق : لا يوجد		
198	GED	الثقافة الإسلامية
يركز هذا المساق على أساسيات الفكر الإسلامي وتأثيره على المجتمع مع إعطاء خلفية لأبرز المفكرين الإسلاميين قديماً وحديثاً ، كما يركز على القضايا الأخلاقية وفهم الإسلام وتطبيقه في جميع مجالات الحياة الاقتصادية والاجتماعية وكذلك في القضايا المشتركة مع الديانات الأخرى ، ومناقشة التحديات المعاصرة للإسلام وكيف يواجه المسلمون هذه التحديات .		
199	GED	مجتمع دولة الإمارات العربية المتحدة
هذا المساق يعتبر مقدمة لمجتمع الإمارات في جوانبها السياسية والجغرافية والثقافية والديموقراطية والاجتماعية. ويتم تشجيع الطلاب على التفكير في تطور المجتمع في ضوء المتغيرات السريعة التي أحدثتها الحداثة والعولمة. وتشمل المواضيع : جغرافيا وتاريخ الإمارات ، وجوانب من الحياة السياسية والاقتصادية والتنمية الاجتماعية ، والحياة الثقافية قبل وبعد اتحاد دولة الإمارات العربية المتحدة.		
205	GED	علم النفس في الحياة اليومية
مدخل إلى المفاهيم والمبادئ المحددة في مجالات علم النفس وتطبيقاتها في الحياة اليومية. ويهدف المساق إلى تعزيز فهم الطلاب للنفس وتفاعلها مع البيئة. وتشمل المواضيع: تاريخ علم النفس وأساسيات علم التشريح العصبي، نظريات التعلم، نماذج الذاكرة، والعلاقات بين الأشخاص		
252	GED	التفكير النقدي
يهدف المساق إلى تحسين قدرة الطلاب على تحليل وتقييم أنواع الحجج والتأكدات التي تواجههم في حياتهم اليومية. ويتم التركيز على المنطق غير الرسمي للغة كل يوم، ولكن يتم مناقشة المنطق الرسمي. وتشمل المواضيع: لغة الحجج، تحليل الحجج، وصحة وسلامة، ومشاكل تتعلق بالتفسير، الحجج غير الاستنتاجية استخدام وإساءة استخدام الإحصاءات وتفسيرات نظريات تجريبية، نظريات المفاهيم والتعاريف.		
265	GED	حقوق الإنسان في الإسلام والمواثيق الدولية
يشمل هذا المساق التعرف بالحق وأقسامه، وحقوق الإنسان، وموقعها بين الحقوق الأخرى، ومراحل تطورها، وعالميتها ، ووسائل حمايتها في المواثيق الدولية والشريعة الإسلامية		
296	GED	مهارات الاتصال في اللغة العربية
هدف هذا المقرر إلى تطوير مهارات التواصل الكتابية والشفوية والتعبيرية اللازمة لتدريب الطلاب عملياً على كتابة المقالة ذات الفقرات المتعددة مستخدماً أنماط النصوص المختلفة ، فضلاً عن إكسابه القدرة على تطبيق المنهجية السليمة في الكتابة وتعيده على الدقة في تنظيم أفكاره ، وذلك بغية الخروج بنص متكامل متماسك ذي هيكلية منطقية تقوم على الانسجام بين عناصر الموضوع ولاسيما العلاقة بين الأفكار حسب مقتضيات النص. المتطلب السابق : GED 196A		

GED	324	التفكير الأخلاقي في عالم اليوم
<p>يبحث هذا المساق النظريات ومهارات وتطبيقات الفلسفة الأخلاقية، بما في ذلك وصف ومناقشة ثلاث مقاربات في الأخلاق، وهي: الأخلاق الشخصية والأخلاق الغائبة والمؤسسة على النتائج والأخلاق الالتزامية. بعض المواضيع هي: مقدمة إلى مبادئ أخلاق الفضيلة وطبيعتها، ومشكلة عدم المساواة العالمية، مذهب المنفعة، وأخلاقيات المبدأ، حالات مجردة من الأخلاق والمبادئ في مجال الأخلاقيات المهنية والشخصية، وطبيعة التفكير الأخلاقي وتطوير مهارات التفكير في السياقات الأخلاقية والاجتماعية السياسية. المتطلب السابق: لا يوجد</p>		
MTH	101	الإحصاء
<p>يتناول المساق بجانبه النظري والعملية المفاهيم الإحصائية الأساس ووصف البيانات واستخدام الحاسوب لجدولتها ثم معرفة مفاهيم النزعة المركزية والدرجات المعيارية لها. المتطلب السابق: لا يوجد</p>		

توصيفات مسابقات برنامج البكالوريوس في الآداب/تخصص اتصال

رقم المساق	MCM 100	اسم المساق	مدخل إلى الاتصال الجماهيري
المتطلب السابق	لا يوجد		
التوصيف	<p>تعريف الاتصال وأنواعه وقنواته ومستوياته، مؤسسات الاتصال الجماهيري الصحفية والإذاعية والتلفزيونية والإلكترونية، التطور التاريخ للاتصال، نماذج الاتصال والتأثيرات الإعلامية، الدور الاجتماعي والثقافي والسياسي للإعلام، نظم الإعلام العربية والعالمية</p>		

رقم المساق	MCM 110	اسم المساق	نظريات الاتصال
المتطلب السابق	MCM 100		
التوصيف	<p>تقديم أبرز النماذج والمناظير النظرية المتعلقة بتفسير الظواهر الاتصالية المؤسسية والسلوكية وتأثيراتها على الأفراد والمجتمع، نماذج الدعاية الإعلامية والجمهور الأسير، نماذج التأثيرات الجزئية، النظريات المعيارية في الإعلام، نظريات تعديل السلوك، نظريات الجمهور الذكي، نظريات الاتصال في عصر الإعلام الجديد، حالات دراسية</p>		

رقم المساق	MCM 120	اسم المساق	مناهج بحوث الاتصال
المتطلب السابق	MCM 110		
التوصيف	<p>مفهوم البحث العلمي في الإعلام والاتصال، العلاقة بين النظرية والمنهج، البحوث الكمية والكيفية، بحوث تحليل المضمون، بحوث المسح الميداني، بحوث التجربة، بحوث كيفية في تحليل الخطاب ومجموعات التركيز، مراحل البحث العلمي، التعريفات المفهومية والإجرائية، مهارات إحصائية في التحليل، تصميم الاستبانات وصحائف التفرغ، تحديد فئات تحليل المحتوى، نماذج عملية</p>		

رقم المساق	MCM 130	اسم المساق	أخلاقيات الإعلام وتشريعاته
المتطلب السابق	MCM 100		
التوصيف	<p>القيم الأخلاقية والمعنوية في المجتمع، الخصوصيات الثقافية للقيم الأخلاقية، تطور أخلاقيات الإعلام عبر التاريخ، أخلاقيات الإعلام كموضوع نسبي في العالم، الموائيق الأخلاقية في المؤسسات الإعلامية، قضايا حرية التعبير والمسؤولية الاجتماعية في التشريعات الإعلامية، الخصوصية وحقوق المؤلف وحقوق الوصول للمعلومات وحماية الصحفيين، والحفاظ على سرية المعلومات، قوانين وتشريعات إعلامية مقارنة،</p>		

رقم المساق	MCM 200	اسم المساق	مبادئ علم السياسة
المتطلب السابق	MCM 100		
التوصيف	<p>تعريف علم السياسة، أهمية علم السياسة، مجالات العلوم السياسية، المناهج والطرق التي يمكن أن تستعمل في دراسة الظاهرة السياسية، علاقة علم السياسة بالعلوم الأخرى، النظم السياسية في العالم، حالات دراسية.</p>		

رقم المساق	MGT 202	اسم المساق	أسس الإدارة
المتطلب السابق	لا يوجد		

التوصيف	تعريف الإدارة، نظريات الإدارة الكلاسيكية والحديثة، الإدارة في المؤسسات الحكومية والشركات، عناصر العملية الإدارية، التخطيط الاستراتيجي في الإدارة، إدارة الموارد البشرية والتقنية والمالية، تقارير المتابعة الإدارية، مؤشرات الإنجاز الإداري، حالات إدارية.
---------	--

رقم المساق	MCM 210	اسم المساق	المدخل الاجتماعي للإعلام
المتطلب السابق	MCM 110		
التوصيف	الإعلام والتغير الاجتماعي، نظريات ونماذج الإعلام والتنمية، التأثيرات الاجتماعية لوسائل الإعلام المعاصرة، الإعلام والشباب، الإعلام والغزو الثقافي، الإعلام والمرأة، الإعلام والطفولة، مستويات التأثير الاجتماعي لوسائل الإعلام، حالات وتجارب دراسية محلية وعالمية.		

رقم المساق	MCM 220	اسم المساق	تأثير وسائل الإعلام
المتطلب السابق	MCM 110		
التوصيف	نماذج التأثير النفسي لوسائل الإعلام، نظرية الرصاصة الإعلامية، نموذج التأثير الانتقائي، نموذج فجوة المعرفة، نموذج التعاطف النفسي، نموذج الاستهلاك، نموذج التأطير وتحديد الاجندة، نماذج الاستخدام والإشباع، حالات وتجارب.		

رقم المساق	MCM 230	اسم المساق	مبادئ الاقتصاد
المتطلب السابق	لا يوجد		
التوصيف	التعريف بعلم الاقتصاد وعلاقته بالعلوم الأخرى، وأساليب التحليل الاقتصادي، والمشكلة الاقتصادية وعناصرها، وتطور النظم الاقتصادية، والتنمية الاقتصادية ومشكلاتها، والتحليل الاقتصادي الجزئي، والادخار والاستثمار في النظرية الاقتصادية، والعلاقات الاقتصادية الدولية		

رقم المساق	MCM 310	اسم المساق	الإنترنت والشبكات الاجتماعية
المتطلب السابق	لا يوجد		
التوصيف	تطور الإنترنت كوسيلة اتصال، أنواع الشبكات الاجتماعية، استخدامات الشبكات الاجتماعية، خصائص الشبكات الاجتماعية مقارنة مع وسائل الاتصال التقليدية، تأثيرات الشبكات الاجتماعية على الأفراد والمجتمع، نماذج الاتصال في الشبكات الاجتماعية، حالات ونماذج دراسية.		

رقم المساق	MCM 320	اسم المساق	الحاسب الآلي والتوثيق الإعلامي
المتطلب السابق	لا يوجد		
التوصيف	مفهوم الأرشيف المحوسب، برمجيات الأرشيف الصحفية والإعلامية، تخطيط الأرشيف الرقمية، بناء الأرشيف الرقمية، الأرشيف للمواد المطبوعة، الأرشيف للمواد السمعية والبصرية، المتطلبات الفنية للأرشيف قواعد البيانات على الأنترنت، نماذج وتجارب.		

رقم المساق	MCM 330	اسم المساق	النقد الأدبي والفني
المتطلب السابق	MCM 100		
التوصيف	مفهوم النقد في التراث الأدبي والفني، عناصر النقد الأدبي والفني، العناصر الفنية للنقد في وسائل الإعلام، العناصر الفكرية للنقد، إعداد تقارير النقد الفني، النقد الأدبي والفني كعمل إبداعي، تطبيقات عملية في النقد الأدبي والفني، ربط النقد الفني والأدبي بالنقد الإعلامي.		

رقم المساق	MCM 410	اسم المساق	الجغرافيا السياسية
المتطلب السابق	MCM 200		
التوصيف	مفهوم الجغرافيا السياسية، نظرية هالفورد ماكيندر حول الأقاليم المفصلية في العالم، علاقة الجغرافية بالصراعات وتوزيع السلطة في الدول وعلى مستوى العالم، تطور مفهوم الجغرافيا السياسية عبر التاريخ، الجغرافيا السياسية والنزاعات الدولية والإقليمية الحديثة، الجغرافيا السياسية وتطور الاتصالات والمواصلات، نماذج وتجارب إقليمية وعالمية.		

رقم المساق	MCM 420	اسم المساق	تاريخ العالم الحديث
المتطلب السابق	MCM 410		
التوصيف	تعريف التاريخ الحديث، الأحداث التاريخية البارزة منذ نهاية القرن الثامن عشر حتى الآن، الحروب العالمية الأولى والثانية، الحرب الباردة، نهاية الحقبة الشيوعية، العولمة والثورة التكنولوجية، أحداث سبتمبر 2001، الأزمة العالمية، أحداث وقضايا العالم العربي في الحقبة الحديثة.		

رقم المساق	MCM 430	اسم المساق	التدريب الإعلامي
المتطلب السابق	81 ساعة		
التوصيف	يقضي الطالب 8 أسابيع في التدريب العملي في إحدى المؤسسات الصحفية أو إدارة العلاقات العامة أو شركة إعلان يتعرف من خلالها على الممارسات العملية في صناعة الإعلام والاتصال تحت إشراف مشرف أكاديمي وآخر ميداني، ويقوم بإنتاج عمل إعلامي ووفق معايير رفيعة.		

مساقات تخصص الصحافة

رقم المساق	JRN 205	اسم المساق	الترجمة الصحفية (1)
المتطلب السابق	لا يوجد		
التوصيف	مبادئ الترجمة الصحفية، خصائص اللغة العربية مقارنة باللغة الإنجليزية، فنون وتقنيات الترجمة الصحفية، المصطلحات والمفاهيم الشائعة في العمل الإعلامي باللغتين العربية والإنجليزية، ترجمة الأخبار السياسية، ترجمة الأخبار الاقتصادية والمالية، ترجمة أخبار الحروب والكوارث، تطبيقات عملية ونماذج.		

رقم المساق	JRN 210	اسم المساق	التصميم الجرافيكي والإخراج
المتطلب السابق	لا يوجد		
التوصيف	مساق متوسط المستوى ، يسعى لإكساب الطلبة مهارات التصميم والإخراج ، ويسعى بصورة مباشرة لتزويد الطلبة بمدخل معرفية حول تصميم الجرافيك نظرياً وعملياً ، والإلمام بالأسس والمبادئ التواصلية والفنية لتصميم المطبوعات ، وعناصر البرمجيات المستخدمة : مثل الفوتوشوب ، وأدوبي أليستر . ويقدم الطلبة في نهاية المساق ملفاً يتضمن إنتاجهم في التصميم الجرافيكي.		

رقم المساق	JRN 215	اسم المساق	صحافة الإنترنت
المتطلب السابق	MCM-310		
التوصيف	مساق متوسط المستوى ، يسعى إلى تحديد مفهوم صحافة الإنترنت وأنواعها ومزاياها . كما يستعرض نشأة وتطور صحافة الإنترنت ، والصحف الإلكترونية ، وإنشاء المواقع ، وأسس الكتابة على الويب . ويركز المساق بصفة أساسية على صحافة المواطن ، والمدونات ، مع تطبيقات على صحافة الإنترنت في الوطن العربي والعالم .		

رقم المساق	JRN 305	اسم المساق	الكتابة والتحرير الإخباري
المتطلب السابق	MCM100		
التوصيف	التعريف بالخبر الصحفي وعناصره وأنواعه ومصادره . القيم الأخبارية في المجتمعات المختلفة . وإكساب الطلبة مهارات تجميع وكتابة وتحرير الأخبار للصحافة المطبوعة طبقاً للقواعد النظرية والأسس الفنية . ويركز المساق على التطبيقات العملية والعمل الميداني داخل الجامعة وخارجها		

رقم المساق	JRN 315	اسم المساق	التحرير الصحفي (1)
المتطلب السابق	JRN 305		
التوصيف	مبادئ التحرير الصحفي للصحف والمجلات، مراحل عملية التحرير، اختصار وإعادة كتابة الأخبار، مبادئ الكتابة التحريرية الرصينة، تحرير أخبار وكالات الأنباء، تطبيقات عملية ونماذج.		

رقم المساق	JRN 410	اسم المساق	السرد الرقمي
المتطلب السابق	JRN 305		
التوصيف	تعريف مفهوم السرد الرقمي في عالم الاتصال التفاعلي متعدد الوسائط، الوسائط المتعددة وأنواعها وتطبيقاتها الإعلامية، استخدام الوسائط المتعددة في التعبير البصري، عناصر أسلوب السرد الرقمي، المتطلبات الفنية للسرد الرقمي، نماذج تطبيقية في السرد الرقمي متعدد الوسائط، مشروع تطبيقي		
رقم المساق	JRN 420	اسم المساق	تصميم مواقع الشبكة العنكبوتية
المتطلب السابق	JRN 215		
التوصيف	عناصر التصميم للمواقع الإلكترونية، برمجيات التصميم بلغة HTML، العناصر الفنية المطلوبة لبناء موقع الأنترنت، أدوات التصميم والبناء، عناصر الألوان والخطوط، الصور والنصوص، المحتوى الديناميكي برنامج فلاش ودريموير، تطبيقات عملية ونماذج.		
رقم المساق	JRN 430	اسم المساق	مشروع تخرج في الصحافة
المتطلب السابق	فصل التخرج		
التوصيف	مساق متقدم المستوى، يطرح في فصل التخرج، حيث يوظف الطلبة أسس التفكير النقدي، ومهارات الاتصال المتقدمة لإعداد مشروع بحث يتسم بالأصالة والتميز والإبداع في مجال الصحافة المطبوعة أو الإلكترونية. طبقاً لقواعد الممارسات الصحفية وأخلاقيات المهنة يقسم طلبة السنة النهائية إلى مجموعات كل مجموعة تختار عنواناً لمشروع التخرج تحت إشراف أستاذ المساق بحيث يقضي بإنتاج كل مجموعة من الطلاب لصحيفة مطبوعة أو إلكترونية حقيقية ويكون كمعمل تدريب للطلاب على العمل الصحفي الحقيقي.		
رقم المساق	JRN 207	اسم المساق	التحرير الصحفي (2)
المتطلب السابق	JRN 315		
التوصيف	تحرير المواد الصحفية المتخصصة، تحرير الأخبار والمواد السياسية، تحرير الأخبار الاقتصادية، تحرير التحقيقات والريپورتاجات، تحرير اللقاءات الصحفية، تحرير المواد المترجمة، نماذج وتطبيقات عملية.		
رقم المساق	JRN 217	اسم المساق	الترجمة الصحفية (2)
المتطلب السابق	JRN 205		
التوصيف	ترجمة الأخبار المتخصصة، الترجمة من العربية إلى الإنجليزية، الترجمة التحريرية، ترجمة التحقيقات والمقالات الصحفية، نماذج وتطبيقات عملية.		
رقم المساق	JRN 317	اسم المساق	التصوير الرقمي
المتطلب السابق	MCM 100		
التوصيف	تاريخ الكاميرا كأداة تعبير بصرية، الخصائص الفنية للكاميرا، أنواع الكاميرات ومكوناتها، لقطات وحركات الكاميرا وزواياها، الصورة الصحفية، معايير الصورة الصحفية الناجحة، الكاميرا الرقمية، الجوانب الإبداعية في التصوير الصحفي، استخدام برمجيات تعديل الصورة الحاسوبية، نماذج وتطبيقات عملية.		
رقم المساق	JRN 318	اسم المساق	الاندماج الإعلامي
المتطلب السابق	JRN 215		
التوصيف	اتجاهات التطور التكنولوجي بي صناعات الاتصالات والإعلام والحاسوب، مفهوم وتجليات الاندماج التكنولوجي، تأثيرات الاندماج التكنولوجي في الاقتصاد والثقافة، التأثيرات الإعلامية للاندماج التكنولوجي، الإنترنت كمنصة للاندماج التكنولوجي، حالات دراسية ونماذج.		

رقم المساق	JRN 435	اسم المساق	الصحافة في دولة الإمارات
المتطلب السابق	MCM 100		
التوصيف	التطور التاريخي للإعلام في دولة الإمارات منذ منتصف القرن الماضي، السياسات والتشريعات الإعلامية في الإمارات، دور الإعلام في تعزيز التنمية الوطنية والهوية الثقافية، أبرز المؤسسات والشخصيات الإعلامية، الهياكل التنظيمية لقطاع الإعلام، التطور التكنولوجي، الإعلام كقطاع اقتصادي، المدن الإعلامية الحرة، التدريب والتأهيل الإعلامي، تحديثات الإعلام والهوية.		

مساقات تخصص العلاقات العامة

رقم المساق	PRA 200	اسم المساق	الكتابة للعلاقات العامة
المتطلب السابق	لا يوجد		
التوصيف	مبادئ الكتابة للعلاقات العامة، الفرق بين الكتابة للعلاقات العامة والكتابة الصحفية، كتابة البيانات الصحفية، كتابة الخطابات والرسائل، كتابة إعلانات الخدمة العامة، كتابة نصوص العروض التقديمية، كتابة نصوص الأفلام الوثائقية، نماذج دراسية متنوعة.		

رقم المساق	PRA 210	اسم المساق	حملات العلاقات العامة
المتطلب السابق	لا يوجد		
التوصيف	مفهوم حملة العلاقات العامة، تخطيط حملات العلاقات العامة، عناصر حملات العلاقات العامة، الموارد البشرية والفنية المطلوبة، بحوث الجماهير، إعداد الرسائل الإعلامية والاتصالية، تنفيذ حملات العلاقات العامة، إدارة حملات العلاقات العامة، تقييم حملات العلاقات العامة، حالات دراسية محلية وعالمية.		

رقم المساق	PRA 215	اسم المساق	العلاقات العامة في المجال التطبيقي
المتطلب السابق	PRA 200		
التوصيف	تجارب عملية في العلاقات العامة، العلاقات العامة في المؤسسات الحكومية، العلاقات العامة في المؤسسات الاقتصادية والمالية، العلاقات العامة في المؤسسات الصحية، العلاقات العامة الدولية، العلاقات العامة في الطوارئ والأزمات، تجارب ودروس مستخلصة.		

رقم المساق	PRA 310	اسم المساق	استخدام الإنترنت في العلاقات العامة
المتطلب السابق	MCM 310		
التوصيف	مفهوم العلاقات العامة الافتراضية، الإنترنت كبوابة للعلاقات العامة، وسائل الاتصال في العلاقات العامة الافتراضية، بنائ بوابات إلكترونية للعلاقات العامة، المحتوى الإعلامي في بوابات العلاقات العامة، مزايا العلاقات العامة الافتراضية مقارنة بالتقليدية، نماذج وتطبيقات عملية في العلاقات العامة على الإنترنت.		

رقم المساق	PRA 315	اسم المساق	إدارة العلاقات العامة
المتطلب السابق	PRA 200		
التوصيف	عناصر العملية الإدارية، نماذج الإدارة الكلاسيكية والحديثة، الهياكل التنظيمية في العلاقات العامة، الموارد البشرية والمالية المساندة، التخطيط في العلاقات العامة، الخطط الاستراتيجية والتشغيلية، تنسيق الأنشطة والفعاليات الأحداث الخاصة، بناء العلاقات التشاركية مع المؤسسات والمجتمع، تعزيز قنوات الاتصال الداخلية والخارجية، تقييم العمل في العلاقات العامة، نماذج وحالات دراسية.		

رقم المساق	PRA 320	اسم المساق	تصميم المطبوعات الإعلامية
المتطلب السابق	PRA 200		
التوصيف	بناء الصورة الذهنية والمؤسسية، عناصر وأدوات تصميم المطبوعات لتعزيز الصورة المؤسسية، العناصر الفنية والإبداعية، مقومات الصورة المؤسسية والذهنية، تحويل عناصر الصورة إلى مخرجات مطبوعة، البرمجيات والتجهيزات المطلوبة في التصميم، إعداد الرسائل الإقناعية الفاعلة، الجوانب النفسية والاجتماعية والثقافية لبناء الصورة المؤسسية، نماذج وحالات دراسية.		

رقم المساق	PRA 410	اسم المساق	الاتصال التنظيمي
المتطلب السابق	PRA 315		
التوصيف	مفهوم الاتصال التنظيمي في المؤسسات الحكومية والخاصة، نظريات الاتصال التنظيمي، قنوات ونماذج الاتصال التنظيمي في المؤسسات، فاعلية الاتصال التنظيمي في المؤسسات، دور العلاقات العامة في تعزيز الاتصال الداخلي، تخطيط أنشطة الاتصال التنظيمي في المؤسسات، تنفيذ أنشطة الاتصال التنظيمي، الوسائل الشخصية والمطبوعة والإلكترونية، نماذج وحالات دراسية.		
رقم المساق	PRA 420	اسم المساق	مشروع تخرج في العلاقات العامة
المتطلب السابق	فصل التخرج		
التوصيف	يقوم الطالب تحت إشراف مدرس المساق بتنفيذ مشروع في الإعلان يجسد فيه كل ما تعلمه من معارف واكتسبه من خبرات خلا دراسته الجامعية في تخصص العلاقات العامة من خلال إنتاج مشروع في هذا المجال.		

رقم المساق	PRA 205	اسم المساق	الاتصال الاستراتيجي في العلاقات العامة
المتطلب السابق	PRA 210		
التوصيف	مفهوم الاتصال الاستراتيجي في المؤسسات الحكومية والخاصة، عناصر التخطيط الاستراتيجي في العلاقات العامة، الخطط التشغيلية في العلاقات العامة، بناء السمعة والهوية المؤسسية في العلاقات العامة، بحوث السوق والجمهور، المكونات الإعلامية والإدارية للعلاقات العامة الاستراتيجية، نماذج وحالات دراسية.		

رقم المساق	PRA 225	اسم المساق	المراسم والبروتوكول
المتطلب السابق	PRA 200		
التوصيف	مفهوم المراسم والبروتوكول في الأنشطة والمؤسسات الحديثة، أنواع البروتوكول، البعد الثقافي للبروتوكول، منهجيات البروتوكول والمراسم، أنواع الأنشطة البروتوكولية، بروتوكول الأنشطة الرسمية، بروتوكول الأنشطة غير الرسمية، إدارة الأنشطة البروتوكولية، نماذج تطبيقية.		

رقم المساق	PRA 330	اسم المساق	التسويق الاجتماعي
المتطلب السابق	PRA 215		
التوصيف	مفهوم التسويق الاجتماعيين الفرق بين التسوق الاجتماعي والتسويق التجاريين نماذج ونظريات التسويق الاجتماعي، الأسس العلمية لأنشطة التسويق الاجتماعي، أنواع ومستويات التسويق الاجتماعي، التسوق الاجتماعي لبناء الصورة الذهنية التسويق الاجتماعي لتعزيز القيم والممارسات الاجتماعية، التسويق الاجتماعي في عصر الإنترنت، تخطيط وتنفيذ أنشطة التسويق الاجتماعي، نماذج وحالات دراسية.		

رقم المساق	PRA 425	اسم المساق	العلاقات العامة الدولية
المتطلب السابق	MCM 100		
التوصيف	العلاقات العامة كمنشآت إنساني عابر للحدود، أنواع ومستويات العلاقات العامة الدولية، الأبعاد الثقافية والاجتماعية للعلاقات العامة الدولية، القضايا الساخنة في العلاقات العامة الدولية، إدارة العلاقات العامة الدولية في عالم متعدد الثقافات، تجارب ونماذج منتقاة.		

تخصص الإعلان

رقم المساق	ADV 200	اسم المساق	كتابة النصوص الإعلانية
المتطلب السابق	لا يوجد		
التوصيف	مبادئ كتابة نصوص الإعلانات الصحفية والإذاعية والتلفزيونية، أسلوب إعداد النصوص المقروءة، أسلوب إعداد السيناريو المسموع، أسلوب إعداد السيناريو الإعلاني البصري، تطوير الفكرة الإبداعية وتحويلها لنص إعلاني، خصائص النصوص الإعلانية، تحرير النصوص الإعلانية، نماذج وحالات تطبيقية.		

رقم المساق	ADV 210	اسم المساق	الإعلان المطبوع
المتطلب السابق	لا يوجد		
التوصيف			مفهوم الإعلان في الصحف والمجلات، عناصر تصميم الإعلان، مراحل تصميم الإعلان، برمجيات تصميم الإعلان الصحفي، دمج عناصر الإعلان النصية والجغرافية، التأثير الإعلاني، تطبيقات عملية إنتاج الإعلانات المطبوعة، نماذج تطبيقية.
رقم المساق	ADV 230	اسم المساق	الإعلان الرقمي
المتطلب السابق	ADV 210		
التوصيف			ورشة عمل في الإعلان باستخدام برمجيات الإنتاج الرقمي، الوسائط المتعددة في الإعلان، أنواع الوسائط المتعددة، تطبيقات الوسائط المتعددة في الإعلان، النصوص والفيديو والصوت والصور والرسومات المتحركة، النشر على الشبكة، نماذج وتطبيقات وحالات دراسية.
رقم المساق	ADV 310	اسم المساق	فنون الترويج
المتطلب السابق	لا يوجد		
التوصيف			مفهوم الترويج كنشاط إعلاني، عناصر العملية الترويجية ومراحلها، أنواع وأهداف الأنشطة الترويجية، بحوث السوق والجمهور، اختيار القنوات المناسبة، تطوير الرسائل الفاعلة، الأنشطة الترويجية للمنظمات التجارية، قياس تأثير الإستراتيجيات الترويجية، نماذج وحالات دراسية.
رقم المساق	ADV 320	اسم المساق	استراتيجيات الإعلان
المتطلب السابق	ADV 210		
التوصيف			مفهوم التخطيط الإستراتيجي في الإعلان، عناصر الإستراتيجية الإعلانية ومراحلها، أنواع وأهداف الإستراتيجيات الإعلانية، بحوث السوق والجمهور، اختيار القنوات المناسبة، تطوير الرسائل الفاعلة، الأنشطة التسويقية والإعلانية للمنظمات التجارية، قياس تأثير الإستراتيجيات الإعلانية، نماذج وحالات دراسية.
رقم المساق	ADV 330	اسم المساق	تخطيط الحملات الإعلانية
المتطلب السابق	ADV 210		
التوصيف			مفهوم الحملة الإعلانية في التسويق المتكامل، التخطيط للحملات الإعلانية، العناصر الفنية والفكرية والبشرية للحملات الإعلانية، دراسات السوق، الاستراتيجيات والأهداف، مراحل الحملات الإعلانية، أدوات وقنوات الحملات الإعلانية، متابعة وإدارة الحملات الإعلانية، تقييم تأثيرات الحملات الإعلانية، حالات دراسية ونماذج.
رقم المساق	ADV 410	اسم المساق	الإعلان الدولي
المتطلب السابق	ADV 200		
التوصيف			الإعلان في عصر العولمة، الشركات متعددة الجنسية وصناعة الإعلان، تأثيرات الإعلان العابر للحدود، التأثيرات الاجتماعية، التأثيرات الثقافية، التأثيرات الاقتصادية، الهيمنة الثقافية وتعزيز الاعتمادية والاستهلاك، اللاعبون الرئيسيون في الساحة الدولية، النظريات العامة للإعلان الدولي، استجابة المجتمعات للإعلان الدولي العابر للحدود، حالات ودروس.
رقم المساق	ADV 420	اسم المساق	مشروع تخرج في الإعلان
المتطلب السابق	فصل التخرج

57. Glossary

1. Academic Integrity	Refers to moral behaviors and principles upholding the academic values in terms of respect, honesty, compliance, responsibility and accountability.
2. Academic Responsibility	Refers to the students' academic responsibilities to espouse the academic standards in performance as established for the programs of interest.
3. Academic Violation	Refers to unethical actions for example plagiarism, cheating on examination, fabrication of information and Information and Communication Technology misuse.
4. Academic year	This is the period devoted to teaching which is determined according to the academic calendar.
5. Advisor	Faculty member called 'Advisor' assigned to counsel student, called the 'Advisee' on academic matters.
6. Alumni	Students who have studied in and graduated from Canadian University Dubai.
7. Concentration	Concentrations are best thought of as a grouping of courses which represent a sub-specialization taken within the major field of study. For example, a student majoring in biology might have a concentration in genetics, or a student in electrical engineering may have a concentration in telecommunications or instrumentation and control. A concentration may be specified on the diploma or in the student's academic record (transcript).
8. Courses	This is a program of study presented in lectures or other classes with a fixed number of contact hours per week throughout the semester. Each course is given a title and ID number and is related to other course within an integrated curriculum.
9. Credit Hour (Cr. Hr.)	This refers to one lecturer hour or two hours of practical study per week for fifteen weeks.
10. Curriculum	This is a full description for the program. It consists of: <ul style="list-style-type: none"> • A syllabus of integrated courses that must be passed to fulfill the requirements of the program. • A practical training period which is integrated into the curriculum.
11. Department	The term department may refer to a unit within a university.
12. Double Concentration	Refers to registration of two concentrations within a program in compliance to its admission policy and guidelines and fulfilling the degree requirement.
13. Major	The major is the field of study in which a student specializes at the baccalaureate level. The term is not typically used in qualifications below the baccalaureate and is only occasionally used in graduate programs. The major usually requires that a student complete a minimum of 30 semester credits (or equivalent) in the subject area. To earn a double major, a student must meet the subject-area requirements of each of the two majors. Typically, a student receiving a degree with a major will be issued a diploma that includes the name of the major: for instance, Bachelor of Arts in History or Bachelor of Science in Biology.
14. Minor	A secondary field of study requiring certain credit hours depending on the academic program of interest

15. New and Returning Students	New students refer to those registering for the first time in Canadian University Dubai whereas the returning students are those who have studied in previous semesters and return to register in the following semester.
16. Pre – requisite course	This refers to the course that must be passed by the student before being allowed to register in another course.
17. School	May refer to an educational institution that offers education at a secondary or lower level, such as the British School or the Indian School
18. Semester	This is a teaching period lasting for fifteen weeks excluding the examination period
19. Student Exchange	Student studying from foreign institution and allowed to take courses in Canadian University Dubai within the approved academic duration based on the student exchange program agreement
20. Student ID Card	Canadian University Students identification card providing and managing access to university facilities and services
21. Transfer Credit	It is a term used for the procedure of granting <u>credit</u> to a student for <u>courses</u> undertaken at another institution prior admission to Canadian University Dubai.
22. University	A large, diverse institution of higher education and research that offers both undergraduate and Masters degrees. Universities are typically composed of a number of Faculties, Colleges or Departments devoted to the study of closely related disciplines or a single discipline, such as the Faculty of Engineering and Architecture or the Faculty of Communication, Arts and Sciences.
