5. Admission Policies

5.1. Masters Admission Policy

Admission to a specific program of study implies admission to Canadian University Dubai; however, admission to a particular program does not imply automatic admission to any other program of study. For all admissions to Canadian University Dubai, prospective students must hold the minimum university general admission requirements, as well as all the additional admission requirements specific to their chosen program of study.

For applicants not meeting all of the requirements, admission is conditional to these requirements, or their established equivalent, being met within prescribed time periods and subject to conditions clearly outlined below.

5.1.1. General Admission requirements for Masters level programs:

1. Completion of a recognized baccalaureate in a discipline appropriate for the Masters degree. A higher Diploma is not equivalent to a baccalaureate degree and does not qualify an applicant for admission to Masters programs. *
2. A minimum cumulative grade point average of 3.00 on a 4.0 scale, or its established equivalent, in the applicant's baccalaureate degree program.
3. For programs taught in English, a minimum TOEFL score of 550 on the Paper-Based or 79 on the Internet-Based test, or its equivalent in a standardized English language test, such as 6.0 IELTS or another standardized, internationally recognized test approved by the Commission, with the following exceptions:
 - A native speaker of English who has completed his/her undergraduate education in an English-medium institution and in a country where English is the official language.
 - An applicant with an undergraduate qualification from an English medium institution who can provide evidence of acquiring a minimum TOEFL score **500** on the Paper-Based test, or its equivalent on another standardized test approved by the Commission, at the time of admission to his/her undergraduate program.
4. Undergraduate equivalency certificate- required for all students who have graduated from an undergraduate program outside the UAE

(*) For admission in the Master in IT Management & Governance, only applicants holding Engineering / IT / Business related certificates will be considered.

5.1.2. Undergraduate equivalency certificate requirement:

An undergraduate equivalency certificate issued by the Ministry of Education in the UAE is required for all students who completed their undergraduate studies outside of the UAE. The steps required to obtain an equivalency may be found below:

1. University certificates and transcripts must be attested by the Ministry of Education in the country where the issuing university is based.
2. Following that, the student also needs to have the certificates and transcripts attested by the UAE embassy or consulate in that same country.
3. If the student is not able to have the attestation completed by the UAE embassy or consulate in that same country, they may also be able to obtain the same attestation or equalization from the Ministry of Foreign Affairs or the Consulate of the particular country they studied in.
4. After the above is completed, the undergraduate equivalency certificate must be requested and issued by the UAE Ministry of Education.

5.1.3. Conditional Admission Requirements for Masters level programs:

A student with recognized baccalaureate degree with a cumulative grade point average below 3.00 on a 4.0 scale, or its equivalent, and who meets the English language competency requirements for general admission, may be admitted conditionally to a Masters program. Such a student must meet the following requirements during the period of conditional admission or be subject to dismissal.

1. Must achieve an overall grade point average of 3.00 on a 4.0 scale, or its established equivalent, in the first nine credit hours of credit-bearing courses studied for the Masters program.

5.1.4. Additional Program Admission Requirements: Panel Interview

Offers of admission are adjudicated by a panel consisting of two (2) Faculty of Management faculty members from different program specialties, the Program Leader, and a representative of the Office of the Registrar, as a result of the following process:

1. Once the deadline for submission of applications has passed, a first screening by the panel establishes lists of applicants for further consideration for either admission or conditional admission.
2. Selected applicants complete a panel interview.
3. Offers of admission are made on the basis of the interview's outcome, which includes academic record excellence and suitability as an objective assessment criterion.

The Panel Interview is conducted by the Program Leader and the two Faculty of Management faculty members. It lasts 30 minutes and follows a standard protocol captured by the Masters Interview Form. Its aim is to determine the applicant's:

1. Oral and written language proficiency and communication skills (applicants are invited to speak about themselves and their career goals in relation to their choice to enrol in an MBA program; they are also asked to write a short essay).
2. Motivation and engagement;
3. Rationale for the choice of major;
4. Prospect for successful completion of the program.

The interview culminates with a panel recommendation for full acceptance, or conditional acceptance, or acceptance in the Pre-MBA / Pre-MIT program or further consideration after submission of additional material, or rejection. This recommendation is based on an objective eight-point assessment, including academic record; communication skills, motivation, etc.

Pre-MBA

Applicants may be admitted to the Pre-MBA program (e.g., students who have completed an undergraduate university degree in an area other than Business Administration and who meet the admission requirements). 6.1. Masters Transfer Credit

Masters students of Canadian University Dubai may transfer a maximum of 6 credit hours to any Masters program. Transferable work must have a minimum grade B and above and have been completed for graduate level credit at an accredited college or university. Students requesting to transfer work must submit the request in writing with an official transcript from the university which awarded the credit. No transfer credit for MBA-648 (Business Strategy).

6.2. Prior Learning Assessment and Recognition Policy

The PLAR assessment aims at establishing the recognition or lack thereof of the applicant's documented prior learning experiences as equivalent to the learning outcomes of the course identified on the application form. Normally, recognition of prior learning is awarded by the Assessment Committee upon satisfactory demonstration by the applicant of at least 80% of the course's learning objectives through PLAR assessment. If as a result of the assessment, this learning is deemed equivalent to the learning outcomes for a specific Canadian University Dubai course, credits for that course shall be awarded without the assignment of a grade. The student's transcript shall then mention the course as completed through PLAR.

The maximum degree level credits to be awarded through PLAR should not exceed 12 credit hours. However, when applicable, the total of the number of transferred credits through formal credit transfer and that of credits awarded through PLAR should not exceed 50% of the program graduation requirement.

6.2.1. What are the different methods used for assessing PLAR?

Canadian University Dubai uses portfolio and/or challenge assessments. The designated PLAR assessor(s) determines the assessment type, format and duration and administers the assessment process.

6.2.1.1. Portfolio

A portfolio is a collection of materials, in either paper or electronic format that demonstrates learning that was obtained through extensive past experiences. Portfolio submissions are normally complemented by an interview. Documentation included in the portfolio can be a collection of formal or informal learning experiences. A portfolio can include, but is not limited to:

- A Curriculum Vitae;
- An autobiographical essay;
- A description of career history;
- A detailed mapping of documented experiences against course's learning outcomes;
- Samples of professional achievements;
- Job descriptions;
- Letters of reference;
- Training records;
- Detailed course outlines from non-credit training courses or workshops;
- Certifications;
- Performance appraisals;
- Special awards;
- Professional contributions (ex. reports, business plans, marketing materials, etc.).

6.2.1.2. Challenge Assessment

A challenge assessment should include both Written and Oral components. The Assessment Committee can also add one or two other components such as Performance (Portfolio), and/or Assessment of Achievement.

6.2.2. Appeal of Denial

The applicant can appeal a denial of prior learning recognition after paying a 500 AED appeal fee. The appeal must be done in writing to the Dean or Head of the Department offering the course considered in the PLAR application form within five (5) working days past the notification of denial. The Dean shall then convene an ad hoc committee to investigate and deliberate the case before rendering a final decision. This committee shall include a representative of the Dean, a representative of the Registrar, and a subject matter expert faculty member other than the PLAR assessor. The applicant shall be notified of the final decision within ten (10) working days of the initiation of the appeal. The applicant has no further recourse."

6.2.2.1. Procedure

Prior Learning Assessment and Recognition (PLAR) is a process whereby Canadian University Dubai awards academic credits for documented learning acquired outside the classroom.

Such learning would have been acquired by a prospective or current student through a variety of professional or life experiences, including but not limited to:

- Training programs;
- Professional certificates;
- Professional responsibilities;
- Seminars or workshops;
- Armed services training;
- Independent studies; etc.

Upon successful recognition of prior learning, academic credits are awarded without the assignment of a grade. Hence, PLAR credits do not count towards the CGPA of the applicant. PLAR can be used for course exemption only and cannot be used to be admitted at the university. The applicant has the right to appeal a denial of prior learning recognition.

6.2.2.2. Application Process and Guidelines

The applicant must follow a five step process whereby eligible prior learning is identified, assessed and recognized as a substitute to academic credits.

Step 1: Contact and consult with the PLAR Services at the Registration Division to apply.

The applicant for PLAR credits is responsible for identifying and documenting prior learning and for seeking recognition against academic credits at the Canadian University Dubai.

Step 2: Consult with the academic advisor on the eligibility of prior learning.

Applicants are expected to consult with PLAR Services officers and academic advisors about the eligibility of their prior professional and life experiences, the PLAR assessment process, the course(s) to be considered, and the time frame for completion.

The applicant need not be enrolled in a course to use the PLAR option for that given course. However, if the applicant is enrolled in the course considered for recognition, PLAR cannot be used after the 6th hour of class for that course. The applicant for PLAR credits is thus advised to check the University calendar for important dates. In all situations, the applicant is expected to have identified the relevant course(s) and obtained their syllabi.

Consultations with PLAR Services and academic advisors should allow the applicant to:

- Identify the course(s) to be considered for PLAR;
- Identify the learning objectives for the course(s);
- Address the applicant's readiness to undergo PLAR;
- Determine when and how prior learning would be assessed (a possible plan may be discussed, identifying the date and possible type of assessment (e.g., portfolio or challenge) with the understanding that the final choice of the type of assessment is at the discretion of the PLAR assessor.

Once the course to be considered for recognition has been identified and before proceeding formally, the applicant is strongly advised to reflect on the following questions and reach affirmative answers for each given course:

- "Did I acquire, through extensive professional and life experiences outside the classroom, the knowledge, skills, values and attitudes that appear to be equivalent to the learning outcomes listed in the course syllabus?"
- "Would I be able to demonstrate such knowledge, skills, values and attitudes related to each learning outcome of the course?"

Step 3: Complete and submit the PLAR Form together with documented evidence of prior learning.

Make sure to sign and date the form and to attach originals or certified copies of evidence of prior learning.

Step 4: Pay a PLAR application fee of 25% of the course tuition fee.

A receipt will be issued after payment. Staff at the Registration Division shall not process any PLAR application without the payment receipt. The amount of AED 525(VAT inclusive) is non-refundable irrespective of the outcome of the assessment(s).

Within three (3) working days following the fee payment, PLAR Services shall communicate to the student the name and contact details of the designated Chair of Assessment Committee which is composed of normally of 3 faculty members at the Canadian University Dubai determined in consultation with the academic unit offering the course(s) identified for recognition).

Step 5: Contact the designate PLAR assessor to complete the prescribed PLAR assessment(s).

It is the applicant's responsibility to contact the designated Chair of PLAR Assessment Committee and to complete the required PLAR assessment(s) within twenty one (21) days following the date of application. Past that time period, the PLAR application becomes null and void.

The designated PLAR Committee shall communicate the nature, format, expectations, duration and date(s) of the challenge within three (3) working days following its meeting with the applicant to discuss prior learning and possible assessment methods.

The applicant should be given no less than seven (7) working days to prepare for the challenge.

Within three (3) working days following the PLAR assessment(s), the Chair of the Assessment Committee shall return the result(s) approved by the Dean to the Registration Department and be prepared to provide the applicant with adequate feedback. PLAR Services shall immediately notify the applicant of the decision (approval or denial) in writing.

Cautionary Notes:

1. Application for PLAR should normally be completed at least 3 weeks before course enrolment. There may be specific times when PLAR challenges are available.
2. PLAR applicants are subject to the Canadian University Dubai Student Code of Conduct, including Academic Integrity Policies throughout the whole process.

7. Student ID Card

Upon first registration and after all applicable fees have been paid new students will be issued with Identity Cards. Each student must take responsibility to safe guard their ID card, and it must be carried with them at all times while on University premises. In the event of a lost or stolen ID card, students must report the missing card to the Office of the Registrar immediately. Replacement fees will apply to issue a new card. Students are required to hand in their ID Cards upon Graduation or withdrawing from the University. Failure to do so will result in applicable fees being applied.

8. Student Orientation and Academic Advising

Academic orientation and advising is the backbone of any University's education operations system.

The University holds orientation sessions at the beginning of each Academic Year, and all year one students admitted into University programs are requested to attend. Students should refer to the Academic Calendar to find out about the exact dates of the orientation sessions. The students will have a chance to meet with the faculty, program coordinators, and University administrators. During these sessions, students will have a chance, for instance, to:

- Familiarize themselves with the credit system,
- Understand and get familiar with the degree requirements,
- Interpret test and placement scores,
- Clarify major and/or career options,
- Select appropriate courses to optimize their academic performances,
- Understand academic warnings and progression policies,
- Understand the academic records of graduating students,
- Familiarize themselves with University services; library, information technology policies, laboratories, student services, student councils, etc.

For those students who are in probationary academic standing, a meeting with an assigned Academic Advisor will be scheduled to plan an appropriate study plan and understand progression towards graduation pertaining to their specific case. Students with probationary status cannot register without the signature of his or her Academic Advisor.

9. Registration Process and Procedures

9.1. Masters Student Registration Process and Procedure

Prior to registration for the current semester, students are required to be in good academic and financial standing.

The Course Schedule is subject to change, though every effort is made to minimize any such changes. We review the schedule on a routine basis and update as necessary to ensure student satisfaction.

9.1.1. Registration Process

9.1.1.1. New Masters Students:

1. Once admitted into the University you may meet with a student advisor from the Faculty of Management to select courses.
2. You will then pay your fees, prior to registering in the courses.
3. Once courses are selected/payment is made you will then register. Registration personnel will be pleased to assist you with this.

9.1.1.2. Returning Students:

1. May register at the registration counters in Hall C provided they:
 1. Are in clear academic standing (if not see step 2)
 2. Are in good financial standing (if not see step 3)
 3. Have their registration files up to date and complete (if not see step 4)
2. See your assigned Academic Advisor for course approval. You may then pay your fees and register.
3. If you are not in good financial standing, please see the cashier in registration Hall C to clear up any outstanding balances.
4. If you have an incomplete student file, please see Registration personnel and provide the necessary documentation prior to paying your fees and registering.

10. Special Arrangement

There is a clear distinction between independent study and special arrangement courses. A special arrangement course is an experience in which the student covers the content of a regularly scheduled course through individual study under the guidance of a faculty sponsor. This approach is to be used only when scheduling difficulties would otherwise prevent the student from completing his or her program of study in a timely manner. As stated in the CAA standards, a course offered as an independent study is a course in which a student is individually supervised by a faculty to undertake a learning opportunity which is otherwise unavailable. Such a course must have a syllabus with learning outcomes, learning plan and appropriate assessment schemes.

10.1. Courses offered as Special Arrangement

10.1.1. Delivery

When a course is delivered as special arrangement, the academic department must ensure that:

1. The student has obtained all authorizations.
2. The course is offered in comparable class contact time, and comparable expectations for out of class study time, as in the same regular course with a compulsory weekly 1-hour meeting with the faculty. Attendance is compulsory.
3. The full content of the course syllabus will be taught.
4. A complete course file will be prepared at the end of the semester.
5. All learning resources are provided during the semester when the course is delivered.

10.1.2. Eligibility

A student may request to enrol in a course as special arrangement if one of the following conditions holds:

1. The regular course is not offered. This may substantially delay his/her graduation.
2. The regular course is offered but the student cannot attend due to reasons beyond his/her control.
3. The student needs the course to be offered in order to graduate during the current semester.

The institution must limit the granting of such courses to Masters students to 2 courses.

10.1.3. Application

When a student becomes eligible to enrol in a course as special arrangement, the following process must take place:

1. A formal request is written by the student to his/her academic advisor with all supporting documents, one semester in advance.
2. The academic advisor and Program Leader review the student's application and make a recommendation for the dean.
3. The dean reviews the whole application for a final decision.

11. Policy on Intensive Modes of Course Delivery

When an academic department intends to offer a course or program through intensive modes of delivery, it must comply with the CAA requirements as specified in its standards. The institution should receive the approval of the commission prior to the start of the program or courses. During Summer sessions, courses are delivered over a shorter period of time but do not require the approval of the CAA.

When considering intensive course delivery, the academic department must ensure:

- Comparable duration of class contact time and expectations for out-of-class study time, as in the same courses offered during regular semesters or terms.
- The learning outcomes of the courses can be achieved during the short period of time.
- Students may register up to three courses when week-end course delivery is used during a regular semester. If the course delivery involves the shortening of the semester, students may register up to two courses.
- Faculty are given enough time for course delivery and preparation, in addition to all other duties, as required by the CAA standards.

12. Student Course Load

12.1. Masters Student Course Load

The academic load for Masters programs is as follows. The total MBA program load is 36 credit hours, while for the MIT GOV it is 30 credit hours. The maximum academic load is 12 credit hours per term. Students who pursue the program part-time have up to four years to complete the degree requirements including the foundation Masters courses.

13. Attendance & Absenteeism Policies

13.1. Attendance & Absenteeism Policy for Masters Programs

Attending classes is compulsory in all Masters programs. Masters students will not be allowed to take the final examination if they are absent for more than 35% of the classes in a course. When a student has been absent for more than 35% of the course a notice of Failure for Non-Attendance (grade point of 0.0) will be sent. It is the responsibility of the student to electronically check his/her attendance record. Missing classes with verifiable and legitimate reasons (illness, death in immediate family, etc.) will be treated as per the University grading policy.

14. Add and Drop

14.1. Add and Drop for Masters Programs

Once registered, students are academically and financially responsible for their course unless they officially withdraw by the deadline as reflected in the Academic Calendar.

To officially drop a section or withdraw from a course, students must submit an Add/Drop form to the Registrar's Office. Once processed, the student will be given a date-stamped copy of the form, and should retain this as proof of withdrawal in the event of a dispute. The date on which the written notice of withdrawal is received is the student's effective date of withdrawal.

15. Course Withdrawal

15.1. Course Withdrawal for Masters Programs

To withdraw from a course without academic penalty (without being penalized by an 'F' or 'FA' grade), students must submit an Add/Drop form dropping the class to the Registrar's Office by the deadline as reflected in the Academic Calendar.

For students who withdraw by the deadline, the attempted course will not be included on the student's formal academic record. The grade assigned is "WN" (Withdrawal No Penalty). Students who 'drop' a course or courses after this deadline, will be assigned a grade of "F" (Failure) for the course.

Withdrawing or dropping a course or courses may:

- Extend the duration of studies
- Delay graduation.
- Add to cost of the program (i.e. payment for a repeated course that must be paid for twice).
- Affect sponsorship arrangements.

The academic advisor (Program Leader / Coordinator) must approve the Add/Drop form to ensure the student understands the academic and financial implications associated with withdrawing after the deadline to add/drop a course.

16. Holding Registration

A student may apply to the Registration office for the suspension of their studies before the end of the Add & Drop period to avoid academic and financial penalties. However, no suspension of studies will be approved for more than two consecutive semesters (Fall & Spring) The total number of semesters in which the student can suspend his/her studies must not exceed four semesters before graduation.

The student must present the clearance sheet to the Registration Office. Students that are sponsored by the University must cancel their visa before suspending their studies.

17. Withdrawal from the University

Students may apply for withdrawal from the University, subject to submission of the clearance sheet to the Office of the Registrar. Documents submitted to the University are regarded as a property of the University and cannot be given back to the student. Students that are sponsored by the University must cancel their visa before withdrawing from the University.

- A student may be required by the University to withdraw from a course, program or from the University itself for reasons deemed as 'just cause'. The Vice President of Academic Affairs (VPAA) will determine the specified period of the withdrawal
- The term 'Just Cause' denotes, but is not limited to, consistent failure to meet the academic objectives of the course or study program; any academic performance that would result in an Academic Suspension for a second time; plagiarism and other forms of cheating; inappropriate behaviour within the University campus - e.g. classroom, lab, place of internship or other such environment; failure to pay fees or the submission of falsified or falsely obtained documents, or provision of other false information for admission purposes
- The University may also require students to withdraw from any Continuing Education programs for consistent failure to report absences or for poor attendance (or any of the above-mentioned reasons)
- The VPAA may require immediate and permanent withdrawal from the University by any student that breaches accepted local behavioural norms. The student will be informed in writing if he/she is formally withdrawn from the University
- A student that is withdrawn from a course or a program at the University is not eligible for any refund of fees paid
- A student that has been 'Withdrawn' is not allowed to continue in the program

18. Reinstatement after Withdrawal

A student who must take time off from his or her studies can re-enter his or her program without repeating the entire admission process, as long as he or she does so within five years after the withdrawal. To resume a program after an absence of five or more years, the student must reapply for admission and meet program requirements at that time.

19. Grading Scheme

19.1. Grading Scheme for Masters Programs

	WN	*	Withdrawal - Without Academic Penalty
	P	*	(Pass)

* Not computed in GPA.

- Masters Programs (MBA, MSc. ...) standard pass mark in each course is 60 percent (C) (2.00)
- Cumulative GPA is computed only for courses taken at Canadian University Dubai.
- When a course is repeated the highest grade of the two attempts is considered in the computation of GPA and cumulative GPA, but both grades are shown.
- Six credits (two courses) from 36 credits (12 courses) can be transferred. Limited to students in good academic standing.
- No transfer credit for MBA-648 (Business Strategy).

19.1.1. The Semester Grade Point Average

The Semester (term) Grade Point Average (GPA) is simply the weighted average of the grades obtained in the courses registered in the semester, where the weight of each course is based on the number of credit hours.

For example, if a student obtained the following grades in a given semester:

Course Name	Credit Hours	Letter Grade	Grade point
Course 1	3	C	2.0
Course 2	2	A	3.8
Course 3	4	D+	1.5
Course 4	3	B	3.0

The Semester Grade Point Average (GPA) will be computed as follows:

$$\text{GPA} = \frac{2 * 3 + 3.8 * 2 + 1.5 * 4 + 3 * 3}{3 + 2 + 4 + 3} = 2.38$$

19.1.2. The Cumulative Grade Point Average

A students' GPA is based on courses completed at this University. The semester or TGPA and the cumulative or CGPA is based on the weighted average of the grades obtained in all courses where the weight of the course is its number of credit hours. The program GPA (PGPA) includes only those courses that apply to the degree. If a course is repeated both grades will appear in the transcript, but only the higher grade will be used to calculate the GPA. Averages are truncated to two decimal points.

19.2. Incomplete Grade (I)

Students whose course work is at a passing level but who for verifiable reasons beyond their control are unable to finish course work and have not obtained a passing grade by the end of a term (or the specified end of a course) may be granted a grade of "Incomplete" (I).

The "I" is not intended to be a permanent grade nor may it be used for a missed exam. It is only a temporary acknowledgment of a legitimate reason for granting a one-time, limited extension to the time normally allowed to complete all course work requirements.

Applications for incompletes must be paid in full and submitted prior the commencement of the final examination period and must be approved by the Faculty and Dean and submitted to the Office of the Registrar.

Students may be granted up to twelve (12) calendar months after the scheduled end of the course to complete required additional work as determined by the Faculty/Instructor who assigned the "I" and to thereby qualify for a passing grade.

After the approved period to complete the remaining coursework has lapsed, outstanding "I" grades are converted to Fail "F". Thereafter, the student must repeat the course in order to achieve a passing grade.

The number of "Incomplete" courses allowed per semester is established by the Faculty of the department. Please contact the associated Faculty office for further information.

NOTE: An Incomplete grade for a pre-requisite course must be completed before the student is allowed to proceed to the higher-level course unless otherwise approved by the appropriate Academic Administrator (Dean or designate).

19.3. Repeated Courses (R)

If a student repeats an identical course and thereby achieves a higher grade, the new/higher grade will supersede the previous grade in the calculation of the Cumulative GPA and the original lower grade will not be included in the Cumulative Grade Point Average (GPA). It should be noted that the higher grade (of the two attempts on the course) is used for the CGPA calculation, but both grades are recorded and appear on the academic transcript.

19.4. Course in Progress (IP)

A grade of 'Course in Progress' (IP) - implying a continuation of coursework - may be designated when the timeline of a course is not consistent with the end date of the semester.

On completion of the course, the relevant Letter Grade and Numerical Value, as applicable, will replace the previous IP Grade.

NB: IP grades are not included in GPA calculation.

20. Grade Appeal Policy

The University is committed to providing an environment of research, teaching and learning of the best possible quality. This is inclusive of the processes that are used to ratify marks, to assess students for progression within a program of study, or to determine an award.

It is the responsibility of all students to review and abide by the academic policies and procedures of the University. Students are also responsible for their personal academic choices and decisions and for meeting the standards set for academic achievement within each program of study they enrol in.

In some instances, a student may not agree with the academic decision(s) of an academic professional. The University provides an appeals process, for the benefit of all parties, so that the student may request an academic decision to be re-considered. Such appeals are a petition to change a decision that has been made regarding an academic matter. The foundation for such an appeal may be that, in the opinion of the student, the original academic judgment was unfair, or that the academic policies of the University were incorrectly applied.

20.1. Principles

The University Appeal procedure for students is based on the following principles:

- Procedures and processes employed to resolve an Appeal are fair and must be seen to be fair
- Confidentiality must be respected for all parties concerned, except when there is a legal requirement to divulge information
- All staff involved in the resolution of an Appeal must act with impartiality and objectivity throughout and ensure that all conclusions drawn are based on a fair review of all the facts and opinions available
- Appeals are handled in a timely manner with clear outcomes
- After the review, the committee may decide to revise the grade - up or down.

20.2. Procedures for Appeals of Academic Decisions

An informal resolution procedure also exists as part of the University Appeals process in conjunction with the procedure for a formal appeal of an academic decision. The University strongly encourages a student to first make an attempt at an informal resolution of an issue with his/her Professor before making a Formal Appeal.

If the student is dissatisfied with the outcome of an initial informal meeting with his/her Professor, the formal process may then be initiated without prejudice.

The Office of the Registrar is responsible for administering the appeals process and on receipt of an Appeal against a grade or mark. The Registrar will convene an Appeals Committee consisting of at least three persons.

This Committee will consist of the Registrar who will be the Chair, a non-academic member responsible for safeguarding the interests of the student and a subject matter expert who is not the Academic who awarded the original grade or mark.

The Committee may call upon the student or Professor concerned if necessary.

20.3. Procedure for Instigating an Appeal against a Grade or Mark for Masters Students

- Appeals will only be considered for final examination marks
- Students should complete the Grade Appeal Form and submit to the Office of the Registrar within seven (7) working days of receiving the grade or mark in question
- The applicable fee must be paid at this stage in order to instigate the formal Appeal process
- The decision of the Appeals Committee will be final

21. Progression Policies

21.1. Progression Policy for Masters Programs

21.1.1. Academic Standings

For each University term, every Masters student is required to achieve, both a Term Grade Point Average (TGPA) and a Cumulative Grade Point Average (CGPA) of at least 3.0. Every student will be awarded one of the following academic standings as a result of the formal course grades that they have achieved at the conclusion of each University term:

21.1.1.1. Clear Academic Standing

The Faculty of Management requires that its Masters students have a CPGA of at least 3.0 without any un-waived 'F' grade for maintenance of Clear Academic Standing in Masters programs, and for graduation from the program.

Courses can be repeated to raise the CGPA to 3.0 or above. A student can repeat up to 3 courses. The same course can be taken up to 3 times. If a student repeats an identical course and there by achieves a higher grade, the new / higher grade will supersede the previous grade in the Cumulative GPA (CGPA) and the original lower grade will not be included in the Cumulative GPA (CGPA). It should be noted that the higher grade (of the two attempts on the course) issued for the CGPA calculation, but both grades are recorded and appear on the academic transcript.

- 1) A compulsory course with an 'F' grade must be repeated immediately during the next term. An elective course with an 'F' grade can either be re-taken or another elective course may be taken to fulfill the elective requirement.
- 2) Masters foundation courses do not carry credit towards the Masters degree but require a passing grade of "P".
- 3) A grade of "B" or higher must be earned for all Masters coursework transferred from another institution. The Faculty of Management will not include transferred coursework in the calculation of the student's CGPA.

Considering that students must maintain a CGPA of at least 3.0 in each term, when term grades become available, students who fall below the acceptable CGPA standard will be notified of their conditional/probationary status as per the procedures described below ("University Conditional/Probation"). Students must be aware of their University status at all times.

21.1.1.2. Conditional Academic Standing

If a student is in a Clear Academic Standing and fails to maintain a minimum CGPA of 3.0 or above at the end of the term, or obtains an 'F' grade, he will be put on Conditional Academic Standing.

The student is allowed to register and proceed in their chosen program of study as if having Clear Academic Standing. However, during the 'conditional' term the student must achieve the specified grades that will result in Clear Academic Standing by the conclusion of the Term - otherwise their standing will be downgraded to that of Probationary.

21.1.1.3. Probationary Academic Standing

If a student is in a Conditional Academic Standing and fails to achieve a minimum CGPA of 3.0 or above at the end of the term, or obtains an 'F' grade, he will be put on Probationary Academic Standing.

This standing allows the student to register and proceed in their chosen program of study but the student must meet their University Advisor immediately to develop a mutually agreed plan of study to enhance the prospect for progression beyond the probationary period. Failure to do this within the first ten (10) days of the probationary term will result in the cancellation of course registration for that current term.

During the 'probationary' term the student must achieve the specified grades that will result in Clear Academic Standing to advance to the next term.

- i. Students with a total of three failing grades in the same course will be dismissed from the program.

21.1.2. Time Limit

All requirements for a Masters degree must be completed within a 4-year period beginning with the student's first term of enrolment in a 500 level course.

21.1.3. Continuation in the Program

Masters students who are unable to comply with the requirements of the University probation policy, or cannot achieve a minimum CGPA of 3.0 by repeating courses within the allowed limits or failed the same course three times are subject to dismissal from the program by the registrar. In addition, students in a Masters program can be dismissed by the registrar for violations of Canadian University Dubai's University Integrity Policy such as plagiarism or cheating on exams. Students that cannot continue in a Masters program have the right to appeal the decision to the Faculty of Management. The staff of the Faculty of Management will work with individual students to help them understand University requirements and their responsibilities in the appeal process.

22. Applying for Re-Admission after Suspension

At the end of a period of Academic Suspension, the student is required to meet his/her Academic Advisor, and complete the Registrar's 'Readmit/Program Transfer' form which must then be signed by all the relevant parties.

If the student is successful in being re-admitted to the study program, he/she will hold the status of Probationary Academic Standing and therefore must immediately meet with the Academic Advisor to develop a mutually agreed probationary plan of study. Failure to do so within the first ten days of each and every semester of the Probationary Academic Standing will result in the cancellation of course registration for that current semester.

22.1. Re-Admission of Withdrawn Students

A 'Withdrawn' student can only apply for readmission to a program at the University under the following conditions:

- a) The student must meet the full current admission requirements for his/her chosen program.
- b) The student is subject to the same priority criteria applicable to other students.

NB: If prior academic or established behaviour patterns have been deemed unacceptable, a further review may be required. The applicant must be able to provide demonstrative evidence of his/her capacity to perform at an acceptable social standard and academic standard in his/ her chosen program.

The aim of the University is to prevent students from either feeling alone, or feeling unable to seek help for their problems.

The student counselor has professional experience and training in order to assist students, whether the issues are emotional, psychological, social or physical. All counseling is done on an individual basis and is strictly confidential. Students will be provided with all the assistance they need and, if necessary, will be referred to outside medical professionals to ensure they get the appropriate help.

23.4. Academic Orientation and Advising

Academic advising is the backbone of any University's education framework system.

The University holds orientation sessions at the beginning of each Academic Year, and all new students admitted to Canadian University Dubai programs are requested to attend. Students should refer to the Academic Calendar to find out about the exact dates of the orientation sessions. The students will have a chance to meet with the faculty, program coordinators, and University administrators. During these sessions, students will have a chance to:

- Familiarize themselves with the credit system of education followed by Canadian University Dubai,
- Understand and become familiar with the degree requirements,
- Interpret test and placement scores,
- Clarify major and/or career options,
- Select appropriate courses to optimize their academic performances,
- Understand academic warnings and progression policies,
- Review the academic records of graduating students,
- Familiarize themselves with University services; library, information technology, laboratories, student services, student councils, etc.

For those students who are achieving subpar results in a course or are not performing up to their expectations, a meeting with an advisor will be scheduled.

23.5. Career Placement Services

Part-time work placement assists students wishing to find part-time work while attending University. Canadian University Dubai has relationships with many businesses in Dubai, and can be a great asset to any student looking for a part-time job.

Career workshops and study days assist students in finding a career and preparing for life in the workforce. Although this service is aimed primarily at finishing students, all students are welcome to attend. In career workshops, students will learn how to create a professional CV, design a cover letter, advance interview skills, and negotiate an offer. All fire extinguishers will be periodically checked by an outside company to ensure that they are in good operating condition. They will also do a safety inspection and check the building for fire hazards.

The Fire Marshal will supervise and coordinate the fire drill to ensure that all buildings are evacuated. Designated staff will be assigned as fire officials to take charge of the evacuation of a particular building in the event of fire. In addition, designated staff members will be trained as first aid attendants to assist fire officials with the evacuation. Fire drills will be practiced each semester in the academic buildings on campus to ensure that proper procedures will be followed in the event of a real fire.

The missed exam policy applies to midterm and final examinations only. Students must complete a missed exam application form and pay the associated fees within three (3) working days of return to University following events which lead to the missed exam. 37. Student Complaints

Students can expect an excellent education at Canadian University Dubai. Nevertheless, a student may question, complain, or grieve certain materials or issues pertaining to their involvement at the University.

For quality assurance, the internal procedures for addressing student complaints aim for transparency and due process thereby ensuring student complaints are addressed impartially, reliably and punctually.

37.1. Principles

The University's student complaint resolution process is based on the following principles:

- Fair and equitable procedures are used to review and resolve the student complaint;
- Privacy and anonymity is assured for all parties, except for use of information as authorized by law;
- Fair and respectful proceedings during the entire search, deliberation, and conclusions by all involved;
- No retaliation or any shortcoming arising from a student complaint made in good faith;
- Timely handling of complaints with measurable deadlines identified at each stage of the resolution process;
- Timely and regular communication of the case process, progress, and result; Access to-, and option to move to a higher internal level in case the student requires a review based on technical or practical grounds.

37.2. Types of Student Complaints

37.2.1. Academic Complaints

Complaints against academic conclusions include but are not limited to:

- Academic advancement decisions;
- Assessment substance;
- A conclusion by an academic person that affects an individual or a group of students;
- Matter or structure of academic programs, method of learning, teaching, or assessment;
- Questions relating to authorship and intellectual property.

37.2.2. Administrative Complaints

Administrative Complaints relate to conclusions and actions associated with administrative or academic facilities, which include but are not limited to:

- Policies pertaining to administration, procedures and rules by central administration, student support groups, and faculties;
- A conclusion taken by an administrator that affects an individual or groups of students;
- Access to University resources and facilities.

37.3. Complaint Resolution Procedures

This segment summarizes the internal processes applicable to academic and administrative complaints.

37.4. Informal Approach

- a) The student concerned about an above-mentioned item should first contact the person involved in writing. If the student cannot reasonably contact this person or resolve their issue at this level, then the student should contact the Leader of the relevant department or of the administrative unit or the Program Leader or the Dean of the Faculty / Department for a discussion. Concerns about a resolution at any of the steps mentioned above should ordinarily be raised to the Chair of the committee. The complaint must be delivered in writing within 15 days of the original incidence.
- b) The University anticipates that in most instances the discussion of the concern with a pertinent staff member will result in the quick resolution of the matter to both parties' satisfaction.
- c) If the issue is not resolved, then the student may contact his Academic Advisor who will direct him to the appropriate individual who will address the case.
- d) The student has fifteen days following an incident to lodge a formal complaint if the issue is not resolved

37.5. Formal Approach

If the complaint deals with an academic matter, it should be addressed to the Vice President of Academic Affairs; if the complaint is regarding student support services, it should be addressed to the Dean of Student Affairs; if the issue deals with an administrative or financial matter, the complaint should be addressed to the Vice President of Administration and Finance; if the issue deals with registration matters, the complaint should be addressed to the Registrar.

37.6. Withdrawal of a Complaint

At any time during the informal or formal process, a student may withdraw their complaint, and at that time the matter will be deemed concluded and resolved. In this case, if the complaint was made in writing then a written withdrawal letter must be composed by said student and delivered to the relevant person handling the matter. Canadian University Dubai then considers the case closed.

The Complaint Review Committee is an ad-hoc committee that can be called when a formal complaint is lodged. The Complaint Review Committee consists of three members appointed by the Vice President of Academic Affairs or the Dean of Student Affairs, pending a complaint. For academic complaints, in addition to the VPAA, the Dean of the appropriate Faculty, one faculty member from another Department and the student counselor are required. For issues concerning academic matters, in addition to the Dean of Student Affairs, one faculty member, one Dean, and the Library Director are required.

38. Academic Integrity: Policies & Procedures

As per CAA and international standards, Canadian University Dubai is committed to ensuring that faculty and students adhere to the highest academic standards in terms of ethics, integrity and behavior. Canadian University Dubai also acknowledges that the trust established between society and the university's graduates must be enforced through a fair and equitable evaluation of student work and the dissemination of strong academic values. Cheating and plagiarism are known to negatively affect the credibility and value of education and degrees conferred by any university.

The sections below describe the list of main academic offenses and related sanctions. This list is not meant to be exhaustive and will be updated by the University administration when necessary.

38.1. Academic Violations

38.1.1. Plagiarism

Definition:

Plagiarism includes, but is not limited to, representation of others' work, lending unauthorized assistance, and using strategies or processes with the aim of attaining dishonest grades. Students may not submit any material created by or acquired from another person or business.

38.1.2. Anti-Plagiarism Strategies

In order to encourage good academic practices against plagiarism and enforce academic integrity, Canadian University Dubai has adopted the following strategies:

- 1) The use of Turnitin software: this software is installed in pre-assigned laboratories for student access, including the library. Students should be able to run the software on their work before submission to the instructor. Faculty will access Turnitin through their computers in order to check student work compliance against good academic practices.
- 2) Organizing seminars on good academic practices: the academic affairs division must organize, with the help of academic Departments, seminars on good academic practices. These seminars should identify the most frequent forms of plagiarism, ways to correctly acknowledge sources through proper references and the University's policies against plagiarism.
- 3) The use of Moodle to post tutorials on good academic practices.

38.1.3. Cheating on Examinations

Cheating refers to attempting to use, or using, unauthorized materials, or obtaining unauthorized assistance, in an academic activity, including all types of examinations or evaluations. This may include impersonating another student; looking at another student's materials; using unauthorized notes/books/calculators; talking to other students; using communication devices such as mobile phones or any Bluetooth devices.

38.1.4. Information and Communication Technology Misuse

Canadian University Dubai is committed to providing faculty and students with all the required IT resources needed in order to ensure proper delivery of academic programs and access to information. The use of these IT resources should be legal and ethical and should fully comply with Canadian University Dubai ICT-AUP and applicable laws in the United Arab Emirates. The University ICT-AUP can be accessed through the website www.cud.ac.ae.

38.1.5. Fabrication

Fabrication refers to the process of inventing or falsifying information in an academic activity. Examples of fabrication may include falsifying the results of an experiment; falsifying a document or research paper; inventing a source that doesn't exist; and/or fabricating data to support claimed results.

38.1.6. Ethical Behavior

Students are expected to fully adhere to the ethical standards mandated by the University and the laws of the United Arab Emirates. Unethical behavior may include misuse of intellectual property and copyrighted materials; dissemination of false information; inappropriate behavior in class; disrespect towards faculty or other students. Unethical behavior will be treated as academic dishonesty.

38.2. Sanctions Related to Violations of Academic Integrity

38.2.1. Plagiarism

Plagiarizing any type of course work will not be tolerated. All instances of plagiarizing shall be documented, presented to the Program Leader or Dean of the program and to the Registrar, and recorded in the student's file.

- **First offense:** a written warning will be assigned to the student with a copy in his/her file.
- **Second offense:** a grade of zero is assigned for the academic work. A detailed report describing the plagiarized work with all related evidence will be put in the student's E-file.
- **Third offense:** an F grade is assigned to the course with an automatic suspension of the student from that course. Further disciplinary measures, including possible suspension from the University may be considered.
- **Fourth Offence:** If a third offence was filed for more than a course since the first semester of study, the Registrar will inform the Dean of the Faculty and the student will automatically fail all courses registered in the semester during which the second third offence is filed and further disciplinary measures, including possible suspension from the program and/or university, for up to two regular semesters, may be recommended by the disciplinary committee.

Any party to cheating or plagiarism is subject to exactly the same penalties. Students are strongly advised to read the section on plagiarism in the student handbook. The student may appeal following the University's appeal policy.

38.2.2. Cheating on Examinations

Penalty for Cheating – First Time

If a student is found cheating on an exam the violation will be communicated to the Exam Violation Committee and the following penalties will apply:

- a) The student will be assigned a grade of zero for that course.
- b) A disciplinary warning is added to his/her file.

Penalty for Cheating - Second Time

If a student is found cheating a second time they will be assigned a grade of zero in that course and further disciplinary measures, including possible suspension from the university may be considered.

Procedure

Faculty submits a written report of the incident, along with the work in question and any physical evidence if available (i.e. video recording) to the Chair of the Exam Violation Committee. The committee reviews the incident and issues the disciplinary warning. A copy of the faculty's written report and student's work is included with the warning in the student's file.

38.2.3. Information and Communication Technology Misuse

When a misuse of ICT resources occurs, an investigation is conducted by the IT department. All findings will be submitted to the Dean and Disciplinary Committee for appropriate actions.

38.2.4. Fabrication and Ethical Behavior

When a fabrication of information or unethical behavior is established, the faculty (or the person who witnessed the unethical behavior) must write a detailed report to the Dean with all related evidence. The Dean will write his/her recommendations to the Disciplinary Committee for appropriate action.

41.1.2.9. Master in Information Technology Management and Governance (MITGOV)

Since the rapid development in IT platforms and enterprises, organizations are increasingly concerned with how business can benefit from IT services and tools. Canadian University Dubai has identified that the next generation of leaders need to understand and implement the various aspects of IT Management, Governance, and Assurance.

This has resulted in the creation of a new Masters Program – the first of its kind in the region – that aims to develop professionals with the necessary skills in IT governance and services. The MITGOV program also supports the strategic vision of the Smart City model infrastructure, which is a growing strategic development initiative across the region.

The content of this new Masters Program maps between the recently developed theoretical models of IT governance and assurance, and the IT tools within an organization’s different functional units. This helps students to understand, deliver and manage the efficient development and implementation of effective business processes.

After successful completion of this program, students will hold an internationally recognized Masters degree in IT Management and Governance and be able to access professional certifications such as CGEIT (Certified in the Governance of Enterprise IT), CRISC (Certified in Risk and Information Systems Control) and CISM (Certified Information Security Manager).
