### 2.2.3. Double Concentration

Students pursuing an MBA degree may earn a Double Concentration by completing 16 MBA courses and the degree requirements for both concentrations.

To be admitted in a double concentration student should register in the two concentrations at the beginning of the first Term. Enrolled students who wish to obtain a double concentration, have a period of maximum 6 months to register in the second concentration. ### 2.2.4. Pre-MBA Courses

The School of Business evaluates student application for evidence of undergraduate scholarship, professional experience, and demonstrated aptitude for successful graduate business study. If a student meets all application requirements, the student is given full admission to their applied program. ### 2.3. Master in Information Technology Management & Governance (MITGOV)

Since the rapid development in IT platforms and enterprises, organizations are increasingly concerned with how business can benefit from IT services and tools. Canadian University Dubai has identified that the next generation of leaders need to understand and implement the various aspects of IT Management, Governance, and Assurance.

This has resulted in the creation of a new Masters Program – the first of its kind in the region – that aims to develop professionals with the necessary skills in IT governance and services. The MITGOV program also supports the strategic vision of the Smart City model infrastructure, which is a growing strategic development initiative across the region.

The content of this new Masters Program maps between the recently developed theoretical models of IT governance and assurance, and the IT tools within an organization’s different functional units. This helps students to understand, deliver and manage the efficient development and implementation of effective business processes.

After successful completion of this program, students will hold an internationally recognized graduate degree in IT Management and Governance and be able to access professional certifications such as CGEIT (Certified in the Governance of Enterprise IT), CRISC (Certified in Risk and Information Systems Control) and CISM (Certified Information Security Manager).

## 5. Graduate Admissions Policy

Admission queries should be directed to the Office of the Registrar. Admission to a specific program of study implies admission to Canadian University Dubai; however, admission to a particular program does not imply automatic admission to any other program of study. For all admissions to Canadian University Dubai, prospective students must hold the minimum university general admission requirements, as well as all the additional admission requirements specific to their chosen program of study.

For applicants not meeting all of the requirements, admission could be conditional to these requirements, or their established equivalent, being met within prescribed time periods and subject to conditions clearly outlined below.

### 5.1. General Admission requirements for Master's level programs:

1. Completion of a recognized baccalaureate in a discipline appropriate for the Master's degree. A higher Diploma is not equivalent to a baccalaureate degree and does not qualify an applicant for admission to master's programs. \*
2. A minimum cumulative grade point average of 3.00 on a 4.0 scale, or its established equivalent, in the applicant's baccalaureate degree program.
3. For programs taught in English, a minimum TOEFL score of 550 on the Paper-Based, 213 on the Computer-Based, or 79 on the Internet-Based test, or its equivalent in a standardized English language test, such as 6.0 IELTS or another standardized, internationally recognized test approved by the Commission, with the following exceptions:
  - A native speaker of English who has completed his/her undergraduate education in an English-medium institution and in a country where English is the official language.
  - An applicant with an undergraduate qualification from an English medium institution who can provide evidence of acquiring a minimum TOEFL score **500** on the paper-Based test, or its equivalent on another standardized test approved by the Commission, at the time of admission to his/her undergraduate program.

(\*) **For admission in the Master in IT Management & Governance, only applicants holding Engineering / IT / Business related certificates will be considered.**

### 5.2. Conditional Admission Requirements for Master's level programs:

4. A student with a recognized baccalaureate degree and a TOEFL score of 530 (197 CBT, 71 IBT) or its equivalent on another standardized test approved by the Commission may be admitted conditionally to a Master's program. Such a student must meet the following requirements during the period of conditional admission or be subject to dismissal:
  - I. Must achieve a TOEFL score of 550, or equivalent, by the end of the student's first semester of study;
  - II. May take a maximum of six credit hours in the first semester of study, not including intensive English courses;
  - III. Must achieve an overall grade point average of 3.00 on a 4.0 scale, or its established equivalent, in the first nine credit hours of credit-bearing courses studied for the Master's program
5. A student with recognized baccalaureate degree with a cumulative grade point average below 3.00 on a 4.0 scale, or its equivalent, and who meets the English language competency requirements for general admission stated in Part I above, may be admitted conditionally to a Master's program. Such a student must meet the following requirements during the period of conditional admission or be subject to dismissal.
  1. May take a maximum of nine credit hours in the first semester of study;

2. Must achieve an overall grade point average of 3.00 on a 4.0 scale, or its established equivalent, in the first nine credit hours of credit-bearing courses studied for the Master's program.

### **5.3. Additional Program Admission Requirements: Panel Interview**

Offers of admission are adjudicated by a panel consisting of two (2) Graduate School faculty members from different program specialties, the Program Chair, and a representative of the Office of the Registrar, as a result of the following process:

1. Once the deadline for submission of applications has passed, a first screening by the panel establishes lists of applicants for further consideration for either admission or conditional admission.
2. Selected applicants complete a panel interview.
3. Offers of admission are made on the basis of the interview's outcome, which includes academic record excellence and suitability as an objective assessment criterion.

The Panel Interview is conducted by the Program Chair and the two Graduate School faculty members. It lasts 30 minutes and follows a standard protocol captured by the Graduate Interview Form. Its aim is to determine the applicant's:

1. Oral and written language proficiency and communication skills (applicants are invited to speak about themselves and their career goals in relation to their choice to enrol in an MBA program; they are also asked to write a short essay).
2. Motivation and engagement;
3. Rationale for the choice of major;
4. Prospect for successful completion of the program.

The interview culminates with a panel recommendation for full acceptance, or conditional acceptance, or acceptance in the pre-MBA/pre-MIT program or further consideration after submission of additional material, or rejection. This recommendation is based on an objective eight-point assessment, including academic record; communication skills, motivation, etc. (see Graduate Interview Form in Appendix 5 for details).

## 11. Graduate Transfer Credit

Graduate students of Canadian University Dubai may transfer a maximum of 6 credit hours to any graduate program. Transferable work must have a minimum grade B and above and have been completed for graduate credit at an accredited college or university. Students requesting to transfer work must submit the request in writing with an official transcript from the university which awarded the credit. No transfer credit for MBA-648 (Business Strategy).

## 12. Prior Learning Assessment and Recognition Policy

Prior Learning Assessment and Recognition (PLAR) is a process whereby Canadian University Dubai awards academic credits for documented learning acquired outside the classroom of for-credit courses.

Such learning would have been acquired by a prospective or current student through a variety of professional or life experiences, including but not limited to:

- Training programs;
- Professional certificates;
- Professional responsibilities;
- Seminars or workshops;
- Armed services training;
- Independent studies; etc.

Upon successful recognition of prior learning, academic credits are awarded without the assignment of a grade. Hence, PLAR credits do not count towards the CGPA of the applicant. PLAR can be used for course exemption only and cannot be used to be admitted at the university. The applicant has the right to appeal a denial of prior learning recognition.

***\*For full policy see General Reference Section of the University Catalogue***

## 13. Attendance & Absenteeism Policy for Graduate Studies

Attending classes is compulsory in all graduate courses. Graduate students will not be allowed to take the final examination if they are absent for more than 35% of the classes in a course. When a student has been absent for more than 35% of the course a notice of Failure for Non Attendance (grade point of 0.0) will be sent. It is the responsibility of the student to electronically check his/her attendance record. Missing classes with verifiable and legitimate reasons (illness, death in immediate family, etc.) will be treated as per the University grading policy.

## 14. Holding Registration

A student may apply to the Registration office for the suspension of his/her studies before the end of the Add & Drop period to avoid academic and financial penalties. However, no suspension of studies will be approved for more than two consecutive semesters. The total number of semesters in which the student can suspend his/her studies must not exceed four semesters before graduation.

The student must present the clearance sheet to the Registration Office. Students that are sponsored by the University must cancel their visa before suspending their studies.

## 15. Add and Drop for Graduate Studies

Once registered, students are academically and financially responsible for their course unless they officially withdraw by the deadline as reflected in the Academic Calendar.

To officially drop a section or withdraw from a course, students must submit an Add/Drop form to the Registrar's Office. Once processed, the student will be given a date-stamped copy of the form, and should retain this as proof of withdrawal in the event of a dispute. The date on which the written notice of withdrawal is received is the student's effective date of withdrawal.

## 16. Withdrawal from a Course or Program without Academic Penalty (WN)

To withdraw from a program without academic penalty (without being penalized by an 'F' or 'FA' grade), students must submit an Add/Drop form dropping the class to the Registrar's Office by the deadline as reflected in the Academic Calendar.

For students who withdraw by the deadline, the attempted course will not be included on the student's formal academic record. The grade assigned is "WN" (Withdrawal No Penalty). Students who 'drop' a course or courses after this deadline, will be assigned a grade of "F" (Failure) for the course.

Withdrawing or dropping a course or courses may:

- Extend the duration of studies
- Delay graduation.
- Add to cost of the program (i.e. payment for a repeated course that must be paid for twice).
- Affect sponsorship arrangements.

The academic advisor (program chair/coordinator) must approve the Add/Drop form to ensure the student understands the academic and financial implications associated with withdrawing after the deadline to add/drop a course.

## 17. Withdrawal from the University

Students may apply for withdrawal from the University subject to submission of the clearance sheet to the Office of the Registrar. Documents submitted to the University are regarded as a property of the University and cannot be given back to the student. Students that are sponsored by the University must cancel their visa before withdrawing from the University.

- a) A student may be required by the University to withdraw from a course, program or from the University itself for reasons deemed as 'just cause'. The Vice-President of Academic Affairs (VPAA) will determine the specified period of the withdrawal
- b) The term 'Just Cause' denotes, but is not limited to, consistent failure to meet the academic objectives of the course or study program; any academic performance that would result in an Academic Suspension for a second time; plagiarism and other forms of cheating; inappropriate behaviour within the University campus - e.g. classroom, lab, place of internship or other such environment; failure to pay fees or the submission of falsified or falsely obtained documents, or provision of other false information for admission purposes
- c) The University may also require students to withdraw from any Continuing Education programs for consistent failure to report absences or for poor attendance (or any of the above mentioned reasons)
- d) The VPAA may require immediate and permanent withdrawal from the University by any student that breaches accepted local behavioural norms. The student will be informed in writing if he/she is formally withdrawn from the University
- e) A student that is withdrawn from a course or a program at the University is not eligible for any refund of fees paid
- f) A student that has been 'Withdrawn' is not allowed to continue in the program

## 18. Reinstatement after Withdrawal

A student who must take time off from his or her studies can re-enter his or her program without repeating the entire admission process, as long as he or she does so within five years after the withdrawal. To resume a program after an absence of five or more years, the student must reapply for admission and meet program requirements at that time.

### 19.1. The Semester Grade Point Average

The Semester (term) Grade Point Average (GPA) is simply the weighted average of the grades obtained in the courses registered in the semester, where the weight of each course is based on the number of credit hours.

For example, if a student obtained the following grades in a given semester:

Course Name	Credit Hours	Letter Grade	Grade point
Course 1	3	A+	4.0
Course 2	3	A	3.7
Course 3	3	B	3.0

The Semester Grade point Average (Sem GPA) will be computed as follows:

$$\text{SEM GPA} = \frac{4*3 + 3.7*3 + 3*3}{3+3+3} = 3.6$$

### 19.2. The Cumulative Grade Point Average

The Cumulative Grade Point Average (CGPA) is computed in the same way as the Semester Grade Point Average; however it is computed from the grades of all courses taken at Canadian University Dubai since the first semester. Repeated courses are treated differently - The GPA and CGPA are computed only for courses taken at Canadian University Dubai.

### 19.3. Incomplete Grade (I)

Students whose course work is at a passing level but who for verifiable reasons beyond their control are unable to finish course work and have not obtained a passing grade by the end of a term (or the specified end of a course) may be granted a grade of "Incomplete".

The "I" is not intended to be a permanent grade. It is only a temporary acknowledgment of a legitimate reason for granting a one-time, limited extension to the time normally allowed to complete all course requirements.

Students have up to 12 calendar months after the scheduled end of the course to complete required additional work as determined by the teacher who assigned the "I", and to thereby qualify for a passing grade.

After 12 calendar months, outstanding "I" grades are converted to "F". Thereafter, the student must repeat the course in order to achieve a passing grade.

The number of "Incomplete" courses allowed per semester is established by the School. Please contact the School for further information.

NOTE: An Incomplete grade for a pre-requisite course must be completed before the student is allowed to proceed to the higher-level course unless otherwise approved by the appropriate Academic Administrator (Dean or designate).

### 19.4. Repeated Courses (R)

If a student repeats an identical course and thereby achieves a higher grade, the new/higher grade will supersede the previous grade in the calculation of the Cumulative GPA and the original lower grade will not be included in the Cumulative Grade Point Average (GPA). It should be noted that the higher grade (of the two attempts on the course) is used for the CGPA calculation, but both grades are recorded and appear on the academic transcript.

### **19.5. Course in Progress (IP)**

A grade of 'Course in Progress' (IP) - implying a continuation of coursework - may be designated when the timeline of a course is not consistent with the end date of the semester.

On completion of the course, the relevant Letter Grade and Numerical Value, as applicable, will replace the previous IP Grade.

**NB:** IP grades are not included in GPA calculation.

## **20. Final Examination Policy**

All written final examinations are scheduled by the Office of the Registrar. If the course uses a presentation as the terminal assessment method, these should be scheduled during the regular class periods to ensure that students are not required to appear during the final exam week for anything other than a final exam scheduled by the Office of the Registrar. Written projects and papers can, however, have deadlines for delivery during the final exam week.

### **20.1. Final Examination Attendance**

Final examination attendance is compulsory and takes place at the conclusion of each and every term. Students must make themselves available for their scheduled examination timings. Students must not make any arrangements that clash with their scheduled exam timings, and should not leave Dubai prior to completing their final examinations.

### **20.2. Examination Conflict and Special Considerations**

If a student is scheduled for more than two examinations in one day, or has overlapping examinations, the student must report to the Office of the Registrar by the end of the first week after the final exam schedule has been released to make the necessary adjustments to his/her schedule. A student with special needs that requires specific arrangements to enable the writing of exams must submit their requests at least three weeks prior to the examination date to their Academic Advisor. Changes in the dates or times of scheduled examinations cannot be approved.

### **20.3. Deferred Final Examinations**

Final examinations cannot be deferred. If a student is unable to take a final exam or otherwise complete the course requirements, they can attempt to obtain a grade of "Incomplete" by visiting the Office of the Registrar to fill out the application form. Students may only apply for this concession if they have a passing grade in the course at the time of application. This application must be received in advance of the final examination.

### **20.4. Missed exams**

Students who are ill on the day of an examination must visit a physician immediately or as soon as medically possible. A valid medical certificate is required as proof of illness for consideration to grant a make-up exam. If a student is unable to write an exam due to unforeseen family matters, immediately contact the Office of the Registrar for further advice. Only in exceptional and documented circumstances (i.e. serious illness or death of an immediate family member) will a student be allowed to write a make-up exam in place of an exam missed for unexpected family issues.

If a student misses the final exam or otherwise fails to complete the course requirements, they can apply to obtain a grade of "Incomplete" for the course. A student will need to visit the Office of the Registrar to fill out the application form, provide supporting documentation and pay an applicable fee to have their situation reviewed to see if they are eligible for a grade of "Incomplete". If accepted the student will be contacted to write a make-up exam.

## **20.5. Exam Invigilation**

Canadian University Dubai maintains a zero tolerance policy regarding all academic misconduct encountered during an exam. Academic misconduct includes but is not limited to: copying, or attempting to copy, the work of others; communicating with others during the exam (other than an invigilator), by any means such as whispering, using hand motions or passing written /text messages; and being in possession of any unauthorized materials and/or electronic devices during the exam.

All examinations may be recorded by digital media (photo, video and/or audio). This digital record may be reviewed when allegations of academic misconduct are raised. Digital records will be kept confidential and securely maintained.

## **21. Grade Appeal Policy**

The University is committed to providing an environment of research, teaching and learning of the best possible quality. This is inclusive of the processes that are used to ratify marks, to assess students for progression within a program of study, or to determine an award.

It is the responsibility of all students to review and abide by the academic policies and procedures of the University. Students are also responsible for their personal academic choices and decisions and for meeting the standards set for academic achievement within each program of study they enrol in.

In some instances a student may not agree with the academic decision(s) of an academic professional. The University provides an appeals process, for the benefit of all parties, so that the student may request an academic decision to be re-considered. Such appeals are a petition to change a decision that has been made regarding an academic matter. The foundation for such an appeal may be that, in the opinion of the student, the original academic judgment was unfair, or that the academic policies of the University were incorrectly applied.

### **21.1. Principles**

The University Appeal procedure for students is based on the following principles:

- Procedures and processes employed to resolve an Appeal are fair and must be seen to be fair
- Confidentiality must be respected for all parties concerned, except when there is a legal requirement to divulge information
- All staff involved in the resolution of an Appeal must act with impartiality and objectivity throughout and ensure that all conclusions drawn are based on a fair review of all the facts and opinions available
- Appeals are handled in a timely manner with clear outcomes
- After the review, the committee may decide to revise the grade - up or down.

### **21.2. Procedures for Appeals of Academic Decisions**

An informal resolution procedure also exists as part of the University Appeals process in conjunction with the procedure for a formal appeal of an academic decision. The University strongly encourages a student to first make an attempt at an informal resolution of an issue with his/her Professor before making a Formal Appeal.

If the student is dissatisfied with the outcome of an initial informal meeting with his/her Professor, the formal process may then be initiated without prejudice.

The Office of the Registrar is responsible for administering the appeals process and on receipt of an Appeal against a grade or mark. The Registrar will convene an Appeals Committee consisting of at least three persons.

This Committee will consist of the Registrar who will be the Chair, a non-academic member responsible for safeguarding the interests of the student and a subject matter expert who is not the Academic who awarded the original grade or mark.

The Committee may call upon the student or Professor concerned if necessary.

### **21.3. Procedure for Instigating an Appeal against a Grade or Mark for Undergraduates**

- Appeals will only be considered for final examination marks
- Students should complete the Grade Appeal Form and submit to the Office of the Registrar within ten (10) working days of receiving the grade or mark in question
- The applicable fee must be paid at this stage in order to instigate the formal Appeal process
- The decision determined by the Appeals Committee will be conveyed in writing to the student within ten (10) working days of the start of the Appeal process
- The decision of the Appeals Committee will be final

### **21.4. Procedure for Instigating an Appeal against a Grade or Mark for Graduate**

- Appeals will only be considered for final examination marks
- Students should complete the Grade Appeal Form and submit to the Office of the Registrar within seven (7) working days of receiving the grade or mark in question
- The applicable fee must be paid at this stage in order to instigate the formal Appeal process
- The decision of the Appeals Committee will be final

## **22. Progression Policy for Graduate Studies**

### **22.1. Academic Standings**

For each University term, every graduate student is required to achieve, both a Term Grade Point Average (TGPA) and a Cumulative Grade Point Average (CGPA) of at least 3.0. Every student will be awarded one of the following academic standings as a result of the formal course grades that they have achieved at the conclusion of each University term:

#### **22.1.1. Clear Academic Standing**

The School of Business requires that its graduate students have a CPGA of at least 3.0 without any un-waived 'F' grade for maintenance of Clear Academic Standing in graduate studies programs, and for graduation from the program.

Courses can be repeated to raise the CGPA to 3.0 or above. A student can repeat up to 3 courses. The same course can be taken up to 3 times. If a student repeats an identical course and there by achieves a higher grade, the new / higher grade will supersede the previous grade in the Cumulative GPA (CGPA) and the original lower grade will not be included in the Cumulative GPA (CGPA). It should be noted that the higher grade (of the two attempts on the course) issued for the CGPA calculation, but both grades are recorded and appear on the academic transcript.

- 1) A compulsory course with an 'F' grade must be repeated immediately during the next term. An elective course with an 'F' grade can either be re-taken or another elective course may be taken to fulfill the elective requirement.
- 2) Graduate foundation courses do not carry credit towards the graduate degree but require a passing grade of "P".
- 3) A grade of "B" or higher must be earned for all graduate coursework transferred from another institution. The School of Business will not include transferred coursework in the calculation of the student's CGPA.

Considering that students must maintain a CGPA of at least 3.0 in each term, when term grades become available, students who fall below the acceptable CGPA standard will be notified of their

conditional/probationary status as per the procedures described below (“University Conditional/Probation”). Students must be aware of their University status at all times.

### **22.1.2. Conditional Academic Standing**

If a student is in a Clear Academic Standing and fails to maintain a minimum CGPA of 3.0 or above at the end of the term, or obtains an ‘F’ grade, he will be put on Conditional Academic Standing.

The student is allowed to register and proceed in their chosen program of study as if having Clear Academic Standing. However, during the ‘conditional’ term the student must achieve the specified grades that will result in Clear Academic Standing by the conclusion of the Term - otherwise their standing will be downgraded to that of Probationary.

### **22.1.3. Probationary Academic Standing**

If a student is in a Conditional Academic Standing and fails to achieve a minimum CGPA of 3.0 or above at the end of the term, or obtains an ‘F’ grade, he will be put on Probationary Academic Standing.

This standing allows the student to register and proceed in their chosen program of study but the student must meet their University Advisor immediately to develop a mutually agreed plan of study to enhance the prospect for progression beyond the probationary period. Failure to do this within the first ten (10) days of the probationary term will result in the cancellation of course registration for that current term.

During the ‘probationary’ term the student must achieve the specified grades that will result in Clear Academic Standing to advance to the next term.

- i. Students with a total of three failing grades in the same course will be dismissed from the program.

## **22.2. Time Limit**

All requirements for the graduate degree must be completed within a 4-year period beginning with the student's first term of enrolment in a 500 level course.

## **22.3. Continuation in the Program**

Graduate students who are unable to comply with the requirements of the University probation policy, or cannot achieve a minimum CGPA of 3.0 by repeating courses within the allowed limits or failed the same course three times are subject to dismissal from the program by the registrar. In addition, students in a graduate program can be dismissed by the registrar for violations of Canadian University Dubai’s University Integrity Policy such as plagiarism or cheating on exams. Students that cannot continue in a graduate program have the right to appeal the decision to the School of Business. The staff of the School of Business will work with individual students to help them understand University requirements and their responsibilities in the appeal process.

## **23. Student Records**

### **23.1. Custody of Records**

The Official Academic Records of the students are maintained by the Registrar's Office and an original record is stored in a secure, fireproof vault/room in that Office. The Official Academic Record is the student's permanent academic record and contains the academic achievements of the student. Designated Registrar's Office personnel of the Institution are assigned to manage and update the student records.

The Official Academic Record is the source of the achievement data used in the production of the Official transcript, which must bear the official stamp of the Institution.

The Official Academic Record for credit courses is also stored on the Institution's electronic Academic Information System, which is accessible to designated staff of the Institution.

Data is stored on secure servers with required firewalls and encryptions. Access to the data is controlled by the software's security mechanism, which restricts access or manipulation of data based on the employee's role within the Institution. Data will be backed up on a pre-determined schedule on a regular basis and stored, as required, in a secure off-site location for business continuity purposes and disaster recovery.

Standards of record retention and disposal are maintained and revised for currency in keeping with guidelines established by the American Association of College Registrar's and Admissions Officers.

Canadian University Dubai uses the established Freedom of Information and Protection of Privacy policy to relating to the release of information respecting the rights of individual privacy, confidentiality of records and the best interests of the students and the Institution.

### **23.2. Student Privacy Rights**

In compliance with the provisions of the United Arab Emirates Ministry of Education – Higher Education Affairs, Canadian University Dubai protects students' rights and privacy and does not release names and addresses of students if the request is for selection by any non-directory criteria, such as gender, ethnic background, grade point average, high school, etc. Canadian University Dubai does not release any student's educational records or any other information personally identifying a student (other than directory information) without the student's signed, dated, written permission. This restriction extends to the release of a student's records, such as grades, class schedules, academic standing, and other personal information, to the student's parents.

However, students who wish to grant their parents access to their academic records and transcripts and any other information that may be of interest regarding their attendance at Canadian University Dubai may complete a waiver form in the Registrar's Office. In addition, those who wish to have a copy of their transcripts sent to their parents can complete a request from in the Registrar's Office.

### **23.3. Academic Transcripts**

A student may request a copy of his or her unofficial Academic Transcript from the Office of the Registrar whenever needed, free of charge. Official Transcripts will only be released once a written request signed by the student has been received and the accompanying fee has been paid.

### **23.4. Enrolment Verifications and Certifications**

If a student requires any official documentation, he or she may submit a signed request form to the Office of the Registrar along with any applicable fee. Available certification includes Proof of Enrolment, Letter of Permission, re-issued Letter of Acceptance, or any other documentation a student may need.

## **24. Special Arrangement**

There is a clear distinction between independent study and special arrangement courses. A special arrangement course is an experience in which the student covers the content of a regularly scheduled course through individual study under the guidance of a faculty sponsor. This approach is to be used only when scheduling difficulties would otherwise prevent the student from completing his or her program of study in a timely manner. As stated in the CAA standards, a course offered as an independent study is a course in which a student is individually supervised by a faculty to undertake a learning opportunity which is otherwise unavailable. Such a course must have a syllabus with learning outcomes, learning plan and appropriate assessment schemes.

### **24.1. Courses offered as Special Arrangement**

#### **24.1.1. Delivery**

When a course is delivered as special arrangement, the academic school must ensure that:

1. The student has obtained all authorizations.
2. The course is offered in comparable class contact time, and comparable expectations for out of class study time, as in the same regular course with a compulsory weekly 1-hour meeting with the faculty. Attendance is compulsory.
3. The full content of the course syllabus will be taught.
4. A complete course file will be prepared at the end of the semester.
5. All learning resources are provided during the semester when the course is delivered.

#### **24.1.2. Eligibility**

A student may request to enrol in a course as special arrangement if one of the following conditions holds:

1. The regular course is not offered. This may substantially delay his/her graduation.
2. The regular course is offered but the student cannot attend due to reasons beyond his/her control.
3. The student needs the course to be offered in order to graduate during the current semester.

The institution must limit the granting of such courses to graduate students to 2 courses.

#### **24.1.3. Application**

When a student becomes eligible to enrol in a course as special arrangement, the following process must take place:

1. A formal request is written by the student to his/her academic advisor with all supporting documents, one semester in advance.
2. The academic advisor and program chair review the student's application and make a recommendation for the dean.
3. The dean reviews the whole application for a final decision.

## 25. Graduation Policy for Graduate Studies

Students must successfully complete all the course requirements of the graduate program they are enrolled in with an overall minimum cumulative grade point average of 3.0 necessary to fulfill the graduation requirements for the degree.

### 25.1. Graduation Policy and Procedures

All student candidates for graduation must first submit an Application for Graduation Form to the Office of the Registrar during the registration period of the anticipated final semester of study. Only after an application for graduation has been completed and filed can the Office of the Registrar begin to process all the necessary information for final certification ready for graduation. Only students who have successfully completed the degree requirements and have no holds by the end of the semester for which they have applied to graduate are certified for the conferral of the respective degree. Degrees are only granted at the completion of the semester in which requirements have been met. Conferral of the degree and the date of graduation are noted on the permanent records of the graduate held by the University. Students that fail to complete all the necessary degree requirements by the end of the semester for which they have applied to graduate need not reapply for graduation because the outstanding current application will automatically be transferred to the following semester.

One certificate only will be issued for Canadian University Dubai graduates that have completed a program with a dual major concentration. The process of issuing Certificates for dual major concentration requires from the handover of the initial Certificate that has been issued by Canadian University Dubai. The new issued Certificate with the dual major concentration replaces any previous Certificate issued by Canadian University Dubai.

Students' certificates will be released 6 weeks after the grades have been announced by the Office of the Registrar. Once the certificate is ready for collection, students will receive a call and an email from the Office of the Registrar informing them that the certificate is ready for pick up.

### 25.2. Application for Graduation

- i. Each student needs to review his/her academic record in light of the academic requirements defined by the particular program of study. Review current academic progression and grades with the relevant academic advisor.
- ii. Each student must ensure that he/she is in good financial standing with the University (i.e. there are no outstanding balances or bounced cheques), and that all fees and financial obligations have been paid.
- iii. Complete an Application for Graduation Form, which is available on the Graduation website or from the Office of the Registrar, and submit it to the Office of the Registrar together with payment of AED 850.

### 25.3. Participation in the Commencement Ceremony

**In order to participate in the Convocation Ceremony, a student must:**

- a) Complete a Convocation Confirmation Form and pay the accompanying fee to the Office of the Registrar.
- b) Identify any special requirements or needs that Canadian University Dubai must address prior to or during the ceremony.
- c) Complete an Academic Regalia Request Form and attend a fitting session at a Graduation Fair.
- d) If a student requires a Letter for Permission to attend Convocation for their employer, complete an Official Letter Request form at least one week prior to the Ceremony.
- e) Attend the rehearsal for the Ceremony, held the day before the actual Convocation.

During the month before the Convocation Ceremony, Graduation Fairs will be held at the University and it is mandatory that all graduating students attend one of these Fairs. At the Fair, information outlining the agenda and official protocol will be presented; official graduation photographs will be taken; cap and gown fittings will be conducted; and all the necessary Forms regarding the Graduation will be available. Attendance of graduating students at the rehearsal for the Ceremony is also mandatory; if a student does not attend the rehearsal, he or she will not be permitted to attend the Convocation.

#### **25.4. Conferral of Degree**

For students that are in good financial standing with the University, Canadian University Dubai Diploma, Certificate of Merit, and Official Transcript will be prepared upon approval of the application for graduation and released on condition that all financial obligations have been satisfied.

Conferral of the degree is noted on the permanent record of the graduate with the date of graduation.

#### **25.5. Name on Degree**

The student name printed on Canadian University Dubai certificate is always in English, and is exactly the same as the name found in the passport belonging to the student. If there is any ambiguity or difficulty in determining the proper name of a student, he/she will be contacted in order to verify the exact name.

#### **25.6. Attestation of Degrees and Transcripts**

In order for a student's Canadian University Dubai Degree, Diploma, Certificate of Merit, and Official Transcript to be attested, the attestation process, as outlined by the United Arab Emirates Ministry of Education – Higher Education Affairs must be completed by the student. Please see the guidelines as per the Ministry of Education – Higher Education Affairs website <https://www.mohe.gov.ae>.

## **26. Academic Integrity: Policies & Procedures**

As per CAA and international standards, Canadian University Dubai is committed to ensuring that faculty and students adhere to the highest academic standards in terms of ethics, integrity and behavior. Canadian University Dubai also acknowledges that the trust established between the society and the university graduates must be enforced through a fair and equitable evaluation of student work and dissemination of strong academic values. Cheating and plagiarism are known to affect negatively the credibility and value of education and degrees conferred by any university.

The sections below describe the list of main academic offenses and related sanctions. This list is not meant to be exhaustive and will be updated by the university administration when necessary.

### **26.1. Academic Violations**

#### **26.1.1. Plagiarism**

**Definition:**

Plagiarism includes, but is not limited to, representation of others' work, lending unauthorized assistance, and using strategies or processes with the aim of attaining dishonest grades on tests or examinations. Students may not submit any material created by or acquired from another person or business.

#### **26.1.2. Anti-Plagiarism Strategies**

In order to disseminate good academic practices against plagiarism and enforce academic integrity, Canadian University Dubai has adopted the following strategies:

- 1) Use of Turnitin software: the software must be installed in pre-assigned laboratories for student access, including the library. Students should be able to run the software on their work before submission to the instructor. Faculty must also access Turnitin through their computers to check student work compliance with good academic practices.
- 2) Organizing seminars on good academic practices: the academic affairs division must organize with the help of academic schools seminars on good academic practices. These seminars should present the most frequent forms of plagiarism, ways to acknowledge correctly the work of another source through proper references and university policies against plagiarism.
- 3) Use Moodle to post tutorials on good academic practices.

### **26.2. Cheating on Examinations**

Cheating refers to attempting or using unauthorized materials or obtaining unauthorized assistance in an academic activity, including all types of examinations or evaluations. This may include impersonating another student; looking at another student's materials; using unauthorized notes/books/calculators; talking to other students; using communication devices such as mobile phones or any Bluetooth devices.

### **26.3. Information & Communication Technology Misuse**

Canadian University Dubai is committed to providing faculty and students with all the required IT resources in order to ensure proper delivery of academic programs and access to information. The use of these IT resources should be legal and ethical and should fully comply with Canadian University Dubai ICT-AUP and applicable laws in the United Arab Emirates. The university ICT-AUP can be accessed through the website [www.cud.ac.ae](http://www.cud.ac.ae).
