## **Program Overview**

The Master of Public Health (MPH) program offers a comprehensive education for individuals passionate about improving health and preventing illness on a broader scale. This graduate-level degree equips students with the knowledge and skills to address complex health and environmental challenges, analyze health data, shape policies, and implement effective interventions. The program combines classroom instruction with experiential learning, preparing graduates for diverse and impactful careers. Whether you're a recent graduate or a working professional seeking career advancement or a transition into the public health field, the MPH program provides flexible learning options tailored to your needs.

## **Program Completion Requirements**

The Master of Public Health (MPH) degree shall be awarded to a student upon completing the following requirements:

- A student enrolled in MPH program must have passed Forty-two (42) credit hours.
- A student must achieve a CGPA of not less than 3.0 on a scale of 4.0 points.
- A student must have earned at least 75% of credits at CUD.
- The dissertation must be completed at CUD.
