1. Welcome to Canadian University Dubai

Canadian University of Dubai (CUD) was established in 2006 to deliver high-quality tertiary education in the UAE and provide a gateway for students to pursue higher education opportunities in Canada.

CUD is located in the heart of downtown Dubai and each of our academic programs is based on Canadian curriculum and education principles. This gives students the opportunity to obtain a Canadian education while experiencing the unique culture and values of the United Arab Emirates. With over 90 different nationalities that call our University home, our diverse student community is building bridges across cultures and continents.

Our goal is to move each student forward as a well-rounded lifelong learner and good global citizen. To achieve this, emphasis is placed not just on academic achievement, but also on extracurricular involvement. Our vibrant student life provides something for everybody, from sports to concerts, and various international trips in between. Students are also involved in many different types of social activities, including community fundraising, team building, and networking events.

2.2. Mission

CUD promotes Canadian perspectives in learning, research and application, grounded in appreciation and respect for diverse cultures and UAE values.

3. Why Choose Canadian University Dubai?

We offer accredited programs in the UAE based on Canadian curriculum, giving us internationally recognized quality and credibility.

There are hundreds of reasons to choose our University for your undergraduate or graduate studies, but let us tell what sets us apart from our peers:.

- We offer an education based on Canadian curriculum, giving us internationally recognized quality and credibility.
- As a portal to Canadian Higher Education, we offer many unique options for students wishing to study or research in Canada.
- All of our programs are accredited by the UAE Ministry of Higher Education and Scientific Research (MOHESR).
- We have a convenient downtown location with state of the art academic and recreational facilities.
- Our faculty are highly qualified and inspirational in their field of instruction.
- We are a student-centered university, where we value student success above all else.
- We offer flexible schedules – evening and weekend classes are available for undergraduate and graduate programs.
- Our Office of Research Services provides students with the opportunity to be involved in cutting edge research internationally and in the UAE.

4. Study In Canada and Abroad

Our Canadian Pathway Partners span from one coast of Canada to the other. That's over 5,000km! We are constantly adding new partnerships and articulation agreements; there is a lot of Canada to explore. Students may choose to:

- Transfer in the first or second year to one of our pathway partners and complete their degree in Canada.
- Spend an academic semester in Canada then return to UAE to complete their degree with us.
- Participate in a summer program to enhance their English skills and learn about Canadian history and culture

4.1. Formal Agreements

A proven track record and acceptance of Canadian University Dubai credits at Canadian universities:

Our University has formal agreements with the following public universities and degree granting colleges that confirm that these institutions accept Canadian University Dubai credits as transfer credits. All programs have at least one formal partner in Canada (or the US for Architecture).

Mount St Vincent University – Transfer program in Business

- Located just outside of Halifax, Nova Scotia, MSVU is committed to academic excellence, and their passion is a rich and rewarding university experience. MSVU offers undergraduate programs in Arts, Science, Education, and a number of professional programs.

- Dalhousie University is one of Canada’s premier universities on the Atlantic Ocean in beautiful Halifax, Nova Scotia. (Articulation agreement in process.)

4.2. Partners

We can also help you transfer to other universities. In addition to the 13 post-secondary public institutions with which the Canadian University Dubai has formal agreements, the following additional 11 universities in Canada and abroad, have also recognized the credits earned at our university for purposes of transfer credit and have admitted Canadian University Dubai students:

- **University of British Columbia**
- **McGill University**
- **University of Manitoba**
- **York University**
- **University of Toronto**
- **University of Western Ontario**
- **Concordia University**
- **Deakin University (Australia)**
- **Texas A&M University (USA)**
- **Georgetown University (USA)**
- **Avans University (Netherlands)**

4.3. Other International Partners

Canadian University Dubai has a number of general Memorandums of Understanding or agreements with universities elsewhere in the five continents that may facilitate degree completion, student exchange, faculty exchange, and other options. These include:

- **Girne American University (Northern Cyprus) - Student Exchange**
- **University of the Fraser Valley, Abbotsford, BC, Canada**
- **Royal Roads, Victoria, BC, Canada**
- **Multimedia University (Kuala Lumpur, Malaysia)**
- **Griffith College (Dublin, Ireland)**

5. The Student Exchange Program

A short term international educational experience can be a life changing event.

Canadian University Dubai has started a student exchange program with the following universities:

- **Mount St Vincent University (Halifax, Canada)**
- **University of the Fraser Valley (Abbotsford, BC, Canada)**
- **Girne American University (Northern Cyprus and Canterbury, United Kingdom)**
- **ESC-TROYES (Troyes, France)**

Under this program you may visit a partner university for one or two terms. You will take courses at the partner university and those credits will be transferred back to your program at the Canadian University Dubai. You will pay regular tuition fees to the Canadian University Dubai.

Admission is on a competitive basis. You must be in good academic standing and have completed 30 credits prior to departure to be admitted. The program is open to students in all academic programs.

To apply you must submit your transcript along with 1 letter of recommendation from faculty members, and short statement indicating the reason you wish to participate in this program.

You will meet with an academic advisor prior to departure to select courses to ensure that credits earned are accepted as transfer credit towards your Canadian University Dubai degree.

Proof of Health Insurance and a Release of Liability form are mandatory.

To find out more about this opportunity, or to apply please contact Dr John Newark, Director, International Partnerships, (D-205A, [jnewark@cud.ac.ae](mailto:jnewark@ cud.ac.ae) 04 709 6103).

6. Summer Study Abroad Opportunities

Several of our faculty members have taken an entire class abroad to deliver a Canadian University Dubai course while exposing the class to a foreign country and its culture. These Study Abroad courses are usually offered in the summer time and may combine class time at our campus in Dubai with overseas delivery or the courses may be delivered entirely overseas.

Architecture courses or educational study trips have been offered in Germany and Italy.

Many of our partners have the capacity to provide local support to such initiatives. These can include airport pickup, residence and meal plans, guest lectures, cultural and social tours etc. If you are a student and are interested in taking part in such a course, speak to the Chair of your program.

2. Our Undergraduate Academic Programs

At the Canadian University Dubai we offer the ability to study a Canadian based curriculum within the culture and values of the United Arab Emirates. Undergraduate academic programs at the Canadian University Dubai are housed within:

- The School of Business Administration
- The School of Engineering, Applied Science & Technology
- The School of Architecture & Interior Design
- The School of Environment & Health Sciences
- The School of Liberal Arts & Sciences

If you are unsure of the academic area you wish to pursue, please contact our highly qualified faculty advisors whom are available to guide you.

2.1. Fundamental General Education and University Courses

Any academic program is a combination of General Education (GenED) courses and specialization courses. General Education courses aim at ensuring that:

- All students in undergraduate programs are required to complete broadly based basic general education course requirements. The general requirement is designed to add breadth to students' intellectual experience. Students must attain knowledge and competency equivalent to completing courses in areas like:
 - Language
 - Science
 - Technology
 - Humanities
 - Social Culture
- All undergraduate students complete the equivalent of one or more university-level courses in Islamic, history, or culture **(See also your Program Study Plan and Advisor as required)*.
- Learning outcomes for GENED courses are clearly defined in course syllabi, and regularly assess students' achievement of those outcomes through appropriate assessments in the classroom **(See also your Program Study Plan and Advisor as required)*.

4. School of Business Administration

4.1. A Word from the Dean

The School of Business Administration in Canadian University of Dubai educates tomorrow's business leaders in marketing, human resources management, accounting and finance and e-business at the undergraduate level. At the graduate level, our MBA program is one of the most competitive programs in the region and its reputation for quality and efficient delivery is still on the rise.

The educational experience at Canadian University of Dubai is unique in a several ways. Both the interaction and the diversity of our students and faculty is one of our strengths. Our Canadian values, teaching approach, and affiliations position us to be a regional leader in business education. As a portal to Canadian education in the Middle East, our main objectives will continue to be transforming students' minds and lives in a way that will be felt by both our students and the business community at large.

Canadian University of Dubai is also unique in its global reach by its very setting in the heart of the central business area of Dubai. We are next door neighbors with Dubai International Financial Centre, with major corporations, global service firms and dynamic entrepreneurial new ventures. Not only are we located at a unique place in the world, we are operating at a unique moment in time of the emergence of global business and social changes and challenges.

The cost of higher education in the worldwide market today is high. Nonetheless an investment in education is the best investment a student, a parent or a professional can make. The collaboration of these stakeholders- the students, parents and teachers creates a powerful force that opens doors of opportunity to the student in life.

Personally, I have spent the last quarter of my professional career working in international higher education and have the passionate belief that education transforms lives more dependably than any other path. Higher education delivered and received seriously is almost magical in the way it can transform a student's life from who they are to who they want to become.

Once long ago my mother gave me words I have never forgotten "Get an education. Once you get an education it's the one thing in life that can never be taken away from you."

So students commit yourselves this year as a member of the Canadian University of Dubai team and together we will build opportunities for your intellectual professional and personal growth.

Dean, Susan R. Montaquila, J.D.

4.2.5. Bachelor of Business Administration in Accounting and Finance

Description:

The BBA Accounting and Finance program equips graduates with the knowledge and skills to work in the fields of Corporate Finance and Accounting. Students will complete a challenging program which includes courses such as Banking, Securities Analysis, Capital Analysis, Portfolio Management, Financial Regulation, Wealth Management, International Financial Management, Management Accounting Systems, and International Financial Reporting Standards (IFRS).

Credential: Bachelor Degree Program

Duration: 4 Years (8 Semesters)

Credit Hours: 123 Credit Hours

Start Dates: Fall, Spring and Summer Semesters

Benefits:

Graduates from the Accounting and Finance program are prepared for the dynamic and challenging world of corporate finance as well as positioned to move forward in their accounting careers. Following the program, students will be positioned to advance into their professional designation programs, including CMA, CFA, and CA.

Career Opportunities:

Career opportunities exist in global corporations, government and international agencies, international trade, and international public institutions. The BBA Accounting and Finance major is designed to prepare students for careers in:

- Banking
- Investments
- Wealth Management
- Securities Trading & Analysis
- Accounting

4.2.6. Bachelor of Business Administration in International Business

Description:

Global opportunities have generated demand for managers that are competent in international business practice and strategies. However, an increasing number of firms have become aware that the marketplace encompasses the globe. While international business has various characteristics in common with domestic business, it is also different in a number of ways.

The relevance of international business will continue to expand as more firms engage in international sourcing to acquire resources and components. Today's firms are viewing the entire globe as a potential market, increasing demand on international business professionals to provide superior products and services worldwide. The future of international business operations will be one of continuous growth as additional firms move into this marketplace.

Given the growing imperatives of international business, it is necessary for UAE business school graduates to be prepared to compete and do business internationally. The BBA in International Business prepares students for managerial careers for the increasingly competitive and interdependent international business markets. It emphasizes the essential knowledge, skills and management techniques imperative for conducting international business operations in an increasingly changing global market place.

Credential: Bachelor Degree Program

Duration: 4 Years (8 Semesters)

Credit Hours: 123 Credit Hours

Start Dates: Fall, Spring and Summer Semesters

Benefits:

Graduates with a BBA in International Business will gain insight into relevant social, political, legal, and macroeconomic factors influencing international business, and enhance their communication skills in a multicultural environment. Graduates will acquire requisite competencies through specialized international courses in Economics, Accounting, Finance, Management, Marketing, and Global Logistics and Supply Chain Management. They will acquire knowledge on how business is conducted domestically and overseas, how to provide superior service to global customers, and how to expand a local business globally. Graduates will acquire the knowledge of how business transactions between and within nations are conducted; the laws and logistics of international trade; and investments made in foreign markets. Graduates will also learn how international business practices and customs differ from those in the UAE market environment.

Career Opportunities:

Career opportunities exist in global corporations, government and international agencies, international trade, and international public institutions such as:

- Export and Import
- Advertising and Media
- Foreign Currency Investment
- Joint Ventures
- Telecommunications
- Tourism and Transportation
- Logistics and Supply Chain
- Manufacturing and Services
- Aerospace
- Oil and Gas (Energy)
- Banking and Financial Services
- International Agencies (UN, World Bank, World Health Organization, International Monetary Fund, World Trade Organization)
- Non-governmental Agencies (NGOs)
- Custom and Immigration
- Management Consultancy
- Regulations

5. School of Engineering, Applied Science & Technology

5.1. A Word from the Chair

It is my pleasure to welcome you to the School of Engineering, Applied Science and Technology at the Canadian University of Dubai. The School offers two Bachelor degrees: Bachelor of Science in Telecommunication Engineering and Bachelor of Science in Network Engineering. Both degrees are designed based on the Canadian engineering curriculum requirements and are accredited by the Ministry of Higher Education at the United Arab Emirates.

The School houses many telecommunication and networking laboratories. Our students have a unique opportunity to interact with state-of-the-art technologies. While studying at the School, you will enjoy internships with many hi-tech companies located in the vibrant city of Dubai. Also, the School developed partnerships with many Canadian Universities giving our students the opportunity to transfer many course credits and finish their Bachelor degree in Canada after completing one or two years of study at the Canadian University of Dubai.

Perhaps the most unique experience you will gain here in at the Canadian University of Dubai is the ability to engage in a “hands-on” engineering education. All of our students participate in an elaborate capstone design experience. Many of our projects compete internationally. Last year, our students published several poster papers in the 6th Joint IFIP Wireless and Mobile Networking Conference (WMNC’13). Also, many of our students are involved in research conducted by our dedicated faculty. The School houses two research centers of excellence: one in Advanced Web Technologies and the other in Signal and Image Processing.

Although regarded as a young school, we have built reputation for excellence and innovation. Again, we welcome you at the School of Engineering, Applied Science and Technology.

5.2. Undergraduate Programs

- Bachelor of Computer and Networking Engineering Technology
- Bachelor of Science in Telecommunication Engineering
- Bachelor of Science in Network Engineering

5.2.1. Bachelor of Computer and Networking Engineering Technology (CNET)

Description:

Computer Networking Engineering Technology (CNET) is a 4-year Bachelor of Engineering Technology degree. Dubai has a critical need for networking professionals. A demand which is been addressed at the Canadian University Dubai by offering a unique blend of technology and business subjects with an innovative balance between the practical and the theoretical background for which employers are currently looking. The objective of the CNET program is to ensure that our students acquire the necessary knowledge, skills, and abilities to perform successfully in the modern world as network professionals. The foundation of our program will instill the knowledge necessary for life-long learning and a sense of professional responsibility that will enable students to continue their professional development throughout their careers.

Program Name: Bachelor of Computer and Networking Engineering Technology (CNET)

Credential: Bachelor Degree Program

Duration: 4 Years (8 Semesters)

Credit Hours: 132 Credit hours, including 3 credit internship

Benefits:

- A modern educational approach and state-of-the art training in:
 - Database Driven Web Applications
 - LAN and WAN Technologies
 - Network Security and Administration
 - Network Operating Systems
 - Wireless Networks
 - Voice Over IP
 - Entrepreneurship in New Economies
 - Integrative Projects in Vertical Markets
 - Communications Skills
 - Critical Thinking and Problem Solving
 - Internship in the Workplace
 - Preparation for industrial certifications such as CCNA, Network+ and MCSA.

5.2.2. Bachelor of Science in Telecommunication Engineering

Description:

Telecommunication is a discipline in its own right. While other Electrical Engineering programs provide only bits and pieces of the discipline, the full integration of the science and engineering of all that makes communication through electronic devices possible is what defines the Bachelor of Science in Telecommunication Engineering at the Canadian University Dubai.

The Telecommunication program provides students with the knowledge required to design, implement, operate, and manage telecommunication systems that process and carry out the transmission of data, voice and video signals over wireless and optical networks.

This program forms professionals ready to contribute to the economic, social, and technological development of their communities.

Program Name: Bachelor of Science in Telecommunication Engineering (BSTE)

Credential: Bachelor of Science Degree Program

Duration: 4 Years (8 Semesters)

Credit Hours: 138 Credit Hours

Start Dates: Fall, Spring, and Summer Semesters

Benefits:

Telecommunication Engineering students will have hands-on experience in state-of-the-art telecommunication labs as well as involvement in faculty research projects. In addition, students will get free-of-charge tutorials in many subjects and trainings by international companies. Graduates of the program will have a strong background in Telecommunication Engineering and will be eligible to enter the workforce with a fully accredited Bachelor of Science degree.

Career opportunities:

The program opens the door to a wide spectrum of career opportunities and possibilities for further advanced studies for its graduates. Career opportunities in Telecommunications include:

- Telecommunication Systems Engineer
- Telecommunication Designer
- Telecommunication Networks Engineer
- Telecommunication Consultant
- TV and Radio Broadcast Engineer
- Computer Networks Engineer
- Next-Generation Networks Designer
- Radio Frequency Engineer

6. School of Architecture and Interior Design

6.1. A Word from the Chair

Capturing the Uniqueness of Intersections

Welcome to the School of Architecture & Interior Design at the Canadian University of Dubai.

The school is a unique platform for intersecting diverse streams in Architecture & Interior Design. It is strongly rooted in its locality through its accreditation and sensitivity to the particularity of Dubai. It is closely linked to the Canadian systems of education. It aims for graduates to be able to fulfill their local professional registration, while matching the requirements of licensing in international associations. It places a greater emphasis on creativity and problem solving and that is in conjunction with rationality and accountability in design thinking. It advocates expandable approaches to design thus focusing on tangible and intangible dimensions of design problems. It incorporates form as a viable means of representing culture, while at the same time giving a greater attention to the technicality of constructing the built environment. It emphasizes reflection and appreciation of history while demanding currency in building systems and sustainability. The fulfillment of these intersections is seen as a developing enterprise.

Canadian University of Dubai is uniquely located. Dubai provides distinctive opportunities to connect global thinking to local values. Dubai, also, provides a context for free thinking while maintaining sensitivity towards social values and the environment. In its specific location, Canadian University of Dubai is only minutes away from the World Tallest Building; Burj Khalifa. Being close to Burj Khalifa is a continuous reminder of what can be achieved when sincere human wills are embraced by technical excellence.

The School of Architecture & Interior Design is a manifestation of these unique intersections.

6.2. Undergraduate Programs

- Bachelor of Architecture
- Bachelor of Science in Interior Design

6.2.1. Bachelor of Architecture

Description:

The degree program provides students with a good understanding of the functional areas of Architecture, including design tools, design methodologies, and design philosophies, allied with decision-making and effective presentation processes. The courses listed under the program requirements encompass the academic and professional areas of Architecture as defined by the Canadian Architecture Certification Board (CACB).

Credential: Bachelor Degree Program

Duration: 5 Years (10 Semesters)

Credit Hours: 170 Credit Hours

Start Dates: Fall, Spring, and Summer Semesters

Benefits:

Graduates with a Bachelor in Interior Design will be equipped with:

- Creative and analytical skills.
- An understanding of the economic, social, constructional, and legal environments in which the practice of Architecture operates.
- Knowledge of professional architectural and ethical values.
- A good understanding and proven ability in the fundamentals of architectural design
- An enhanced ability in graphic and oral communications
- A good knowledge of building systems, codes and appropriate technology and materials, and an appreciation of and sensitivity toward ecology and the environment.

Career Opportunities:

Graduates with a Bachelor of Architecture will be eligible to apply for the following:

- Architecture, Urban Design, Landscape and Interior design consultancies
- Real estate consultancies
- Construction & Project Management
- Government offices (Ministries and Municipalities)
- Facility Management
- Master degrees in Architecture, Urban Design, Landscape and Interior design
- Teaching positions in the related discipline

7. School of Environment and Health Sciences

7.1. A Word from the Chair

Welcome to the School of Environment and Health Sciences at the Canadian University of Dubai

We are facing serious issues that affect our environment and health, thus one of the main goals of the School of Environment and Health Sciences is to graduate professionals that are well prepared to face these challenges and be the proactive leaders of environment and health in their own communities and globally. Furthermore, we would like to provide our students with the knowledge and skills that pertain to environment and health through providing them with direct access to the repository of information of the latest developments in health and through hands-on experience tackling real health issues.

Our School vision is to graduate the best environment and health professionals to serve their nations, by providing an educational environment where excellence is pursued in endeavors and ethical behavior is reflected in activities. On behalf of the Faculty members, I would like to welcome you to join our School and become a member of our family to learn and work with us in improving the quality of our environment and health. And always keep in mind that a healthy environment means a healthier you!

7.2. Undergraduate Programs

- Bachelor of Science in Health Organization Management
- Bachelor of Science in Environmental Health Management
- Bachelor of Science in Health Information Management

7.2.1. Bachelor of Science in Health Organization Management

Description:

The Health Organization Management Program will expose prospective students to the principles and methodologies of organization and administration in the field of health, including the nature of management, decision theory, planning, employee health training, health economics, health finance, budgeting, evaluation, and the operation of healthcare systems. With the current developments in the health sector, managers of healthcare need to be able to respond and meet the challenges they encounter in the day-to-day operation of their institutions. The emergence of new technologies and elaborate advancements in health sciences and health management, healthcare providers are challenged to keep pace with these rapid developments. Health Organization Management is readily available at the fingertips of healthcare providers. Governance and Leadership are among the major challenges healthcare professionals are facing.

The School of Environment and Health will be addressing and engaging these important issues through the Health Organization Management Program. Health Organization Management will provide students with the knowledge and skills to successfully confront these challenges in a systematic academic manner that will evolve continuously to meet these developments. The program offered is dynamic and flexible, thereby capable of addressing the challenges we face.

Duration: 4 Years (8 Semesters)

Credit Hours: 126 Credit Hours

Credential: Bachelor Degree Program

Start: Fall, Spring and Summer Semesters

Benefits:

Graduates of the Health Organization Management program will have a strong background in health sciences and will be able to apply the various methods and principles of management as related to the challenges faced in the health sector.

Career Opportunities:

Graduates will have the opportunity to work in:

- Government Ministries
- International Healthcare Organizations
- Community and Healthcare Centres such as:
 - Hospitals
 - Educational Institutions
- Industries related to Health Management functions

7.2.2. Bachelor of Science in Environmental Health Management

Description:

Our environment and health are pivotal to today's world and future; this requires individuals who are qualified with a broad knowledge of the continuously evolving health sciences field. Health is the focal point to humanity and without proper health; our existence would be at stake. The general quality of life, health care and service are becoming a concern as environmental and health institutions have been relatively successful in outperforming disciplinary expectations.

However, we continue to face serious issues that are affecting our environment, our health, and consequently, our very existence. The following environmental changes pose a threat to humanity: climate change, global warming, pollution due to industry growth and population increase, and the depletion of natural resources are among these serious issues. The School of Environment and Health is designed to address these significant issues through the Environmental Health Management Program.

The School of Environment and Health will provide students with the knowledge and skills to successfully confront these challenges in a systematic academic manner that will evolve continuously to meet these developments. Graduates from the School of Environment and Health Sciences will be ready to join the workforce immediately following their graduation. Graduates in this field will be a crucial asset to future environmental and health employers, ministries and international organizations.

Duration: 4 Years (8 Semesters)

7.2.3. Bachelor of Science in Health Information Management

Description:

The Health Information Management program will expose prospective students to the principles and methodologies of health sciences, health informatics, health record systems, medical classification systems and coding, as well as data collection, statistical analysis and presentation. This program is prescribed to a minimum of 20 students.

With the current developments of information technology in the health sector, managers of healthcare need to be able to respond and meet the challenges they encounter in the day-to-day operation of their healthcare institutions; taking this into consideration, patients are now in full control of their health information.

The patient is becoming more knowledgeable due to the accessibility of information technology and the internet. With the emergence of technology and the advancements in health sciences and health management, healthcare providers are challenged to keep up with the pace. Health information is readily available at the fingertips of the health care provider.

Duration: 4 Years (8 Semesters)

The aim of the Foundation Program is to provide courses in English Language, Arabic Language, Mathematics, Information Technology and General Study Skills (Personal Professional Development) to national and non-national students who wish to progress into non-federal higher education or post-secondary vocational training institutions, but do not have the appropriate credentials of high school certificate (Minimum of 60% required for direct entry to higher education).

Foundation Program Structure

The Foundation Program is 'Outcome-Based', to meet the learning outcomes and skill competencies as prescribed by the Commission for Academic Accreditation (CAA). The curricula is set for the various components to include sets of learning outcomes, associated methods of instructional delivery, and assessment for measuring achievement of the outcomes.

The Foundation Program will comprise five core components (courses):

- English Communications
- Arabic Communications
- Mathematics (I and II)
- Information Technology
- General Study Skills

The Mathematics components will be available in two distinct pathways. Mathematics I will accommodate the need of learners intending to advance into arts/humanities/design and selected business programs. Foundation Mathematics II will be appropriate for those who wish to move into Higher Education programs in science/technology/engineering and the more quantitative business programs. The specific eligibility of students entering and graduating from each of the two Mathematics pathways will be determined by the receiving institutions.

Students intending to progress into Higher Education programs delivered in Arabic, would be required to undertake the English Communications component, but the exit standard would be TOEFL 400 (Paper-Based Test) or equivalent score in an internationally recognized test approved by the Commission.

No credit will be awarded for the program or components within the program. A final certificate will be awarded by the participating licensed institution to students successfully completing all courses, and this certificate will be recognized by the Ministry of Higher Education and Scientific Research.

CAA Standards

The Commission for Academic Accreditation (CAA) will provide standards for the 'Learning Outcomes' and 'Assessment' in each of the areas of learning and the 'Resource Requirements', including teaching staffing criteria and their appropriate qualifications. The objective of the Foundation Program will be to provide a preparatory program that meets the minimum standards required for students to progress onwards into non-federal higher education institutions in the UAE. The exit standards of the Foundation Program may not teach the levels required for entry to some private HE institutions in the UAE, where the admission requirements defined by the CAA Standards have been exceeded for valid reasons.

Furthermore, institutions may not admit students who complete the Foundation Program into specific programs such as Medicine or Dentistry, where admission requirements exceed the expected outcome level of the Foundation Program. It will be the prerogative of each HE institution to determine the appropriate entry credentials as they do currently.

It is anticipated that the institutions will develop their own curriculum, instructional methodology and assessment schemes, and present these to the CAA for initial approval. The Commission will evaluate the full program in a single initial review. The Program will then be subject to periodic review on the same cycle as stipulated for program accreditation in the CAA Standards for Licensure and Accreditation.

Assessment

Methods of assessing the program components will be a combination of formative and summative techniques as appropriate to the component discipline.

Entry and Exit Standards

Admission requirements to the tertiary non-federal institutions are prescribed by the Commission for Academic Accreditation in the Standards for Licensure and Accreditation. The transition into vocational institutions may be subject to some variations as stipulated in the Standards for Licensure and Accreditation of Technical and Vocational Education and Training. The minimum admission standards into Higher Education have guided the exit criteria for the Foundation Program.

Two principals will be followed in considering the assessments strategies and exit standards for the Foundation Program:

1. The standard examination for each of the components should be taken by students at the start and end of the program. This will provide a basis for placement within appropriate levels of the respective courses (where applicable) and will, in due course, directly measure the progress achieved over the duration of the program.
2. The exit standards will be based upon levels of achievement expected within High School Certificates and those measures prescribed by the CAA for admission to Higher Education in its Standards for Licensure and Accreditation.

Program Duration:

The Foundation Program will be designed such that it can be delivered in full-time mode within two semesters in its complete form. No extension on this time-frame will be acceptable. A minimum number of students are required to launch a cohort.

8.1.2. English Placement Testing

Canadian University Dubai offers English Placement Testing to determine the student's level of English for entering our English for Academic Purposes Program. The test is administered as required and lasts approximately two hours. Testing can be arranged through our Admissions Department.

8.1.3. English for Academic Purpose (EAP)

Background Information

English for Academic Purposes (EAP) programs are offered to students who are academically admissible, but have not yet demonstrated that they meet English proficiency requirements. The EAP program is an intensive University level certificate program designed specifically to help prospective university students to prepare for academic life and achieve the necessary standard to enter our academic programs.

Our EAP classes are delivered in a friendly multicultural environment, are student centred, and university-program tailored. Participants are placed in one of four EAP levels according to their score on the English Language Placement test. Taken together, these four levels can take participants from early beginner (TOEFL 300) and bring them to university level English users, or a proficiency score of TOEFL 500. Students are recommended to take the TOEFL on exiting the course. However, they are welcome to sit a test at any time. A student enrolled in EAP 300 or EAP 400 can take up to the maximum total of approved undergraduate courses during their studies.

Registration:

Students can register through the Admissions Office. Please contact us directly for more information by emailing ConEd@cud.ac.ae or by calling +971 (0)4 3219090 recruitment department.

Program Duration:

EAP courses run in conjunction with the University Academic Calendar. The courses typically run for 14 weeks with a final exam in week 15. However, during the summer the course is condensed. For adult learners and working professionals courses can be organized in the afternoon/evening and/or during the weekend.

Please contact the EAP - Coordinator for details.

Program Overview and Learning Outcomes:

Participants work collaboratively with their instructors and peers to improve their Reading, Writing, Listening and Speaking skills in English through a number of up to date teaching methodologies. Participants also study academic skills such as note taking, presentation delivery, and critical thinking. Participants in the EAP program are encouraged to become involved in University life and to feel part of the learning community. Some of the great opportunities to do that include:

- Pen pal systems with instructors and existing students at Canadian University Dubai to practice fluency in writing.

- Access to an EAP program website and online forum where additional language practice and class updates are available. (i.e. moodle)
- An extensive reading program for students who love English literature.
- Use of state of the art resources and technology

EAP Course Descriptions

EAP 100: Beginner Level - 15 hours per week

This is the start level for students have only a fundamental grasp of the English language. The skills of reading, writing, speaking and listening are all explored in an interactive way. Basic words and phrases are taught in a way that reflects communication in the English language on a day to day basis. The course focuses on simple communication processes.

Prerequisite: English Language Placement Test.

EAP 200: Basic Level - 15 hours per week

The aim of this level is to improve the four skill areas: reading, writing, speaking and listening. The course will focus on introducing vocabulary, developing basic reading skills of simplified texts, improving listening and conversation skills and introducing the mechanics of writing to develop writing accuracy at the sentence level.

Prerequisite: English language Placement Test.

EAP 300: Intermediate Level - 12 hours per week

This level focuses on academic preparation in a combined reading/writing course, oral communications and grammar. It also expands the existing proficiency in speaking, writing, reading and listening. Students will build their vocabulary, acquire academic reading strategies and write organized paragraphs and write grammatically correct sentences.

Prerequisite: English Placement Test score equivalent to EAP 300 or passing grade in EAP 200

EAP 400: Advanced Level - 12 hours per week

This course will improve the four skill areas with emphasis on reading and writing short essays to prepare students for the TOEFL exams quickly and efficiently. It will also prepare students to join and succeed in major University courses by developing University level vocabulary and using various reading strategies through authentic texts to increase reading speed and comprehension.

Prerequisite: English Placement test Score equivalent to EAP 400 or passing grade in EAP 300

Approximate comparison between EAP Levels and Standard University Entrance Exams

Level	Expected Proficiency in English on exiting the course
Beginner	TOEFL - N/R
Basic	TOEFL 430/IELTS 4.0
Intermediate	TOEFL 470/IELTS 4.5
Advanced	TOEFL 500/IELTS 5.0

8.1.4. Mathematics for Academic Purposes

Background Information

Courses are offered to students who do not yet have the necessary mathematical background or knowledge to successfully undertake Credit math's Courses. This is an intensive University level certificate program designed to prepare the student for those Courses.

Classes are delivered in a friendly classroom environment where students will collaborate with their colleagues and the teacher. Extra tutorials are available for those students who feel they require extra help.

Registration:

All students with the exception of those on Communications Programs are required to complete a Math's Skills Test prior to attempting Credit Math's Courses. Students who pass the test will proceed directly to Credit Courses. Students who are unsuccessful will be required to take either MTH 011, College Algebra for those students who are registering for Business or Health Courses or MTH 012 Pre- Calculus for those registering for Architecture, Interior design or Engineering Courses.

For students who have a low score on the Math's Skills test there is a Foundation Math's Course MTH 010. Students who take this course and pass will then be eligible to move forward to College Algebra or Pre-Calculus.

Students can register for the Test at the Registration Department.

Program Duration:

Math's Courses run in conjunction with the University Calendar, however during the Summer Semester the course is condensed Please contact the Continuing Education Department for further details (conEd@tud.ac.ae)

			FEEs
MTH 010	9 hours per week	Over 6 Weeks	AED 3,500
MTH 011	3 hours per week	Over full Semester	AED 3,500
MTH 012	3 hours per week	Over full Semester	AED 3,500

(Students who pass MTH 010 will proceed to MTH 011 or MTH 012 over the second half of the Semester (6 hours per week).

* Prices effective September 1st, 2014

Program Overview and Learning Outcome

Students will work from a prescribed textbook utilizing the exercises to augment their Mathematical Skills. Course Tutor will supervise the learning and pace it at the level of the individual student, supplementing the learning with weekly tutorials. Assessment will be through regular home works, quizzes, a mid-term test and a Final Examination.

MTH Course Descriptions:

MTH 010 Foundation Mathematics

This “Crash” course is a mathematics course in basic numbers, algebra, shapes and Statistics and probability. The course is intended for those students who failed both parts of the mathematics placement test below 40%. It aims at building up the confidence and basic knowledge of students in order to enable them to cope with further mathematics and statistics courses.

MTH 011 College Algebra

This course is a mathematics course in basic algebra and trigonometry. The course is intended for those students who failed both parts of the mathematics placement test. It aims at building up the mathematical foundations of students in order to enable the students to cope with further mathematics and statistics courses.

MTH 012 Pre-calculus

The course covers the necessary background in algebra and trigonometry for engineering and architecture students to prepare for the standard university calculus sequence and to understand the graphing and function analysis required for calculus. The course is designed to students who, have taken the college preparatory courses in high school but are not quite prepared to do the type of analysis required to successfully complete a university calculus sequence.

8.1.5. Short TOEFL Preparation Course

Canadian University Dubai offers TOEFL preparation courses for working professionals who need to study in the evenings and on weekends.

Registration:

You can register now by contacting the recruitment department at 04 3219090. For more information on course content please contact the Coordinator at emailing ConEd@tud.ac.ae

Course Duration:

45 hours over 5 weeks for evening participants

45 hours over 5.5 weeks for weekend participants

Fee:

AED 3,150 (including all materials; textbooks, handouts etc.)

Participants:

Participants are those who wish to prepare for the TOEFL and IELTS exam for academic purposes. There are two levels; intermediate and advanced. Students are placed in levels according to their score on their TOEFL or IELTS placement test. A minimum score is required.

Program Overview and Learning Outcome:

Participants will cover a number of topics in the basic humanities and sciences that regularly feature in TOEFL/IELTS examinations. Students will improve test taking skills as well as reading, writing, listening and speaking skills in English. On completion of the course participants will be familiar with all aspects of the exam, including duration, timings, structure and questions types.

8.1.6. TOEFL Testing

All Academic programs at Canadian University Dubai have an English proficiency requirement; we are able to offer a convenient on campus Institutional TOEFL assessment service for all prospective and currently enrolled students. The Institutional TOEFL test assesses a students' proficiency level in three different skills — reading comprehension, listening comprehension, and structure and written expression. Tests are carried out on a regular basis and dates are published in advance on our website. Students may also obtain additional information on pricing, timings and apply for the test through the Registration Department.

8.2. Corporate Training

Experienced University faculty and certified trainers prepare and conduct a range of tailored management consulting and corporate training services, professional courses and certificate programs, as well as academic preparation courses. Most of the experts affiliated with corporate training at Canadian University Dubai are Canadian, American or European educated, and they have experience and knowledge of the GCC. They come with international expertise in Management, Engineering, Architecture, Islamic Banking, Finance, Environment, Healthcare Management, Interior Design, English Language and Translation, Communications including Public Relations, Journalism and Advertising.

Training programs offered at Canadian University Dubai are non credit and consist of activities conducted over a number of days, typically 3-5 days, for 6-7 hours a day. Training sessions are highly interactive and include group work to solve a selection of case studies and exercises, as well as role play sessions to practice a range of skills. Training videos and other training materials are widely used to support lectures. The carefully prepared content helps participants keep in touch with best practice in the field. They offer access to the latest training programs needed for various functional areas such as Sales & Marketing, Human Resources, Accounting, and Customer Service from the administrative to the executive level.

Custom made training and off-the-shelf programs can be implemented to suit the particular needs of individuals and corporate clients. For more information please visit www.cud.ac.ae/training

9. Research at Canadian University Dubai

Canadian University Dubai is well positioned to pursue an innovative applied research agenda that is in complete alignment with its mission statement and fundamental values. Through its Office of Research Services (ORS), and the establishment of Centres of Excellence like the Centre of Excellence for Green Development, Canadian University Dubai fosters research excellence at a national, regional and international level. Research initiatives are implemented in close collaboration with partner universities from Canada including:

- University of British Columbia,
- Lake Head University,
- University of Windsor,
- University of Regina
- The University of Western Ontario

Additional research partnerships have already been initiated with:

- Columbia University in the City of New York,
- Multimedia University of Malaysia,
- EMLyon Business School in France,
- The Qatar Foundation in Qatar

These present and future partnerships make the university a portal to Canadian Education and give the Canadian University Dubai an international stature.

Success of the research initiatives at the University will be mainly measured by:

- Collaboration with government institutions, industry and other stakeholders to engage in research activities that have a direct impact on the UAE economy and society.
- Engaging our students at all levels into research, to gain broader knowledge and good understanding of the nature and importance of research in their field and education.
- Providing an enabling research environment to the faculty and student body in order to remain both research-active and competitive.
- Organizing International Conferences and Workshops to serve as forums for researchers and practitioners to exchange, network, present and discuss their work, as well as to contribute to the expansion of knowledge and to encourage research initiatives among the community of the University.

9.1. Goals & Objectives

Canadian University Dubai is committed to the promotion of high quality research in a number of strategic areas. This provides a unique opportunity to researchers within the University to be involved in first class research programs in collaboration with their peers in Canada, the US, Europe, Asia and other international universities.

The research initiatives and projects conducted at Canadian University Dubai aim at:

- Providing a mean to reach out to student communities, practitioners in the workplace, and the business community and to raise awareness of the great opportunities and important challenges that research at Canadian University Dubai offers.
- Fostering and facilitating a broad multi-disciplinary involvement and an inter-disciplinary collaboration.
- Creating a web-based resource-repository to facilitate research, education, and outreach to the student community.
- Stimulating industry/business/ community interest and investment in university research by showing clear pathways to business benefits of research results.

9.2. International Conferences

Canadian University Dubai organizes prestigious conferences to promote research at the university both locally and internationally. These conferences offer faculty an arena in which to share their research with peers at local and international levels. Furthermore, Canadian University Dubai organizes workshops held in conjunction with the conferences. These workshops aim at enabling multidisciplinary collaboration in diverse research areas with local industry and businesses.

Canadian University Dubai has successfully organized the following conferences:

- International Conclave on Data Analytics, BI, Action Research & Cases in the Power and Energy Sector February 23rd -26th, 2014. Canadian University Dubai.
- 4th International Conference on Networked Digital Technologies (NDT'2012) - April 24-26, 2012 (<http://www.ndtconf.org/>)
- 6th Joint IFIP Wireless and Mobile Networking Conference, (WMNC 2013), April 23-25, 2013. Atlantis Hotel. Dubai. UAE. (<http://www.wmnc2013.org>)
- NTD Conference – The Fourth International Conference on Networked Digital Technologies April 23rd -25th, 2012. Canadian University Dubai – Red Theatre

The next conference will be:

- International Conference on Web & Open Access to Learning November 25th – 27th, 2014. Atlantis Hotel, Dubai. UAE

9.3. Distinguished Speakers

Canadian University Dubai has had the pleasure of hosting numerous distinguished guest speakers, including:

- HH Sheikh Mohammed Maktoum Juma Al Maktoum
- H.E. Anurag Bhushan, Consul General of India to UAE
- Dr. Sam Ozarsky, St. Michael's Hospital, Toronto
- Dr. Cigdem Berdi Gokhan, Cankaya University
- Dr. Ajay Mathur, Director General, Bureau of Energy Efficiency, and Member, Prime Minister's Council on Climate Change, India
- Professor Muriel Médard, MIT, Boston, USA
- Professor Norman C. Beaulieu, University of Alberta, Canada
- Professor Abbas Jamalipour, University of Sydney, Australia
- Professor Bayan Sharif, Khalifa University, United Arab Emirates
- Ms. Aisha Mohamed Al Abdooli, Acting Assistant Undersecretary Environment Affairs Sector, Ministry of Environment & Water, UAE
- Mr. A. C. Chaturvedi, Executive Director, NTPC LTD, India

10. Admission for Undergraduate Studies

10.1. General University Admission Requirements

The UAE High School Certificate or its equivalent is required with an average score of 60% or more (an average of 70% or more is required for entry into some of the academic programs; see the Program Specific Requirements section for more information).

A High School Certificate obtained abroad must be processed in accordance with decrees No. 200/2004 and 312 /2004 of His Excellency the Minister of Higher Education & Scientific Research UAE, as follows:

Broadly, a holder of the National High School Certificate of a foreign country is eligible for admission if:

- The certificate is valid for admission to a public university of the Country in which it was issued
- The certificate was obtained on completion of at least 11 years of schooling
- The certificate includes at least six (6) subjects covering the four core fields of: Mathematics, Sciences, Languages, and the Social Sciences & Humanities or Arts
- A holder of High School Certificates from any country that has two levels of High School Certificate must submit the higher level of certificate

10.2. English Proficiency Requirements

All students are required to provide a certificate of English proficiency, such as TOEFL (minimum score of PBT500/173 CBT/61 iBT), IELTS (minimum band 5.0), or an equivalent standardized English language test that is internationally recognized. This condition of the admission policy applies to all students of all programs except for those students applying for the Bachelor of Arts in Communication program in Arabic; students applying for this Arabic language program need a minimum TOEFL score of 450 or its equivalent (but may be granted conditional admission with a TOEFL score of 400; refer to the Conditional Admission section 10.7 for more information). Students should note that in order to transfer to a university in Canada a higher TOEFL score (normally a minimum of 550) or its standardized equivalent may be required, depending on the institution concerned

Exceptions:

- Any native speaker of English that has completed his/her secondary education in an English medium institution in any country where English is an official language
- A student admitted to an undergraduate course in an English-medium institution that is recognized by the Ministry of Higher Education and Scientific Research, who can also provide evidence of having achieved a TOEFL score of 500 (or its standardized equivalent approved by the MOHESR) upon admission to the sending institution's undergraduate program. A verified true copy of the test result held by the sending institution may be sent directly to the University

10.3. Placement Tests

10.3.1. English

Only admitted students who have achieved the minimum English proficiency requirement will be allowed to register for courses as per their study plan without any further intensive pre-university English courses.

Admitted students with a TOEFL/IELTS score less than the specified minimum requirement will need to register for the University's English for Academic Purposes (EAP) Program to help them attain the required higher TOEFL/IELTS score. (EAP courses are not transferable). Students will be placed in one of three different levels of the EAP program based on their score on the English Placement Test.

Registered students in EAP are allowed to enroll in some general education courses, in conjunction with EAP, up to a maximum of 15 credits.

10.3.2. Math

All students admitted to any one of the accredited programs, with the exception of the Bachelor of Arts in Communication and Bachelor of English Language and Translation programs, are required to pass a Mathematics Placement Test. Any student who does not achieve the required pass mark in this test may be granted conditional admission - but such students will not be permitted to register in any Math or Statistics courses, or any course that has a math prerequisite, until the successful completion of the necessary remedial-math course.

10.4. Program Specific Requirements

Students holding literary certificates can be admitted to the following programs:

- Any major offered by the School of Business Administration
- Any major offered by the School of Environment & Health Sciences
- Bachelor of Science in Interior Design
- Bachelor of Architecture
- Bachelor of Arts in Communication (Arabic)
- Bachelor of Arts in Communication (English)
- Bachelor of Arts in English Language & Translation

Students holding science certificates can be admitted to any program. There are specific additional requirements for the following:

10.4.1. Bachelor of Science in Telecommunication Engineering and Bachelor of Science in Network Engineering

UAE High School Certificate – Science Stream (or equivalent) with a minimum average of 70%.

10.4.2. Bachelor of Architecture

UAE High School Certificate – Science Stream (or equivalent) with a minimum average of 70%.

10.4.3. Bachelor of Science in Interior Design

UAE High School Certificate – Science Stream (or equivalent) with a minimum average of 70%.

UAE High School Certificate – Literary Stream (or equivalent) with a minimum average of 70% and a minimum score of 70% in Mathematics.

10.5. Admission Requirements and Procedures

Steps for applying to the Canadian University Dubai:

- a) Complete the application form.
- b) Pay the application fee of AED 300.

- c) Submit required documentation, including:
 - o A certified copy of all Secondary School Certificates or their equivalent;
 - o Official Grade Transcripts for Grades 10-12 for non UAE High School Certificates;
 - o A photocopy of Passport;
 - o Six (6) passport-size photographs with full name written on the back of each (or 10 if applying for a University visa);
 - o A certificate of English proficiency such as TOEFL (with a minimum score of 500), IELTS (with a minimum score of 5.0), or equivalent.

Prospective students can apply to any of our programs either online at <http://www.cud.ac.ae/ApplyOnline> or in person. Students may visit our campus for a personal tour, and one of our officers would be pleased to help fill out an application.

Once a student has submitted the application form, he or she is assigned an Applicant ID by the Admissions Department. (This Applicant ID # should not be confused with the Student ID #, which is given only after a student has accepted an offer of admission).

10.5.1. Required Documents

A completed Application Form. The Application form is available from the Admissions Department and also available online at www.cud.ac.ae/ApplyOnline

- a) A Certified True Copy of the Secondary School Certificate or its equivalent.
NB. The Grade Transcript must be attached for non- UAE High School Certificates.
- b) A passport photocopy.
- c) Six (6) photographs (passport-size) with the prospective student's full name written on the back of each (ten (10) photographs if also applying for a University visa).
- d) A certificate of proficiency in English such as: TOEFL (minimum score 500), IELTS (minimum score 5), or the standardized equivalent.
- e) NB. Admitted students must certify their documents before the end of the first semester of their studies, otherwise their registration will be suspended.

10.5.2. Attestation of Documents and Certificates

Students who have graduated from High Schools within the UAE

UAE High School certificates are attested by the Ministry of Education in the UAE which is located in Academic City.

Students who have graduated from High Schools outside the UAE

- a) High School certificates must be attested by the Ministry of Education in the country where the issuing High School is based.
- b) Following that, the student also needs to have the certificate(s) attested by the UAE consulate in that same country.
- c) If the student is not able to have attestation completed by the UAE consulate in that same country, they may also be able to obtain the same attestation or equalization from the Ministry of Foreign Affairs or the Consulate of the particular country they studied in.

10.5.3. Students who have studied in Colleges/Universities outside the UAE

- a) All Certificates and transcripts must be attested by the Ministry of Education in the country where the issuing institution is based.
- b) Following that, the student also needs to have the certificates and transcripts attested by the UAE consulate in that same country.
- c) If the student is not able to have the attestation completed by the UAE consulate in that same country, they may also be able to obtain the same attestation or equalization from the Ministry of Foreign Affairs or the Consulate of the particular country they studied in.

NB. The student will also be required to obtain an equivalency document of all attested certificates from the Equivalency Department at the Ministry of Higher Education and Scientific Research (MOHESR).

10.6. Foreign Equivalents

Given that different countries follow distinct educational systems, there are admission requirements in place that pertain to the various systems. The following is a list of just some of these international equivalent admission requirements; if a prospective student does not see his or her educational system listed here, he/she should contact the Admissions Department at apply@cu.ac.ae for more detailed information.

American system: High School Diploma (grade 10, 11 & 12) with a minimum of 60% or with a minimum CGPA of 2.00.

British system (IGCSE and GCSE): Completion of at least seven (7) subjects at O level IGCSE or GCSE with a minimum grade of C. However, a minimum grade of D or E is acceptable for subjects taken at AS level or A level GCSE, respectively. The 7 subjects must cover the four core fields of: Mathematics, Science, Languages, and the Social Sciences & Humanities or Arts. Furthermore, the applicant must provide evidence that he/she has attended school for at least 11 years by providing a school Leaving Certificate.

Canadian system: High school diploma (grade 10, 11 & 12) with a minimum of 60% or with a minimum CGPA of 2.00 University Track Credits.

French Baccalaureate: Minimum grade 10 out of 20.

Iranian system: Pre-University Certificate with a minimum grade of 12 out of 20.

Indian system: Grade 12 Certificate with a minimum percentage of 35%.

International Baccalaureate (IB) program: Completion of six (6) subjects with three (3) at the higher level and a minimum of 24 points.

Pakistani Board(s) Certificates: Higher Secondary School Certificate (Part II) with a minimum percentage of 35%.

Nigerian system: A senior secondary school certificate granted by either the WAEC or NECO board with a minimum grade of E and above, or average of 40% and above. NABTEB Students will need to be individually approved by the Ministry of Higher Education

10.7. Conditional Admission

An applicant who does not meet all of the University Admission requirements may be granted conditional admission. The possible circumstances under which such conditional admission may be granted include:

- a) Students who do not meet the minimum high school requirements: these students can enroll in the Foundation Program to upgrade their academic standing to the required admission standards of the University.
- b) Students who do not meet the minimum TOEFL/IELTS English language proficiency requirement: these students may enroll in the EAP program in order to improve their English skills and achieve the required TOEFL/IELTS score.
- c) Students who do not pass the Mathematics Placement Test: these students must successfully complete the necessary remedial-math course before being allowed to register in any math or math-related courses.
- d) Students who have been unable to provide attested certificates or equalization certificates: these students must provide the appropriate certification by the end of their first academic semester.

If a student does not fulfill his or her specific probationary admission requirements, he or she may be subject to dismissal from the University.

10.8. Continuing Education

10.8.1. Foundation Program

The Foundation Program is offered to students who do not meet the academic requirements for undergraduate study. The program provides an opportunity for academic upgrading, and includes courses in English Language, Arabic Language, Mathematics, Information Technology and General Study Skills (Personal Professional Development).

The aim of the Foundation Program is to provide courses to those who have studied in the UAE system (both national and non-national students) who wish to progress into non-federal higher education or post-secondary vocational training institutions, but do not have the appropriate credentials required for direct entry to higher education. For more details, please see the Centre for Continuing Education page at www.cud.ac.ae/programs/continuing-education

The Foundation Program consists of five core components (courses):

- a) English Communications
- b) Arabic Communications
- c) Mathematics (I and II)
- d) Information Technology
- e) General Study Skills

No credit will be awarded for the program or components within the program. A final certificate will be awarded by the participating licensed institution to students successfully completing all courses, and this certificate will be recognized by the Ministry of Higher Education and Scientific Research.

10.9. Deadlines for Admission

Applications for admissions are accepted year round. Entry can be in the Fall, Spring or Summer semesters.

10.9.1. Letter of Admission

Upon successful completion of the admission process, the student will receive a Letter of Admission issued by the Admissions Department. If the student is rejected, he or she will also receive a letter notifying him/her of the rejection.

10.10. Admission Appeals

Should a student's Application for Admission be rejected, he/she may appeal the decision as follows:

- Inform the Admissions Office of his/her dissatisfaction and request a review, in writing, within thirty (30) days of having received the written reason for the rejection
- The Admissions Office will acknowledge receipt of the applicant's request and forward it to the Admissions Review Panel which is composed of the program Chair and two faculty, one from the relevant School and one from a different school
- The applicant may make a presentation to the Panel, but may not be represented by a third party at the Panel
- The Panel will submit their decision to the Registrar for his/her approval
- The Admissions Office will inform the applicant of the decision in writing

The decision of the Registrar is final and binding. Should the decision be in favor of the applicant, the applicant will be admitted to his/her chosen program or an alternative should no place be available in his/her chosen program. Under no circumstance will a student already admitted to the University be disadvantaged by the findings of the Review Panel.

10.11. Student Visa

Student UAE residence visas are issued for full-time students (students enrolled in 4 courses or more per semester) who have been accepted to the University and have paid the required deposits and fees.

(Transfer of visa from other institutions is a lengthy process. Students should cancel their visa at their previous academic institution and the Canadian University Dubai will apply for a new visa.)

Once all the documents are available it takes a minimum of 3 working days to process the visa. Completion of medical and stamping of the visa on the passport take a minimum of 4 additional working days.

The documents required are:

- Color passport photocopy
- 4 color passport photographs (Submitted with Application for Admission)
- Letter of Acceptance from the University with course details and duration.

Falsified Admission Documents

Students found to have submitted falsified documents will be dismissed from the University.

11. Student ID

A unique Student ID is assigned to a student who has accepted admission to the University. This ID number is randomly generated by the Registration Department and is needed in order for a student to register in courses. It is every student's responsibility to know his or her Student ID, and keep it confidential; it should not be shared with anyone else.

12. Student ID card

After registration and at the start of each semester, all new students will be issued with Identity Cards costing AED 165 per card. This ID card must be carried on the student at all times while on University premises. Replacing a lost ID card is AED 280.

13. Student Orientation and Academic Advising

Academic orientation and advising is the backbone of any University's education operations system.

The University holds orientation sessions at the beginning of each Academic Year, and all freshmen admitted to the University programs are requested to attend. Students should refer to the Academic Calendar to find out about the exact dates of the orientation sessions. The students will have a chance to meet with the faculty, program coordinators, and University administrators. During these sessions, students will have a chance, for instance, to:

- Familiarize themselves with the credit system,
- Understand and get familiar with the degree requirements,
- Interpret test and placement scores,
- Clarify major and/or career options,
- Select appropriate courses to optimize their academic performances,
- Understand academic warnings and progression policies,
- Understand the academic records of graduating students,
- Familiarize themselves with University services; library, information technology policies, laboratories, student services, student councils, etc.

For those students who are in probationary academic standing, a meeting with an assigned Academic Advisor will be scheduled to plan an appropriate study plan and understand progression towards graduation pertaining to their specific case. Students with conditional or probationary status cannot register without the signature of his or her Academic Advisor.

14. Undergraduate Registration Process and Procedure

Prior to registration for the current semester, students are required to be in good academic and financial standing.

Please note that students' who have a CGPA of 2 or above, who are in good academic standing and with no academic warnings at the end of previous semester, do not require the signature of an Academic Advisor to register for the next semester.

The Class Schedule is subject to change, though every effort is made to minimize any such changes. We review the schedule on a routine basis and update as necessary to ensure student satisfaction.

14.1. Registration Process

New Students:

1. Once admitted into the University you may sit with the Student Advisors in the Admissions area to select courses.
2. You will then pay your fees, prior to registering in the courses.
3. Once courses are selected/payment is made you will then register by using the Registration Counters in Hall C. Admissions personnel will be pleased to assist you with this.

Returning Students:

1. May register via Registration counter providing they:
 1. Are in clear academic standing (if not see step 2)
 2. Are in good financial standing (if not see step 3)
 3. Have their registration files up to date and complete (if not see step 4)
2. If you need to see an Academic Advisor, please visit your assigned advisor for their approval on your courses. You may then pay your fees and register via counters 3-6 ONLY.
3. If you are not in good financial standing, please see the Cashiers to clear up any outstanding balances. Counters 7-9
4. If you have an incomplete student file, please see the Administrative or Academic Service counters and provide the necessary documentation prior to paying your fees and registering. Counters 1-2

15. Undergraduate Student Course Load

For the Fall and Spring semesters, the full-time regular study load is fifteen credit hours. For the Summer semester the maximum load is six credit hours.

Under exceptional conditions students may increase their study load to eighteen credit hours in the Fall and Spring semesters, and to nine credit hours in the Summer semester if:

- The student's grade point average (CGPA) is at least 3.5 in the preceding semester, or
- The student expects to graduate at the end of the semester, and their CGPA is at least 2.0.

16. Transfer Credit

If a student wishes to take a course at another institution, a Letter of Permission Form must be filled out and a detailed course outline must be provided. If the course is approved by the Dean of the department, the student may register. Once the course has been completed, a certified transcript must be handed in to the Registration Department, and the course will be added only if the grade attained is C or higher.

The Canadian University Dubai approves the admission of applicants transferring from other institutions subject to the following conditions:

- Transfer is from a recognized institution of higher education;
- Student meets the Canadian University Dubai admission requirements;
- Student submits a certified copy of their grade transcript and a detailed outline of their courses;
- Student has a Cumulative Grade Point Average from the previous institution of at least 2.0 (on a 4.0 scale) or its equivalent.

Transfer credits are subject to the following conditions:

- Student passed the course with at least a C grade; and,
- Course outline is similar to a corresponding course in the relevant program at the Canadian University Dubai.

Note: Transferred credit hours will not be considered in the computation of GPA at the Canadian University Dubai. The maximum number of credits a student may transfer will not exceed 50% of the total number of credits required for graduation.

17. Prior Learning Assessment and Recognition Policy

Prior Learning Assessment and Recognition (PLAR) is a process whereby the Canadian University Dubai awards academic credits for documented learning acquired outside the classroom of for-credit courses.

Such learning would have been acquired by a prospective or current student through a variety of professional or life experiences, including but not limited to:

- Training programs;
- Professional certificates;
- Professional responsibilities;
- Seminars or workshops;
- Armed services training;
- Independent studies; etc.

Upon successful recognition of prior learning, academic credits are awarded without the assignment of a grade. Hence, PLAR credits do not count towards the CGPA of the applicant. PLAR can be used for course exemption only and cannot be used to be admitted at the university. The applicant has the right to appeal a denial of prior learning recognition.

**For full policy see General Reference Section 7*

18. Attendance and Lateness

18.1. Purpose

Student Academic Success is enhanced by good classroom attendance. Students may however, from time to time, have to miss classes for reasons beyond their control. Students should not be penalized for such absences. Legitimate absences are limited to documented illnesses or a death in the immediate family.

18.2. Attendance Requirements

Attending classes is compulsory in all courses. Students will not be allowed to take the final examination if they are absent for more than 25% of the classes in a course. (Students should refer to their respective School for additional specific program or school requirements.)

- a) When a student is absent for 10% of the course, an absence reminder will be sent via university e-mail.
- b) When a student is absent for 20% of the course a second absence e-mail reminder will be sent
- c) When a student has been absent for 25% of the course a notice of Failure for Non Attendance (grade point of 0.0) will be sent

A student arriving 15 minutes late to class in three different sessions during a particular semester will be given an absence.

A student with a verifiable and legitimate reason for missing a class (illness, death in the immediate family) may request of his or her professor that such an excusable absence be recorded, but not counted towards the 25% cut off figure that would otherwise lead to a grade of Failure for Non Attendance. Such excusable absences must be noted in the Course File Attendance Report.

19. Holding Registration

A student may apply to the Registration office for the suspension of his/her studies before the end of the Add & Drop period to avoid academic and financial penalties. However, no suspension of studies will be approved for more than two consecutive semesters. The total number of semesters in which the student can suspend his/her studies must not exceed four semesters before graduation.

The student must present the clearance sheet to the Registration Office. Students that are sponsored by the University must cancel their visa before suspending their studies.

20. Add and Drop

During the first week after registering for a course, students may drop or add courses with no financial penalty subject to the prior approval of the academic advisor. The students must pay the fee of the added course(s) before submitting the Add & Drop form to the Office of the Registrar.

21. Course Withdrawal for Undergraduate Studies

Once registered, students are academically and financially responsible for their course unless they officially withdraw by the given deadlines as reflected in the Academic Calendar.

To officially withdraw, students must submit a withdrawal form to the Registrar's Office. They will be given a date-stamped copy of the document in return, and should retain this as proof of withdrawal in the event of a dispute. The date on which the written notice of withdrawal is received is the student's effective date of withdrawal. Failure to officially withdraw, the student will receive an "FA" grade (Failure for Non-Attendance).

Withdrawal from a course within the Add and Drop period	No Academic Penalty (Does not appear on student transcript)
Withdrawal from a course after the Add and Drop period	Reflects on student transcript as (WN) Withdrawal No Penalty
Withdrawal from a course after Mid Term	Reflects on student transcript as (WP) Withdrawal with Academic Penalty

***Please see Undergraduate Refunds section for any related financial penalties**

21.1. Withdrawal from a Course or Program without Academic Penalty (WN)

To withdraw from a program without academic penalty (without being penalized by an 'F' grade), students must submit a withdrawal form to the Registrar's Office by the specified date in the semester. This deadline is noted in the sessional dates issued during registration, and is available in the Registrar's Office.

For courses that do not have midterms, Continuing Education courses, condensed courses, this deadline date is two-thirds of the way through the course or as stated in the course outline.

For students who withdraw by this deadline, the attempted course will not be included on the student's formal academic record. Students who withdraw from their program, or 'drop' a course after this deadline, will be assigned an "F" grade (Failure) for the course, which will show on the student's formal academic record and will also be used in the Grade Point Average (GPA) calculation.

Students registered in part-time courses must submit a withdrawal form to the Registrar's Office by the date specified in the academic calendar. Full-time status may be jeopardized if students drop too many courses. Withdrawing or dropping courses may have any of the following effects:

- Extend the duration of studies, or delay graduation.
- Add to expenses via additional fees (for instance, as a result of extending the student's studies).
- Affect sponsorship arrangements.

The academic advisor (program chair/coordinator) must sign the form to ensure the student understands any academic issues ensuing from the action.

22. Withdrawal from the University

Students may apply for withdrawal from the University subject to submission of the clearance sheet to the Office of the Registrar. Documents submitted to the University are regarded as a property of the University and cannot be given back to the student. Students that are sponsored by the University must cancel their visa before withdrawing from the University.

- A student may be required by the University to withdraw from a course, program or from the University itself for reasons deemed as 'just cause'. The Vice-President of Academic Affairs (VPAA) will determine the specified period of the withdrawal
- The term 'Just Cause' denotes, but is not limited to, consistent failure to meet the academic objectives of the course or study program; any academic performance that would result in an Academic Suspension for a second time; plagiarism and other forms of cheating; inappropriate behaviour within the University campus - e.g. classroom, lab, place of internship or other such environment; failure to pay fees or the submission of falsified or falsely obtained documents, or provision of other false information for admission purposes
- The University may also require students to withdraw from any Continuing Education programs for consistent failure to report absences or for poor attendance (or any of the above mentioned reasons)

- The VPAA may require immediate and permanent withdrawal from the University by any student that breaches accepted local behavioural norms. The student will be informed in writing if he/she is formally withdrawn from the University
- A student that is withdrawn from a course or a program at the University is not eligible for any refund of fees paid
- A student that has been 'Withdrawn' is not allowed to continue in the program

23. Reinstatement after Withdrawal

A student who must take time off from his or her studies can re-enter his or her program without repeating the entire admission process, as long as he or she does so within five years after the withdrawal. To resume a program after an absence of five or more years, the student must reapply for admission and meet program requirements at that time.

24. Undergraduate Grading Policy

The academic performance of undergraduate students will be recorded using the Canadian University Dubai's grading system which reflects the student's performance in each course. In general, the pass mark in a course is fifty percent (50%) but students are required to refer to the specific requirements for their chosen program of study to ensure that they are aware of any modification to this.

The distribution of the total mark (100) on semester such as: quizzes, tests, midterm exam, projects, laboratory work, and the final exam are shown on the outline of each course which is distributed by the faculty to the students during the first week of the semester.

24.1. Grading Scheme for Undergraduate Studies

Percent Grade	Alpha Grade	4 Point Scale Equivalent	Canadian University Dubai Equivalent Description
90-100	A+	4.0	Outstanding
80-89	A	3.8	Excellent
75-79	B+	3.5	Very good
70-74	B	3.0	Good
65-69	C+	2.5	Satisfactory (High)
60-64	C	2.0	Satisfactory
55-59	D+	1.5	Pass
50-54	D	1.0	Minimal Pass
0-49	F	0	Failure
	FA	0	Failure for Non Attendance
	P	*	(Pass) Satisfactory achievement in a course where a percentage grade is inappropriate.
	NG	*	No Grade Required
	NR		Grade not Reported
	IP	*	Course in Progress
	I	*	Incomplete Grade
	AG	*	Aegrotat Standing (valid medical certificate)
	AS	*	Audit Status
	DE	*	Deferred
	TC	*	The student meets all Canadian University Dubai course requirements via transferred/documentated equivalent courses taken/passed at another accredited university.
	SC	*	Substitution of one required course by another
	WP		Withdrawal - With Academic Penalty
	WN	*	Withdrawal - Without Academic Penalty
	EW	*	Exceptional Waiver

* Not computed in GPA.

- **Canadian University Dubai standard pass mark in each course is 50 percent**

- **Minimum Cumulative GPA of 2.00 is required in each academic year (Fall and Spring Semesters) for progression**
- **Cumulative GPA not less 2.00 is required for graduation**
- **Cumulative GPA is computed only for courses taken at the Canadian University Dubai**
- **GPA and Cumulative GPA are computed only for courses from the study plan of the program**
- **When a course is repeated the higher grade of the two attempts is considered in the computation of the GPA and Cumulative GPA, but both grades are put on record**
- **NB: A student will receive an academic letter from the Registrar if his/her term GPA is less than 2.00**

The Semester (term) Grade Point Average (GPA) is simply the weighted average of the grades obtained in the courses registered in the semester, where the weight of each course is based on the number of credit hours.

For example, if a student obtained the following grades in a given semester:

Course Name	Credit Hours	Letter Grade	Grade point
Course 1	3	C	2.0
Course 2	2	A	3.8
Course 3	4	D+	1.5

The Semester Grade point Average (Sem GPA) will be computed as follows:

$$\text{SEM GPA} = \frac{2 * 3 + 3.8 * 2 + 1.5 * 4}{3 + 2 + 4} = 2.18$$

24.2. The Cumulative Grade Point Average

The Cumulative Grade Point Average (CGPA) is computed in the same way as the Semester Grade Point Average; however it is computed from the grades of all courses taken at the Canadian University Dubai since the first semester. Repeated courses are treated differently - The GPA and CGPA are computed only for courses taken at Canadian University Dubai.

24.3. Incomplete Grade (I)

Students whose course work is at a passing level but who for verifiable reasons beyond their control are unable to finish course work and have not obtained a passing grade by the end of a term (or the specified end of a course) may be granted a grade of "Incomplete".

The "I" is not intended to be a permanent grade. It is only a temporary acknowledgment of a legitimate reason for granting a one-time, limited extension to the time normally allowed to complete all course requirements.

Students have up to 12 calendar months after the scheduled end of the course to complete required additional work as determined by the teacher who assigned the "I", and to thereby qualify for a passing grade.

After 12 calendar months, outstanding "I" grades are converted to "F". Thereafter, the student must repeat the course in order to achieve a passing grade.

The number of "Incomplete" courses allowed per semester is established by the School. Please contact the School for further information.

NOTE: An Incomplete grade for a Prerequisite course must be completed before the student is allowed to proceed to the higher-level course unless otherwise approved by the appropriate Academic Administrator (Dean or designate).

24.4. Repeated Courses (R)

If a student repeats an identical course and thereby achieves a higher grade, the new/higher grade will supersede the previous grade in the calculation of the Cumulative GPA and the original lower grade will not be included in the Cumulative Grade Point Average (GPA). It should be noted that the higher grade (of the two attempts on the course) is used for the CGPA calculation, but both grades are recorded and appear on the academic transcript.

24.5. Course in Progress (IP)

A grade of 'Course in Progress' (IP) - implying a continuation of coursework - may be designated when the timeline of a course is not consistent with the end date of the semester.

On completion of the course, the relevant Letter Grade and Numerical Value, as applicable, will replace the previous IP Grade.

NB: IP grades are not included in GPA calculation.

25. Grade Appeal Policy

The University is committed to providing an environment of research, teaching and learning of the best possible quality. This is inclusive of the processes that are used to ratify marks, to assess students for progression within a program of study, or to determine an award.

It is the responsibility of all students to review and abide by the academic policies and procedures of the University. Students are also responsible for their personal academic choices and decisions and for meeting the standards set for academic achievement within each program of study they enroll in.

In some instances a student may not agree with the academic decision(s) of an academic professional. The University provides an appeals process, for the benefit of all parties, so that the student may request an academic decision to be re-considered. Such appeals are a petition to change a decision that has been made regarding an academic matter. The foundation for such an appeal may be that, in the opinion of the student, the original academic judgment was unfair, or that the academic policies of the University were incorrectly applied.

25.1. Principles

The University Appeal procedure for students is based on the following principles:

- Procedures and processes employed to resolve an Appeal are fair and must be seen to be fair
- Confidentiality must be respected for all parties concerned, except when there is a legal requirement to divulge information
- All staff involved in the resolution of an Appeal must act with impartiality and objectivity throughout and ensure that all conclusions drawn are based on a fair review of all the facts and opinions available
- Appeals are handled in a timely manner with clear outcomes
- After the review, the committee may decide to revise the grade - up or down.

25.2. Procedures for Appeals of Academic Decisions

An informal resolution procedure also exists as part of the University Appeals process in conjunction with the procedure for a formal appeal of an academic decision. The University strongly encourages a student to first make an attempt at an informal resolution of an issue with his/her Professor before making a Formal Appeal.

If the student is dissatisfied with the outcome of an initial informal meeting with his/her Professor, the formal process may then be initiated without prejudice.

The Registration Department is responsible for administering the appeals process and on receipt of an Appeal against a grade or mark. The Registrar will convene an Appeals Committee consisting of at least three persons.

This Committee will consist of the Registrar who will be the Chair, a non-academic member responsible for safeguarding the interests of the student and a subject matter expert who is not the Academic who awarded the original grade or mark.

The Committee may call upon the student or Professor concerned if necessary.

25.3. Procedure for Instigating an Appeal Against a Grade or Mark for undergraduates

- Appeals will only be considered for final examination marks
- Students should complete the Grade Appeal Form and submit to the
- Registration department within ten (10) working days of receiving the grade or mark in question
- A fee of AED300 must be paid at this stage in order to instigate the formal Appeal process
- The decision determined by the Appeals Committee will be conveyed in writing to the student within ten (10) working days of the start of the Appeal process
- The decision of the Appeals Committee will be final

25.4. Procedure for Instigating an Appeal Against A grade or mark for Graduate

- Appeals will only be considered for final examination marks
- Students should complete the Grade Appeal Form and submit to the Registration department within seven (7) working days of receiving the grade or mark in question
- A fee of AED300 must be paid at this stage in order to instigate the formal Appeal process
- The decision of the Appeals Committee will be final

(): Students are allowed to change major or remain on probation during three consecutive semesters. At each semester on probation, the load is reduced by three credit hours. If a student fails to clear his/her academic standing at the end of the third semester, he/she will be dismissed from the program.**

- For the summer semester, the normal course load is six credit hours.
- Under exceptional conditions, students may increase their normal Fall and Spring semester course load by 3 credit hours, or register up to nine credit hours in the Summer semester if:
- The student's grade point average (CGPA) is at least 3.5 in the preceding semester, or the student expects to graduate at the end of the semester, and their CGPA is at least 2.0.

27. Clear Academic Standing

The following is applicable to students with the status of Clear Academic Standing at the beginning of the academic semester:

- Achieving a Grade Point Average (GPA) of at least 2.00 in both the Semester and Cumulative GPA will result in continuing Clear Academic Standing
- Achieving a Semester GPA of 1.00 to 2.00 with a Cumulative GPA 2.00 and above will result in Conditional Academic Standing

Not achieving either Clear or Conditional Academic Standing (as described above) will result in Probationary Academic Standing

27.1. Conditional Academic Standing

The following is applicable to students with the status of Conditional Academic Standing at the start of the academic semester:

- Achieving both a semester and Cumulative GPA of at least 2.00 will result in Clear Academic Standing
- Achieving a Semester GPA of 1.00 to 2.00 with a Cumulative GPA of 2.00 and above will result in Conditional Academic Standing
- Achieving a minimum Cumulative GPA of 1.00 and not qualifying for Clear Standing as described above will result in Probationary Academic Standing
- **Achieving a Cumulative GPA below 1.00 may result in Academic Suspension**

27.2. Probationary Academic Standing

The following is applicable to students with the status of Probationary Academic Standing at the start of the academic semester:

- Achieving both a semester and Cumulative GPA of at least 2.00 will result in Clear Academic Standing
- Achieving a semester GPA of less than 2.00 will result in Academic Suspension

A student not meeting either of the two criteria as described above will continue to hold Probationary Academic Standing.

28. Applying for Re-Admission after Suspension

At the end of a period of Academic Suspension, the student is required to meet his/her Academic Advisor, and complete the Registrar's 'Readmit/Program Transfer' form which must then be signed by all the relevant parties.

If the student is successful in being re-admitted to the study program, he/she will hold the status of Probationary Academic Standing and therefore must immediately meet with the Academic Advisor to develop a mutually agreed probationary plan of study. Failure to do so within the first ten days of each and every semester of the Probationary Academic Standing will result in the cancellation of course registration for that current semester.

28.1. Re-Admission of Withdrawn Students

A 'Withdrawn' student can only apply for readmission to a program at the University under the following conditions:

- a) The student must meet the full current admission requirements for his/her chosen program.
- b) The student is subject to the same priority criteria applicable to other students.

NB: If prior academic or established behaviour patterns have been deemed unacceptable, a further review may be required. The applicant must be able to provide demonstrative evidence of his/her capacity to perform at an acceptable social standard and academic standard in his/ her chosen program.

29. Independent Study / Special Arrangement Policy

There is a clear distinction between independent study and special arrangement courses. A special arrangement course is an experience in which the student covers the content of a regularly scheduled course through individual study under the guidance of a faculty sponsor. This approach is to be used only when scheduling difficulties would otherwise prevent the student from completing his or her program of study in a timely manner. As stated in the CAA standards, a course offered as an independent study is a course in which a student is individually supervised by a faculty to undertake a learning opportunity which is otherwise unavailable. Such a course must have a syllabus with learning outcomes, learning plan and appropriate assessment schemes.

29.1. Courses offered as Special Arrangement

29.1.1. Delivery

When a course is delivered as special arrangement, the academic school must ensure that:

1. The student has obtained all authorizations.
2. The course is offered in comparable class contact time, and comparable expectations for out of class study time, as in the same regular course.
3. The full content of the course syllabus will be taught.
4. A complete course file will be prepared at the end of the semester.
5. All learning resources are provided during the semester when the course is delivered.

29.1.2. Eligibility

A student may request to enroll in a course as special arrangement if one of the following conditions holds:

- 1) The regular course is not offered. This may substantially delay his/her graduation.
- 2) The regular course is offered but the student cannot attend due to reasons beyond his/her control.
- 3) The student needs the course to be offered in order to graduate during the current semester.

29.1.3. Application

When a student becomes eligible to enroll in a course as special arrangement, the following process must take place:

- 1) A formal request is written by the student to his/her academic advisor with all supporting documents, one semester in advance.
- 2) The academic advisor and program chair review the student's application and make a recommendation for the dean.
- 3) The dean reviews the whole application for a final decision.

29.2. Courses Offered as Independent Study (For Undergraduate Programs)

29.2.1. Statement of Purpose

An independent study course should be taken as an elective, used for individual pursuit of topics within or beyond a student's major field of study which transcend the regularly available curriculum. It will normally involve research, primary source reading, or field work. When planning for independent study, the student and his or her advisor should strive to maintain a balance between this mode of study and other elective courses. A disproportionate number of independent study courses will tend to prevent a student from taking other elective courses which are equally important to scholarly development. The institution must limit that grant of such courses to 6 semester hours for programs below the bachelor's degree and 9 semester hours for a bachelor's degree.

29.2.2. Credit and Grade Point Average Guidelines and Requirements

Matriculated students who have completed at least 50% of their program requirements are eligible for independent study. A minimum cumulative grade point average of 2.5 is required, subject to waiver by the school dean. The faculty sponsor is responsible for checking the student's grade point average and determining that the student has the ability to plan and execute a long-range project. Departments may establish additional criteria for initial approval of, and supervision of, independent study projects.

29.2.3. The Independent Study Course

An independent study contract consists of two parts: the proposal and the enrollment form. The faculty sponsor is responsible for preparing a detailed syllabus containing:

1. A detailed description of the course with clear learning outcomes;
2. The amount of time devoted to each major aspect of the course;
3. A description of prior course work or other experience which prepares the student for the proposed activity;
4. The frequency and duration of meetings with the faculty sponsor; and,
5. Dates for completion of project milestones where applicable.
6. The methods by which the student's work will be evaluated must be clearly stated in the syllabus. Some appropriate forms of evaluation include a paper, a performance, and/or a presentation.

The syllabus of the independent study course should be approved by the curriculum committee prior to the course delivery.

To determine the number of credits, the guideline of a minimum of 12 hours of effort per week per course unit shall apply. A student may enroll in no more than six credits of independent study in a given semester. A department may limit the number of independent study credits which a student is permitted

30. Policy on Intensive Modes of Course Delivery

When an academic school intends to offer a course or program through intensive modes of delivery, it must comply with the CAA requirements as specified in its standards. Please refer to Appendix 1 of the standards: Courses offered in Condensed Periods. The institution should receive the approval of the commission prior to the start of the program or courses. During summer semesters, courses are delivered over a short period of time but do not require the approval of the CAA.

When considering intensive course delivery, the academic school must ensure:

- Comparable duration of class contact time and expectations for out-of-class study time, as in the same courses offered during regular semesters or terms.
- The learning outcomes of the courses can be achieved during the short period of time.
- Students may register up to three courses when week-end course delivery is used during a regular semester. If the course delivery involves the shortening of the semester, students may register up to two courses.
- Faculty are given enough time for course delivery and preparation, in addition to all other duties, as required by the CAA standards.

31. Student Records

31.1. Custody of Records

The Official Academic Records of the students are maintained by the Registrar's Office and an original record is stored in a secure, fireproof vault/room in that Office. The Official Academic Record is the student's permanent academic record and contains the academic achievements of the student. Designated Registrar's Office personnel of the Institution are assigned to manage and update the student records.

The Official Academic Record is the source of the achievement data used in the production of the Official transcript, which must bear the official stamp of the Institution.

The Official Academic Record for credit courses is also stored on the Institution's electronic Academic Information System, which is accessible to designated staff of the Institution.

Data is stored on secure servers with required firewalls and encryptions. Access to the data is controlled by the software's security mechanism, which restricts access or manipulation of data based on the employee's role within the Institution. Data will be backed up on a pre-determined schedule a regular basis and stored, as required, in a secure off-site location for business continuity purposes and disaster recovery.

Standards of record retention and disposal are maintained and revised for currency in keeping with guidelines established by the American Association of College Registrar's and Admissions Officers.

Canadian University Dubai uses the established Freedom of Information and Protection of Privacy policy to relating to the release of information respecting the rights of individual privacy, confidentiality of records and the best interests of the students and the Institution.

31.2. Student Privacy Rights

In compliance with the provisions of the Ministry of Higher Education and Scientific Research, the Canadian University Dubai protects students' rights and privacy and does not release names and addresses of students if the request is for selection by any non-directory criteria, such as gender, ethnic background, grade point average, high school, etc. Canadian University Dubai does not release any student's educational records or any other information personally identifying a student (other than directory information) without the student's signed, dated, written permission. This restriction extends to the release of a student's records, such as grades, class schedules, academic standing, and other personal information, to the student's parents.

However, students who wish to grant their parents access to their academic records and transcripts and any other information that may be of interest regarding their attendance at Canadian University Dubai may complete a waiver form in the Registrar's Office. In addition, those who wish to have a copy of their transcripts sent to their parents can complete a request from in the Registrar's Office.

31.3. Academic Transcripts

A student may request a copy of his or her unofficial Academic Transcript from the Registration Department whenever needed, free of charge. Official Transcripts will only be released once a written request signed by the student has been received and the accompanying fee of AED 50 has been paid.

31.4. Enrollment Verifications and Certifications

If a student requires any official documentation, he or she may submit a signed request form to the Registration Department along with any applicable fee. Available certification includes Proof of Enrolment, Letter of Permission, re-issued Letter of Acceptance, or any other documentation a student may need.

32. Graduation Policy for Undergraduate Studies

The following conditions must be met for a student to graduate:

- A minimum Cumulative Grade Point Average (CGPA) of 2.00 must be attained.
- The student must have successfully completed all courses in the study plan of the program.
- At least fifty percent of the program courses must have been completed at the Canadian University Dubai.
- Any other specific graduation requirements for the Program must have been met.

NB: It is the responsibility of every student to know the graduation requirements for his/her program of study.

For Graduation with Honours, the following policy is followed:

- CGPA between 3.50 and 3.69: cum laude
- CGPA between 3.70 and 3.89: magna cum laude
- CGPA between 3.90 and 4.00: summa cum laude

To be eligible for graduation, the program must have been completed within the following time limits:

- For full-time programs: twice the length of the regular program
- For part-time programs: the maximum number of years is the number of required one semester courses (or equivalent thereof) divided by 3
- In some exceptional cases, a student may require the written approval from the Dean and/or VPAA to extend the Graduation time limit
- A student whose studies were interrupted for a period of time will not be eligible to graduate from a program that is no longer offered by the University - unless alternative arrangements are approved by the Dean and VPAA in writing

32.1. Application for Graduation

- a) Each student needs to review his/her academic record in light of the academic requirements defined by the particular program of study. Review current academic progression and grades with the relevant academic advisor.
- b) Each student must ensure that he/she is in good financial standing with the University (i.e. there are no outstanding balances or bounced cheques), and that all fees and financial obligations have been paid.
- c) Complete an Application for Graduation Form, which is available on the Graduation website or from the Registration Department, and submit it to the Registration Department together with payment of AED 850.

32.2. Participation in the Commencement Ceremony

In order to participate in the Convocation Ceremony, a student must:

- a) Complete a Convocation Confirmation Form and pay the accompanying fee to the Registration Department.
- b) Identify any special requirements or needs that Canadian University Dubai must address prior to or during the ceremony.
- c) Complete an Academic Regalia Request Form and attend a fitting session at a Graduation Fair.
- d) If a student requires a Letter for Permission to attend Convocation for their employer, complete an Official Letter Request form at least one week prior to the Ceremony.
- e) Attend the rehearsal for the Ceremony, held the day before the actual Convocation.

During the month before the Convocation Ceremony, Graduation Fairs will be held at the University and it is mandatory that all graduating students attend one of these Fairs. At the Fair, information outlining the agenda and official protocol will be presented; official graduation photographs will be taken; cap and gown fittings will be conducted; and all the necessary Forms regarding the Graduation will be available. Attendance of graduating students at the rehearsal for the Ceremony is also mandatory; if a student does not attend the rehearsal, he or she will not be permitted to attend the Convocation.

32.3. Conferral of Degree

For students that are in good financial standing with the University, the Canadian University Dubai Diploma, Certificate of Merit, and Official Transcript will be prepared upon approval of the application for graduation and released on condition that all financial obligations have been satisfied.

Conferral of the degree is noted on the permanent record of the graduate with the date of graduation.

32.4. Name on Degree

The student name printed on the Canadian University Dubai certificate is always in English, and is exactly the same as the name found in the passport belonging to the student. If there is any ambiguity or difficulty in determining the proper name of a student, he/she will be contacted in order to verify the exact name.

32.5. Attestation of Degrees and Transcripts

In order for a student's Canadian University Dubai Degree, Diploma, Certificate of Merit, and Official Transcript to be attested, the attestation process, as outlined by the Ministry of Higher Education and Scientific Research, must be completed by the student. Please see the guidelines as per the Ministry of Higher Education and Scientific Research:

- <https://www.mohe.gov.ae/attestation> (Arabic)
- https://www.mohe.gov.ae/attestation/Default_e.aspx (English)

33. Internship

The student internship may be a required part of the program curriculum. Whenever it is part of the program, the purpose of an internship is to provide Canadian University Dubai students with an opportunity to have professional work experience in a setting related to the student's major, program objectives, and career goals. An internship is a way for students to gain practical, on-the-job experience in business, industry, or governmental agencies. The Canadian University Dubai considers student internships as an important bridge between students and the careers that they are studying to enter. Simultaneously, an internship introduces public and private organizations to students that might fit their field of interest, skills, and training for possible future placement.

33.1. Place of Internship

The internship place will be approved by the Canadian University Dubai Internship Office so that it matches the area of specialization of the internee and meets the program's internship objectives and requirements.

In the case of students who are already working in an organization, the place of internship is decided based on the following features:

- If the current work and job specification coincide with the intern's area of specialization, then the current place of employment will be chosen for the internship, and the employer in charge of the internee will have to function as the field supervisor; he or she will need to supervise a well-defined internship project to ensure that the internee not only applies the concepts learned but also that the work place benefits from the internee's project.
- If the current work and job specification do not match the internee's area of specialization, then the internee should switch to an alternative department in the same firm or transfer to another firm which offers appropriate internship opportunity matching the area of specialization, chosen by the Internship Office.

It is the Internship Office's responsibility to place students according to the Canadian University Dubai's internship regulations. Students should refer to the Internship Manual available at the Student Services office for more information.

33.2. Requirements and Guidelines for Internship

A student applying for internship should fulfill the following requirements:

1. Have completed all the credit hours required as stipulated in the program study plan.
2. Satisfy the minimum Passing Actual Cumulative GPA. Students should refer to their program passing GPA requirements.
3. Adhere to both the training guidelines and regulations of the organization providing the internship.
4. In case the number of qualified candidates exceeds that of openings available, priority will be given to the candidates with the highest GPAs. Moreover, these openings will be distributed amongst the programs according to the assigned percentages.
5. In case a student cannot be placed by the University, the University is open to allow students to propose an organization for internship. Thus the University encourages all students to take initiatives in finding appropriate placements to help the University guarantee internship for everyone.

No exceptions are permitted under any circumstances in any of the aforesaid requirements for internship.

33.3. Absences During Internship

A failure grade (FA) will be automatically assigned if a student is absent for four (4) working days during the Internship program without pre-approved justification.

33.4. Evaluation

The academic supervisor discusses the student's weekly report with the student, as well as with the field supervisor to ascertain to what extent the intended goals of the Internship program have been met.

The field supervisor prepares an evaluation report detailing the presence, performance, seriousness, and commitment of each student.

The academic supervisor evaluates the performance of each student during the internship period relying on the student's and field supervisor's weekly reports and also evaluates the organization providing the internship.

The academic supervisor is responsible for assigning a pass/fail grade for each student based upon each student's overall performance. A pass grade is assigned when the evaluations of the academic supervisor and field supervisor are both satisfactory. In this case, the course credits will be granted to the student without affecting the CGPA.

33.5. Overall Objectives for Academic Schools

Each academic program has specific learning objectives and has set up its own goals for the internship, specifying the training program that fits students and program goals. Each school makes available to the students through the Student Affairs Office the following:

- Internship Manual;
- Specific internship goals;
- List of public and private organizations with appropriate consultants for internship;
- Knowledge and skills to be gained by the trainees at the end of the internship period;
- Evaluation techniques used to assess the trainee's progress; and,
- Specific requirements and guidelines if available.

33.6. The Role of the Student Affairs Office in the Internship Placement Process

Internships integrate the academic theoretical environment with real-life practice through a carefully monitored effort that requires the close cooperation between the academic supervisor and the field supervisor. The Student Affairs Office also plays a crucial role in coordinating the internship placement.

The role of the Student Affairs Office concerning internships is to:

- Contact organizations to seek and ensure internship opportunities.
- Assess these organizations with faculty members from the schools to examine the training programs available as well as the potential and capabilities of these organizations in term of structure, staff and resources.
- Provide guidelines to students to be followed and the duties to be performed by them during the training period.
- Set up an introductory visit for the student at the training site before the beginning of the internship program.
- Follow-up the program during the training period with the collaboration of the academic and field supervisors.
- Create a file for each student and send it to the participating organization in the internship before the training period. This file should contain: student's transcripts; a copy of the student's passport; student's curriculum vitae; and, the student's training program.

33.7. Monitoring of the Internship Program

A list of students who are nominated for an internship is provided by the Registration Department according to the requirements and guidelines for internship before the end of the registration period. Students are required to complete an Internship Registration form available at the Student Affairs Office.

Next, the academic advisor is required to make an introductory visit to the companies providing internship (if possible with the concerned student) one week prior to the start of the internship program, meet the field supervisor to discuss the internship goals and objectives and develop the company tentative internship plan of activities that the student will undertake during his internship program.

The Student Affairs Office, with the coordination of each School organizes an internship workshop a minimum one week prior to the start of the internship program during which the academic advisor explains to the internists the internship goals, requirements, benefits and the evaluation policies. In addition to answer all academic issues related questions raised by internists. The Student Affairs Office representative provides the internship students with the following documents:

- Internship tasks schedule.
- Letter of notification including the necessary details regarding the internship placement.
- Internship forms to be used during the internship program.

The academic advisor is required to provide the Student Affairs Office with weekly visit schedule to the internship sites. The academic supervisor, in coordination with the field supervisor will follow-up the student's training progress on the site.

33.8. Internship Regulations for Students

All students are expected to comply with the following:

- Act in a professional manner consistent with the regular employees of the company;
- Comply with all rules and regulations of the workplace;
- Attend the workplace according to its normal working hours;
- Attend all training sessions;
- If a student is absent for four (4) working days of the internship program without approved justification, a failure grade (FA) will be automatically assigned;
- Carry out all legitimate duties assigned by the field supervisor;
- Demonstrate a spirit of cooperation with his/her supervisor and other employees;
- Sit with the academic advisor during each weekly visit to provide him/her with the weekly report and discuss the weekly activities accomplished;
- Demonstrate professionalism and appropriate work ethics;
- Show confidence, take initiative and maintain confidentiality;
- Accept criticism and take responsibility for work submitted;
- Be a team player – this is another opportunity to acquire new skills; and,
- Respect and appreciate people of different culture, race, religion and ethnicity.

To ensure that all parties understand the rules and policies that govern the internship, the University invites all its students to familiarize themselves with the Internship Student Manual handed over along with the Student Handbook and Student Catalog at the time of registration and found on the Canadian University Dubai website at www.cud.ac.ae

34. Academic Integrity: Policies & Procedures

As per CAA and international standards, the Canadian University Dubai is committed to ensuring that faculty and students adhere to the highest academic standards in terms of ethics, integrity and behavior. The Canadian University Dubai also acknowledges that the trust established between the society and the university graduates must be enforced through a fair and equitable evaluation of student work and dissemination of strong academic values. Cheating and plagiarism are known to affect negatively the credibility and value of education and degrees conferred by any university.

The sections below describe the list of main academic offenses and related sanctions. This list is not meant to be exhaustive and will be updated by the university administration when necessary.

34.1. Academic Violations

34.1.1. Plagiarism

Definition:

Plagiarism includes, but is not limited to, representation of others' work, lending unauthorized assistance, and using strategies or processes with the aim of attaining dishonest grades on tests or examinations. Students may not submit any material created by or acquired from another person or business.

34.1.2. Anti-Plagiarism Strategies

In order to disseminate good academic practices against plagiarism and enforce academic integrity, the Canadian University Dubai has adopted the following strategies:

- 1) Use of Turnitin software: the software must be installed in pre-assigned laboratories for student access, including the library. Students should be able to run the software on their work before submission to the instructor. Faculty must also access Turnitin through their computers to check student work compliance with good academic practices.
- 2) Organizing seminars on good academic practices: the academic affairs division must organize with the help of academic schools seminars on good academic practices. These seminars should present the most frequent forms of plagiarism, ways to acknowledge correctly the work of another source through proper references and university policies against plagiarism.
- 3) Use Moodle to post tutorials on good academic practices.

34.2. Cheating on Examinations

Cheating refers to attempting or using unauthorized materials or obtaining unauthorized assistance in an academic activity, including all types of examinations or evaluations. This may include impersonating another student; looking at another student's materials; using unauthorized notes/books/calculators; talking to other students; using communication devices such as mobile phones or any Bluetooth devices.

34.3. Information & Communication Technology misuse

The Canadian University Dubai is committed to providing faculty and students with all the required IT resources in order to ensure proper delivery of academic programs and access to information. The use of these IT resources should be legal and ethical and should fully comply with Canadian University Dubai ICT-AUP and applicable laws in the United Arab Emirates. The university ICT-AUP can be accessed through the website www.cud.ac.ae.

34.4. Fabrication

Fabrication refers to the process of inventing or falsifying information in an academic activity. Examples of fabrication may include falsifying the results of an experiment; falsifying a document or research paper; inventing a source that doesn't exist; and fabricating data to support claimed results.

34.5. Ethical Behavior

Students are expected to fully adhere to the ethical standards mandated by the university and the United Arab Emirates laws and regulations as well. Unethical behavior may include misuse of intellectual property and copyrighted materials; dissemination of false information; inappropriate behavior in class; disrespect towards faculty or other students. Unethical behavior will be treated as an academic dishonesty.

34.6. Sanctions Related to Violations of Academic Integrity

34.6.1. Plagiarism

Plagiarizing any type of course work will not be tolerated. All instances of plagiarizing shall be documented, presented to the Chair/Dean of the program and to the Registrar, and recorded in the student's file.

- First offense: a written warning will be assigned to the student with a copy in his/her file.
- Second offense: a grade of zero is assigned for the academic work. A detailed report describing the plagiarized work with all related evidence will be put in the student's file.
- Third offense: an F grade is assigned to the course with an automatic suspension of the student from that course. Further disciplinary measures, including possible suspension from the university may be considered.

Any party to cheating or plagiarism is subject to exactly the same penalties. Students are strongly advised to read the section on plagiarism in the student handbook. The student may appeal following the university's appeal policy.

Starting academic year 2015-2016 and after progressively disseminating code of conduct regarding plagiarism and cheating, Canadian University Dubai's Board of Trustees has adopted the following changes in the policy:

Plagiarizing any type of course work will not be tolerated. All instances of plagiarizing shall be documented, presented to the Chair/Dean of the program and to the Registrar, and recorded in the student's file.

- First offense: a grade of zero is assigned for the academic work. A detailed report describing the plagiarized work with all related evidence will be put in the student's file.
- Second offense: an F grade is assigned to the course with an automatic suspension of the student from that course. Further disciplinary measures, including possible suspension from the university may be considered.

Any party to cheating or plagiarism is subject to exactly the same penalties. Students are strongly advised to read the section on plagiarism in the student handbook. The student may appeal following the university's appeal policy.

34.6.2. Cheating on Examinations

Penalty for Cheating – First Time

If a student is found cheating in an exam, this exam violation will be communicated to the Exam Violation Committee and the following penalties will apply:

- a) The student is assigned a grade of zero in that course.
- b) A disciplinary warning is added to his/her file.

Penalty for Cheating - Second Time

If a student is found cheating a second time he will be assigned a grade of zero in that course and further disciplinary measures, including possible suspension from the university may be considered.

Procedure

Faculty submits a written report of the incident, along with the work in question and any physical evidence if available (i.e. video recording) to the Chair of the Exam Violation Committee. The committee reviews the incident and issues the disciplinary warning. A copy of the faculty's written report and student's work is included with the warning in the student's file.

34.6.3. Information & Communication Technology misuse

When a misuse of ICT resources is established, an investigation is conducted by the IT department. All findings will be submitted to the dean and disciplinary committee for appropriate actions.

34.6.4. Fabrication & Ethical Behavior

When a fabrication of information or unethical behavior is established, the faculty (or the person who witnessed the unethical behavior) must write a detailed report to the dean with all related evidence. The dean will write his/her recommendations to the disciplinary committee for appropriate actions.

35. Student Academic Rights and Responsibilities

35.1. Student Academic Rights

It is the right of the students to:

- Be informed of their program and course requirements;

Any student who believes that he or she has been the subject of harassment or observed any type of harassment must communicate this incident to the Executive Director of Student Affairs.

The Canadian University Dubai has **zero tolerance** for any type of harassment.

36.4. Unacceptable Conduct: University Property

A student commits a property offence when s/he:

- Holds, eliminates, uses, embezzles, or sells property owned by the University, or
- Damages or vandalizes property owned by the University.

Aiding or abetting any conduct or behavior mentioned in Sections 36.1 to 36.4 is unacceptable and will not be tolerated.

36.5. Dress Code

Each university student is expected to dress appropriately as to uphold the social and religious norms of the United Arab Emirates. The following demonstrate examples of what is unacceptable clothing:

1. Clothing with obscene images/language
2. Torn clothing
3. Revealing or transparent clothing
4. Short skirts/shorts
5. Tube tops/halter tops/tank tops

Failure to follow to the University's dress code policy will result in disciplinary action. Any defiance of the policy will be brought to the attention of the Executive Director of Student Affairs.

Students should remember that Dubai is a vibrant city that welcomes a vast number of people from different countries, cultures and religious beliefs. In order to govern and set a standard for social ethics and mutual respect in the country, the Government of Dubai has now released a code of conduct to be followed by all of its citizens, residents and visitors. To view the Dubai Code of Conduct, see http://www.zu.ac.ae/employment/html/documents/CultureandConductinDubai_000.pdf

36.6. Smoke Free Campus Environment

The environment internal to the Canadian University Dubai is smoke-free. In order to promote and maintain a healthy environment at the Canadian University Dubai, and to promote the prevention of illness and encourage students, staff and faculty to lead a healthy lifestyle, a smoke-free campus environment policy has been created to reduce the use of tobacco products on campus. The objectives are to reduce the number of smokers on campus and to support those who wish to stop smoking; through raising awareness on the dangers of smoking and educating young adults with an aim to ensure they do not pick up the habit. To create awareness amongst the university community about the dangers of smoking, regular no-smoking campaigns are showcased throughout the year, in conjunction with the Ministry of Health.

Tobacco products include - but are not limited to - any lighted cigarette, cigar, pipe, midwakh, dokha, bidi, electronic cigarette or any other smoking device, along with any form of smokeless or spit tobacco such as dip, chew, or snuff.

Each and every member of the university community is responsible for maintaining this policy.

Procedure:

Those responsible for the application of the policy are the Security Supervisor and Security Staff, Student Affairs Division, and the Human Resources Department.

While students, staff, faculty and visitors are encouraged to make healthier choices, the Canadian University Dubai has created clearly-marked designated smoking areas. These marked areas are the spaces between Halls B and C, Halls C and D and the space behind Hall C. These designated smoking areas are equipped with benches and ashtrays.

Warning System:

There is a three point warning system in place for Canadian University Dubai students caught smoking outside these above-mentioned designated areas.

- **First time violation:** the student will be given a verbal warning (University Security or Student Affairs Division) and their Canadian University Dubai ID will be confiscated. The student will need to register with the Security Supervisor and can collect the ID card one week after the incident.
- **Second time violation:** should the student be caught violating the policy a second time, he or she will be given a first official warning letter (Student Affairs Division), which will be placed in his/her file.
- **Third time violation:** a third violation will lead to a final warning letter (Student Affairs Division) or possibly putting the student on registration hold for one semester. The case will be sent to the disciplinary committee.
 - Disciplinary committee decision will be taken and student will be informed accordingly.
 - Students have the right to appeal the committee's decision (in writing) to the President's Office.

37. Student Disciplinary Policy

Students accountable for objectionable behavior will be subjected to the whole array of reprisals, actions, and penalties as per Canadian University Dubai policy. Contradictory behavior-on or off campus-violating standards of good conduct contrary to the University's resolve, or presents a hazard to the health and safety of the University community may be subject to disciplinary actions.

A student under expulsion or suspension due to unacceptable behavior will not be permitted access to the University premises, which include the campus, its facilities, and the student accommodation. Student might be allowed to have access to the University premises if he or she is invited by the University Authority, or for a scheduled appointment, made by the student, with the University Authority.

37.1. List of Conduct Violations with Accompanying Disciplinary Actions

The Executive Director of Student Affairs often resolves through mediation all conduct issues occurring on premises. However, in serious cases, the Executive Director of Student Affairs will refer this conduct violation to the Canadian University Dubai Disciplinary Committee. The following is a summary of possible violations and the disciplinary actions that the Canadian University Dubai Disciplinary Committee might take.

Inappropriate behavior in class	Disciplinary Committee	Disciplinary Printed Warning Disciplinary Probation Expulsion
Vandalism	Disciplinary Committee	Disciplinary Printed Warning Disciplinary Probation Reimbursement or Replacement Expulsion
Dress Code Violation	Disciplinary Committee	Disciplinary Printed Warning Disciplinary Probation Expulsion
Theft		Expulsion
Possession of Alcohol or Drugs on Campus		Expulsion
Gambling		Expulsion

The conduct covered in the above section shall constitute misconduct if it takes place on Canadian University Dubai property/premises or elsewhere if the student concerned was involved in a university activity, was representing the university or was present at that place by virtue of his or her status as a student of the Canadian University Dubai, including any work placement.

Any such incidences of misconduct will be dealt with on a case-by-case basis.

37.2. Types of Warning and Actions

Verbal Warning: A verbal warning is given by the Executive Director of Student Affairs to a student whose conduct or behavior violates the University's Code of Conduct.

Written Warning: A written warning is given to the student by the Disciplinary Committee. The warning will state that another violation of the University's code of conduct may result in additional disciplinary measures.

Probation warning: The probation warning is given to the student by the Disciplinary Committee. This probation warning indicates that the student behavior and conduct will be carefully monitored for a certain period of time. Any misconduct may lead to further disciplinary action.

Reimbursement or Replacement: Any damage to the University's property will require payment, repair or replacement for the damaged good. Failure to pay may result in preventing the student from registering or obtaining his transcript.

Mandatory Labor: violation disciplinary action due to a conduct violation may on occasion encompass mandatory labor on campus. This type of action may be alternatively undertaken by the Disciplinary Committee

37.3. Disciplinary Committee

The Disciplinary Committee will oversee all students' misconducts, and decide on the consequences to the alleged breaches of the Canadian University Dubai Conduct Code. The Disciplinary Committee is chaired by the Executive Director of Student Affairs.

37.4. Procedures

1. Anyone from the Canadian University Dubai Community (faculty, administrator, staff or student) who believes that a violation of the Conduct Code has been violated must inform the Executive Director of Student Affairs in print.
2. The Executive Director of Student Affairs will amass and examine evidence relevant to each particular case.
3. The Executive Director of Student Affairs will, based on their investigation, decide to refer or not refer this case to the Disciplinary Committee.
4. Student maintains the right to appeal their case to the University President.
5. The Executive Director of Student Affairs will select three administrator and four faculty members to sit on the Disciplinary Committee.

37.5. Communications to the Student Regarding Conduct Violations

- The Disciplinary committee may take acceptable time to plan and conduct its investigation. The investigation will include: a Student(s) and witness interviews; and, if needed, preparation of the witness for a testimony (ies), and engagement in supplementary research.
- The Disciplinary Committee informs the student on paper of the alleged violation of the Canadian University Dubai code of Conduct Council and of the verdict reached, as well as the disciplinary measures
- The student has 72 hours (three class days) to appeal the decision of the Disciplinary Committee to the President prior to any final disciplinary action.
- The President will reply to the appeal in print. A duplicate of the response will be sent to the Executive Director of Student Affairs.

The President can overturn the decision of the Disciplinary Committee; a letter bearing the results will be sent to the Executive Director of Student Affairs. The President's decision is final.

38. Dismissal from Class

If the behaviour of a student interferes with the learning process or endangers the integrity/safety of the classroom environment, then the faculty member will be compelled to ask the student to leave the room or seek assistance to have the student removed.

For the process to determine additional or further sanctions, please refer to the Student Disciplinary Policy.

39. Student Complaints

Students can expect an excellent education at the Canadian University Dubai. Nevertheless, a student may question, complain, or grieve certain materials or issues pertaining to their involvements at the University.

For quality assurance, the internal procedures for addressing student complaints aim for transparency, due process, thereby ensuring student complaints are addressed impartially, reliably and punctually.

39.1. Principles

The University's student complaint resolution process is based on the following principles:

- Fair and equitable procedures are used to review and resolve the student complaint;
- Privacy and anonymity is assured for all parties, except for use of information as authorized by law;
- Fair and respectful proceedings during the entire search, deliberation, and conclusions by all involved ;
- No retaliation or any shortcoming arising from a student complaint made in good faith;
- Timely handling of complaints with measurable deadlines identified at each stage of the resolution process;
- Timely and regular communication of the case process, progress, and result; Access to-, and option to a higher internal level in case the student requires a review based on technical or practical grounds.

39.2. Types of Student Complaints

39.2.1. Academic Complaints

Complaints against academic conclusions include but are not limited to:

- Academic advancement decisions;
- Assessment substance;
- A conclusion by an academic person that affects an individual or a group of students;
- Matter or structure of academic programs, method of learning, teaching, or assessment;
- Questions relating to authorship and intellectual property.

39.2.2. Administrative Complaints

Administrative Complaints relate to conclusions and actions associated with administrative or academic facilities, which include but are not limited to:

- Policies pertaining to administration, procedures and rules by central administration, student support groups, and faculties;
- A conclusion taken by an administrator that affects an individual or groups of students;
- Access to University resources and facilities.

39.3. Complaint Resolution Procedures

This segment summarizes the internal processes applicable to academic and administrative complaints.

39.3.1. Informal Approach

- a) The student concerned about an abovementioned item should first contact the person involved in writing. If the student cannot reasonably contact this person or resolve their issue at this level then the student should contact the head of the relevant department or of the administrative unit or the Chair or the Dean of the School for a discussion. Concerns about a resolution at any of the steps mentioned above should ordinarily be raised to the Chair of the committee. The complaint must be delivered in writing within 15 days of the original incidence.
- b) The University anticipates that in most instances the discussion of the concern with a pertinent staff member will result in a quick resolve of the matter that both parties find satisfactory.
- c) If the issue is not resolved, then the student may contact his Academic Advisor who will direct him to appropriate individual that will be address the case The University anticipates that in most instances the discussion of the concern with a pertinent staff member will result in a quick resolve of the matter that both parties find satisfactory.
- d) The student has fifteen days following an incident to lodge a formal complaint if the issue is not resolved

39.3.2. Formal Approach

If the complaint deals with an academic matter, it should be addressed to the Vice-President of Academic Affairs; if the complaint is regarding student support services, it should be addressed to the Executive Director of Student Affairs. If the issue deals with administrative or financial matter, the complaint should be addressed to the Vice-President of Administrative and Financial Affairs. If the issue deals with registration matters, the complaint should be addressed to the Registrar.

39.4. Withdrawal of a Complaint

At any time during the informal or formal process, a student may withdraw their complaint, and at that time the matter will be deemed concluded and resolved. In this case, if the complaint was made in writing then a written withdrawal letter must be composed by the said student and delivered to the relevant person handling the matter at the time the withdrawal is being affected or, in cases before Chair, or the Dean of the School. The Canadian University Dubai then considers the case closed.

The Complaint Review Committee is an ad-hoc committee that can be called when needed on the basis of when a formal complaint is lodged. The Complaint Review Committee consists of three members appointed by the Vice-President of Academic Affairs or the Executive Director of Student Affairs, pending on complaint. For academic complaints, in addition to the VPAA, the Dean of the appropriate School, one faculty member from another School and the student counselor are required. For issues concerning academic matters, in addition to the Executive Director of Student Affairs, one faculty member, one Dean, and the Library Director are required.

43. Student Affairs

43.1. Career Counseling

In the UAE, the development needs are changing all the time. This rapid pace makes many demands on the new graduate who is seeking a gratifying place in the world of work. Our staff is current in trends in the UAE and, together with the Canadian University Dubai, links to the academic world and the workplace. We endeavor to keep our students informed.

Career advising assists students in developing their career goals and objectives. Canadian University Dubai has developed relationships with major companies in many career fields to provide graduating students with career opportunities. Our graduates find great success in the careers of their choice, due in large part to the efforts of our Student Success Centre. Any student, no matter how savvy, can benefit from our career services.

43.2. Student Success Centre

We pride ourselves on the extensive network of services that we provide to support our students during their studies. Canadian University Dubai aims to ensure student success, whereby each student is empowered to achieve his or her full potential. The ultimate goal is to fulfill a holistic approach so that each of our graduates' leave with a strong sense of self, and is able to make a true difference in his or her career and community.

The Student Success Centre provides the following services to help students during and after their studies:

- Academic support and tutoring are provided free of charge for students requesting additional academic help. This is essential in ensuring our students' academic success.
- Internship support is provided to assist students in fulfilling the internship requirements of their programs. Canadian University Dubai maintains relationships with many businesses in Dubai to help facilitate a smooth internship placement.

43.3. Personal Counseling

Canadian University Dubai recognizes the incredible pressure on today's student. These pressures can become overwhelming for some students and could lead in some cases to conditions that can jeopardize students' academic success. The University's aim is to prevent students from either feeling alone, or feeling unable to seek help for their problems.

The student counselor has professional experience and training in order to assist students, whether the issues are emotional, psychological, social or physical. All counseling is done on an individual basis and is strictly confidential. Students will be provided with all the assistance they need and, if necessary, will be referred to outside medical professionals to ensure they get the appropriate help.

43.4. Academic Orientation and Advising

Academic advising is the backbone of any University's education framework system.

The University holds orientation sessions at the beginning of each Academic Year, and all freshmen admitted to the Canadian University Dubai programs are requested to attend. Students should refer to the Academic Calendar to find out about the exact dates of the orientation sessions. The students will have a chance to meet with the faculty, program coordinators, and University administrators. During these sessions, students will have a chance to:

- Familiarize themselves with the credit system of education followed by Canadian University Dubai ,
- Understand and become familiar with the degree requirements,
- Interpret test and placement scores,

46. Health and Safety Policy

46.1. Introduction

The Canadian University Dubai is committed to provide students, faculty and staff with an environment that fully complies with UAE laws and regulations in terms of health and safety. It is the responsibility of all academic and administrative managers to ensure that all policies and procedures related to health and safety are communicated, publicized, adhered to and regularly evaluated. Visitors, contractors and workers must comply to all relevant legislations for all on/off campus activities.

The Canadian University Dubai upholds strong standards in ensuring the health and safety of faculty, staff and students while on campus. This is promoted throughout the university with appropriate health, safety and security protocols in place to safeguard from potential hazards.

The university is certified by UAE authorities to operate in the field of higher education after fulfilling the standard Health and Safety requirements. The certification is reviewed on a regular basis as stipulated by UAE laws and regulations.

46.2. Objectives

The Canadian University Dubai Health and Safety Policy has the following objectives:

- To comply with requirements of relevant legislations and current good practices;
- To identify significant hazards (the potential for harm), assess risks from activities involving those hazards and manage those risks;
- To promote a positive attitude to health, safety and wellbeing at the University amongst all staff and students
- To ensure that employees, students and others are adequately informed of the relevant identified risks;
- To ensure that staff and students are aware with the risks they may encounter;
- Ensure that this documentation and supporting information are made accessible, primarily through the University's web pages and at induction for staff;
- To make arrangements for co-ordination and co-operation with other stakeholders and third parties
- To monitor actively the management of risks to health and safety;
- To review the effectiveness of health and safety risk management and where appropriate to implement improvements;

46.3. General Safety Hazards

Faculty, staff and students must consider the following general safety hazards while on campus:

- Emergency lights will illuminate during an emergency.
- Keep fire doors and emergency exits free of obstructions.
- Keep the areas in front of fire extinguishers and fire alarms clear at all times.
- Do not overload electrical outlets or extension cords. Report damaged electrical cords, broken switches, loose connections, or bare wires to the supervisor immediately. When necessary to run a cable or electrical cord across the floor, always use a cable cover to protect the wiring and prevent tripping.
- Cord-connected electrical appliances should have a grounded 3-wire conductor or be approved.
- Inspect and test all electrical devices according to their risk category, and protectively enclose them as practical and appropriate.

- Personal appliances such as kettles, heaters, and battery chargers are not allowed to be used on campus unless prior consent has been given.
- Visually inspect equipment and tools before plugging them in. If cables or plugs are either damaged or incorrectly fitted, do not use the equipment and remove it from service. Never use defective or inappropriate tools and equipment.
- Do not overload the top drawers of filing cabinets to avoid the possible tipping of the cabinet when the drawers are opened. Keep file and desk drawers closed when not in use to help prevent tripping accidents.
- Always use proper safety step stools or ladders for climbing. Never stand on swivel chairs or use them as step stools.
- Avoid wearing loose clothing, long sleeves, ties or inappropriate gloves when supervising or working in a laboratory or on machinery.

46.4. Laboratory Activities

Students who participate in laboratory activities are given explicit directions on all issues related to personal safety. These are strictly enforced by the laboratory assistant who manages the laboratory.

Items covered in the training of students include:

- | | |
|--|--|
| • Personal Protective Equipment | • First Aid Kit |

46.5. Fire safety policy

The Canadian University Dubai prohibits smoking in any of its buildings; there is a designated smoking area outdoors for those wishing to smoke. All students are expected to observe these regulations. Fire exit signs are posted at all exits to be used for evacuation and smoke detectors are placed in various strategic locations to provide early detection of smoke or fire. All fire extinguishers will be periodically checked by an outside company to ensure that they are in good operating condition. They will also do a safety inspection and check the building for fire hazards.

The Fire Marshal will supervise and coordinate the fire drill to ensure that all buildings are evacuated. Designated staff will be assigned as fire officials to take charge of the evacuation of a particular building in the event of fire. In addition, designated staff members will be trained as first aid attendants to assist fire officials with the evacuation. Fire drills will be practiced each semester in the academic buildings on campus to ensure that proper procedures will be followed in the event of a real fire.

46.6. Prevention:

- Know your work area; know alternative routes and fire exits
- Know the location of firefighting equipment and how to use it
- Avoid overloading electrical sockets
- Report promptly any faulty equipment
- Keep fire exits clear at all times
- Smoke only in the designated area

46.7. To Report Smoke Or Fire:

- Activate the building fire alarm system. Alarms are located on each floor. The alarm signal will alert the rest of the staff and students.
- The Information Officer in the Reception area will immediately contact the Department of Civil Defense by dialing 997 and advise them of the location of the fire.

46.8. When an alarm rings:

- **Follow RACE procedure:**
 1. **R:** Rescue anyone in immediate danger
 2. **A:** Activate building fire alarm to alert others and report the incident
 3. **C:** Confine the fire by closing all doors
 4. **E:** Evacuate the building using the closest exit and move to a safe distance away from the building
- **USE OF FIRE EXTINGUISHERS:** (Only use if it is safe to do so)
- Follow PASS procedure:
 1. **P** Pull the safety pin from the extinguisher, distance yourself 6-10 feet back from the fire
 2. **A** Aim the hose at the base of the fire
 3. **S** Squeeze the handle
 4. **S** Sweep the extinguisher from side to side starting from the front edge of the fire

46.9. Fire Evacuation Plan

46.9.1. Steps to take in case of fire

1. Activate the building fire alarm system. Manual alarms are located on each floor. The alarm signal will alert the rest of the staff and students.
2. The Student Information Officer in reception will immediately contact the Department of Civil Defense by dialing 997 and inform them of the location of the fire. The Registrar will take student attendance registers and the students' emergency phone numbers.
3. Class teachers are responsible for ensuring the safe orderly evacuations of any students that they have with them in the event of a fire, closing room doors behind them and going to the designated assembly point. Staff members who do not have students with them at the time of the fire should proceed to the nearest Hall and assist with evacuation.
4. The nurse will collect the emergency first aid kit and assist with the evacuation of students.
5. Each designated fire official and first aid attendant will ensure that everyone has left their building and that all doors are closed, placing red "all clear" signs on the outside of the door.
6. Security will turn off all the AC units and then assist fire officials.

7. Class teachers are responsible for confirming that each of their students is outside of the building in the designated ASSEMBLY POINT as indicated below.
8. All staff and students in **Halls A and D** will proceed to the **right side car park**; those in **Hall B** will go to the **left side car park** and those in **Hall C** will exit to the **rear car park**
9. The Fire Marshal will supervise and coordinate with fire officials and first aid attendants to confirm that all buildings have been evacuated.

46.9.2. Guidelines

1. Stay calm.
2. Use the stairs only. Never take an elevator.
3. Always use the nearest fire exit to leave the building. Go to the ASSEMBLY POINT.
4. Do not stop to take personal belongings with you.
5. Staff is responsible for the evacuation of all students with them at the time; call for help if you need it.
6. Students and staff are not to return to the building until instructed by the fire department.
7. If you are trapped in a room, close and seal the doors. Call Security and tell them of your location.
8. Take an alternative route in case fire is located near your designated exit-proceed to the nearest exit in your location

47. Student Residence

The Canadian University Dubai is committed to providing students with an international academic experience, guided by the highest educational and corporate ethics, adding value to the personal and professional lives of its graduates, and the communities in which we serve. The Canadian University Dubai promotes Canadian perspectives in learning, research and application, grounded in appreciation and respect for diverse cultures and UAE values.

We strive to meet this commitment in our Student Residence by providing accommodations conducive to study and positive social interaction in an atmosphere of dignity and mutual respect.

47.1. Residence Facilities

Quality furnished accommodations are available in the beautiful Discovery Gardens (approximately 25 minutes by bus from the campus). Students' Residence offer clean, safe, and economical living options in Dubai. Students live together in an exclusive multi-cultural environment encouraging academic success, personal growth, and social development. Residence facilities house undergraduate, graduate, and English students alike. They feature separate accommodations for males and females that are supervised by the live-in Residence Administrator.

Students Residence consists of either studio or 1-bedroom apartments. Each apartment is fully furnished, includes wireless internet access and a private bathroom. Due to space limitation, early registration is encouraged to ensure a room in the University Residence. Full payment of residence fees is due at the beginning of each semester. Please note that family accommodation is not available, and only students are eligible for student housing.

All Residence applicants must take a mandatory medical check at the Canadian University Dubai Medical Centre before moving into Residence. This free-of-charge medical check must be redone every year for returning students.

47.2. Residence Fees per Semester

1 Student	Studio	AED 29,760
2 Students	Studio	AED 14,880
1 Student	One Bedroom	AED 38,360

2 Students	Studio	AED 7,440
1 Student	One Bedroom	AED 19,180
2 Students	One Bedroom	AED 9,590
4 Students	One Bedroom	AED 4,800

47.4. Security Deposit

Students will be asked to provide a security deposit fee in the amount of AED 500. This deposit can be disbursed against any repairs to damage that students are responsible for. The deposit will be returned to the student at the end of their lease or when they leave the Student Residence.

47.5. Internet Charges

Internet charges will be imposed on all students staying in the accommodation. There is a minimal charge of AED 500 per student per semester.

47.6. Room Cancellation

Students who cancel before the end of registration week will forfeit only their AED 500 deposit.

Students who cancel after the beginning of classes will receive the following refund:

Between the first day of classes and up to two weeks after	80%
Between two weeks and a month	75%
Between a month and two months	50%
Between two and three months	25%
Over three months	0%

Rate

As the price market changes, the university does not rule out the possibility of an increase or decrease in the accommodation fees/rate. The information on the increase or decrease will be given in advance to students via the university website, letter, email, etc.

47.7. Semester Dates

Fall (4 Months)	September 1st – December 31st
Spring (4 Months)	January 1st – April 30th
Summer I (Half Semester – 2 Months)	May 1st – June 30th
Summer II (Half Semester – 2 Months)	July 1st – August 31st

Residence fees include the following items:

- Bed & mattress, desk & chair, wardrobe
- Kitchens are equipped with a stove, refrigerator, microwave, and water cooler
- Transportation to & from the University campus scheduled numerous times daily including evenings classes
- Residences Administrator providing on-site supervision
- A community lifestyle encourages student formal and informal participation in social and sporting activities.

Students are encouraged to bring the following items or to purchase them locally in Dubai:

- Plates, cups, utensils, pots/pans, and cooking utensils
- Bedside lamp, extension cords, and electrical adaptors
- Towels
- Personal toiletry items (tooth paste, shampoo, etc.) and laundry soaps, toilet paper, etc.
- Laptop

Students must purchase their own personal groceries and prepare their individual meals, or order out locally. Conveniently enough, the In Battuta Shopping Mall is within walking distance from the University Residence, and houses 200 shops such as banking services, money exchanges, hypermarket, cinemas and amusement arcades, restaurants, food courts and cafes. Furthermore, residential parking is available in designated areas for personal cars and motorbikes.

Students preferring independent living should make alternative arrangements. Canadian University Dubai can provide students with a list of several real estate companies that offer private furnished and unfurnished accommodation. Private rental arrangements are solely made between the student and the rental agent. The Canadian University Dubai is not accountable for any feature pertaining to private accommodation. Students wishing to live in private accommodation and looking for more information should contact [housing@cud.ac.ae](mailto:housing@ cud.ac.ae).

47.8. Transportation for Students Living in Residence

Students living in residence are provided with free-of-charge transportation service to and from campus several times per day. More information on this service is available on our website at <http://www.cud.ac.ae>.

47.9. Storage

The Student Residence Department at Canadian University Dubai provides a storage facility to residents who are living in the residence or to all those returning to the residence for the following academic semester that have paid all the necessary housing fees. Students who have not paid the fees for the next academic semester will not be permitted to store their belongings in the room they occupied or anywhere else in the Canadian University Dubai Residences. All items left in storage should be clearly marked with the student's name will not be held responsible for the loss of any unidentified/unclaimed property.

47.10. Student Mail

Mail for the residents is distributed at the Residence Security Office. All students are responsible for the collection of their personal mail. Unclaimed mail will be retained for up to one semester after which time this mail will be returned to the post office.

Please note that all post should be clearly marked with the receiving student's name and be correctly addressed.

The Residence Address is:

47.11. Safety, Security and Student Conduct in Residence

47.11.1. Emergency Case

In an emergency, dial 0561025097 and your call will be forwarded to the on duty University Security Officer; a Security Officer is available on call for 24 hours a day, seven days a week. In the event of fire, sound the fire alarm and alert other residents, call the fire department by dialing 977 and leave the building. Then call the Security Officer on duty at the above number. In a medical emergency alert the Security Officer on duty; call an ambulance at the Iranian Hospital by dialing 04-404-6471. Please remember to provide your location address.

47.12. Fire Prevention

Smoking, the burning of incense or candles, or using any open flame other than the kitchen stove is prohibited. Any student detecting smoke or fire must inform the Security Officer, sound the alarm and call the fire department by dialing 997. Students must evacuate the building in the event of a fire alarm.

47.13. Student Conduct in Residence

All residents must allow their fellow students the opportunity:

- To read and study undisturbed in their room,
- To sleep without disturbance from noise,
- To have free access to their room without pressure from roommates,
- To live in a safe, clean environment that is drug and alcohol-free.

All students must:

- Respect all UAE laws and rules, culture and religion.
- Respect UAE culture and religion regarding relationship between women and men and refrain from sexual harassment and indecent exposure.
- Maintain the wellbeing of their roommates and refrain from harassment, discrimination, intimidation or causing physical harm.
- Respect all rules and instructions given by the Residence Administrator or the Security Officer.
- Respect the personal privacy of fellow students.
- Respect the personal property of their roommates.
- Respect the University accommodation property.
- Show respect towards University personnel, students and security staff.
- Show tolerance of different cultural and religious practices, food choices and living styles.
- Practice good kitchen hygiene.
- Inform other residents, politely and respectfully, if they are violating your rights or the rights of other students.
- Inform the Residence Administrator or Student Affairs Office if you feel that this positive atmosphere is not being provided.

49. Discount Policy

The Canadian University Dubai values the establishment of a family bound by the ideals of the pursuit of scholarship, knowledge and professional advancement, as well as the acquisition of higher professional skills and emancipation through lifelong learning. Its program of Special Discounts encourages and promotes the access to its programs for family members of its students, government employees, as well as for its own employees and those of the EMIVEST Group.

49.1. Guidelines for Discounts

- New and existing undergraduate and graduate students may be eligible for one form of reduction in the cost of tuition each semester. Scholarships and different discounts may not be combined. The highest percentage value will be awarded.
- Students who have been awarded a reduction in the cost of tuition must be, and remain in, good financial and academic standing to be considered as a potential recipient.
- Discounts are not applied when there is an outstanding balance owing to Canadian University Dubai which is not paid by the last day to register without late registration penalties.
- Winners or those who qualify for a reduction in the cost of tuition may not appeal the decision of the University or the percentage or amount of reduction assigned. The decision to grant or deny a reduction in cost is final.
- Discounts are applied to the current semester of registration and cannot be deferred to future semesters or applied to previous semesters.
- Other related costs are not waived. The discount is applied to the cost of tuition only. A refund is not granted for the discount amount should the student drop or withdraw from a course.
- Exchange students and transfer courses to and from other institutions are not eligible for the discount.
- Applicants must provide evidence that they meet the minimum qualification for the discount.

49.2. Sibling Discount

Students having a brother(s) or sister(s) registered at the University will benefit from a 10% Discount on the tuition fees of the registered courses.

49.3. Spouse Discount

The husband or wife of a student registered at the University will benefit from a 10% discount on the tuition fees of the registered courses.

49.4. Government Employee Discount

Undergraduate Government Discount

Undergraduate students who are employed in government institutions will benefit from a 10% discount on the tuition fees of the registered courses.

Graduate Government Discount

Graduate students who are employed in government institutions will benefit from a 5% discount on the tuition fees of the registered courses.

50. Scholarships for Undergraduates

Disclaimer: All statements in this publication concerning requirements, amounts, conditions or other matters are for informational purposes only and are subject to change without notice.

At Canadian University Dubai we promote education for all. We understand that not everyone is excellent at everything, and we recognize the importance of differences and variety. We do not want financial limitations to get in the way of a great education.

50.1. Guiding Principles for Canadian University Dubai Scholarships

- Scholarships are open to all students of any citizenship who have met all the admission requirements.
- Scholarships are awarded to fulltime students enrolled in four (4) academic courses or more per semester (though five (5) courses are recommended).
- Students must maintain the cumulative grade point average (CGPA) necessary in order to continue their scholarship.
- Students can apply in successive years but scholarships are only valid for two (2) successive semesters.
- All remaining and outstanding fees (tuition and housing) must be paid promptly in order to maintain your scholarship.

Scholarships are distributed from a budgeted amount set aside to support and reward our students' success. Successful applicants are chosen by the Scholarship Committee based on the requirements of each Scholarship.

*** Please note the following conditions:**

- **An application and subsequent granting of a scholarship is conditional on any outstanding fees being settled.**
- **New and continuing students may be eligible for one type of discount, bursary or scholarship each semester. Financial awards may not be combined.**
- **Winners or those who qualify for a reduction in the cost of tuition may not appeal the decision of the University or the percentage or amount of reduction assigned. The decision to grant or deny a reduction in cost is final.**
